Proposals must address one of three priority areas: **advancing U.S. trade and economic interests** by promoting market-oriented, private sector–led growth, fostering trade relationships with the United States, and increasing awareness of foreign economic practices that undermine U.S. and Nicaraguan commercial interests; **protecting free speech, defending religious freedom, and countering anti-U.S. narratives** by strengthening independent voices, expanding access to credible information, and building the capacity of independent media and civil society; or **supporting border security and ending mass migration** by increasing public understanding of U.S. immigration laws, the dangers of illegal migration, and combating criminal networks.

Target audiences may include independent journalists, civil society organizations, religious workers and institutions, youth and university students, entrepreneurs and small businesses, and rural producers. Programs may use workshops, trainings, exchanges, media initiatives, and community-based activities to expand access to information and create economic opportunities.

Priority Program Areas/Goals: Applicants may submit a proposal to address one of the program goals below. Proposals should focus on one or more of the priority outcomes, but applicants may also recommend their own objective.

Goal 1. Advancing U.S. Trade and Economic Interests

Nicaragua's economy faces state control, corruption, and growing dependence on non-hemispheric competitors, which undermines both Nicaraguan sovereignty and U.S. commercial interests. Programs under this theme should foster market-oriented, private sector-led growth that strengthens economic independence, promotes trade, and advances U.S. trade and economic interests.

Project Audience(s):

- Small and medium-sized enterprises (SMEs), entrepreneurs, producers, and cooperatives seeking to grow legitimate, market-oriented businesses and expand trade.
- Individuals, business associations, and private sector organizations promoting fair trade and market-oriented development.
- Rural communities and producers with economic potential who can access new markets and value-added opportunities.

Priority Outcomes(s): Applicants may focus on one or more of the outcomes listed below. Applicants are encouraged to propose additional objectives and innovative activities that address the priority program areas.

1. Strengthened trade and economic relationships with the United States, reducing reliance on non-hemispheric actors.
2. Improved competitiveness and market access for Nicaraguan SMEs and entrepreneurs, locally and internationally.
3. Increased capacity of businesses to engage in market-oriented, export-ready economic activities.
4. Greater awareness of foreign economic practices that could undermine trade and U.S. and Nicaraguan commercial interests.

Goal 2. Protecting Free Speech, Defending Religious Freedom, and Countering Anti-U.S. Narratives

Nicaragua faces rising repression, including suppression of free speech, unjust detentions, and restrictions on religious expression, alongside efforts by non-hemispheric powers to expand influence. Programs under this theme advance U.S. interests by strengthening independent voices, exposing propaganda, and promoting respect for fundamental freedoms.

Project Audience(s):

- Independent journalists, bloggers, media professionals, and media outlets operating under threat of government persecution and committed to editorial independence and fact-based reporting.
- Civil society organizations, human rights defenders, religious leaders, and activists working to document and expose censorship, unjust detentions, religious repression, foreign interference in Nicaragua's information space.
- Youth, university students, communities with limited access to independent news sources.
- Nicaraguan diaspora communities serving as information bridges to those inside the country.

Priority Outcomes(s): Applicants may focus on one or more of the outcomes listed below. Applicants are encouraged to propose additional objectives and innovative activities that address the priority program areas.

1. *Increased access to credible, independent information among Nicaraguan citizens despite government censorship and information control efforts.*
2. *Strengthened operational capacity and sustainability of independent media outlets, journalists, and civil society actors operating under threat.*
3. *Increased public awareness of state-sponsored and foreign censorship, propaganda, unjust detentions, and restrictions on fundamental freedoms, including freedom of expression and religion.*
4. *Strengthened capacity of journalists, civil society organizations, and community leaders to document, report on, and advocate for the protection of fundamental freedoms.*

Goal 3. Supporting Border Security and Ending Mass Migration

Nicaragua has become both a source and transit country for migration flows that threaten U.S. border security and violate the sovereignty of nations throughout the Western Hemisphere. Programs under this theme are expected to increase public understanding about U.S. immigration laws and dangerous and illegal migration, support Nicaragua's cooperation with U.S. border security priorities, and combat the criminal networks that exploit and endanger migrants.

