Section B: Federal Award Information

Estimated Total Funding: \$4,000,000

The amount of funding available per award for this NOFO will be determined once final fiscal year (FY) 2024 appropriations have been made. This NOFO will be cancelled if FY 2024 appropriations are insufficient to support new awards.

Expected Award Amount:

An estimated range of \$100,000 To \$400,000 of funding is anticipated for each award. The amount of funding available per award for this NOFO will be determined as part of the application review process based on applications received and funding made available through appropriations.

Anticipated Award Date:

Projects receiving funding through this NOFO will start once funding has been secured and awards have been made.

Anticipated Term of the Agreement: August 01, 2024 - September 30, 2025

Agreement terms for funded projects can range between one and five years, depending on the negotiated project statement of work. Agreements are not effective until fully executed with signature from the NPS Financial Assistance Awarding Officer.

Estimated Number of Agreements to be Awarded: 1-3

Each activity or project under this agreement will be treated individually, with more detail through project statements, project plans and budgets developed cooperatively between the NPS and the non-Federal entity.

Funding Instrument Type:

Grant Agreement - A legal instrument of financial assistance between The National Park Service and a non-Federal entity that, consistent with 31 U.S.C. § 6302, 6304:

(2) Is distinguished from a cooperative agreement in that it does not provide for substantial involvement between the Federal awarding agency or pass-through entity and the non-Federal entity in carrying out the activity contemplated by the Federal award.

Other Information: Applications for renewal or supplementation of existing projects are eligible to compete with applications for new Federal awards.

Section C: Eligibility Information**1. Eligible Applicants**

Section D: Application and Submission Information

1. Address to Request Application Package

A complete application package is described in this Section and has been included within this NOFO for your convenience, in Appendix A. The application package contains both mandatory standard forms (SF) and various optional templates that may be used to satisfy other stated application requirements. The application package can also be accessed and downloaded from the Related Documents tab on the Synopsis page of this announcement in Grants.gov.

2. Contents and Form of Application Submission

You must complete the mandatory standard forms and any applicable optional forms, in accordance with the instructions below, as required by this NOFO. Do not include any proprietary or personally identifiable information. A complete application should include:

Mandatory Requirements:

Ensure the project abstract succinctly describes the project in plain language that the public can understand and use without the full proposal. If the application is funded, this information will be made available for public access including on USAspending.gov.
- Detailed Budget – The project budget shall include detailed information on all cost categories and must clearly identify all project costs. Unit costs shall be provided for all budget items including the cost of work to be provided by contractors or sub-recipients. In addition, applicants shall include a narrative description of the items included in the project budget, including the value of in-kind contributions of goods and services provided to complete the project when cost share is identified to be included (reference section C of this announcement). The proposal is a narrative description that should specifically address each of the review criteria (see Section E). The proposal text must be no longer than 20 pages, no smaller than font size 11, and have 1-inch margins. The 20-page limit includes all text, figures, references, and resumes (Forms SF-424, SF-424A, SF-424B, SF-LLL, and the statement of indirect charges are not counted as part of the page limit). Additionally, only information that is pertinent to the proposal should be included.

Per the Financial Assistance Interior Regulation (FAIR), 2 CFR §1402.112, applicants must state in their application if any actual or potential conflict of interest exists at the time of submission.
Applicability.
 - This section intends to ensure that non-Federal entities and their employees take appropriate steps to avoid conflicts of interest in their responsibilities

Failure to make required disclosures may result in any of the remedies described in 2 CFR §200.339, Remedies for noncompliance, including suspension or debarment (see also 2 CFR §180).

- **Uniform Audit Reporting Statement**

U.S. states, local governments, federally recognized Indian tribes, institutions of higher education, and non-profit organizations expending \$750,000 USD or more in Federal award funds in the applicant's fiscal year must submit a Single Audit report for that year through the Federal Audit Clearinghouse's Internet Data Entry System, in accordance with 2 CFR 200 subpart F. U.S. state, local government, federally recognized Indian tribes, institutions of higher education, and non-profit applicants must state if your organization was or was not required to submit a Single Audit report for the most recently closed fiscal year. - **Disclosure of Lobbying Activities**

