EXECUTIVE SUMMARY

The mission of the State Department's Bureau of International Narcotics and Law Enforcement Affairs (INL) is to minimize the impact of international crime and illegal drugs on the United States, its citizens, and partner nations by providing effective foreign assistance and fostering global cooperation. This mission, which centers on helping our partner nations establish a capable and accountable criminal justice sector, was expanded during the past decade to include stabilizing post-conflict societies through criminal justice sector development and reform. This mission supports peace and security by stabilizing and strengthening security institutions and by combating narco-trafficking and other transnational crimes such as money laundering and criminal gangs. It promotes just and democratic governments by strengthening justice sector institutions, good governance and respect for human rights.

INL combines forces with other USG and international agencies and takes a regional approach to widespread problems. INL also encourages more developed governments to take responsibility as equal partners in global efforts to combat transnational crime, include drug trafficking. The Bureau's priority programs support three inter-related objectives:

- **BUILDING CRIMINAL JUSTICE SYSTEMS:** Institutionalize rule of law by developing and expanding criminal justice systems to strengthen partner country law enforcement and judicial effectiveness, foster cooperation in legal affairs, and advance respect for human rights;
- **COUNTER-NARCOTICS:** Disrupt the overseas production and trafficking of illicit drugs through targeted counter-narcotics and institution-building assistance and coordination with foreign nations and international organizations, and;
- **TRANSNATIONAL CRIME:** Minimize the impact of transnational crime and criminal networks on the U.S. and its allies through enhanced international cooperation and foreign assistance.

NOTICE OF FUNDING OPPORTUNITY

The United States Department of State, Bureau of International Narcotics and Law Enforcement Affairs, is seeking applications from qualified Non-Governmental Organizations (NGOs), Educational Institutions, and other qualified organizations for a Grant to implement a program entitled "Professional Development for Young Legal Practitioners in East Asia and the Pacific." The authority for this Notice of Funding Opportunity (NOFO) is found in the Foreign Assistance Act of 1961, as amended.

Pursuant to 2 CFR 200.400g, it is U.S. Department of State policy not to award profit under assistance instruments. All reasonable, allocable, and allowable expenses, however, both direct and indirect, which are related to the agreement program and are in accordance with applicable cost standards (2 CFR 200 for US and overseas-based non-profit organizations, and education institutions) may be paid under the grant. NOTE: overseas-based nonprofit organizations are legally required to comply with the 2 CFR 200.

Subject to the availability of funds and pending Department of State management approvals, INL intends to issue an award in an amount not to exceed \$500,000 in total funding. The U.S. Dollar amount will be funded from INL allocated funds, for an initial project period of two (2) years. INL may award up to three (3) additional years contingent on INL priorities, good performance of the

recipient, Department of State management approvals, and funding availability. ***INL reserves the right to fund any number of applications or none of the applications submitted and will determine the resulting level of funding for each award(s).***

Eligible organizations interested in submitting an application are encouraged to read this NOFO thoroughly to understand the type of project sought and the application submission requirements and evaluation process.

To be eligible for an award, the applicant must submit all required information and documents in its application through www.grants.gov including the requirements found in any attachments to this funding opportunity. This NOFO consists of the following Sections:

Any questions concerning this NOFO should be submitted in writing to Lucy Gillers via email at gillerslj@state.gov. The deadline for submission of questions for this NOFO is May 25, 2018, 5:00 PM EST. Responses to questions will be made available to all potential applicants as an attachment to this NOFO and posted on www.grants.gov.

Issuance of this NOFO does not constitute an award commitment on the part of the U.S. government,

nor does it commit the U.S. government to pay for costs incurred in the preparation and submission of an application. In addition, final award of any resultant grant agreement cannot be made until funds have been fully appropriated, allocated, and committed through internal INL procedures. While it is anticipated that these procedures will be successfully completed, potential applicants are hereby notified of these requirements and conditions for award. Applications are submitted at the risk of the applicant. All preparation and submission costs are at the applicant's expense.

SECTION I – PROGRAM DESCRIPTION

BACKGROUND

Countries in the East Asia and Pacific region (EAP) are increasingly focused on enhancing regional security. Transnational criminal organizations take advantage of porous borders and fragile rule of law to illegally traffic drugs, arms, people, and wildlife. While countries in EAP face a range of challenges in developing robust rule of law, commonalities provide the context for INL's regional rule of law programming. Interagency and international cooperation on cases remains limited. Corruption is pervasive in many countries in the region. Legal systems are overburdened, and professionals may not have the resources to address their caseloads fully.

INL's programs work to address these challenges and strengthen rule of law across the region. Work with partner nations is designed to help reduce crime, promote public safety, and ensure that citizens of those countries have access to a functioning and fair criminal justice system. This requires engaging across the entire spectrum of the criminal justice system, including with law enforcement, judges, prosecutors, defense attorneys, and correctional institutions, to build a fair, transparent, and accountable justice sector. A public that has confidence in law enforcement, its prisons, and courts strengthens the stability and resiliency of that country, which promotes and benefits the security of American citizens. Working with other U.S. government agencies, international organizations, civil society, and state and local partners, INL assists countries around the world as they seek to develop and improve their capacity to tackle corruption, fight crime, and administer justice.

A well-functioning justice sector is composed of many elements, including: the courts and their administration, judges, prosecutors, defense attorneys, a sound legal framework, training institutes, and even alternative courts for specific types of offenses, such as drug courts. INL supports justice sector capacity building and institutional development by providing training, mentoring, and advice, as well as equipment and infrastructure where necessary and appropriate. INL also seeks out opportunities to bring together different actors in the criminal justice system for joint training and/or discussions because their collaboration and effective communication is crucial to developing and maintaining a fair, effective, transparent, and accountable justice system.

To support continued capacity development in the justice sector in EAP, INL has allocated \$500,000 in FY 2017 funds for a two-year, pilot project on capacity development for young legal professionals.

PROJECT PURPOSE/DESCRIPTION

This project will pilot professional development opportunities for legal professionals in the first five years of their career. The project will focus on sustainable legal professional development for prosecutors, judges, and public defense attorneys involved in criminal cases in the proposed pilot country. In the second year of the project, the implementer will conduct an assessment of a proposed second country for expansion.

The project is comprised of the following objectives and corresponding activities:

PROJECT GOALS

The project goal is to strengthen the capacity of young legal professionals in the criminal justice sector and develop a sustainable model for continued professional development. Target countries

may include Burma, China, Cambodia, Fiji, Indonesia, Kiribati, Laos, Malaysia, Marshall Islands, Micronesia, Mongolia, Papua New Guinea, Philippines, Samoa, Solomon Islands, Thailand, Timor-Leste, Tonga, Tuvalu, Vanuatu, and Vietnam.

PROJECT OBJECTIVES

Proposals should address all three of the below objectives. Activities listed below are examples, and proposals should revise the suggested activities as appropriate to achieve the desired objectives.

Objective 1: Establish or strengthen training programs for entry-level judges, prosecutors, and defense attorneys.

