C. PROGRAM DESCRIPTION

1. Project Background, Goals, and Objectives

EducationUSA is a U.S. Department of State network of over 400 international student advising centers in more than 170 countries and territories. The network promotes U.S. higher education to students around the world by offering accurate, comprehensive, and current information about opportunities to study at accredited postsecondary institutions in the United States. EducationUSA also provides services to the U.S. higher education community to help institutional leaders meet their recruitment and campus internationalization goals.

This NOFO addresses the barriers high-achieving, low-income South African students face when accessing U.S. higher education. By providing specialized advising and internet access from July 2026, the program bridge ensures 2026 matriculants and gap-year students secure full scholarships for the 2026–2027 academic year. This advances U.S. foreign policy by fostering future leaders and strengthening bilateral ties. Building on past EducationUSA successes, this initiative incorporates best practices like intensive mentoring while addressing lessons learned regarding the necessity of full-funding placements. PDS seeks a resilient cohort of scholars ready for U.S. campus life, defining success through high enrollment rates.

Project Audience(s): The primary target audience for this program is **South African Grade 12 students** who are interested in pursuing undergraduate studies in the United States. Participants should be in their final year of secondary school or taking a gap year. This program is open to all South African citizens and permanent residents who have achieved an "A" average or a minimum of 80% in their studies. Successful participants will demonstrate proven leadership skills, active participation in extracurricular activities, and a documented financial need or economic disadvantage.

The opportunity is applicable to any undergraduate bachelor's field with the specific exception of Medicine and Law. Because of the nature of the program, participants are required to have consistent monthly internet access. The program is scheduled to run from June 2026 through July 2027, with the goal for participants to begin their studies in the United States in August 2027.

Project Goal: The grantee(s) will work cooperatively with the U.S. Mission in South Africa, Public Diplomacy Section (PDS) to manage the logistics for participants in the EducationUSA Opportunity Funds Program (OFP).

Project Objectives: *The program is conducted in two phases: the first identifies and prepares students to apply for admission to U.S. universities and colleges and the second phase assists successful applicants with travel to the United States to commence their studies.*

The grantee will meet the following objectives:

- Objective 1: Organize recruitment and selection of no more than 30 high-achieving, but low-income students from across South Africa, who would be eligible for Opportunity Funds.

- Objective 2: Arrange for the required standardized U.S. admission tests for selected students, and prepare them, either virtually or in-person, for these U.S. admission tests. If necessary, pay for domestic travel and per diem costs to enable them to get to the nearest testing site.
- Objective 3: Advise either virtually or in-person the selected students on all aspects of the U.S. university or college application process, including school selection, financial aid, essay writing, and other elements that make up a strong application.
- Objective 4: Pay university/college application expenses, including financial aid applications.
- Objective 5: Manage the pre- departure and travel logistics for an estimated 20 OFP students with successful applications to U.S. higher education institutions.
- Objective 6: Facilitate U.S. visa and SEVIS fees, domestic travel arrangements for visa appointments, travel to U.S. higher education institutions to commence studies, and settling-in allowances and other expenses related to beginning their U.S. tertiary program.
- Objective 7: In partnership with the EducationUSA advisers, offer virtual or in-person pre-departure briefings to students.

2. Proposal (7 pages maximum)

The proposal should contain sufficient information so that anyone not familiar with it would understand exactly what the applicant wants to do. You may use your own proposal format, but it must include all the items below.

- **Proposal Summary:** Short narrative that outlines the proposed project, including project objectives and anticipated impact.
- **Introduction to the Organization applying:** A description of past and present operations, showing ability to carry out the program, including information on all previous grants from the State Department and/or U.S. government agencies as well as experience with and expertise in areas related to those described in the NOFO.
- **Problem Statement:** Clear, concise and well-supported statement of the problem to be addressed and why the proposed program is needed
- **Program Goals, Objectives, Design, Activities, and Deliverables:** The “goals” describe what the program is intended to achieve. The “objectives” refer to the intermediate accomplishments on the way to the goals. These should be achievable and measurable. Describe the program activities and how they will help achieve the objectives.
- **Proposed Project Schedule and Timeline:** The proposed timeline for the program activities. Include the dates, times, and locations of planned activities and events.
- **Key Personnel:** Names, titles, roles and experience/qualifications of key personnel involved in the program. What proportion of their time will be used in support of this program?

In addition, the applicant should describe any M&E processes, including key personnel, management structure (where M&E fits into the overall program’s staff structure), technology, and as well provide a brief budget narrative explaining any line-item expenditures for M&E listed in the program’s budget. If the proposal is from a prior grantee, the proposal discusses how the grantee has adapted, improved or otherwise modified their approach based on learning from previous experience. This narrative is limited to two pages.
- **Theory of Change Diagram:** Applicants are expected to submit either a Theory of Change diagram or an If-Then Statement that illustrates how project activities will lead to intended outcomes.
- **Monitoring and Evaluation Datasheet:** The applicants must include their proposed activities and their expected outputs and outcomes as well as the goals and objectives as written in the NOFO. The datasheet’s purpose is to explicitly illustrate how a project’s activities lead to tangible results (such as increased beneficiary skills, knowledge, or attitudes) that ultimately address a PDS objective.
- The selected applicant’s M&E PMP is subject to review and approval before any award will be issued under this NOFO. The selected applicant will be required to work with the Public Diplomacy Section’s Monitoring and Evaluation Specialist to ensure the applicant’s M&E PMP achieves an expected level of expertise and meets PDS objectives.

