All projects must be in Lincoln County, Nevada.

Executive Summary

The goal is to find, study, protect, and manage archaeological resources in Lincoln County, Nevada. All work should follow U.S. Department of the Interior priorities and support Eastern Nevada's conservation and development goals.

Project Objectives

Each project should meet one or more of these objectives:

- Protect archaeological sites where they are found.
- Care for archaeological collections and records.
- Use and share research results in clear ways.
- Increase public outreach and involvement in archeology.
- Balance current land use with future needs by:
 - Protecting archaeological resources for the future.
 - Restoring damaged watersheds to safeguard sites.

- Support science and culture by managing archaeological resources responsibly.

Lincoln County Archeology Initiative projects must follow the rules in the Lincoln County Land Act, which uses the Archaeological Resources Protection Act (Public Law 96-95) definition of archaeological resources. This means that only proposals about things at least 100 years old can get funding. Anything newer than that will not be funded.

- Description of stakeholder coordination or involvement
- Required project monitoring and evaluation plan, including how you will measure project performance and assessment tools to be used
- Information on key project personnel
- Anticipated future funding needs

Budget Narrative

Applicants must describe and justify items and costs listed in their budget. The budget narrative must identify the following cost items: total estimated costs, non-Federal cost share, third-party contributions, and any pre-award costs. Total project cost is the sum of all allowable costs, including required and voluntary cost share and third-party contributions.

Budget items must be:

Indirect Costs: Applicants must indicate in their budget narrative how they will charge indirect costs, including the rate to be applied:

- De Minimis Rate: If eligible, state if your organization is opting to use the de minimis rate of up to 15% of total modified direct costs. - **Negotiated Rate:** State if you will negotiate with your cognizant agency. If your organization has previously negotiated a rate, attach a copy of the most recently negotiated rate agreement (active or expired).

This program has a mandated cap on indirect costs or approved rate deviation.

CESUs are partnerships with a purpose to promote, conduct, and provide research, studies, assessments, monitoring, technical assistance, and educational services. If a cooperative agreement is awarded to a CESU partner under a formally negotiated CESU Cooperative and Joint Venture Agreement which is consistent with the CESU purpose, indirect costs are limited to a rate of no-more-than 17.5 percent of the indirect cost base recognized in the partner's Federal Agency-approved Negotiated Indirect Cost Rate Agreement (NICRA). Applicants should specify if their proposal furthers the purpose of the CESU program, and if so, which CESU Network should be considered as host.

APPLICATION REVIEW INFORMATION

Eligibility Review

During the eligibility review, the application is checked for timely submission, completed packages (see [Application Documents](#) above) and alignment with the requirements of this announcement. The Federal agency may remove an application if it does not pass the eligibility review.

Prior to conducting the comprehensive merit review, an initial review will be performed to determine whether:

- (1) the applicant is eligible for an award;
- (2) the information required by the NOFO has been submitted;
- (3) all mandatory requirements of the NOFO are satisfied;
- (4) the proposed project is responsive to the program objectives of the NOFO (program determination); and
- (5) the proposed project is in compliance with all applicable executive and secretary orders, including the President's executive order on Ending Radical and Wasteful Government DEI Programs and Preferencing as well as the executive order and Secretary order on Restoring Truth and Sanity to American History.

If an applicant fails to meet the requirements or objectives of the NOFO, or does not provide sufficient information for review, the applicant will be considered nonresponsive and eliminated from further review.

If an applicant selected for funding hasn't finished their SAM.gov registration (see [2 CFR 25.200](#) and [2 CFR 25.110](#)) when the federal agency is ready to make an award, we may decide that the applicant is ineligible for the award and choose to grant it to someone else. Please refer [2 CFR 25.205](#) for more information.

