AMENDMENT No.: 1

PRE-SOLICITATION: RFA-OAA-17-000007

The purpose of this amendment is to provide prospective applicants with additional guiding steps regarding this pre-solicitation prior to the issuance of an OFFICIAL RFA.

1. The intent of the PRE-SOLICITATION RFA process is to stimulate questions from prospective applicants for the posted PRE-SOLICITATION RFA. Interested applicants should submit their questions to the POCs listed in the RFA NLT February 24, 2017, 12 PM EST.
2. USAID will post questions and responses shortly after the 24th of February alone with the RFA.
3. The RFA number will not change (RFA-OAA-17-000007) and within it will provide the application due date and time. Based on responses provided during the PRE-SOLICITATION RFA period, OAA may or may not provide another period of questions and answers before the RFA application due date.

Thank you for interest in working with USAID.

Sincerely,

Matthew Courtad
Agreement Officer
