

Date Issued: October 1, 2019

**Subject: Amendment Number 1 to Annual Program Statement (APS) No: 7200AA18AAPS00002, Addendum: Socio-economic Integration of Venezuelan Migrants and Refugees in Peru and Ecuador**

Dear Prospective Applicant:

The purpose of this Amendment is to answer several questions that have been submitted in relation to this Addendum and make one relevant change to the Addendum. We remind you that the closing date for Round 1 is October 18, 2019 and the closing date for the Addendum is February 3, 2020.

1. On page 3, remove the sentence “Applicants must propose a minimum of 10% cost share in their concepts.”

Replace this with “Applicants must propose a minimum of 10% of cost share and/or leverage in their concepts.”

2. Include the following questions and answers at the end of the addendum.

Questions and Answers

Q1: Will USAID consider using leverage in lieu of cost share, or at least consider reducing the requirement to 5%?

A1: We have modified the requirement. Please see item No. 1 above.

Q2: Will USAID allow applicants to use different fonts for text boxes and tables?

A2: USAID will permit font no smaller than 8 point font to be used for text boxes and tables.

Q3: If USAID will fund more than one concept, do all of the funded concepts need to work in both Peru and Ecuador? Or is it possible that USAID would fund one or more concepts working only in Peru, and then one or more concepts working only in Ecuador?

A3: As stated in the Addendum, “USAID reserves the right to fund one, none, or more than one concept. Award(s) are anticipated to fall into the \$4 million to \$14 million range depending on availability of funding. USAID has a preference for the activity to be implemented in both Peru and Ecuador, with approximately sixty percent of funds invested in Peru and forty percent in Ecuador.”

Sincerely,

Andrea Capellán  
Regional Agreement Officer  
USAID/Peru
