Waiver request forms can be obtained on the DOT eInvoicing website (<http://www.transportation.gov/cfo/delphi-einvoicing-system.html>) or by contacting the PHMSA Agreement Officer. Recipients must explain why they are unable to use or access the internet to submit payment requests.

14. Payments

Reimbursement payments will be made after the electronic receipt via the DOT eInvoicing System of "Request for Advance or Reimbursement" (Standard Form SF-270).

a) Method of payment

- i) The Government will make all payments under this agreement by electronic funds transfer (EFT), except as provided by paragraph (a)(ii) of this clause. As used in this clause, the term "EFT" refers to the funds transfer and may also include the payment information transfer.
- ii) If the Government is unable to release one or more payments by EFT, the Recipient agrees either to –
 - i) Accept payment by check or some other mutually agreeable method of payment; or
 - ii) Request the Government to extend the payment due date until such time as the Government can make payment by EFT (but see paragraph d. of

this clause).

- b) Recipient's EFT information. The Government will make payment to the Recipient using the EFT information contained in the System for Award Management (SAM) database. If the EFT information changes, the Recipient is responsible for providing the updated information into the System for Award Management (SAM) at: <https://www.sam.gov>
- c) Mechanisms for EFT payment. The Government may make payment by EFT through either the Automated Clearing House (ACH) network, subject to the rules of the National Automated Clearing House Association, or the Fedwire Transfer System. The rules governing Federal payments through the ACH are contained in 31 CFR Part 210.
- d) Suspension of payment. If the Recipient's EFT information in the SAM database is incorrect, the Government is not obligated to make payment to the Recipient under this agreement until the correct EFT information is entered into the SAM database. An invoice or agreement-financing request is not a proper invoice for the purpose of prompt payment under this agreement.
- e) Recipient EFT arrangements. If the Recipient has identified multiple payment receiving points (i.e., more than one remittance address and/or EFT information set) in the SAM database, and the Recipient has not notified the Government of the payment receiving point applicable to this agreement, the Government will make payment to the first payment receiving point (EFT information set or remittance address as applicable) listed in the SAM database.
- f) Liability for uncompleted or erroneous transfers.
 - i) If an uncompleted or erroneous transfer occurs because the Government used the Recipient's EFT information incorrectly, the Government remains responsible for –
 - i) Making a correct payment;
 - ii) Paying any prompt payment penalty due; and
 - iii) Recovering any erroneously directed funds.
 - ii) If an uncompleted or erroneous transfer occurs because the Recipient's EFT information was incorrect, or was revised within 30 days of Government release of the EFT payment transaction instruction to the Federal Reserve System, and –
 - i) If the funds are no longer under the control of the payment office, the Government is deemed to have made payment and the Recipient is responsible for recovery of any erroneously directed funds; or
 - ii) If the funds remain under the control of the payment office, the Government will not make payment, and the provisions of paragraph d. of this clause apply.
- g) EFT and prompt payment. A payment will have been made in a timely manner in accordance with the prompt payment terms of this agreement if, in the EFT payment transaction instruction released to the Federal Reserve System, the date specified for settlement of the payment is on or before the prompt payment due date, provided the specified payment date is a valid date under the rules of the Federal Reserve System.
- h) EFT and assignment of claims. If the Recipient assigns the proceeds of this agreement, the Recipient must require, as a condition of any such assignment, that the assignee register in the SAM database and be paid by EFT in accordance with the terms of this clause. In all respects, the requirements of this clause will apply to the assignee as if it were the Recipient. EFT information that shows the ultimate

recipient of the transfer to be other than the Recipient, in the absence of a proper assignment of claims acceptable to the Government, is incorrect EFT information within the meaning of paragraph d. of this clause.

- i) Liability for change of EFT information by financial agent. The Government is not liable for errors resulting from changes to EFT information made by the Recipient's financial agent.
- j) Payment information. The payment or disbursing office will forward to the Recipient available payment information that is suitable for transmission as of the date of release of the EFT instruction to the Federal Reserve System. The Government may request the Recipient to designate a desired format and method(s) for delivery of payment information from a list of formats and methods the payment office is capable of executing. However, the Government does not guarantee that any particular format or method of delivery is available at any particular payment office and retains the latitude to use the format and delivery method most convenient to the Government. If the Government makes payment by check in accordance with paragraph a. of this clause, the Government will mail the payment information to the remittance address contained in the SAM database.