Post-graduate training programs for legal professionals vary widely in their quality and relevance to the participants' practice. Depending on the country context for the selected program, activities under this objective should strengthen initial training programs or early-career continuing legal education. Activities under this objective should take into account existing caseloads for legal professionals, which may not allow for participation in formal classes, and recommend ways to achieve the objective without requiring beneficiaries to further delay cases. Activities should be implemented in conjunction with the relevant training institutions and/or organizations, where applicable.

Activity 1: Review existing training and recommend ways to strengthen them. Attention should focus on how topics are selected, how courses and curriculum are developed, teaching methodologies used, capabilities of trainers, and evaluation and improvement of courses. This review should culminate in a report delivered to INL and any relevant host-country institution(s) and inform the work in subsequent activities.

Activity 2: Based on findings from the first activity, work with relevant professional associations and/or training institutions to develop curriculum. Curriculum should focus on relevant substantive legal topics, including revisions to existing laws, and courses on specialized legal topics should also be developed. Curriculum as it relates to the investigation, prosecution, and adjudication of transnational crimes, such as trafficking and money laundering, should be prioritized. In addition, professional development and leadership courses may also be developed. Examples include courtroom management, trial advocacy, and case management. All courses and curriculum should be developed in conjunction with relevant professional association and/or training institution and must be based primarily on local substantive and procedural law. International and American best practices may be incorporated as illustrative examples. Materials should be developed in the appropriate working language(s).

Activity 3: Work with existing curriculum developers to draft and produce course materials. If none currently exist, work with professional staff of professional associations and/or training institutions to develop skills necessary to design and develop training curriculum. All developed materials must include evaluation materials to measure the quality and impact of the continuing legal education courses. This can include items such as pre- and post-tests and/or surveys for participants.

Activity 4: Develop materials for trainers, such as facilitator guides, and train existing training staff on new curriculum.

Activity 5: To improve sustainability, secure agreements with the relevant professional association

and/or training institution to incorporate newly develop curriculum into its regularly offered training schedules. Turn over all develop curriculum to the relevant professional association and/or training institution in both electronic and paper form.

Objective 2: Establish mentorships for young legal professionals.

Formal training is just one aspect of continuing professional growth. Young professionals can also receive valuable development insights from those who are more advanced in their fields.

Activity 1: Establish a mentorship program between entry-level and experienced legal professionals. This could also expand to law schools to pair pre-professional students with those in their field. The mentorship program should be structured in order to provide opportunities for mentors and mentees to see the benefit. Mentor relationships should be facilitated through meetings, events, and other activities. Selection of mentors and mentees should be formalized, and requirements for the mentorship should be established. A work component, such as shadowing opportunities, should be encouraged.

Activity 2: To encourage sustainability, the mentorship program should be developed in conjunction with a relevant and respected legal, professional association such as a national bar association or judges' association, training institutions providing initial legal training, and/or universities with law faculties. It is preferable that the mentorship program covers several different legal professions, within reason.

Activity 3: Support professional networking opportunities for young legal professionals, including, but not limited to, participation in international, regional, and national conferences.

Objective 3: Determine the feasibility of expansion to a second country.

Lack of continuing education opportunities is a problem for many countries within the region. The experience of implementing the pilot project should form the basis for analysis of expansion to a second country at the end of the project period.

Activity 1: Review lessons learned from the pilot project. A formal assessment should be conducted to determine best practices, lessons learned, and recommendations for the implementation of a similar program in an EAP country. The full report will be shared with INL.

Activity 2: Conduct an assessment of a second target country to determine feasibility of implementing a similar program and possible adjustments needed based on that country's legal context, capacity, and education environment. The assessment should be limited to achieving Objectives 1 and 2 in a new country context.

CROSS-CUTTING AND ADDITIONAL ACTIVITIES

1. Coordination and De-conflicting of Projects (if current projects exist in-country)

Proposals should demonstrate an awareness of other organizations implementing similar projects in country and address how their proposal would complement and coordinate with any such activities.

2. Buy-in and Local Ownership

Partnerships with local organizations, including government agencies, are crucial. Proposals should, when possible, include letters of support from local organizations and host country governments.

3. Utilize Local Resources and Expertise

Proposals should demonstrate a strong knowledge of local conditions in the areas where project activities are proposed. Organizations that have established offices and relationships in the country are preferred. Host country national key staff members and/or a demonstrated commitment to local staff development are preferred

4. Program Expansion

In the event of a successful project and taking into consideration the results of the feasibility assessment conducted under objective 3, INL will consider the option of expanding the project to other countries in the region, subject to availability of future funding. Applicants may include in their proposal a brief section outlining how additional funds could potentially be used to expand work into additional countries in future years. Applicants are strongly encouraged to demonstrate how their project might leverage funding through other organizations.

TARGET POPULATION

Applicants should identify target audiences, specific demographics, and the region(s) in which the project will be implemented. It is particularly important to specify the approximate number of beneficiaries to be directly and indirectly impacted by project activities.

DESIRED RESULTS AND ILLUSTRATIVE INDICATORS

By the end of the two (2) years of the project, the selected applicant is expected to strengthen the capacity of young legal professionals in the criminal justice sector and develop a sustainable model for continued professional development

The recipient will develop a project-level Performance Monitoring plan (PMP) with annual and end-of- project targets and results anticipated for key performance indicators. The following table shows indicators that will be measured, as well as illustrative targets, upon which the recipient will be responsible for monitoring and reporting during and after the project. In addition, INL/EA will regularly monitor the project's performance to assess whether project activities are on track and targets are being achieved.

Sample outcome indicators for the project are provided below. The recipient is expected to refine or propose alternate indicators and identify targets based on what it can reasonably achieve within the performance period of the project, and based on the expected overall project results described above.

<i>Sample Outcome Indicators</i>	<i>Illustrative targets:</i>
Percentage of entry-level professionals participating regularly in career development activities.	TBD
Percentage increase experienced professionals who have engaged with entry-level professionals for mentoring or networking during the previous year.	TBD

Number of formal continuing legal education programs adopted by local institutions.	TBD
---	-----

Output indicators and illustrative targets for the project are provided below. The recipient should review these and either confirm the illustrative targets or propose alternative targets, as appropriate.

<i>Sample Output Indicators</i>	<i>Illustrative targets:</i>
Number of entry-level professionals that received continuing legal education.	TBD
Number of formal mentoring relationships established.	TBD

The recipient may propose additional outputs, indicators, and/or targets as appropriate. The recipient will be required to collect baseline data for all the PMP indicators during the first year of the project. In addition, certain terms included in the outcomes and indicators will need to be defined at the very beginning of the project so that it is possible to measure the change during and at the end of the project. Examples of such are “capacity”, “spread effect”, etc. Baseline information will be critical for both monitoring and evaluation of project progress and results.