Project Audience(s):

- Youth, working-age adults, and families in high-migration communities
- Local community leaders, civil society organizations, and educational institutions working on community development and migration-related issues
- Media outlets and community communicators who can amplify accurate information about migration risks, and U.S. immigration laws

Priority Outcomes(s): Applicants may focus on one or more of the outcomes listed below. Applicants are encouraged to propose additional objectives and innovative activities that address the priority program areas.

1. Raise awareness of the risks of unsafe and illegal migration and reduce reliance on smugglers and trafficking networks.
2. Strengthened reintegration and reduced re-migration rates among returned Nicaraguan nationals through economic and social support.

Please ensure:

- The proposal clearly addresses the goals and objectives of this funding opportunity
- All documents are in English
- All budgets are in U.S. dollars
- All applicant authorized signatures are provided where indicated on the various, required forms.

The following documents are **required**:

2. Proposal (10 pages maximum)

The proposal should contain sufficient information that anyone not familiar with it would understand exactly what the applicant wants to do. You may use your own proposal format, but it must include all the items below.

- **Proposal Summary:** Short narrative that outlines the proposed project, including project objectives and anticipated impact.
- **Introduction to the Organization or Individual applying:** A description of past and present operations, showing ability to carry out the program, including information on all previous grants from the State Department and/or U.S. government agencies as well as experience with and expertise in areas related to those described in the NOFO (Attachment 1).
- **Problem Statement:** Clear, concise and well-supported statement of the problem to be addressed and why the proposed program is needed
- **Program Methods, Design, Activities, and Deliverables:** The “goals” describe what the program is intended to achieve. The “objectives” refer to the intermediate accomplishments on the way to the goals. These should be achievable and measurable. Describe the program activities and how they will help achieve the objectives.
- **Proposed Project Schedule and Timeline:** The proposed timeline for the program activities. Include the dates, times, and locations of planned activities and events.
- **Key Personnel:** Names, titles, roles and experience/qualifications of key personnel involved in the program. What proportion of their time will be used in support of this program?
- **Project Partners:** List the names and type of involvement of key partner organizations and sub-awardees (if applicable).
- **Future Funding or Sustainability** Applicant’s plan for continuing the program beyond the grant period, or the availability of other resources, if applicable.
- **Monitoring & Evaluation Plan:** Proposals must include a draft Monitoring and Evaluation (M&E) Performance Monitoring Plan (PMP). The M&E PMP should show how applicants intend to measure and demonstrate progress towards the project’s objectives and goals. Attachment 1 of this funding opportunity contains a template that may be used to fulfill this requirement.

The key components to the PMP are as follows:

- **Monitoring and Evaluation Narrative:** In narrative form, applicants should describe how they intend to monitor and evaluate the activities of their award. In addition, the applicant should describe any M&E processes, including key personnel, management

structure (where M&E fits into the overall program's staff structure), technology, and as well provide a brief budget narrative explaining any line-item expenditures for M&E listed in the program's budget. If the proposal is from a prior grantee, the proposal discusses how the grantee has adapted, improved or otherwise modified their approach based on learning from previous experience. This narrative is limited to two pages.

