C. PROGRAM DESCRIPTION

1. Project Background, Goals, and Objectives

PD small grants' projects must clearly advance America First foreign policy principles by demonstrating how the proposed activities make the United States safer, stronger, and more prosperous, while celebrating Freedom250 and American excellence.

Priority will be given to projects that deliver tangible, measurable benefits to U.S. interests; elevate U.S. leadership and credibility; promote reciprocal and mutually beneficial engagement with Burma, and focus on one of the priority areas outlined below.

COMMERCIAL ADVANCEMENT – Projects that advance U.S.–Burma economic ties and U.S. prosperity by strengthening entrepreneurs and businesses that align with U.S. commercial and strategic interests. Proposals should promote robust commercial diplomacy and workforce competitiveness, including through the use of innovation, digital tools, and AI-enabled technologies, and create concrete opportunities for U.S.–linked trade, investment, and integration into U.S.-relevant supply chains.

DIGITAL FREEDOM, ONLINE SAFETY, AND ANTI-SCAM AWARENESS – Projects that strengthen digital literacy and help protect users from online harms that threaten U.S. and Burmese interests. Proposals should focus on exposing and countering fraudulent online schemes and scam centers; building skills to recognize, avoid, and report online fraud, identity theft, and financial scams; and promoting responsible, secure use of digital platforms and tools, including in cross-border and U.S.-linked online activity.

ENGLISH LANGUAGE LEARNING – Programs that advance America First priorities by providing Business English and English for Entrepreneurship essential to U.S.–linked trade, investment, and regional stability. Proposals should build high-level English skills needed to work with American companies, navigate U.S. standards and contracts, participate in regional supply chains, and engage in lawful, rules-based economic activity. Activities may include targeted English training for professionals, entrepreneurs, and future business leaders that uses U.S. materials, terminology, and case studies and clearly supports U.S. economic and strategic interests in the Indo-Pacific.

REGIONAL STABILITY AND AMERICAN EXCELLENCE – Projects that explain and highlight the U.S. role in maintaining a free, open, and secure Indo-Pacific, and that underscore American excellence in security cooperation, governance, innovation, and economic leadership. Proposals should deepen understanding of how U.S. policies, alliances, and economic engagement contribute to regional stability and why this benefits the United States. Activities may include programs that feature U.S. experts or content on Indo-Pacific strategy, maritime and economic security, or resilient supply chains, and that clearly communicate U.S. strengths, values, and strategic objectives to Burma-based audiences.

EDUCATION – Programs that advance America First priorities and American excellence by equipping Burma’s students and young adults with skill-based and vocational training that strengthens U.S.–relevant economic competitiveness. Proposals should promote accurate understanding of U.S. education, institutions, and culture; and build durable linkages with American academic, vocational, and cultural institutions. Activities may include training for students, faculty, or artists that uses U.S. curricula, standards, or expertise and clearly supports U.S. interests, policies, and reputation in Burma, consistent with applicable travel restrictions and visa policies.

Target audiences may vary depending on project design but should clearly identify geographic reach, professional background, and demographic characteristics relevant to project objectives.

Personnel salaries should include the level of effort and the rate of pay, which should cover the percentage of time each staff member will dedicate to grant-based activities. If an organization is charging an indirect cost rate without a NICRA, it must apply it to the modified total budget costs (MTDC), refer to [2CFR§200.1](#). **Budgets shall be submitted in U.S. dollars** and final grant agreements will be conducted in U.S. dollars.

Note: The process of obtaining or renewing a SAM.gov registration may take anywhere from 4-8 weeks. Please begin your registration as early as possible.

- Organizations **based in the United States** or that pay employees within the United States will need an Employer Identification Number (EIN) from the Internal Revenue Service (IRS) and a UEI prior to registering in SAM.gov.

I do not wish to obtain an NCAGE code. I understand that I will need to submit my registration after this incident is resolved in order to have my registration activated.”

Organizations based outside of the United States and that DO NOT plan to do business with the DoD should follow the below instructions:

- Step 1: Proceed to SAM.gov to obtain a UEI and complete the SAM.gov registration process. SAM.gov registration must be renewed annually.

Organizations requesting exemption from UEI or SAM.gov requirements must email the point of contact listed in the NOFO at least two weeks prior to the deadline in the NOFO providing a justification of their request. Approval for a SAM.gov exemption must come from the warranted Grants Officer before the application can be deemed eligible for review.

Please note: Any applicant with an exclusion in the System for Award Management (SAM) is not eligible to apply for an assistance award in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR, 1986 Comp., p. 189) and 12689 (3 CFR, 1989 Comp., p. 235), “Debarment and Suspension.”

I. OTHER INFORMATION

Guidelines for Budget Justification

Personnel and Fringe Benefits: Describe the wages, salaries, and benefits of temporary or permanent staff who will be working directly for the applicant on the program, and the percentage of their time that will be spent on the program.

Travel: Estimate the costs of travel and per diem for this program, for program staff, consultants or speakers, and participants/beneficiaries. If the program involves international travel, include a brief statement of justification for that travel.

Equipment: Describe any machinery, furniture, or other personal property that is required for the program, which has a useful life of more than one year (or a life longer than the duration of the program), and costs at least \$10,000 per unit.

Supplies: List and describe all the items and materials, including any computer devices, that are needed for the program. If an item costs more than \$10,000 per unit, then put it in the budget under Equipment.

Contractual: Describe goods and services that the applicant plans to acquire through a contract with a vendor. Also describe any sub-awards to non-profit partners that will help carry out the program activities.

Other Direct Costs: Describe other costs directly associated with the program, which do not fit in the other categories. For example, shipping costs for materials and equipment or applicable taxes. All “Other” or “Miscellaneous” expenses must be itemized and explained.

Indirect Costs: These are costs that cannot be linked directly to the program activities, such as overhead costs needed to help keep the organization operating. If your organization has a Negotiated Indirect Cost Rate (NICRA) and includes NICRA charges in the budget, attach a copy of your latest NICRA. Organizations that have never had a NICRA may request indirect costs of 15% of Modified Total Direct Costs (MTDC) as defined in [2 CFR 200.1](#). “Cost Sharing” refers to contributions from the organization or other entities other than the U.S. Embassy. It also includes in-kind contributions such as volunteers’ time and donated venues.

Alcoholic Beverages: Please note that award funds cannot be used for alcoholic beverages and other entertainment related expenses.
