2. Executive Summary

The U.S. Department of State’s Consulate General Toronto announces an open competition to implement a program to provide Canadian university students with a short-term study tour in the United States that provides a deeper understanding of America’s founding history and values. The program will include visits to locations of historical significance associated with the American Revolution, creation of the U.S. Constitution, and establishment of an independent

United States, as well as to cultural and educational institutions that highlight American excellence. These visits will be paired with lectures and discussions by U.S. experts on American history, federalism, and the U.S. Constitution, and how this history informs American values and policy today. Participants will develop a project after completing the study tour that amplifies their learning and experience and shares the information from their program with a broader Canadian audience. The target audience is Canadian citizens studying American Studies, history, political science or other relevant fields at the undergraduate or graduate level at Canadian universities. The program advances the goal of communicating America's story of excellence and leadership, cultivating a cohort of future Canadian leaders in education, government, and international relations with a positive view of the United States who view the United States as a trusted partner.

C. PROGRAM DESCRIPTION

1. Project Background, Goals, and Objectives

Canadian public opinion about the United States is at an unprecedented low, according to recent polling. Pew reported that only about 35% of Canadians had a favorable view of the United States as of spring 2025. At the same time, there remains broad belief in the value of cooperation. About two-thirds of Canadians polled by Pew say it's important to have close economic ties with the U.S. Polling also shows that young people have the most positive views of the United States. Through education and first-hand experience in the United States, this program aims to foster deeper knowledge of the United States among future leaders and build their relationships with U.S. experts to ensure a stronger bilateral relationship with our largest trade partner and critical security partner.

This program seeks to expand on the success of existing U.S. Mission to Canada exchanges, informing a broader cohort of young people who are likely to advance to careers in education, policy or international relations on America's founding history and the implications of this history on American society and policy today.

An implementing partner will design and carry out a comprehensive study program for Canadian university students with content covering the following:

- America's founding principles
- The historical events, key figures, and founding documents of the United States, emphasizing both triumphs and lessons learned
- How America's early history shapes its current government and policy
- The evolution of U.S. foreign policy, key diplomatic achievements, and historic partnerships

The cornerstone of the program will be a study tour to key sites in the United States related to these historical milestones, which will include site visits, group discussions, lectures by American experts, or other learning methods. The proposal should also include pre-departure learning such as through online lectures or discussions, readings, or other preparations. The proposal should outline how students will solidify and amplify their learnings through a follow-on project upon completion of the study tour.

Project Audience(s): The program audience will be a minimum of 12 students and at least one Canadian professor/mentor who will travel together to the United States. Student participants must be selected by competitive, merit-based application, based on the following criteria:

- Enrolled in a Canadian university in a relevant degree program (American Studies, history, political science, international relations or similar)
- Canadian citizens (participants may not be U.S. citizens or dual U.S.-Canadian citizens) at least 18 years of age
- Demonstrated interest in American studies
- Demonstrated leadership skills and strong academic performance
- Future career plans relevant to using the program learnings (e.g. careers in education, public policy or government, or international relations)
- All candidates must have sufficient English proficiency (3/3) to engage in substantive subject matter discussions

Project Goal: To develop a cohort of future Canadian leaders in government and international relations with a deeper understanding of America’s founding values, stronger relationships with academic networks and subject-matter experts in the United States, and who view the U.S. a trusted partner.

Program Objectives:

- Knowledge Acquisition: Improve participants’ understanding of American history and leadership, and how they shape current American policy and society.
- Network Development: Increase participants’ meaningful interactions with U.S. interlocutors to deepen ties between the two countries and reinforce that the U.S. remains a trusted, dynamic partner ready to lead in the next 250 years.
- Policy Impact: Deepen U.S. Mission to Canada relationships with emerging Canadian leaders who will be in a position in the future to influence Canadian government policy, foreign policy, and education.

2. Substantial Involvement

It is expected that this award will be a cooperative agreement. We anticipate that the U.S. Mission in Canada will have the following substantial involvement:

- U.S. Mission Roles and Responsibilities
 - Approve the general lesson plan for the study tour and pre- and post-tour activities.

 - Assist the implementing partner as needed with outreach to potential participants through local university contacts and through embassy and consulate social media.
 - Approve the application materials for participants.

Proposals should address how the award recipient would address the following:

- Recipient Roles and Responsibilities
 - Design and implement a plan to identify, recruit, and select participants, including creation of application materials and recruitment materials for students and an escort/mentor. The proposal must include a minimum of 12 participants, but proposals should include scalable budget options to increase or decrease the number of participants depending on availability of funds.
 - Develop program lesson plans for before, during, and after the study tour. This should include a description of any programming in addition to the tour, such as additional site visits, volunteer experiences, or U.S. cultural experiences planned during the program. Such programming may be in person in the United States or Canada, or virtual, or a combination of both.
 - Develop an overall project timeline, including dates for program planning and recruitment and dates and duration of the proposed tour to ensure university students may participate (such as during school breaks) and that proposed sites are accessible.
 -
 - Manage all logistical plans for the study tour including transportation plans, a proposed itinerary, selection of U.S. partners or experts to be involved, coordination with sites to be visited, lodging plans, meal plans, and any other necessities related to travel, such as insurance, visas or other.
 - Create a proposal for follow-on projects for student participants and virtual capstone presentations.
 - Develop a plan for ongoing engagement with participants upon completion of the program.
 - Develop a plan for publicizing the opportunity as well as for developing any social media or publicity content during the program.