Applicants and recipients must not use any federally appropriated funds (annually appropriated or continuing appropriations) or matching funds under a Federal award to pay any person for lobbying in connection with the award. Lobbying is influencing or attempting to influence an officer or employee of any U.S. agency, a Member of the U.S. Congress, an officer or employee of the U.S. Congress, or an employee of a Member of the U.S. Congress connection with the award. Applicants and recipients must complete and submit the SF-LLL, “Disclosure of Lobbying Activities” form if the Federal share of the proposal or award is more than \$100,000 and the applicant or recipient has made or has agreed to make any payment using non-appropriated funds for lobbying in connection with the application or award. The SF-LLL form is available with this Funding Opportunity on Grants.gov. See 43 CFR, Subpart 18.100 and 31 USC 1352 for more information on when additional submission of this form is required.

- **Overlap or Duplication of Effort Statement**

If the project proposed in this application is funded through another Federal financial assistance award, in part or in whole, the applicant must provide a statement detailing the potential funding overlap in regard to activities, costs, or time commitment of key personnel. Provide a copy of any overlapping or duplicative proposal submitted to any other potential funding entity and identify when that proposal was submitted or copy of Federal financial assistance award covering activities covered under this proposal. The statement and the description of overlap or duplication, when applicable, may be provided within the proposal or as a separate attachment to the application. Any overlap or duplication of funding between the proposed project and other active or anticipated projects may impact selection and/or funding amount. If no such overlap or duplication exists, state, “There are no overlaps or duplication between this application and any of our other Federal applications or funded projects”.

If selected for award, NPS reserves the right to request additional or clarifying information for any reason deemed necessary, including, but not limited to:

- (a) Other budget information
- (b) Financial capability
- (c) Evaluation of risk
- (d) Name and phone number of the Designated Responsible Employee for complying with national policies prohibiting discrimination (See 43 C.F.R. § 17)

3. Identifier and System for Award Management (SAM.gov) Registration:

This requirement does not apply to individuals applying for funds as an individual (i.e., unrelated to any business or nonprofit organization you may own, operate, or work within), or any entity with an exception to bypass SAM.gov registration with prior approval from the funding bureau or office in accordance with bureau or office policy. All other applicants are required to register in SAM.gov prior to submitting a Federal award application and obtain a [Unique Entity Identifier \(UEI\)](#) which replaces the Data Universal Numbering System (DUNS) number from Dun & Bradstreet in April 2022. A Federal award may not be made to an applicant that has not completed the SAM.gov registration. If an applicant selected for funding has not completed their

SAM.gov registration by the time the program is ready to make an award, the program may determine the applicant is not qualified to receive an award. Federal award recipients must also continue to maintain an active SAM.gov registration with current information through the life of their Federal award(s).

- **Register with the System for Award Management (SAM)**

Applicants can register on the [SAM.gov](https://sam.gov) website. The “Help” tab on the website contains User Guides and other information to assist you with registration. The Grants.gov “[Register with SAM](#)” page also provides detailed instructions. Applicants can contact the supporting Federal Service Desk for help registering in SAM. Once registered in SAM, entities will be assigned a Unique Entity Identifier (UEI). Entities must renew and revalidate their SAM registration at least once every 12 months from the date previously registered. Entities are strongly encouraged to revalidate their registration as often as needed to ensure their information is up to date and reflects changes that may have been made to the entity’s IRS information. There is no cost to register with SAM.gov. There are third-party vendors who will charge a fee in exchange for registering entities with SAM.gov; please be aware you can register and request help for free. If applicable, foreign entities who want to receive payment directly to a U.S. bank account must enter and maintain valid, current banking information in SAM.

4. Submission Dates and Times

Applicants are held responsible for their proposals being submitted to the National Park Service. Applications must be received by July 12, 2024, noon MT. Applicants are encouraged to submit the application well before the deadline. Note: Per 2 CFR 1402.204 (f) Bureaus and offices must consider the timeliness of the application submission. Applications that are submitted beyond the announced deadline date must be removed from the review process.

Application preparation time may take several weeks, so please start the application process as soon as possible. If it is determined that a proposal was not considered due to lateness, the applicant will be notified during the selection process.

