ACTION: Amendment to ETA-TEGL-02-22-DWG

SUMMARY: The U.S. Department of Labor announced on July 5, 2022, the availability of up to $140 million for the Quality Jobs, Equity, Strategy, and Training (QUEST) Disaster Recovery National Dislocated Worker Grants (DWGs), with award amounts of up to $15 million. These funds will support employment equity and individual, community, and industry resilience as the nation prioritizes economic and employment recovery from the COVID-19 pandemic. Successful applicants will propose projects that include partnership development, community outreach, business engagement, and comprehensive career and training services, and that also may include disaster relief employment. QUEST DWGs focus on serving individuals whose employment has been negatively impacted by the pandemic, including individuals from historically marginalized and underserved populations who have been disproportionately impacted.