Prior to making an award, the DOI checks the anticipated recipient and their key project personnel against the current list of prohibited or restricted persons or entities in the System for Award Management (SAM.gov) Exclusions database. We are prohibited from making an award if a recipient or any key personnel are found ineligible, prohibited, restricted, or otherwise excluded from receiving or participating in an award, as their ineligibility condition applies to this program.

If removed from consideration for ineligibility, the Federal agency will notify the applicant in writing.

Merit Review

Eligible applications will be evaluated in an objective and unbiased manner using the following merit review criteria:

Proposals will be evaluated on strengths or weaknesses for each merit review criterion and rated “Exceeds” “Meets” or “Does not meet” expectations with the highest importance on **Technical Approach and Leveraging Resources**.

Each of these ratings is defined as follows:

Exceeds – The proposal exceeds the criteria factors without any deficiencies. Meets – The proposal meets criteria factors with few, or only minor, deficiencies.

Does not meet – The proposal does not meet the criteria factors, or there are significant deficiencies identified.

LEVERAGING OF RESOURCES (Voluntary Cost Share)

A proposal should clearly demonstrate how partnerships contribute to the effective sharing of resources and expertise. Although cost sharing is not required by the program authority, it may be considered a significant factor during the application review process. If cost share is included, applicants must specify the amount, source, and type of contribution (cash or in-kind) and ensure that all contributions are allowable, allocable, and reasonable in accordance with 2 CFR 200.306.

Review and Selection Process

This program reviews proposed budgets to ensure:

- figures are correct
- estimated costs are necessary and reasonable and clearly linked to project narratives
- avoid obviously unallowable costs
- identify costs requiring prior approval
- ensure indirect cost rates are applied correctly

- confirm cost sharing requirements are reflected in the budget.

This program reviews applications for potential overlap or duplication between the proposed project and any other funded or proposed project. Depending on the circumstances, DOI may choose to not make an award.

BUDGET REVIEW IS BASED ON THE FOLLOWING:

- Budget line items must be allowable, allocable, reasonable in price, and appropriate for the level of effort needed to accomplish the project.
- Budget details and narrative must provide adequate explanation of, and justification for, each estimated cost.

Upon finalization of the budget and issuance of the Federal award, the cost share amount becomes a binding commitment by the recipient.

The recipient shall ensure that all cost share contributions:

- Are verifiable in the recipient's records;
- Are not used to meet cost sharing requirements of any other Federal award;
- Are necessary and reasonable for achieving the objectives of the Federal award;
- Are allowable under 2 CFR Part 200 Subpart E (Cost Principles);
- Are not funded by the Federal Government under another award unless specifically authorized;
- Are included in the approved budget when required by the awarding agency;
- Conform to all other applicable provisions of 2 CFR Part 200.

FINAL REVIEW OF SELECTED APPLICANTS:

Final review will be made by management to determine if the selected proposed project(s) are in line with DOI and BLM current priorities. This process may take a few months to finalize.

Risk Review

Prior to making an award, the applicant will be assessed for their level of risk per [2 CFR 200.206](#). This assessment includes the applicant's financial management capabilities, project delivery experience, staffing resources, past award performance, administration and reporting compliance records, and overall project complexity and potential for challenges. If an award will be made, special conditions may be applied to the award corresponding to the assessed risk. For awards over the simplified acquisition threshold (currently \$350,000), a review of the applicant's eligibility and financial integrity information in the applicant's SAM.gov records will also be performed per [2 CFR 200.206](#).

Prior to award, the BLM will evaluate the risk posed by applicants as required in 2 CFR 200.206. BLM programs document applicant risk evaluations using the DOI "Financial

Assistance Recipient Risk Assessment” form. Prior to approving awards, the BLM is required to review and consider any information about or from the applicant found in the Federal Awardee Performance and Integrity Information System. The BLM will consider this information when completing the risk review. The BLM uses the results of the risk evaluation to establish monitoring plans, recipient reporting frequency requirements, and to determine if one or more of the specific award conditions in 2 CFR 200.207 should be applied the award.