5. Intergovernmental Review

This funding opportunity is not subject to Executive Order (EO) 12372 “Intergovernmental Review of Federal Programs.” Applicants subject to EO 12372 must contact their State’s Single Point of Contact (SPOC) to find out about and comply with the State’s process. The names and addresses of the SPOC’s are listed in the OMB’s home page at:
http://www.whitehouse.gov/omb/grants_spoc/

6. Funding Restrictions

Costs incurred by the applicant prior to the start date of the period of performance of a signed Federal award are only allowable with written approval by a Financial Assistance Awarding Officer.

7. Other Submission Requirements

Applications must be submitted through grants.gov to the National Park Service by the deadline identified in paragraph 4 above. Applications submitted by other means or not received by the deadline will not be considered.

In the event the applicant experiences technical difficulties with submitting their application, please contact: Ian Armstrong, FA_EactCCO@nps.gov

Section E: Application Review Information

1. Criteria

NPS will evaluate and consider only those applications that separately address each of the merit review criteria in the project Narrative application requirement. Each applicant is required to provide a detailed project narrative, in accordance with section D.2., of the following criteria elements. It is HIGHLY recommended that the project narrative has sections labeled by criterion.

Criterion 1	
Project Need	Weight 20%
This criterion will assess the degree to which the applicant adequately demonstrates ability and commitment to use grant funds to ensure the security and safety of visitors to the covered memorial.	

Criterion 2	
Project Budget	Weight 20%
This criterion will assess the reasonableness of the costs included in the project's budget, whether the budget seems realistic for the scope of work, and the availability of or firmness of commitments for the full amount of funds needed to complete the project, including any match commitment(s) that minimally meet the 1:1 requirement.	

Criterion 3	
Project Impact – Operation, Security, & Maintenance	Weight 20%
This criterion will assess the degree to which the applicant adequately demonstrates value and commitment to provide for the operation, security, and maintenance of certain memorials to victims of the terrorist attacks of September 11, 2001.	

Criterion 4	
Project Impact – Preservation & Education	Weight 20%
This criterion will assess the degree to which the applicant adequately demonstrates ability and commitment to reach the greatest number of visitors that would benefit. Use grant funds for the following: • to preserve the grounds at the covered memorial; and • to educate future generations.	

Criterion 5	
Project Impact –Visitation	Weight 20%
This criterion will address the degree to which the applicant adequately demonstrates the ability and commitment to use grant funds to increase the numbers of economically disadvantaged visitors to the covered memorial.	

2. Review and Selection Process

NPS personnel, and in some cases independent reviewers, will review all proposals. All proposals for funding will be considered using the criteria outlined above. A summary of the review panel comments may be provided to the applicant if requested.

a. Initial Review

Prior to conducting the comprehensive merit review, an initial review will be performed to determine whether: (1) the applicant is eligible for an award; (2) the information required by the NOFO has been submitted; (3) all mandatory requirements of the NOFO are satisfied; and (4) the proposed project is responsive to the program objectives of the NOFO (program determination). If an applicant fails to meet the requirements or objectives of the NOFO, or does not provide sufficient information for review, the applicant will be considered non-responsive and eliminated from further review.

b. Comprehensive Merit Review

All applications that satisfactorily pass the initial review will be eligible for the Comprehensive Merit Review. Each criteria element will be scored on a 0-10 point scale:

10	Superior	(100 % of weighted average)
8	Good	(80 % of weighted average)
6	Satisfactory	(60 % of weighted average)
4	Marginal	(40 % of weighted average)
2	Poor	(20 % of weighted average)
0	Not Acceptable	(No score)

The following numerical rating values may be assigned: 10, 9, 8, 7, 6, 5, 4, 3, 2, 1, and 0. The scoring of each criterion must be based on the strengths and weaknesses of the application narrative. To assist in assigning an appropriate score, the following will be used as a guideline:

