Total Estimated Number of Annual Responses: 4,258.

Total Estimated Annual Burden Hours: 32,961.

Abstract: The data submitted electronically in the Fiscal Operations Report and Application to Participate through FISAP on the Web is used by the Department of Education to determine the institution's funding need for the award year and monitor program effectiveness and accountability of fund expenditures. The Reallocation form is part of FISAP on the Web. The Higher Education Act of 1965, as amended requires that if an institution anticipates not using all of its allocated funds for the Perkins, Federal Work-Study, and Federal Supplemental Educational Opportunity Grant programs by the end of an award year, it must specify the anticipated remaining unused amount to the Secretary. This data collection is due to expire June 30, 2012. In addition to renewing the expiration date, references to dates and award years dates have been updated on the forms and in the instructions for both documents. Two fields were removed from the FISAP form due to the termination of the Academic Competitiveness Grant and National Science and Mathematics Access to Retain Talent Grant programs. Additional clarifications were made to the FISAP instructions.

Copies of the information collection submission for OMB review may be accessed from the RegInfo.gov Web site at *http://www.reginfo.gov/public/do/PRAMain* or from the Department's Web site at *http://edicsweb.ed.gov,* by selecting the ''Browse Pending Collections'' link and by clicking on link number 04767. Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The purpose of the MEP Consortium Incentive Grants program is to provide incentive grants to State educational agencies (SEAs) that participate in consortia with one or more other SEAs or other appropriate entities to improve the delivery of services to migrant children whose education is interrupted. Through this program, the Department provides financial incentives to SEAs to participate in consortia to improve the intrastate and interstate coordination of migrant education programs by addressing key needs of migratory children who have their education interrupted.

Priorities: These priorities are from the notice of final requirements for this program, published in the **Federal Register** on March 3, 2004 (69 FR 10110), and from the notice of final priority, published in the **Federal Register** on March 12, 2008 (73 FR 13217).

Absolute Priorities: For FY 2012, these priorities are absolute priorities. Under 34 CFR 75.105(c)(3), we consider only applications that meet one or more of these absolute priorities. In order for an SEA to be considered for an incentive grant, an application from a proposed consortium in which the SEA would participate must address one or more of the following absolute priorities:

Priority 1: Services designed to improve the proper and timely identification and recruitment of eligible migratory children whose education is interrupted.

Priority 2: Services designed (based on a review of scientifically based research) to improve the school readiness of preschool-aged migratory children whose education is interrupted.

Priority 3: Services designed (based on a review of scientifically based research) to improve the reading proficiency of migratory children whose education is interrupted.

Priority 4: Services designed (based on a review of scientifically based research) to improve the mathematics proficiency of migratory children whose education is interrupted.

Priority 5: Services designed (based on a review of scientifically based research) to decrease the dropout rate of migratory students whose education is interrupted and improve their high school completion rate.

Priority 6: Services designed (based on a review of scientifically based research) to strengthen the involvement of migratory parents in the education of migratory students whose education is interrupted.

Priority 7: Services designed (based on a review of scientifically based research) to expand access to innovative educational technologies intended to increase the academic achievement of migratory students whose education is interrupted.

Priority 8: Services designed (based on review of scientifically based research) to improve the educational attainment of out-of-school migratory youth whose education is interrupted.

V. Application Review Information

1. *Selection Criteria:* The selection criteria for this program are from 34 CFR 75.210 and are listed in the application package.

2. *Review and Selection Process:* We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant's use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary also requires various assurances including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department of Education (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).