- Expenses directly associated with monitoring and evaluation are considered allowable. The suggested template includes a space to list the portion of the total budget amount directly associated with monitoring and evaluation activities.

3. *Budget Justification Narrative*

- **Detailed Budget** - Applicants must submit a detailed line-item budget. Applicants are encouraged to utilize the template provided with the funding opportunity. Line-item expenditures should be listed in the greatest possible detail. The budget must identify the total amount of funding requested, with a breakdown of amounts to be spent in the following budget categories: personnel; fringe benefits; travel; equipment; supplies; consultants/contracts; other direct costs; and indirect costs. See Annex Section I for a description of the types of costs that should be included in each category. Personnel salaries should include the level of effort and the rate of pay, which should cover the percentage of time each staff member will dedicate to grant-based activities. If an organization is charging an indirect cost rate without a NICRA, it must apply it to the modified total budget costs (MTDC), refer to [2CFR§200.1](#). **Budgets shall be submitted in U.S. dollars** and final grant agreements will be conducted in U.S. dollars.
- **Budget Justification Narrative** – Applicants must submit a budget justification narrative to accompany the detailed line-item budget. The purpose of the budget justification narrative is to supplement the information provided in the detailed budget spreadsheet by justifying how the budget cost elements are necessary to implement project objectives and accomplish the project goals. The budget justification narrative is a tool to help Embassy staff fully understand the budgetary needs of the applicant and is an opportunity to provide descriptive information about the requested costs beyond the constraints of the budget template. Together, the detailed budget spreadsheet, the budget justification narrative, and the SF-424A should provide a complete financial and qualitative description that supports the proposed project plan and should be directly relatable to the specific project components described in the applicant’s proposal.
- **Audit Requirements:** Please note the audit requirements for Department of State awards in the Standard Terms and Conditions <https://www.state.gov/m/a/ope/index.htm> and [2CFR200](#), Subpart F – Audit Requirements. The cost of the required audits may be charged either as an allowable direct cost to the award OR included in the organization’s established indirect costs in the award’s detailed budget.
- **Visa Fees:** Include all visa application and related fees in your budget as applicable. Please note DS-2019s for post-funded programs must be submitted directly by the award recipient. If you anticipate your program will include the DS-2019 visa processing, your organization must be a registered Designated Sponsoring Organization. For more information go to: <https://j1visa.state.gov/sponsors/become-a-sponsor/>

4. Attachments

- **Letters of support from program partners:** Letters of support should be included for sub-recipients or other partners. The letters must identify the type of relationship to be entered into (formal or informal), the roles and responsibilities of each partner in relation to the proposed project activities, and the expected result of the partnership. I do not wish to obtain an NCAGE code. I understand that I will need to submit my registration after this incident is resolved in order to have my registration activated.”

Organizations based outside of the United States and that DO NOT plan to do business with the DoD should follow the below instructions:

- Step 1: Proceed to SAM.gov to obtain a UEI and complete the SAM.gov registration process. SAM.gov registration must be renewed annually.

G. AWARD NOTICES

The award or cooperative agreement will be written, signed, awarded, and administered by the Grants Officer. The award agreement is the authorizing document, and it will be provided to the recipient for review and counter-signature. The recipient may only start incurring project expenses beginning on the start date shown on the award document signed by the Grants Officer.

If a proposal is selected for funding, the Department of State has no obligation to provide any additional future funding. Renewal of an award to increase funding or extend the period of performance is at the discretion of the Department of State.

Issuance of this NOFO does not constitute an award commitment on the part of the U.S. government, nor does it commit the U.S. government to pay for costs incurred in the preparation and submission of proposals. Further, the U.S. government reserves the right to reject any or all proposals received.

Payment Method:

Recipients will be required to request payments by completing form SF-270—Request for Advance or Reimbursement and submitting the form to the Grants Officer and Grants Officer Representative.

Recipients may not draw down funds without the affirmative authorization of the Department of State. In addition, recipients must submit, with each SF-270 payment request, a detailed explanation justifying the request.