2. Department of State Contacts

If you have any questions about the grant application process, please contact: TorontoPA@state.gov.

3. Unique entity identifier and System for Award Management (SAM.gov)

Required Registration: All organizations, whether based in the United States or in another country, must have a Unique Entity Identifier (UEI) and an active registration in SAM.gov. A UEI is one of the data elements mandated by Public Law 109-282, the Federal Funding Accountability and Transparency Act (FFATA), for all Federal awards.

An applicant must maintain an active registration while it has a proposal under review by the Department and must continue to keep the registration active for the entire duration of the period of performance of any Federal award that results from this NOFO.

The 2 CFR 200 also requires subrecipients to obtain a UEI. Please note the UEI for subrecipients is not required at the time of application but will be required before an award is processed and/or directed to a subrecipient.

Note: The process of obtaining or renewing a SAM.gov registration may take anywhere from 4-8 weeks. Please begin your registration as early as possible.

- Organizations **based in the United States** or that pay employees within the United States will need an Employer Identification Number (EIN) from the Internal Revenue Service (IRS) and a UEI prior to registering in SAM.gov.
- Organizations **based outside of the United States** and that do not pay employees within the United States do not need an EIN from the IRS but do need a UEI prior to registering in SAM.gov.
- **Organizations based outside of the United States that do not intend to apply for U.S. Department of Defense (DoD) awards are no longer required to have a NATO Commercial and Government Entity (NCAGE) code to apply for non-DoD foreign assistance funding opportunities.** If an applicant organization is mid-registration and wishes to remove an NCAGE code from their SAM.gov registration, the applicant should [submit a help desk ticket \(“incident”\)](#) with the Federal Service Desk (FSD) online at www.fsd.gov using the following language: “I do not intend to seek financial assistance from the Department of Defense. I do not wish to obtain an NCAGE code. I understand that I will need to submit my registration after this incident is resolved in order to have my registration activated.”

Organizations based outside of the United States and that DO NOT plan to do business with the DoD should follow the below instructions:

- Step 1: Proceed to SAM.gov to obtain a UEI and complete the SAM.gov registration process. SAM.gov registration must be renewed annually.

Exemptions

An exemption from the UEI and sam.gov registration requirements may be permitted on a case-by-case basis. See [2 CFR 25.110](#) for a full list of exemptions.

Organizations requesting exemption from UEI or SAM.gov requirements must email the point of contact listed in the NOFO at least two weeks prior to the deadline in the NOFO providing a justification of their request. Approval for a SAM.gov exemption must come from the warranted Grants Officer before the application can be deemed eligible for review.

Please note: Any applicant with an exclusion in the System for Award Management (SAM) is not eligible to apply for an assistance award in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR, 1986 Comp., p. 189) and 12689 (3 CFR, 1989 Comp., p. 235), “Debarment and Suspension.”

4. Submission Dates and Times

I. OTHER INFORMATION

Guidelines for Budget Justification

Personnel and Fringe Benefits: Describe the wages, salaries, and benefits of temporary or permanent staff who will be working directly for the applicant on the program, and the percentage of their time that will be spent on the program.

Travel: Estimate the costs of travel and per diem for this program, for program staff, consultants or speakers, and participants/beneficiaries. If the program involves international travel, include a brief statement of justification for that travel.

Equipment: Describe any machinery, furniture, or other personal property that is required for the program, which has a useful life of more than one year (or a life longer than the duration of the program), and costs at least \$10,000 per unit.

Supplies: List and describe all the items and materials, including any computer devices, that are needed for the program. If an item costs more than \$10,000 per unit, then put it in the budget under Equipment.

Contractual: Describe goods and services that the applicant plans to acquire through a contract with a vendor. Also describe any sub-awards to non-profit partners that will help carry out the program activities.

Other Direct Costs: Describe other costs directly associated with the program, which do not fit in the other categories. For example, shipping costs for materials and equipment or applicable taxes. All “Other” or “Miscellaneous” expenses must be itemized and explained.

Indirect Costs: These are costs that cannot be linked directly to the program activities, such as overhead costs needed to help keep the organization operating. If your organization has a Negotiated Indirect Cost Rate (NICRA) and includes NICRA charges in the budget, attach a copy of your latest NICRA. Organizations that have never had a NICRA may request indirect costs of 15% of Modified Total Direct Costs (MTDC) as defined in [2 CFR 200.1](#).

“Cost Sharing” refers to contributions from the organization or other entities other than the U.S. Embassy. It also includes in-kind contributions such as volunteers’ time and donated venues.

Alcoholic Beverages: Please note that award funds cannot be used for alcoholic beverages and other entertainment related expenses.