- **Theory of Change Diagram:** Applicants are expected to submit either a Theory of Change diagram or an If-Then Statement that illustrates how project activities will lead to intended outcomes. Attachment 1 includes a suggested format for these requirements.
- **Monitoring and Evaluation Datasheet:** The applicant must include their proposed activities and their expected outputs and outcomes as well as the goals and objectives as written in the NOFO. The datasheet's purpose is to explicitly illustrate how a project's activities lead to tangible results (such as increased beneficiary skills, knowledge, or attitudes) that ultimately address a PDS objective. For more information, please see Attachment 1.
- The selected applicant's M&E PMP is subject to review and approval before any award will be issued under this NOFO. The selected applicant will be required to work with Public Diplomacy Section's Monitoring and Evaluation Specialist to ensure the applicant's M&E PMP achieves an expected level of expertise and meets PDS objectives.
- Expenses directly associated with monitoring and evaluation are considered allowable. The suggested template includes a space to list the portion of the total budget amount directly associated with monitoring and evaluation activities.

3. Budget Justification Narrative

- **Detailed Budget** - Applicants must submit a detailed line-item budget. Applicants are encouraged to utilize the template provided with the funding opportunity but are not required to do so (Attachment 2). Line-item expenditures should be listed in the greatest possible detail. The budget must identify the total amount of funding requested, with a breakdown of amounts to be spent in the following budget categories: personnel; fringe benefits; travel; equipment; supplies; consultants/contracts; other direct costs; and indirect costs. See Annex Section I for a description of the types of costs that should be included in each category. Personnel salaries should include the level of effort and the rate of pay, which should cover the percentage of time each staff member will dedicate to grant-based activities. If an organization is charging an indirect cost rate without a NICRA, it must apply it to the modified total budget costs (MTDC), refer to [2CFR§200.1](#). **Budgets shall be submitted in U.S. dollars** and final grant agreements will be conducted in U.S. dollars.
- **Budget Justification Narrative** – Applicants must submit a budget justification narrative to accompany the detailed line-item budget. The purpose of the budget justification

narrative is to supplement the information provided in the detailed budget spreadsheet by justifying how the budget cost elements are necessary to implement project objectives and accomplish the project goals. The budget justification narrative is a tool to help Embassy staff fully understand the budgetary needs of the applicant and is an opportunity to provide descriptive information about the requested costs beyond the constraints of the budget template. Together, the detailed budget spreadsheet, the budget justification narrative, and the SF-424A should provide a complete financial and qualitative description that supports the proposed project plan and should be directly relatable to the specific project components described in the applicant's proposal.

 - The organization demonstrates capacity for successful planning and responsible fiscal management. This includes a financial management system, a bank account, and if applicable, satisfactory audit findings.
 - Applicants who have received grant funds previously have been compliant with applicable rules and regulations, including the Award Provisions and Standard Terms and Conditions.
 - Where partners are described, the applicant details each partner's respective role and provides curriculum vitae (CVs) for persons responsible for the project and financial administration. Proposed personnel, institutional resources, and partners are adequate and appropriate.
- **Project Planning/Ability to Achieve Objectives** – 20 points: The project plan is well developed, with sufficient detail about how activities will be carried out. The proposal specifies target audiences, participant recruitment, and geographic areas of implementation. The proposal outlines clear, achievable objectives. The proposal includes a reasonable implementation timeline. The project scope is appropriate and clearly defined.
 - **Budget** – 10 points: The budget and narrative justification are sufficiently detailed. The budget demonstrates that the organization has devoted time to accurately determine expenses associated with the project instead of providing rough estimates. Costs are reasonable in relation to the proposed activities and anticipated results. The results and proposed outcomes justify the total cost of the project. Budget items are reasonable, allowable, and allocable.
 - **Monitoring and Evaluation** - 10 points: There is a complete and thorough draft submission of a M&E Performance Monitoring Plan (PMP). This will include a list of proposed project activities, corresponding milestone, output, and outcome indicators, a description of data collection methods, and a timeline for collecting such information. The proposal presents a clear theory of change on how the program will address that problem. Use of the suggested template (Attachments 1) will satisfy these requirements. Funded projects will have their plans finalized during the negotiation phase, and monitoring plans may be subject to periodic updates throughout the life of the project.
 - **Sustainability** – 5 points: The project proposal describes clearly the approach that will be used to ensure maximum sustainability or advancement of project goals after the end of project activity.