[END OF SECTION I]

SECTION II – FEDERAL AWARD INFORMATION

INL expects to award one grant agreement based on this NOFO, in an amount not to exceed the total ceiling amount noted on page one. The anticipated total federal funding amount is not to exceed \$500,000. The period of performance is two (2) years with an anticipated start date of September 2018. INL may extend the award up to three (3) additional years contingent on INL priorities, good performance of the recipient, Department of State management approval, and funding availability.

The U.S. government will issue awards to the responsible applicant(s) whose application(s), conforms to this NOFO, and are the most responsive to the objectives and criteria set forth in this NOFO. The U.S. government may (a) reject any or all applications, (b) accept other than the lowest cost application, (c) accept more than one application, (d) accept alternate applications, and (e) waive informalities and minor irregularities in applications received.

The U.S. government may make award on the basis of initial applications received, without discussions or negotiations. Therefore, each initial application should contain the applicant's best terms from a cost and technical standpoint. The U.S. government reserves the right (but is not under obligation to do so), to enter into discussions with one or more applicant(s) in order to obtain clarifications, additional detail, or to suggest refinements in the program description, budget, or other aspects of an application.

[END OF SECTION II]

SECTION III – ELIGIBILITY INFORMATION

(1) Eligibility for this NOFO is limited to:

- Applicants that qualify to receive U.S. grants (such as **U.S. not-for-profit/non-governmental organizations (NGOs) or U.S. based educational institutions subject to section 501(c)(3) of the U.S. tax code; foreign not-for-profits/non-governmental organizations (NGOs) or foreign based educational institutions**, with the ability to develop and successfully implement a project in the proposed target countries and meet INL's reporting requirements. Organizations must also be able to demonstrate any current (or pending) required country registration.

AND

- Applicants must have demonstrated experience implementing similar programs, preferably in the East Asia and Pacific region. INL reserves the right to request additional background information on organizations that do not have previous experience administering similar programs and/or federal grant awards.

- Applicants must have the ability to produce course materials, deliver training, and conduct evaluations in the local language of instruction and English. The applicant's staff should be proficient in English in order to fulfill reporting requirements.
- Applicants must have existing, or the capacity to develop, active partnerships with stakeholders in order to successfully carry out the proposed program.
- Organizations may form a consortium and submit a combined proposal. However, one organization should be designated as the lead applicant.
- Applicants must be able to respond to the NOFO and be able to mobilize in a short period of time.

PLEASE NOTE: Public International Organizations (PIOs) and For-Profit Organizations are excluded from applying to this grant announcement.

To be eligible for a grant award, in addition to other conditions of this NOFO, organizations must have a commitment to non-discrimination with respect to beneficiaries and adherence to equal opportunity employment practices. Non-discrimination includes equal treatment without regard to race, religion, ethnicity, gender, and political affiliation.

Applicants are reminded that U.S. Executive Orders and U.S. law prohibits transactions with, and the provision of resources and support to, individuals and organizations associated with terrorism. It is the legal responsibility of the Recipient to ensure compliance with these Executive Orders and laws. This provision must be included in any sub-awards issued under this grant award.

(2) INL encourages applications from potential new partners.

[END OF SECTION III]

SECTION IV – APPLICATION AND SUBMISSION INSTRUCTIONS

INL urges prospective applicants to immediately confirm their organization has a current Unique Entity Identifier (Dun and Bradstreet (DUNS) number) as well as a current Central Contractor Registration via www.sam.gov. Additionally, please ensure that registration in the following systems is in a current/active status prior to your organization's application submission.

Important Note:

Organizations physically located OUTSIDE of the U.S. and territories and wishing to conduct business (contracts/grants) with the U.S. Government, must FIRST request a NCAGE Code, followed by a DUNS Number and then complete registration process in SAM.gov.

U.S. based Organizations, wishing to conduct business (contracts/grants) with the U.S. Government to include Foreign Government, please proceed directly to SAM.gov. A U.S. CAGE Code will be assigned at the end of the SAM.gov Registration process.

CAGE/NCAGE Registration

For US-based organizations, a CAGE code will automatically be assigned to your entity once you submit your entity's registration in SAM.gov and the TIN validation has been returned.

NCAGE Codes are required for all foreign entities prior to starting a SAM registration. **PLEASE NOTE: The organization's name, address, and email information must match what you used to request your Unique Entity Identifier (DUNS Number) Please ensure that alphabets, numerical characters, symbols, etc. and spacing is the same in both systems during the registration process.** Otherwise, you will receive error messages when applying for the NCAGE code. Organizations can submit a request for an NCAGE Code using the NCAGE Request Tool at <https://eportal.nspa.nato.int/AC135Public/Docs/US%20Instructions%20for%20NSPA%20NCAGE.pdf>. Detailed instructions are posted at that site. For additional information, please call 1-269-961-4623 or send an email message to NCAGE@dlis.dla.mil.

NCAGE registrations for overseas organizations can take up to 10 days (or more) to finalize once a request has been received. Please plan accordingly.

Unique Entity Identifier (DUNS Number)

All applicant organizations (foreign and domestic) must obtain a DUNS number. **US-based organizations** may request a DUNS number by calling 1-866-705-5711 or email: SAMHelp@dnb.com; the DUNS number is usually provided immediately.

Foreign organizations that do not have a Unique Entity Identifier (DUNS number) will need to go to the Dun & Bradstreet website at <http://fedgov.dnb.com/webform/CCRSearch.do?val=1> to start the process for obtaining a DUNS number. *If further assistance is required, please email: SAMHelp@dnb.com.* **NOTE: The organization's name, address, and email information used to request the NCAGE Code must match what is used to request your Unique Entity Identifier (DUNS Number). Please ensure that alphabets, numerical characters, symbols, etc. and spacing is the same in both systems during the registration process.**

SAM.gov Registration

SAM.gov registration is required of all INL applicants prior to registering with www.grants.gov. If your organization was previously registered in the Central Contractor Registry (CCR), you must still create a new Individual User Account in SAM.gov prior to receiving a future federal grant. Applicant organizations can obtain assistance for SAM.gov registration by using the following link: <https://www.fsd.gov> or by calling 1-866-606-8220 (U.S. calls)/or 1-324-206-7828 (international calls). **PLEASE NOTE: The organization's name, address, and email information used to request your organization's Unique Entity Identifier (DUNS number) and the NCAGE Code must match what is used to request the SAM.gov validation Please ensure that alphabets, numerical characters, symbols, and spacing is the same in both systems during the registration process.** Otherwise, you will receive error messages when registering in SAM.gov.

US-based organizations that already have a TIN (taxpayer identification number), your SAM registration will take 3-5 business days to process. US-based organizations applying for an EIN (employer identification number), please allow up to 2 weeks.

Foreign organizations ***must*** have a DUNS number and an NCAGE code prior to completing the SAM.gov registration process. Please follow the above listed instructions to obtain each.

Please note: If your organization is registered with SAM.gov and your status is NOT listed as ACTIVE, you will need to update your registration prior to submitting an application through www.grants.gov. SAM.gov requires ALL organizations (foreign and domestic) to register on an ANNUAL basis.

