U.S. Embassy Abidjan’s Public Diplomacy Section is seeking proposals to implement a workforce development and skills-building program through its network of American Spaces. This program aims to build a pipeline of skilled, English-capable Ivoirian youth who can support

U.S. trade, investment, and innovation partnerships while expanding economic opportunity and stability in Côte d'Ivoire.

The project will target university students, educators, and early-career professionals (ages 17–40) in key cities including Abidjan, Yamoussoukro, Bouaké, and Korhogo. Activities will focus on strengthening employability skills, expanding English proficiency, and developing practical technology skills in areas such as artificial intelligence, coding, and entrepreneurship. The program will also increase engagement with U.S. institutions, experts, and private sector partners.

Aligned with U.S. foreign policy priorities, including the Freedom 250 yearlong celebration of the 250th anniversary of the United States, this program will incorporate activities that showcase American leadership, innovation, and commitment to freedom. By equipping participants with market-relevant skills and connecting them to U.S. networks, the program will expand opportunities for American businesses, strengthen commercial ties, and contribute to long-term stability by addressing drivers of irregular migration while inspiring the next generation to partner with the United States.

C. PROGRAM DESCRIPTION

1. Project Background, Goals, and Objectives

Côte d’Ivoire’s rapidly growing youth population presents a strategic opportunity to advance U.S. economic and foreign policy interests in West Africa. However, persistent gaps in workforce readiness—including limited English proficiency, insufficient digital and technical skills, and a lack of practical professional experience—constrain the ability of Ivoirian youth to participate in sectors where American companies are investing and seeking partners. These constraints limit the availability of a skilled local workforce capable of supporting U.S. trade and investment, reduce economic opportunity, and contribute to broader challenges such as irregular migration.

Limited access to high-quality, practical training and direct engagement with U.S. institutions further reduces the ability of Ivoirian youth to connect with American businesses, innovation ecosystems, and professional networks—creating space for alternative actors to shape long-term partnerships in ways that may not align with U.S. interests.

In this context, Embassy Abidjan will leverage the 250th anniversary of the United States under the Freedom 250 brand to showcase the United States at its best—courageous, innovative, and free—while strengthening partnerships that advance shared prosperity, stability, and opportunity. Programming under this NOFO will address workforce gaps while promoting greater understanding of U.S. leadership, values, and contributions to global peace and economic growth.

Embassy Abidjan has supported workforce development, entrepreneurship, and English-language programming through its network of American Spaces with measurable success.

Participants have secured employment with international organizations and private sector firms, including those linked to U.S. investment, and have increased participation in U.S.-connected educational and professional opportunities.

Experience shows that integrated approaches—combining English instruction, employability skills, and hands-on training—deliver the strongest outcomes. Programs that engage private sector partners, particularly American-affiliated companies, and create direct pathways to employment or entrepreneurship have proven most effective. Activities that incorporate exchanges with U.S. experts and exposure to American innovation ecosystems also strengthen participants’ understanding of U.S. leadership and opportunity. In contrast, standalone or purely theoretical training models have shown more limited impact, underscoring the importance of market-driven, results-oriented programming.

These efforts confirm that American Spaces are uniquely positioned as trusted platforms to deliver high-impact programming and U.S. strategic engagement.

Through this Notice of Funding Opportunity, the Public Diplomacy Section at U.S. Embassy Abidjan seeks to strengthen a pipeline of skilled, English-capable, and job-ready Ivoirian youth who can contribute to sectors that support U.S. trade, investment, and economic engagement in Côte d’Ivoire.

Aligned with Freedom 250, this program will integrate workforce development with programming that highlights U.S. values, innovation, and leadership. Six American Spaces will serve as hubs for:

- delivering integrated training in workforce readiness, digital and technology skills, and English proficiency aligned with private sector needs;
- promoting understanding of U.S. founding principles, especially freedom, entrepreneurship, and innovation; and
- expanding opportunities for participants to engage with U.S. institutions, innovation ecosystems, and professional networks

By equipping participants with market-relevant skills and access to opportunity, this program aims to inspire the next generation of Ivoirian leaders and entrepreneurs to partner with the United States in shaping a more stable and prosperous future.

Success will be measured by clear, results-oriented outcomes, including:

- Increased employment and internship placements in sectors linked to U.S. business and investment;
- Stronger partnerships between American Spaces and U.S. private sector actors;
- Expanded participation in U.S.-connected educational, professional, and exchange opportunities;
- Improved English proficiency and workforce readiness among participants;

- Demonstrated pathways to entrepreneurship and income generation within Côte d’Ivoire.

In line with the global Freedom 250 celebrations, success will also include high-visibility programming that celebrates the United States’ 250-year legacy of freedom, innovation, and leadership while inspiring future collaboration. By advancing these outcomes, the program will expand opportunities for American businesses, strengthen commercial ties, and reinforce U.S. strategic engagement in Côte d’Ivoire. It will also contribute to long-term stability by increasing economic opportunity and reducing incentives for irregular migration, while positioning American Spaces as key platforms for advancing U.S. priorities in the region.

Funded projects will have their plans finalized during the negotiation phase, and monitoring plans may be subject to periodic updates throughout the life of the project.