H. POST-AWARD REQUIREMENTS AND ADMINISTRATION

1. Administrative and National Policy Requirements

Before submitting an application, applicants should review all the terms and conditions and required certifications which will apply to this award, to ensure that they will be able to comply. These include:

In accordance with the Office of Management and Budget's guidance located at 2 CFR part 200, all applicable Federal laws, and relevant Executive guidance, the Department of State will review and consider applications for funding, as applicable to specific programs, pursuant to this notice of funding opportunity in accordance with the following:

- [Guidance for Grants and Agreements in Title 2 of the Code of Federal Regulations](#) (2 CFR), as updated in the Federal Register's 89 FR 30046 on April 22, 2024, particularly on:

- Selecting recipients most likely to be successful in delivering results based on the program objectives through an impartial process of evaluating Federal award applications (2 CFR part 200.205),
 - Promoting freedom of speech and religious liberty in alignment with *Promoting Free Speech and Religious Liberty* (E.O. 13798) and *Improving Free Inquiry, Transparency, and Accountability at Colleges and Universities* (E.O. 13864) (§§ 200.300, 200.303, 200.339, and 200.341),

 - Terminating agreements pursuant to the U.S. Department of State Standard Terms and Conditions, including, to the greatest extent authorized by law, if an award no longer effectuates the program goals or agency priorities (2 CFR part 200.340). For the avoidance of doubt, the Department has sole discretion over the determination that an award no longer effectuates program goals or agency priorities, and this provision permits awards to be terminated at the Department's convenience, including when it determines that the award no longer advances the national interest.

2. *Reporting*

Reporting Requirements: Recipients will be required to submit financial reports and program reports. The award document will specify what reports are required and how often these reports must be submitted. *Note:* Most recipients will be required to submit quarterly program progress and financial reports throughout the project period. The quarterly progress report should include an up-to-date copy of the PMP datasheet. Progress and financial reports

are due 30 days after the reporting period. Final certified programmatic and financial reports are due 120 days after the close of the project period.

All reports are to be submitted electronically.

The Awardee must also provide the Embassy on an annual basis an inventory of all the U.S. government provided equipment using the SF428 form.

Foreign Assistance Data Review: As required by Congress, the Department of State must make progress in its efforts to improve tracking and reporting of foreign assistance data through the Foreign Assistance Data Review (FADR). The FADR requires tracking of foreign assistance activity data from budgeting, planning, and allocation through obligation and disbursement. Successful applicants will be required to report and draw down federal funding based on the appropriate FADR Data Elements, indicated within their award documentation. In cases of more than one FADR Data Element, typically program or sector and/or regions or country, the successful applicant will be required to maintain separate accounting records.

3. *Branding and Marketing*

The Department of State, its programs, and U.S. Government funding and assistance should be easily identifiable to the Department's global audiences.

Recipients of federal assistance awards must follow the branding guidance published at Guidance for Contracts and Grants - U.S. Department of State Brand System. Branding policy exceptions are outlined in the U.S. Department of State Foreign Affairs Manual 10 FAM 416, Policy Exceptions.

For more information, visit: <https://brand.america.gov/>

Additional Bureau/Post Specific Requirements: In addition to the Department of State branding guidance, which requires that materials produced under a federal award be marked appropriately to acknowledge U.S. Government support, recipients of new Public Diplomacy awards promoting Freedom 250 activities must also incorporate the Freedom 250 logos in all program materials, activities, and communications. The recipient should continue to follow all existing marking and branding requirements in accordance with Department branding guidance. The Freedom 250 logos would be used in addition to, not in place of, these requirements.

I. OTHER INFORMATION

Guidelines for Budget Justification

Personnel and Fringe Benefits: Describe the wages, salaries, and benefits of temporary or permanent staff who will be working directly for the applicant on the program, and the percentage of their time that will be spent on the program.

Travel: Estimate the costs of travel and per diem for this program, for program staff, consultants or speakers, and participants/beneficiaries. If the program involves international travel, include a brief statement of justification for that travel.

Equipment: Describe any machinery, furniture, or other personal property that is required for the program, which has a useful life of more than one year (or a life longer than the duration of the program), and costs at least \$10,000 per unit.

Supplies: List and describe all the items and materials, including any computer devices, that are needed for the program. If an item costs more than \$10,000 per unit, then put it in the budget under Equipment.

Contractual: Describe goods and services that the applicant plans to acquire through a contract with a vendor. Also describe any sub-awards to non-profit partners that will help carry out the program activities.

Other Direct Costs: Describe other costs directly associated with the program, which do not fit in the other categories. For example, shipping costs for materials and equipment or applicable taxes. All “Other” or “Miscellaneous” expenses must be itemized and explained.

Indirect Costs: These are costs that cannot be linked directly to the program activities, such as overhead costs needed to help keep the organization operating. If your organization has a Negotiated Indirect Cost Rate (NICRA) and includes NICRA charges in the budget, attach a copy of your latest NICRA. Organizations that have never had a NICRA may request indirect costs of 15% of Modified Total Direct Costs (MTDC) as defined in [2 CFR 200.1](#).

“Cost Sharing” refers to contributions from the organization or other entities other than the U.S. Embassy. It also includes in-kind contributions such as volunteers’ time and donated venues.

Alcoholic Beverages: Please note that award funds cannot be used for alcoholic beverages and other entertainment related expenses.