Grants.gov Registration

In order to apply for a grant, your organization must complete the Grants.gov registration process. Registration can take between three-five business days or as long as two weeks if all steps are not completed in a timely manner. Please log into <http://www.grants.gov/web/grants/applicants/organization-registration.html> to obtain complete instructions on the registration process.

Foreign Registrants: Anyone residing and doing business outside of the United States is still required to complete the five steps of the Grants.gov registration process, in addition to fulfilling supplementary requirements for doing business with the United States government. Please ensure that you have obtained an NCAGE code, a DUNS number, and an “ACTIVE” status in SAM.gov prior to registering in Grants.gov.

SAMS Domestic Registration

Users who had a GrantSolutions account and were assigned to an award in GrantSolutions will already have an account set up for them in SAMS Domestic and will need to unlock their account. All other applicants will need to create an account for the first time. Applicants using the SAMS Domestic Portal for the first time should complete their user registration as soon as possible. This process must be completed before an application can be submitted through SAMS Domestic.

For GrantSolutions users who had an account transferred to SAMS Domestic: Users who already have a SAMS Domestic account and need to activate their accounts must log in directly to SAMS Domestic <https://mygrants.service-now.com> and click on the “Forgot Password?” link. The username and email address will be the same as in GrantSolutions. A confirmation email will be sent once the account has been created. If users are experiencing difficulties with the registration process, please contact ILMS Support at 1-888-313-4567 or log a ticket via the ILMS Self Service Portal at: <https://afsitsm.service-now.com/ilms/home>.

To register for the first time, log in directly to SAMS Domestic <https://mygrants.service-now.com> and click on the link “Create an Account” on the homepage. Users will then complete the form with the requested information and click “submit.” A confirmation email will be sent once the account has been created. If users are experiencing difficulties obtaining a user login and completing the registration process, please contact ILMS Support at 1-888-313-4567 or log a ticket via the ILMS Self Service Portal at: <https://afsitsm.service-now.com/ilms/home>.

TECHNICAL FORMAT REQUIREMENTS

For all application documents, please ensure:

- A. All pages are numbered, including budgets and attachments,
- B. All documents are formatted to 8 ½ x 11 paper, and
- C. All Microsoft Word documents are single-spaced, 12 point Times New Roman font, with a minimum of 1-inch margins.
- D. All documents must be submitted in English. ***(Please note: Per Department policy, English is the official and controlling language for all submitted application/award documents.)***

Complete applications must include the following for proposal submissions:

- 1. Completed and signed SF-424, SF-424A, and SF424B, submitted via www.grants.gov, as well as, if applicable *(Please see Tab D for instructions for completion of Standard Forms 424, 424A, and 424B.)*
- 2. A copy of your organization's **most recent audit (as required per 2 CFR 200.500 – Subpart F)**. **If an audit cannot be provided, an explanation must be submitted with the proposal submission.**
- 3. **Cover Page** that sets forth proposal title, name of lead applicant, names of any other participating organizations, name and number of the Target Themes to which the proposal responds, and requested funding amount in U.S. dollars (see the award amount ceiling as stated in the NOFO)
- 4. **Table of Contents** (not to exceed one [1] page in Microsoft Word) that includes a page-numbered contents page, including any attachments.
- 5. **Executive Summary** (not to exceed two [2] pages in Microsoft Word) that includes:
 - a) the target country(ies),
 - b) name and contact information for the project's main point of contact,
 - c) a statement of work or synopsis of the program, including a concise breakdown of the project's objectives, activities, and expected results,
 - d) the total amount of funding requested and program length, and
 - e) a brief statement on how the project is innovative, sustainable, and will have a demonstrated impact.
- 6. **Proposal Narrative** (not to exceed fifteen [15] pages in Microsoft Word). Please note the page limit **does not** include the required documents listed in items #2 - 5 and items #7 – 16 (below).
- 7. **Summary and Detailed Line-Item Budget** (preferably in Microsoft Excel) that includes three [3] columns including the request to INL, any cost sharing contribution, and total budget (see below for more information on budget format). A summary budget should also be included using the OMB approved budget categories (see SF-424 as a sample). Costs must be in U.S. dollars. (Sample template is provided as an attachment under the announcement via www.grants.gov.)
- 8. **Budget Narrative** (preferably in Microsoft Word) that includes an explanation and justification for each line item in the detailed budget spreadsheet, as well as the source and a description of all cost-share offered. For ease of review, INL recommends applicants order the budget narrative as presented in the detailed budget. Personnel costs should include a clarification of the roles and responsibilities of key staff and percentage of time devoted to the project. The budget narrative should communicate to INL any information that might not be readily apparent in the budget, not simply repeat with words what is stated numerically in the budget. (Sample template is provided as an attachment under the announcement via www.grants.gov.)

9. **NICRA:** If your organization has a negotiated indirect cost rate agreement (NICRA) and will include NICRA charges in the budget, your latest NICRA must be included as a .pdf file. This document will not be reviewed by the panelists, but rather used by program and grant staff if the submission is recommended for funding and therefore does not count against the submission page limitations, as described above. If your proposal involves subgrants to organizations charging indirect costs, please submit the applicable NICRA also as a .pdf file (see “INDIRECT COST RATE” below for more information on indirect cost rates).
If your organization does NOT have a negotiated indirect cost rate agreement (NICRA) please specify if your organization elects to charge the de minimis rate of 10% of the modified total direct costs. The de minimis rate must be included in the detailed budget and an explanation must be provided in the budget narrative.
10. **Monitoring and Evaluation Plan and/or Logic Model;** (see **TAB B** below for more information on this section); Sample templates provided as attachments under the announcement via www.grants.gov.
11. **Roles and responsibilities of key program personnel with short bios** that highlight relevant professional experience. This relates to the organization’s capacity. Given the limited space, CVs are not recommended for submission.
12. **Timeline of the overall proposal** - Components should include activities, evaluation efforts, and program closeout
13. **A list of previous and/or current federal assistance awards received;** please include the awarding agency, point of contact, name of the project, start and end dates, and amount of the award.
14. **Program Risk Analysis:** Please provide the required risk analysis information as noted in **TAB B** of this NOFO. (Sample template is provided as an attachment under the announcement via www.grants.gov.)
15. **INL Pre Award Annual Survey** – template provided by INL that reviews the organization’s financial capacity and infrastructure. (Sample template is provided as an attachment under the announcement via www.grants.gov.)
16. **Attachments** (not to exceed **five (5)** pages total, preferably in Microsoft Word) that include the following in order:
- a) **Additional optional attachments.** Attachments may include further timeline information, letters of support, memoranda of understanding (MOU)/agreement, etc. For applicants with a large number of letters/MOUs, it may be useful to provide a list of the organizations or government agencies that support the program rather than the actual documentation.

Note: INL retains the right to request additional documentation for those items not included on this form.