2. *Indirect Costs*

If two or more applications receive equivalent scores based on the evaluation criteria outlined in this NOFO, preference will be given to the applicant with the lower indirect cost rate, as consistent with Executive Order 14332, Section 4(b)(iii). This preference will only be applied as a tie-breaking mechanism and does not supersede the primary evaluation criteria.

3. Review and Selection Process

- a. Acknowledgement of receipt. Applicants will receive acknowledgment of receipt of their proposal.
- b. Review. All submissions are screened for technical eligibility. **If a submission is missing any required forms/documents listed above in [Section D. Application Contents and Format](#), it will be considered ineligible and will not be reviewed by the grants review committee.** A technical review panel will review eligible proposals based upon the criteria noted in this NOFO.
- c. Follow up notification. Applicants will generally be notified within 120 days after the NOFO deadline regarding the results of the review panel.

2. Risk Review

- i. Under the merit review as required by 2 CFR 200.206, prior to making a Federal Award the Department will review and consider the following risk factors:
 - a. Financial stability
 - b. Management systems and standards
 - c. History of performance
 - d. Audit reports and findings
 - e. Ability to effectively implement project requirements
- ii. High Risk Designation

Awardees that are deemed to be high risk based on the above risk factors will be held to special award conditions. At a minimum, the recipient and/or project designated as High Risk will be required to submit monthly narrative reports and/or quarterly detailed financial reports. Recipients may also be required, upon request of the Grants Officer or Grants Officer Representative, to provide electronic copies of receipts or other supporting documentation (e.g., timesheets, travel documents) for costs incurred. The Grants Officer may withhold 10% of the award amount until final reports have been reviewed and approved by the GO. The recipient may be required to pay all salaries supported by the grant via electronic funds transfer. Other special award conditions may also be included if deemed appropriate by the Grants Officer.

G. AWARD NOTICES

The award or cooperative agreement will be written, signed, awarded, and administered by the Grants Officer. The award agreement is the authorizing document, and it will be provided to the recipient for review and counter-signature. The recipient may only start incurring project expenses beginning on the start date shown on the award document signed by the Grants Officer.

If a proposal is selected for funding, the Department of State has no obligation to provide any additional future funding. Renewal of an award to increase funding or extend the period of performance is at the discretion of the Department of State.

Issuance of this NOFO does not constitute an award commitment on the part of the U.S. government, nor does it commit the U.S. government to pay for costs incurred in the preparation and submission of proposals. Further, the U.S. government reserves the right to reject any or all proposals received.

Payment Method:

Recipients will be required to request payments by completing form SF-270—Request for Advance or Reimbursement and submitting the form to the Grants Officer and Grants Officer Representative.

Recipients may not draw down funds without the affirmative authorization of the Department of State. In addition, recipients must submit, with each SF-270 payment request, a detailed explanation justifying the request.

H. POST-AWARD REQUIREMENTS AND ADMINISTRATION

1. Administrative and National Policy Requirements

Before submitting an application, applicants should review all the terms and conditions and required certifications which will apply to this award, to ensure that they will be able to comply. These include:

In accordance with the Office of Management and Budget's guidance located at 2 CFR part 200, all applicable Federal laws, and relevant Executive guidance, the Department of State will review and consider applications for funding, as applicable to specific programs, pursuant to this notice of funding opportunity in accordance with the following: NOTE:

- [Guidance for Grants and Agreements in Title 2 of the Code of Federal Regulations](#) (2 CFR), as updated in the Federal Register's 89 FR 30046 on April 22, 2024, particularly on:
 - Selecting recipients most likely to be successful in delivering results based on the program objectives through an impartial process of evaluating Federal award applications (2 CFR part 200.205),

- Promoting the freedom of speech and religious liberty in alignment with *Promoting Free Speech and Religious Liberty* (E.O. 13798) and *Improving Free Inquiry, Transparency, and Accountability at Colleges and Universities* (E.O. 13864) (§§ 200.300, 200.303, 200.339, and 200.341),

For the avoidance of doubt, the Department has sole discretion over the determination that an award no longer effectuates program goals or agency priorities, and this provision permits awards to be terminated at the Department's convenience, including when it determines that the award no longer advances the national interest.

