The completed and signed form must be maintained in the official award file.

Select all criteria that apply (from 505 DM 2):

☐	(1) Unsolicited Proposal: The proposed award is the result of an unsolicited application that represents a unique or innovative idea, method, or approach that is not the subject of a current or planned award, but is found to be advantageous to program objectives.
☐	(2) Continuation: The activity to be funded is necessary for the satisfactory completion of, or is a continuation of, an activity we are funding and holding a competition would have a significant adverse effect on continuing or completing the activity.
☐	(3) Legislative Intent: The language in the applicable authorizing legislation or legislative history clearly indicates the intent of Congress to restrict the award to a particular recipient or purpose.
☒	(4) Unique Qualifications: The applicant is uniquely qualified to perform the activity based on a variety of demonstrable factors such as location; property ownership; voluntary support capacity; cost-sharing ability, if applicable; technical expertise; or other such unique qualifications.
☐	(5) Emergencies: Because of a compelling and unusual urgency, or substantial danger to health or safety, there is not enough time to follow adequate competitive procedures.

Explain below why competition for this award is not practical. As applicable, summarize the program legislative history, unique capabilities of the proposed recipient, and any cost-sharing contribution offered by the proposed recipient. Be brief and specific:

This project is a multi-year intern and work crew provision to assist in Hurricane Harvey recovery efforts. Work Crews and Interns will remove the increased growth of invasive species throughout 6 refuges affected by Hurricane Harvey. Continuity in internships is required, as well as a single-point coordination throughout all refuges. ACE is uniquely qualified to meet these requirements and is capable of providing all required personnel and equipment as necessary in an appropriate timeline within a single contract for the multiple years.

I have determined that this project meets the requirements for a single source award and recommend that it be awarded to the recipient named above.