ADDITIONAL INFORMATION

OFFICE OF MANAGEMENT AND BUDGET (OMB) CIRCULARS

Organizations should be familiar with 2 CFR 200 on cost accounting principles. For a copy of the OMB circular cited, please contact Government Publications or download from http://www.ecfr.gov/cgi-bin/text-idx?tpl=/ecfrbrowse/Title02/2cfr200_main_02.tpl. Overseas-based nonprofit organizations are legally required to comply with 2 CFR 200.

AUDITS

The recipient’s proposal should include the cost of an audit that:

- 1) Complies with the requirements of 2 CFR 200 Subpart F “Audit Requirements;”
- 2) Complies with the requirements of American Institute of Certified Public Accountants (AICPA) Statement of Position (SOP) No. 92-9, "Audits of Not-for-Profit Organizations Receiving Federal Awards;"
- 3) Complies with AICPA Codification of Statements on Auditing Standards AU Section 551, "Reporting on Information Accompanying the Basic Financial Statements in Auditor-Submitted Documents," where applicable. When the U.S. Department of State is the largest direct source of Federal financial assistance (i.e., the cognizant Federal Agency) and indirect costs are charged to Federal grants, a supplemental schedule of indirect cost computation is required;
- 4) A non-Federal entity that expends \$750,000 or more during the non-Federal entity's fiscal year in Federal awards must have a single or program-specific audit conducted for that year in accordance with the provisions of 2 CFR 200 subpart F. *The audit costs shall be identified by 2 CFR 200.435.*

INDIRECT COST-RATE

An organization with a negotiated indirect cost rate agreement (NICRA) negotiated with a cognizant federal government agency other than the U.S. Department of State must include a copy of the cost-rate agreement. Applicants should indicate in the proposal budget how the rate is applied and if any of the rate will be cost-shared. Per 2 CFR 200.414, any non-Federal entity that has never received a negotiated indirect cost rate, except for those non-Federal entities described in Appendix VII to Part 200—States and Local Government and Indian Tribe Indirect Cost Proposals, paragraph D.1.b, may elect to charge a de minimis rate of 10% of modified total direct costs (MTDC) 200.68 Modified Total Direct cost (MTDC) which may be used indefinitely. MTDC means all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and sub-awards and sub-contracts up to the first \$25,000 of each sub-award or sub-contract (regardless of the period of performance of the sub-awards and sub-contracts under the award). ***MTDC excludes equipment (\$5,000 or greater), capital expenditures, charges for patient care, rental costs, tuition remission, scholarships and fellowships, participant support costs and the portion of each sub-award and sub-contract in excess of \$25,000.*** As described in 2 CFR 200.403, factors affecting allowability of costs, costs must be consistently charged as either indirect or direct costs, but may not be double charged or inconsistently charged as both. If chosen, this methodology once elected must be used consistently for all Federal awards until such time as a non-Federal entity chooses to negotiate for a rate, which the non-Federal entity may apply to do at any time.

[END OF SECTION IV]

TAB A: PROPOSAL GUIDELINES

Proposals should include the following components:

- Introduction and Problem Statement
- Planned Activities
- Indicators

Problem Statement and Rationale: Describe the problem and how the project will achieve or contribute to achieving a sustainable solution and a measurable outcome. The applicant should explain the extent of existing assistance within the particular geographic area, and how the proposed intervention may complement (or differ from) other similar interventions. The implementer should also explain, as necessary, the particular experience and qualifications they bring to the project. The rationale should also reflect understanding of the priorities and policies of the bureau/post or program with which this agreement is associated.

Planned Activities and Indicators: Describe the planned activities, and relevant stakeholders for implementation. The implementer should highlight key stakeholders and their expected role in the project, along with any contingencies. The implementer should list assumptions that are dependent on the ultimate success of the project. This could include elements like geographic location, coordination efforts with other international organizations, or political will from host governments, private sector, and NGOs. As appropriate, limited contingency possibilities should be included in the proposal, in case the initial planning assumptions are not met. Example of a planned activity and contingency:

Planned Activity	Contingency
<i>Energy efficiency workshops in collaboration with the government of Mexico and other representatives from the Latin America region, focused on raising awareness of energy efficiency standards.</i>	<i>If government of Mexico doesn't engage at the expected level, project team will look to other regional stakeholders, such as the OAS, to assist in convening key stakeholders.</i>

In the proposal, there should be a clearly defined link between each of the following elements as delineated:

Problem Statement → Planned Activities/Inputs → Process Indicators → Output Indicators → Outcome Indicators → Impact
--

Process Indicators measure the activity that has been completed. Please delineate the specific activities to be conducted, such as workshops, roundtables, trainings, forums, exchanges, policy dialogues, etc. All indicators must include targets. Example of a process indicator:

Process Indicator	<i>50 women trained in energy efficiency standards</i>
--------------------------	--

Output Indicators, otherwise known as deliverables associated with the agreement, should be included. Unlike process indicators, outputs are what is produced, and are often tangible. At this level, it is the measurement of ability, knowledge, skills, or access. All indicators must include

targets. Example of an output indicator involving the same participants:

Output Indicator	<i>80 percent of participants demonstrate at least 75 percent cognizance of efficiency standards</i>
-------------------------	--

Outcome Indicators measure the change in system or behavior or practice. Expected outcomes are the results that come from a series of activities that are necessary to achieve impact. All indicators must include targets. Example of an outcome indicator:

Outcome Indicator	<i>30 percent of efficiency standards being implemented in a participant's country as a result of participant's participation.</i>
--------------------------	--

All indicators **must** include measurable, numerical targets, which should serve as the foundation for monitoring and evaluation efforts. Ultimately, proposed activities and achievement of indicator targets will lead to impact.

TAB B: PROGRAM MONITORING AND EVALUATION PLAN and PROGRAM RISK ANALYSIS

INL will work with recipient organizations to implement the appropriate monitoring and evaluation plan that meets both the needs of the bureau and the implementing partner. Incorporating a well-designed monitoring and evaluation component into a project is one of the most efficient methods of documenting the progress and potential success of a program. Successful monitoring and evaluation depend on the following:

- Setting objectives that are specific, measurable, attainable, results-focused, and placed in a reasonable time frame (SMART);
- Linking project activities to stated objectives;
- Developing key performance indicators that measure realistic progress towards the objectives.

INL expects implementing organizations will track participants or partners as appropriate and be able to respond to key evaluation questions, including satisfaction with the program/training, information learned as a result of the program/training, changes in attitude and behavior as a result of the program, and effects of the program on institutions in which participants work or partner with. Applicants should include the monitoring and evaluation process in their timeline.

Recipients will be required to provide reports with an analysis and summary of their findings, both quantitative and qualitative, in their regular **quarterly** progress reports to INL.