15. Advance Payment

Recipient must ensure that advance payment requests are limited to the minimum amounts needed and be timed to be in accordance with the actual, immediate cash requirements in carrying out the purpose of the approved program or project.
- b) Recipient must deposit and maintain advance payments in insured accounts whenever possible unless the recipient receives less than \$120,000 in federal awards from all sources or can demonstrate the best reasonably available interest-bearing account would not be expected to earn interest in excess of \$500 per year on Federal cash balances. \$250 for awards issued prior to December 26, 2014.
- c) Recipient submits advance payments based on cash payment needs and not accrued liabilities.
- d) Recipient must remain in compliance with the terms and conditions of their award.
- e) Recipient is not indebted to the United States Government.
- f) Recipient's SAM.gov registration is current and active at the time of the advance payment request.
- g) The recipient maintains supporting documentation in their files and makes them available upon request to PHMSA in order to determine if the costs adhere to the applicable cost principles, statutes and regulations. PHMSA will also monitor to ensure grantee has not requested advance payments beyond immediate disbursing needs and that excess balances were promptly returned to the Treasury.

16. Advance Payment Process

To request an advance payment, log into the DOT Electronic Payment System (Delphi E-Invoicing), create and submit a standard invoice, and complete an SF270 form with the Advance Payment Request. This process is similar to requesting a reimbursement. The grant specialist assigned to your account will receive an email generated from the system with the invoice details.

- a) Advance payments must be fully disbursed (example: checks written, signed, and issued to the payees) within 30 days of the date you receive the advance funds from

the U.S. Treasury.

- b) Advance payment requests should be submitted no earlier than 10 business days prior to the beginning of the period for which the funds are requested.
- c) PHMSA will check for all of the following criteria:
 - i. Your award balance is sufficient to meet the advance amount requested.
 - ii. Evaluations will be based on cash payments and not on accrued liabilities.
 - iii. You have satisfied program requirements including submission of required federal financial reports for prior quarters/periods.
 - iv. The request is for allowable expenditures.

17. Adherence to Original Project Objectives and Budget Estimates

- a) The Recipient is responsible for any commitments or expenditures it incurs in excess of the funds provided by an award. Pre-award costs are those incurred prior to the effective date of the Federal award directly pursuant to the negotiation and in anticipation of the Federal award where such costs are necessary for efficient and timely performance of the scope of work. Such costs are allowable only to the extent that they would have been allowable if incurred after the date of the Federal award, *and only with the written approval of the Program Authorizing Official or delegate.*
- b) The Recipient must submit any proposed change, that requires PHMSA's written approval, 30 days prior to the requested effective date of the proposed change. PHMSA will not approve any change to the award during the last 30 days of the award period.

18. Prior Approvals

- a) The following expenditures require the PAO's advance written approval:
 - i) Changes in the scope, objective, or key personnel referenced in the Recipient's proposal.
 - ii) Change in the project period. PHMSA must receive this request no later than 30 calendar days prior to the end of the project period. The Recipient must submit a revised budget indicating the planned use of all unexpended funds during the extension period.
- b) The Recipient must submit a revised financial estimate and plan for i) and ii) above.
- c) The PHMSA will notify the Recipient in writing within 30 calendar days after receipt of the request for revision or adjustment whether the request has been approved.

26. 811, Call Before You Dig Program (PHMSA June 2014)

Damage to pipelines during excavation is a leading cause of accidents resulting in serious injuries and fatalities, but these accidents are preventable, and you can help in preventing them.

811 is designated as the national call-before-you-dig number. Every state has a one-call law requiring excavators to have underground utilities marked before digging.

There are five steps to safer digging:

- 1) Make a free call to 811 a few days before digging.
- 2) Wait the required time – which is prescribed in state law but generally two to three days.
- 3) Locate/mark the utilities accurately. (This step applies to underground facility/utility owners.)
- 4) Respect the marks.
- 5) Dig with care.

The recipient is encouraged to adopt the “811, Call Before You Dig” program for its employees when digging on company-owned, leased, or personally owned property. For information on how to implement such a program please visit the *811 – Call Before You Dig* section of Pipeline and Hazardous Materials Safety Administration’s (PHMSA’s) website at www.phmsa.dot.gov.