Rating	Descriptive Statement
10	Superior: Applicant fully addresses all aspects of the criterion, convincingly demonstrates that it will meet the Government's performance requirements and demonstrates no weaknesses.
8	Good: Applicant fully addresses all aspects of the criterion, convincingly demonstrates a likelihood of meeting the Government's requirements, and demonstrates only a few minor weaknesses.
6	Satisfactory: Applicant addresses all aspects of the criterion and demonstrates the ability to meet the Government's performance requirements. The Application contains weaknesses and/or a number of minor weaknesses.
4	Marginal: Applicant addresses all aspects of the criterion and demonstrates the ability to meet the Government's performance

	requirements. The Application contains significant weaknesses and/or a significant number of minor weaknesses.
2	Poor: Applicant addresses some aspects of the criterion and demonstrates some doubt in the likelihood of successfully meeting the Government's requirements. Significant weaknesses are demonstrated and clearly outweigh any strength presented.
0	Not Acceptable: Applicant does not address all aspects of the criterion and the information presented indicates a strong likelihood of failure to meet the Government's requirements.

c. Selection

The Selection Official may consider the merit review recommendation, program policy factors, and the amount of funds available to select applications for funding.

d. Discussions and Award

The Government may enter into discussions with a selected applicant for any reason deemed necessary, including, but not limited to: (1) only a portion of the application is selected for award; (2) the Government needs additional information to determine that the applicant is capable of complying with the requirements of DOI Financial Assistance Regulations, and/or (3) additional specific terms and conditions are required. Failure to satisfactorily resolve the issues identified by the Government may preclude award to the applicant.

3. CFR – Regulatory Information

See the National Park Service’s Award Terms and Conditions for the general administrative and national policy requirements applicable to Service awards. The Service will communicate any other program- or project-specific special terms and conditions to recipients in their notices of award.

Evaluation of Applicant Risk

In accordance with 2 C.F.R. § 200.205, applications selected for funding will be subject to a pre-award risk assessment which may include a review of information contained within the applicant’s proposal, past audits, Federal Awardee Performance and Integrity Information System (FAPIIS), and/or past performance on previous Federal financial assistance awards. Negative information that leads to an applicant being designated as “Medium Risk” or “High Risk” may result in specific conditions, as identified in 2 C.F.R. § 200.207, being incorporated into the final award.

Prior to making a Federal award, any information about the applicant that is in the designated integrity and performance (currently FAPIIS) will be reviewed and considered (see 41 U.S.C. § 2313). Applicants may review and comment about any information about itself in FAPIIS. The Federal awarding agency will consider any comments by the applicant, in addition to the other information in the designated integrity and performance system, in making a judgment about the applicant's integrity, business ethics, and record of performance under Federal awards when completing the review of risk posed by applicants as described in 2 C.F.R. §200.205

Section F: Federal Award Administration Information

1. Federal Award Notices

Upon being selected for the award, successful applicants will receive a notification of the selection of their application for funding. NPS estimates it will notify the applicant selected for award by July 12, 2024. A notice of selection is not an authorization to begin performance on an agreement. This notice will detail the next steps in the awarding process. Once all clearances and reviews have been conducted, a grant agreement will be sent for signature.

Work cannot begin before the non-Federal entity receives a fully executed copy of the grant agreement which contains the signature of the Financial Assistance Awarding Officer. Any pre-award costs incurred prior to the receipt of a signed agreement or written notice signed by a Financial Assistance Awarding Officer authorizing pre-award costs, is at the applicant's own risk. A signed grant agreement signed by a Financial Assistance Awarding Officer is the only authorizing document to begin performance.

Organizations whose applications have not been selected will be advised as promptly as possible.

2. Administrative and National Policy Requirements

See the “DOI Standard Terms and Conditions” for the administrative and national policy requirements applicable to DOI awards.

Data Availability

Per the Financial Assistance Interior Regulation (FAIR), 2 CFR §1402.315:

(a) All data, methodology, factual inputs, models, analyses, technical information, reports, conclusions, valuation products or other scientific assessments in any medium or form, including textual, numerical, graphic, cartographic, narrative, or audiovisual, resulting from a financial assistance agreement is available for use by the Department of the Interior, including being available in a manner that is sufficient for independent verification.

(b) The Federal Government has the right to:

(1) Obtain, reproduce, publish, or otherwise use the data, methodology, factual inputs, models, analyses, technical information, reports, conclusions, or other scientific assessments, produced under a Federal award; and

(2) Authorize others to receive, reproduce, publish, or otherwise use such data, methodology, factual inputs, models, analyses, technical information, reports, conclusions, or other scientific assessments, for Federal purposes, including to allow for meaningful third-party evaluation.