The monitoring and evaluation plan should include, at a minimum, the following elements:

- A results “Logic Model” planning document (see sample Logic Model template attached as a sample document)
- Indicators, as described in Tab A, as well as details on how each indicator will be measured, frequency of the measurements, units of measure, etc. Provide indicators at the output and outcome levels. Monitoring and evaluation plans should include a chart component that clearly delineates indicators and targets. All indicators must include measurable, numerical targets.
- Establish, where possible, performance baseline data and expected performance targets for each indicator/outcome. In some cases, the baseline may be zero.
- Describe monitoring and evaluation tools, such as rapid assessment surveys, site visits, key stakeholder interviews, etc., that will be used.
- Plans should describe how the project’s impact and effectiveness will be monitored and evaluated throughout the project.

INL has included a sample Monitoring and Evaluation template as an attachment to the NOFO.

PROGRAM RISK ANALYSIS

Risks are unavoidable – all programs inherently contain both internal and external risks. However, with proper identification and management, risks can be prepared for, minimized or mitigated. The purpose of a risk analysis is to identify the internal and external risks associated with the proposed

program in the application, rate the likelihood of the risks, rate the potential impact of the risks on the program, and identify actions that could help mitigate the risks. A risk analysis should not be considered a one-time exercise or a static document. INL defers to organizations to conduct adequate risk analysis and remediation for all of its operations and advises that risk analysis and remediation occur throughout the life of a program and should result in revisions to risk analysis documents and processes as necessary. Applicants should include all assumptions and external factors identified in the logic model in the risk analysis. Applicants should rate the likelihood of a risk and potential impact of the risk as “High,” “Medium,” or “Low.” A sample template is provided as an attachment to this NOFO via www.grants.gov.

TAB C: BUDGET GUIDELINES

Complete budgets will provide a detailed line-item budget outlining specific cost requirements for proposed activities. A minimum of three columns should be used to delineate the bureau funding request, cost-share by applicant, and total project funding. Complete applications will include a budget narrative to clarify and justify individual line-items (i.e. calculations of how the costs were derived per month or year, their necessity, and overall contribution to the program's cost-effectiveness).

The three-column proposal line item budget should include the following components, in the suggested format below:

		INL Request	Cost Share	Total
A. PERSONNEL				
a) Primarily Headquarters-Based Personnel				
-H.Q.-based project -dedicated staff salary (X months)	X% of \$X/yr			
-H.Q.-based administrative staff salary (X months)	X% of \$X/yr			
b) Primarily Field-Based Personnel				
-Field-based Country Director salary (x months or year)	X% of \$X/yr			
-Field-based Program Assistant salary (x months or year)	X% of \$X/yr			
Subtotal Personnel				
B. FRINGE BENEFITS				
a) Primarily H.Q.-Based Fringe Benefits	fringe=X% salary			
-H.Q.-based project -dedicated staff fringe (X months)	X% fringe			
-H.Q.-based administrative staff fringe(X months)	X% fringe			
b) Primarily Field-Based Fringe Benefits	fringe=X% salary			
-Field-based Country Director fringe (x months or year)	X% fringe			
-Field-based Program Assistant fringe (x months or year)	X% fringe			
Subtotal Fringe Benefits				
C. TRAVEL				
a) Monitoring Travel				
-Monitoring Trip: H.Q. to field (X)	\$X/RT flight			
-Per diem (X days)	\$X/day			
b) Field Travel				
Activity 1: Workshop				
-Staff Travel (# staff)	\$X/RT flight/# staff			
-Staff Per Diem (X days)	\$X/day/# day/# staff			
-Participant Travel (# participants)	\$X/trip/# pax			
-Participant Per Diem (X days)	\$X/day/# day/# pax			

Activity 2: Town Hall Meeting				
-Staff Travel (# staff)	\$X/RT flight/# staff			
-Staff Per Diem (X days)	\$X/day/# day/# staff			
-Participant Travel (# participants)	\$X/trip/# pax			
-Participant Per Diem (X days)	\$X/day/# day/# pax			
Subtotal Travel				
D. EQUIPMENT				
a) Primarily H.Q.-Based Equipment (if applicable)				
-H.Q.-equipment (if applicable)	\$X/unit			
d) Primarily Field-Based Equipment				
-Field-equipment	\$X/unit			
Subtotal Equipment				
E. SUPPLIES				
a) Primarily H.Q.-Based Supplies (if applicable)				
-Printing and Photocopying (X months)	X% of \$X/yr			
b) Primarily Field-Based Supplies				
-Markers and dry erase board	\$X/set			
-Telephone (X months)	X% of \$X/yr			
-Office Supplies (X months)	X% of \$X/yr			
Subtotal Supplies				
F. CONTRACTUAL				
a) Subgrants				
-Local Subgrantees (X subgrants)	\$X/unit			
b) Consultant Fees				
-Media Specialist/Honoraria (X days/hours)	\$X/consult			
-Independent M & E specialist	\$X/unit			
-Translation Fees (X pages)	\$X/page			
Subtotal Contractual				
G. CONSTRUCTION	N/A			
H. OTHER				
a) Other Direct Costs				
-Field Office Rent (X months)	X% of \$X/mo			
Subtotal Other				
I. TOTAL DIRECT CHARGES (Sum of A-H Subtotals)				
J. INDIRECT CHARGES				
a) Indirect Costs/NICRA (X% of costs)				
Subtotal Indirect Charges				
K. TOTAL COSTS (Sum I-J)				

Note: This budget is designed to serve as an example of the format for complete budget submissions and is NOT exhaustive. Individual line items included in each applicant's budget should reflect specific program activities. (pax = participants)

Before grants are awarded, INL reserves the right to reduce, revise, or increase proposal

budgets in accordance with the needs of the INL program and availability of funds.

As mentioned above, the detailed budget should also include an accompanying budget narrative document that explains and justifies each line item, in the suggested format below:

LINE-ITEM BUDGET NARRATIVE –

A. Personnel – Identify staffing requirements by each position title and brief description of duties. For clarity, please list the annual salary of each position, percentage of time and number of months devoted to the project. (e.g., Administrative Director: \$30,000/year x 25% x 8.5 months; calculation: $\$30,000/12 = \$2,500 \times 25\% \times 8.5 \text{ months} = \$5,312.$).

B. Fringe Benefits - State benefit costs separately from salary costs and explain how benefits are computed for each category of employee - specify type and rate. Fringe benefit application must be consistent with organization's written policy.

C. Travel - Staff and any participant travel (Note: Staff refers to grantee staff only, and not sub-grantee staff or contractors):

1) international and/or domestic airfare - Please indicate origin and destination (country/city), number of travelers and unit cost per round trip

NOTE: All travel must be booked with economy class fares only. Applicants must explain differences in fares among travelers on the same routes. Note that all travel, where applicable, must comply with the Fly America Act. For more information see <http://www.gsa.gov/portal/content/103191>.

2) in-country travel - Please indicate origin and destination (city), type of transportation, number of travelers and unit cost per traveler per trip.

3) per diem/maintenance: includes lodging, meals and incidentals for both participant and staff travel. Rates of maximum allowances for U.S. and foreign travel are available from the following website: <http://www.policyworks.gov/>. Per diem rates may not exceed the published U.S. government allowance rates; however, institutions may use per diem rates lower than official government rates.