2. *Reporting*

Reporting Requirements: Recipients will be required to submit financial reports and program reports. The award document will specify what reports are required and how often these reports must be submitted. *Note:* most recipients will be required to submit quarterly program progress and financial reports throughout the project period. The quarterly progress report should include an up-to-date copy of the PMP datasheet. Progress and financial reports are due 30 days after the reporting period. Final certified programmatic and financial reports are due 120 days after the close of the project period.

All reports are to be submitted electronically.

The Awardee must also provide the Embassy on an annual basis an inventory of all the U.S. government provided equipment using the SF428 form.

Foreign Assistance Data Review: As required by Congress, the Department of State must make progress in its efforts to improve tracking and reporting of foreign assistance data through the Foreign Assistance Data Review (FADR). The FADR requires tracking of foreign assistance activity data from budgeting, planning, and allocation through obligation and disbursement. Successful applicants will be required to report and draw down federal funding based on the appropriate FADR Data Elements, indicated within their award documentation. In cases of more than one FADR Data Element, typically program or sector and/or regions or country, the successful applicant will be required to maintain separate accounting records.

3. Branding and Marking

The Department of State, its programs, and U.S. Government funding and assistance should be easily identifiable to the Department's global audiences.

Recipients of federal assistance awards must follow the branding guidance published at Guidance for Contracts and Grants - U.S. Department of State Brand System. Branding policy exceptions are outlined in the U.S. Department of State Foreign Affairs Manual 10 FAM 416, Policy Exceptions.

I. OTHER INFORMATION

Guidelines for Budget Justification

Personnel and Fringe Benefits: Describe the wages, salaries, and benefits of temporary or permanent staff who will be working directly for the applicant on the program, and the percentage of their time that will be spent on the program.

Travel: Estimate the costs of travel and per diem for this program, for program staff, consultants or speakers, and participants/beneficiaries. If the program involves international travel, include a brief statement of justification for that travel.

Equipment: Describe any machinery, furniture, or other personal property that is required for the program, which has a useful life of more than one year (or a life longer than the duration of the program), and costs at least \$10,000 per unit.

Supplies: List and describe all the items and materials, including any computer devices, that are needed for the program. If an item costs more than \$10,000 per unit, then put it in the budget under Equipment.

Contractual: Describe goods and services that the applicant plans to acquire through a contract with a vendor. Also describe any sub-awards to non-profit partners that will help carry out the program activities.

Other Direct Costs: Describe other costs directly associated with the program, which do not fit in the other categories. For example, shipping costs for materials and equipment or applicable taxes. All “Other” or “Miscellaneous” expenses must be itemized and explained.

Indirect Costs: These are costs that cannot be linked directly to the program activities, such as overhead costs needed to help keep the organization operating. If your organization has a Negotiated Indirect Cost Rate (NICRA) and includes NICRA charges in the budget, attach a copy of your latest NICRA. Organizations that have never had a NICRA may request indirect costs of 15% of Modified Total Direct Costs (MTDC) as defined in [2 CFR 200.1](#).

“Cost Sharing” refers to contributions from the organization or other entities other than the U.S. Embassy. It also includes in-kind contributions such as volunteers’ time and donated venues.

Alcoholic Beverages: Please note that award funds cannot be used for alcoholic beverages and other entertainment related expenses.

STEP Enrollment

U.S. citizens who travel to Nicaragua are encouraged to enroll in the Department of State's Smart Traveler Enrollment Program (STEP) available at: <https://step.state.gov/step/>.