3. Reporting

- a. **Financial Reports:** All recipients must use the SF-425, Federal Financial Report form for financial reporting. At a minimum, all recipients must submit a **final** financial report.

Final reports are due no later than 120 calendar days after the award period of performance end date or termination date. For awards with periods of performance longer than 12 months, recipients are required to submit **interim** financial reports on the frequency established in the Notice of Award. The only exception to the interim financial reporting requirement is if the recipient is required to use the SF 270/271 to request payment and requests payment at least once annually through the entire award period of performance. We will describe all financial reporting requirements in the Notice of Award.

- b. **Performance Reports:** Performance reports must contain a comparison of actual accomplishments with the established goals and objectives of the award; a description of reasons why established goals were not met, if appropriate; and any other pertinent information relevant to the project results. Final reports are due no later than 120 calendar days after the award period of performance end date or termination date. For awards with periods of performance longer than 12 months, recipients are required to submit **interim** financial reports on the frequency established in the Notice of Award.
- c. **Real Property Reports:** Recipients and subrecipients are required to submit status reports on the status of real property acquired under the award in which the Federal government retains an interest. The required frequency of these reports will depend on the anticipated length of the Federal interest period. The Bureau will include recipient-specific real property reporting requirements, including the required data elements, reporting frequency, and report due dates, in the Notice of Award when applicable.
- d. **Conflict of Interest Disclosures:** Recipients must notify the program immediately in writing of any conflict of interest that arise during the life of their Federal award, including those reported to them by any subrecipient under the award. Recipients must notify the program in writing if any employees, including subrecipient and contractor personnel, are related to, married to, or have a close personal relationship with any Federal employee in the Federal funding program or who otherwise may have been involved in the review and selection of the award. The term employee means any individual engaged in the performance of work pursuant to the Federal award. Recipients may not have a former Federal employee as a key project official, or in any other substantial role related to their award, whose participation put them out of compliance with the legal authorities addressing post-Government employment restrictions. See the [U.S. Office of Government Ethics website](#) for more information on these restrictions. The Service will examine each conflict-of-interest disclosure based on its particular facts and the nature of the project and will determine if a significant potential conflict exists. If it does, the Service will work with the recipient to determine an appropriate resolution. Failure to disclose and resolve conflicts of interest in a manner that satisfies the Service may result in any of the remedies described in [2 CFR 200.339 Remedies for Noncompliance](#), including termination of the award.
- e. **Other Mandatory Disclosures:** The Non-Federal entity or applicant for a Federal award must disclose, in a timely manner, in writing to the Federal awarding agency or pass-through entity all violations of Federal criminal law involving fraud, bribery, or gratuity

violations potentially affecting the Federal award. Non-Federal entities that receive a Federal award including the terms and conditions outlined in 2 CFR 200, Appendix XII—Award Term and Condition for Recipient Integrity and Performance Matters are required to report certain civil, criminal, or administrative proceedings to SAM. Failure to make required disclosures can result in any of the remedies described in 2 CFR 200.339 Remedies for Noncompliance, including suspension or debarment.

4. Reporting Matters Related to Recipient Integrity and Performance:

If the total value of your currently active grants, cooperative agreements, and procurement contracts from all Federal awarding agencies exceeds \$10,000,000 for any period of time during the period of performance of this Federal award, then you as the recipient during that period of time must maintain the currency of information reported to the System for Award Management (SAM) that is made available in the designated integrity and performance system (currently the Federal Awardee Performance and Integrity Information System (FAPIIS)) about civil, criminal, or administrative proceedings in accordance with Appendix XII to 2 C.F.R. 200.

5. Significant Developments Reports:

Events may occur between the scheduled performance reporting dates which have significant impact upon the supported activity. In such cases, recipients are required to notify the Bureau in writing as soon as the recipient becomes aware of any problems, delays, or adverse conditions that will materially impair the ability to meet the objective of the Federal award. This disclosure must include a statement of any corrective action(s) taken or contemplated, and any assistance needed to resolve the situation. The recipient should also notify the Service in writing of any favorable developments that enable meeting time schedules and objectives sooner or at less cost than anticipated or producing more or different beneficial results than originally planned.