NOTE: Per diem rates must be prorated and/or removed if applicant will pay for refreshments and/or meals for participants during a workshop/conference.

D. Equipment – please provide justification for any equipment purchase/rental, defined as tangible personal property having a useful life of more than one year and an acquisition cost of \$5000 or more.

E. Supplies - list items separately using unit costs (and the percentage of each unit cost being charged to the grant) for photocopying, postage, telephone/fax, printing, and office supplies (e.g., Telephone: $\$50/\text{month} \times 50\% = \$25/\text{month} \times 12 \text{ months}$).

F. Contractual –

a) Subgrants - For each subgrant/contract please provide a detailed line-item budget breakdown explaining specific services. Please provide a subgrant budget using the approved OMB budget format. (See Tab C: Budget Guidelines, above.)

b) Consultant Fees - For example lecture fees, honoraria, travel, and per diem for outside speakers or independent evaluators: list number of people and rates per day (e.g., $2 \times \$150/\text{day} \times 2 \text{ days}$).

Consultant/outside expert fees/honoraria should be consistent with the level of experience and based on a fair market value. (NOTE: *Consultant Fees and Honorarium should NOT EXCEED \$526/day*)

G. Other Direct Costs - these will vary depending on the nature of the project. The inclusion of each should be justified in the budget narrative. All costs must be allowable, allocable, and reasonable, and consistent with OMB guidelines. **Line items such as “Miscellaneous,” “Other,” “Contingency Fund,” and “Reserve Fund” are not permitted.**

H. Indirect Charges - See 2 CFR 200.414 , "Indirect Costs"

- 1) If your organization has an indirect cost-rate agreement with the U.S. Government, please include a copy of this agreement. Please specify if your organization elects to charge the de minimis rate of 10% of the modified total direct costs. This does not count against submission page limitations.
- 2) If your organization is charging an indirect rate, please indicate how the rate is applied--to direct administrative expenses, to all direct costs, to wages and salaries only, etc.
- 3) Do not include indirect costs against participant expenses in the Bureau budget, as it generally does not pay for these costs.

Cost Share/Cost-Effectiveness - Explanation of contributions should be included in the budget narrative, whether cash or in-kind. Assign a monetary value in U.S. dollars to each in-kind contribution. If the proposed project is a component of a larger program, identify other funding sources for the proposal and indicate the specific funding amount to be provided by those sources. In addition, it is recommended that budget narratives address the overall cost-effectiveness of the proposal, including leveraging of institutional or other resources. Cost sharing or matching refers to a portion of project or program cost that is not borne by the Federal Government. Grantees must follow cost sharing or matching policy as stipulated in 2 CFR 200.306. Cost sharing amounts proposed will be incorporated as part of the allowable budget items. If selected for an award, your organization will have to provide the minimum amount of cost sharing as stipulated in the budget approved by the Grants Officer. If your organization does not meet its cost share amount stipulated in the approved budget by the end of the period of performance INL will have the option to (1) reduce its contribution in proportion to your organization's contribution in the event that you do not provide the minimum amount of cost sharing stipulated in the budget or (2) hold your organization accountable for the amount specified in the approved budget.

BUDGET CONDITIONS AND RESTRICTIONS:

The Recipient is reminded that funds provided under this agreement must be used in a manner fully consistent with U.S. law. The recipient agrees that none of the funds provided by this award shall be used to lobby for or against abortion. The recipient agrees that none of the funds provided by this award shall be used to pay for the performance of abortion as a method of family planning or to motivate or coerce any person to practice abortions.

Per 22 CFR 200.307 ((e) (1), (2) and (3) of this section please note the following guidance concerning use of Program Income:

- Program income earned during the project period shall be retained by the recipient and, in accordance with the terms and conditions of the award, shall be used in one or more of the ways listed in the following:

- 1) Added to funds committed to the project by the Department and recipient and used to further eligible project or program objectives.
 - 2) Used to finance the non-Federal share of the project or program.
 - 3) Deducted from the total project or program allowable cost in determining the net allowable costs on which the Federal share of costs is based.
- It is emphasized, however, that the above three alternatives are applicable only when the grantee is a non-profit entity. Any grant to a commercial firm must state that the first of the alternatives is not available for program income earned by the grantee. (GAO noted in its Principles of Federal Appropriations Law at 10-57, that “This approach [option (1)] increases program size. Both OMB and GAO have expressed preference for the deduction method [option (3)] since it results in savings to the federal government and to grantees.”)

INL will consider budgeted line-items for the following:

- External evaluations to assess the project’s impact (costs must be built into the overall original budget proposal and must be reasonable);
- Costs associated with an internal evaluation conducted by the grantee (costs must be built into the overall original budget proposal and must be reasonable);
- Visa fees, immunizations, and medical insurance associated with program travel;
- A-133 Audit or internal audit for the INL program (or prorated costs that is shared among other Federal Assistance grants/contracts)
- English translation (cost must be built into the original budget proposal and must be reasonable)

The following cost elements **will not be reimbursed** and **are not allowable** in this program:

- Publication of materials for distribution within the U.S.;
- Administration of a project that will make a profit;
- Expenses incurred before or after the specified dates of award period of performance (unless prior written approval received);
- Projects designed to advocate policy views or positions of foreign governments or views of a particular political faction;
- Entertainment and/or Alcoholic beverages;
- Costs of entertainment, including amusement, diversion, and social activities and any associated costs are unallowable, except where specific costs that might otherwise be considered entertainment have a programmatic purpose and are authorized either in the approved budget for the Federal award or with prior written approval of the Federal awarding agency;
- Land;
- Construction;
- Direct support or the appearance of direct support for individual or single party electoral campaigns;
- Duplication of services immediately available through municipal, provincial, or national government;
- Expenses listed as “miscellaneous”, “other”, or “contingencies”;
- Expenses made prior to the approval of a proposal or unreasonable expenditures will not be reimbursed.

INL may make conditions and recommendations on proposals to enhance proposed programs. Conditions and recommendations are to be addressed by the applicant before approval of the award. To ensure effective use of INL funds, conditions or recommendations may include requests to increase, decrease, clarify and/or justify budget costs.

18. Enter the amount requested for the project under “Federal” (18a); enter any cost-share under “Applicant” (18b).
19. Enter “c”
20. Select the appropriate box. If you answer “yes” to this question you will be required to provide an explanation.
21. Enter the name, title, and contact information of the individual authorized to sign for the application.

[END OF SECTION IV]

SECTION V – APPLICATION REVIEW INFORMATION

The technical applications and proposal submissions will be evaluated in accordance with the Technical Evaluation Criteria set forth below. Technical evaluation of applications will be based on the extent and appropriateness of proposed approaches and feasibility of achieving the strategic objectives, in accordance with the following criteria.

If award is not made on the initial applications, INL may request clarification and supplemental materials from applicants whose applications have a reasonable chance of being selected for award. The entry into discussion is to be viewed as part of the evaluation process and shall not be deemed by INL or the applicants as indicative of a decision or commitment upon the part of INL to make an award to the applicants with whom discussions are being held.

