

1.2.1. General Education Activity Draft LogFrame

Please fill in your Activity Logframe.				
Level of result	Narrative Summary	Indicators	Data Sources	Assumptions
Activity Goal	Student outcomes in critical thinking and STEM subjects approved (This is the highest-level result to which the Activity should contribute)	TIMMS and PISA results	Government and other public records	
Activity Purpose	Teacher capacity to incorporate critical thinking and applied knowledge in STEM into classroom teaching increased (This is the purpose of the Activity's existence, the key result to be achieved by the Activity)	1-3 indicators to be proposed and developed by the implementer	TBD	If the purpose is achieved, which assumptions must hold true to achieve the Activity Goal? If the Activity team can influence or control an action, it should not be listed as an assumption but rather an input, output, or sub-purpose.
Activity Sub-purpose 1	Increased standards for pre-service teacher training adopted and implemented in select teaching faculties	To be proposed and developed by the implementer	TBD	If this sub-purpose is achieved, which assumptions must hold true to achieve the Activity Purpose? If the Activity team can influence or control an action, it should not be listed as an assumption but rather an input, output, or sub-purpose.
Activity Outcome/ Output 1.1	To be proposed and developed by the implementer	To be proposed and developed by the implementer	TBD.	If this outcome/output is achieved, which assumptions must hold true to achieve the respective sub-purpose? If the Activity team can influence or control an action, it should not be listed as an assumption but rather an input or an output.
Activity Sub-purpose 2	High quality in-service teacher training program integrated into the education systems in select cantons and locales	To be proposed and developed by the implementer	TBD.	
Activity Outcome/ Output 2.1	To be proposed and developed by the implementer	To be proposed and developed by the implementer	TBD.	
Activity Sub-purpose 3	Improved learning environments that allow for applied learning in STEM	To be proposed and developed by the implementer	TBD	
Activity Outcome/ Output 3.1	To be proposed and developed by the implementer	To be proposed and developed by the implementer	TBD	

Activity Sub-purpose 4

***Education reform dialogue in response to PISA
2018 results increased***

*To be proposed and developed by the
implementer*

TBD

Activity Outcome/
Output 4.1

To be proposed and developed by the implementer

*To be proposed and developed by the