If the results of all pre-award reviews and clearances are satisfactory, an award of funding will be made once the agreement is finalized. If the BLM determines that a Federal award will be made, special conditions that correspond to the degree of risk assessed may be applied to the Federal award.

AWARD NOTICES

Notices of Federal Award are sent electronically via GrantSolutions or e-mail. These notices outline the terms, conditions, and payment instructions per [2 CFR 200.211](#). The Notice of Federal Award signed by an authorized Grants Officer is the legal instrument obligating financial assistance to a recipient. Any other prior notice is not an authorization to begin work. If the program allows pre-award costs per [2 CFR 200.458](#), beginning performance before receiving a Notice of Federal Award is at the applicant’s own risk.

Anticipated Project Start Date: 12/31/2026

Anticipated Project End Date: 12/30/2031

Proposals will have a start date in FY2027 and a maximum end date of 09/30/2032.

Prior to issuing an award, selected recipient organizations will be required to obtain an account with the Automated Standard Application for Payments (ASAP.gov) system for BLM awards. In addition, the Administrative Official/Authorized Representative and Project Director/Principal Investigator for recipient organizations will be required to establish GrantSolutions (grantsolutions.gov) accounts to access award documents and submit reporting.

POST AWARD REQUIREMENTS AND ADMINISTRATION

Administration and National Policy Requirements

For award administration and national policy requirements, see the [DOI General Terms and Conditions](#). Infrastructure projects require the use of American iron, steel, manufacture products, and construction materials per [2 CFR 184](#).

[BLM Standard Terms and Conditions](#)

See the [Award Term - Required Use of American Iron, Steel, Manufactured Products, and Construction Materials](#)

Geospatial Data

If you receive financial assistance from the Department of the Interior (DOI), recipient must follow these rules for geospatial data:

Follow Federal Standards: All geospatial data you collect or create must meet the standards set by the Federal Geospatial Data Committee (FGDC) or the Department of the Interior. This is

required by the Geospatial Data Act of 2018, which is part of Public Law 115-254, specifically in Subtitle F (Geospatial Data), sections 751-759C (codified at [43 U.S.C. §§ 2801–2811](#)).

Include Metadata: Your Geographic Information Systems (GIS) files must include complete metadata. Metadata is information that describes the data, such as where it came from, how accurate it is, and how it should be used. This is to ensure that anyone using the data understands its context and quality.

Check for Existing Data: Before you start collecting new geospatial data, you need to check GeoPlatform.gov. This is to see if there is already existing geospatial data from federal, state, local, or private sources that can meet your needs and is available for free. If such data is available, you should use it instead of gathering new data.

These rules help ensure that geospatial data is reliable, high-quality, and that resources are used efficiently.

Reporting

The recipient's Notice of Award will detail all reporting requirements, including frequency, due dates, and instructions for requesting extensions. In general, but not limited to, recipients must:

- Submit Federal Financial reports and Program Performance reports.
- Use the [Federal Financial Report \(SF-425\) form](#) for financial reporting,
- Monitor award activities and report on program performance per [2 CFR 200.329](#),
- Promptly notify the awarding program in writing of any issues, delays, or conditions impairing award objectives per [2 CFR 200.329\(e\)](#),
- Disclose any conflicts of interest related to their award that arise during the award period per [2 CFR 1402.112](#),
- Report on the status of real property acquired under the award in which the Federal government retains an interest per [2 CFR 200.330](#), and
- Report all violations of Federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the Federal award per [2 CFR 200.113](#).
- Report any matters related to recipient integrity and performance to SAM.gov per [Appendix XII to 2 CFR 200](#).
- If the Federal share of the award is more than \$100,000 and the recipient makes or agrees to make any payment using non-appropriated funds for lobbying in connection to the award, disclose those activities using the Disclosure of Lobbying (SF-LLL) form per [43 CFR 18.100](#).