I. TECHNICAL EVALUATION CRITERIA

A technical evaluation committee, using the criteria shown in this Section, will evaluate the technical applications. The various functional elements of the technical criteria are assigned weighted scores, so that the applicants will know which areas require emphasis in the preparation of applications.

Where technical applications are considered essentially equal, cost may be the determining factor. Applicants should note that these criteria serve as the standard against which all applications will be evaluated and serve to identify the significant matters which applicants should address in their applications.

The relative importance of each criterion is indicated by the number of points assigned. A total of 100 points is possible.

Quality of Program Idea (Total Possible Points - 25):

- Responsive to the solicitation (5)
- Appropriate in the country/regional context (5)
- Exhibits originality, substance, and precision (5)
- Prioritizes innovation but is feasible (5)
- In countries where similar activities are already taking place, provides an explanation as to how new activities will not duplicate or merely add to existing activities (5)

Program Planning/Ability to Achieve Objectives (Total Possible Points – 25):

- Includes a clear articulation of how the proposed program activities contribute to the overall program objectives (3)
- Each activity is clearly developed and detailed (3)
- Provides a comprehensive quarterly work plan for project activities that demonstrates substantive undertakings within the logistical capacity of the organization (3)
- Objectives are clear, specific, attainable, measurable results-focused and placed in a reasonable time frame (3)
- Addresses how the program will engage or obtain support from relevant stakeholders and identifies local partners where appropriate (3)
- Describes the division of labor among the direct applicant, any partners and any potential subgrantees (2)

- Proposal clearly articulates understanding of the security situation/operating environment and plans for ensuring safety of participants (2)
- Includes contingency plans for potential difficulties in executing the original work plan (6)

Program Monitoring and Evaluation (Total Possible Points - 15):

The Monitoring and Evaluation (M&E) Plan includes:

- Narrative explaining how monitoring and evaluation will be carried out and who will be responsible for monitoring and evaluation activities (5)
- Table listing by program objectives the output- and outcome-based performance indicators with baselines and (yearly and cumulative) targets; data collection tools; data sources; types of data disaggregation, if applicable; and frequency of monitoring and evaluation (7)
- Includes an external midterm and/or final evaluation or justification for why one is not included (3)

Multiplier Effect/Sustainability of Impact Rating (Total Possible Points - 10):

- Clearly delineates how elements of the program will have a multiplier effect (5)
- Clearly delineates how impact will be sustainable beyond the life of the grant (5)

Institution's Record and Capacity Rating (Total Possible Points - 10):

- The proposal demonstrates an institutional record of successful programs in the proposed country and the content area (4)
- Personnel and institutional resources are adequate and appropriate to achieve the project's objectives (2)
- Roles, responsibilities, and brief bios/resumes are included for primary staff, and demonstrate relevant professional experience (2)
- Applicant is a current/past Department of State grantee where performance (2) was/is on target showed/shows responsible fiscal management

OR

- The proposal is from a NEW APPLICANT and proposal demonstrates capacity for responsible fiscal management illustrates success in similar sized projects (2)

Cost Effectiveness/Cost Sharing (Total Possible Points - 15):

- The overhead and administration of the proposal, including salaries and honoraria, are explained and justified for the work involved (5)
- All budget items are necessary, appropriate and linked to program objectives (5)
- Personnel costs are reasonable for the work involved (5)

COST EVALUATION

Cost will be evaluated for realism, reasonableness, allowability, allocability, and cost effectiveness. The pre-award evaluation of cost effectiveness will include an examination of the application's budget detail to ensure it is a realistic financial expression of the proposed project and does not contain estimated costs which may be unallocable, unreasonable, or unallowable. Applications that have more efficient operational systems that reduce operation costs will be favorably considered.

Applications that maximize direct activity costs including cost sharing and that minimize administrative costs are encouraged. Other considerations are the completeness of the application,

adequacy of budget detail and consistency with elements of the technical application. In addition, the organization must demonstrate adequate financial management capability, to be measured by a responsibility determination.

[END OF SECTION V]

SECTION VI – FEDERAL AWARD ADMINISTRATION INFORMATION

Federal Award Notices: The successful applicant(s) will be notified via email that its proposal has been selected to move forward in the review process; this email IS NOT an authorization to begin performance. **The Grants Officer is the Government Official delegated the authority by the U.S. Department of State Procurement Executive to write, award, and administer grants and cooperative agreements.** The assistance award agreement is the authorizing document and it will be provided to the Recipient through email transmission or via the SAMS Domestic. The recipient may only incur obligations against the award beginning on the start date outlined in the DS-1909 award document that has been signed by the INL Grants Officer. Organizations whose applications will not be funded will also be notified via email by INL. Please refer to the anticipated time to award information in Section II.

Terms and Conditions: Recipients will be held to the applicable terms and conditions found at <https://www.state.gov/documents/organization/271865.pdf>. It is the Recipient's responsibility to ensure they are in compliance with all applicable terms, conditions, and OMB guidance and requirements. Those organizations found to be in non-compliance may be found ineligible for future funding or designated high risk by the Grants Official for an award under this announcement.

2 CFR 200 Uniform Administrative Requirements, Costs Principles, and Audit Requirements for Federal Awards: All applicants must adhere to the regulations found in [2 CFR 200 Uniform Administrative Requirements, Costs Principles, and Audit Requirements for Federal Awards](#).

Branding Requirements: As a condition of receipt of a grant award, all materials produced pursuant to the award, including training materials, materials for recipients or materials to communicate or promote with foreign audiences a program, event, project, or some other activity under an agreement, including but not limited to invitations to events, press materials, and backdrops, podium signs, etc. must be marked appropriately with the standard, rectangular U.S. flag in a size and prominence equal to (or greater than) any other logo or identity. **Note:** Exceptions to the branding requirement are allowable under certain conditions. If an applicant is notified that their award has been chosen for funding, the Grants Officer will determine, in consultation with the applicant, if an exception is applicable.

Reporting Requirements:

1. Recipients are required to submit quarterly program progress and financial reports throughout the project period. Progress (SF-PPR and narrative) and financial reports (SF 424 and a detailed financial expenditure report) are due 30 days after the reporting period. Final certified programmatic and financial reports are due 90 days after the close of the project period.
 - First Quarter (October 1 – December 31): Report due by January 30
 - Second Quarter (January 1 – March 31): Report due by April 30
 - Third Quarter (April 1 – June 30): Report due by July 30
 - Fourth Quarter (July 1 – September 30): Report due by October 30

All reports are to be submitted electronically via the SAMS Domestic or via email to the Grants Officer and Grants Officer Representative noted in the award agreement.

2. Awardees that are deemed to be high risk may be required to submit more extensive and frequent reports until their high risk designation has been removed by the Grants Officer.
3. The Awardee must provide to INL an inventory of all the U.S. government provided equipment purchased with grant funds using the SF-428 forms on an annual basis.