2. Indirect Costs

If two or more applications receive equivalent scores based on the evaluation criteria outlined in this NOFO, preference will be given to the applicant with the lower indirect cost rate, as consistent with Executive Order 14332, Section 4(b)(iii). This preference will only be applied as a tie-breaking mechanism and does not supersede the primary evaluation criteria.

3. Review and Selection Process

- a. Acknowledgement of receipt. Applicants will receive acknowledgment of receipt of their proposal.
- b. Review. All submissions are screened for technical eligibility. **If a submission is missing any required forms/documents listed above in Section D. Application Contents and Format, it will be considered ineligible and will not be reviewed by the grants review committee.** A technical review panel will review eligible proposals based upon the criteria noted in this NOFO.
- c. Follow up notification. Applicants will generally be notified within 120 days after the NOFO deadline regarding the results of the review panel.

2. Risk Review

- i. Under the merit review as required by 2 CFR 200.206, prior to making a Federal Award the Department will review and consider the following risk factors:
 - a. Financial stability
 - b. Management systems and standards
 - c. History of performance

- d. Audit reports and findings
- e. Ability to effectively implement project requirements

ii. High Risk Designation

Awardees that are deemed to be high risk based on the above risk factors will be held to special award conditions. At a minimum, the recipient and/or project designated as High Risk will be required to submit monthly narrative reports and/or quarterly detailed financial reports. Recipients may also be required, upon request of the Grants Officer or Grants Officer Representative, to provide electronic copies of receipts or other supporting documentation (e.g., timesheets, travel documents) for costs incurred. The Grants Officer may withhold 10% of the award amount until final reports have been reviewed and approved by the GO. The recipient may be required to pay all salaries supported by the grant via electronic funds transfer. Other special award conditions may also be included if deemed appropriate by the Grants Officer.

iv. Risk Analysis Management

To qualify for final consideration, certain applicants may be required to undertake the Risk Analysis Management (RAM) vetting process by providing Risk Analysis Information (RAI) about their “key individuals” (i.e., individuals with the ability to control applicant organizations’ funds), including “key individuals” from selected sub-recipients. **Please note: these individuals could be different from the key personnel listed in the section 4 of required documents.** The purpose of vetting potential contractors and grantees is to reduce the risk that federal assistance funding is provided to terrorists or their supporters. **Potential grantees will be notified separately if RAI is required.** Applicants submit key individuals’ RAI by completing the Risk Analysis Information Form, DS-4184, through the secure web portal at <https://ramportal.state.gov>. The DS-4184 requests the following RAI for each key individual: Full Name; Aliases; Gender; Birth Place; Birthdate; Home/Work Addresses; Phone Numbers; Employer; Professional Title; Email Addresses; Skype ID (if included, email address is also required); Numbers from All Official IDs (e.g., passports, ID cards, etc.); Nationalities; and Social Security Number (if U.S. person). Questions about the DS-4184 form may be emailed to RAM@state.gov. Failure to submit information when requested, or failure to pass vetting, may be grounds for rejecting your proposal

G. AWARD NOTICES

The award or cooperative agreement will be written, signed, awarded, and administered by the Grants Officer. The award agreement is the authorizing document, and it will be provided to the recipient for review and counter-signature. The recipient may only start incurring project expenses beginning on the start date shown on the award document signed by the Grants Officer.

If a proposal is selected for funding, the Department of State has no obligation to provide any additional future funding. Renewal of an award to increase funding or extend the period of performance is at the discretion of the Department of State.

Issuance of this NOFO does not constitute an award commitment on the part of the U.S. government, nor does it commit the U.S. government to pay for costs incurred in the preparation and submission of proposals. Further, the U.S. government reserves the right to reject any or all proposals received.

Payment Method:

Recipients may not draw down funds without the affirmative authorization of the Department of State. In addition, recipients must submit, with each SF-270 payment request, a detailed explanation justifying the request.

The recipient will be expected to follow all existing marking and branding requirements in accordance with Department branding guidance. The Freedom 250 logos would be used in addition to, not in place of, these requirements.

I. OTHER INFORMATION

Guidelines for Budget Justification

Personnel and Fringe Benefits: Describe the wages, salaries, and benefits of temporary or permanent staff who will be working directly for the applicant on the program, and the percentage of their time that will be spent on the program.

Travel: Estimate the costs of travel and per diem for this program, for program staff, consultants or speakers, and participants/beneficiaries. If the program involves international travel, include a brief statement of justification for that travel.

Indirect Costs: These are costs that cannot be linked directly to the program activities, such as overhead costs needed to help keep the organization operating. If your organization has a Negotiated Indirect Cost Rate (NICRA) and includes NICRA charges in the budget, attach a

copy of your latest NICRA. Organizations that have never had a NICRA may request indirect costs of 15% of Modified Total Direct Costs (MTDC) as defined in 2 CFR 200.1.

“Cost Sharing” refers to contributions from the organization or other entities other than the U.S. Embassy. It also includes in-kind contributions such as volunteers’ time and donated venues.

Alcoholic Beverages: Please note that award funds cannot be used for alcoholic beverages and other entertainment related expenses.
