SECTION A: PROGRAM DESCRIPTION

This funding opportunity is authorized under the Foreign Assistance Act (FAA) of 1961, as amended. The resulting award will be subject to 2 CFR 200 – Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and USAID’s supplement, 2 CFR 700, as well as the additional requirements found in Section F.

I. Background/Context

Investigative Journalism in Ecuador has had a prominent role in revealing illicit practices in recent years. Both well-established media outlets as well as emerging ones have published several reports on issues such as corruption and organized crime, which have prompted formal investigations by the corresponding authorities.

However, both the outlets and the individual journalists face a number of challenges, from financial to personal security issues. The murder of three journalists in 2018 during coverage of sensitive issues on the Ecuador-Colombia border sparked public debate that journalism as a profession and journalists as individuals need more protection and support to carry out their work. More recently, in 2023, six journalists had to leave the country as a precautionary measure because of serious threats received because of their work on issues such as criminal activities in prisons, corruption cases involving high-profile individuals, amongst others.

Currently, most investigative reporting outlets are based in Quito and some in Guayaquil. This leaves a gap in areas that are more affected by violence and organized crime, particularly on the coast (e.g., Esmeraldas, Manabí, the northern border with Colombia), which as a result have become “information deserts” (places where reporting has become so dangerous that the challenges, they face go unreported). Furthermore, the Amazon region faces an even bigger informational gap, with very few correspondents and very little resources to fund sustained reporting on issues affecting communities across such region. Consequently, the gap in opportunities for journalists/outlets in cities and provincial areas is big and should ideally be addressed.

One of the biggest worries in the industry is how to keep journalism financially viable. This concern affects both established media and newcomers trying to carve out their niche. The fast-paced shift to digital platforms as the main means to share and receive information has left traditional media scrambling to adapt. This change requires resources, infrastructure, and appropriate knowledge.

Journalists and outlets alike face a series of risks to their mental, physical, and legal security. Local organizations reported that 2022 was the most violent in the last five years with hundreds of attacks/threats, including three murders, a femicide and a disappearance. Various journalists face defamation suits, further exemplifying the need for financial and legal support to face these kinds of judicial disputes. In a nutshell, journalists are continually subjected to sensitive and often distressing scenarios, such as acts of violence or assassinations, and sometimes on a 24/7 basis. The psychological strain and mental health challenges that arise from such constant exposure are frequently under-addressed. This oversight can be attributed to a cultural

deficiency in recognizing the gravity of these issues, as well as a scarcity of financial resources necessary for the implementation of appropriate support protocols.

Finally, journalists and outlets could benefit from strengthening skills to improve their work. For example, skills on collecting or managing data-driven processes, open-source intelligence platforms. This is partly due to the weak financial sustainability environment for outlets, where they have to prioritize funds for the basic functioning of the organization, versus training for their staff.

In sum, journalism - and particularly, investigative journalism-face a series of challenges that require a sustained and collaborative effort that mixes technical assistance, forging of alliances (e.g. with the private sector, academia, regional and international organizations, amongst others) and creative approaches to improve the quality and quantity of investigations, expand the reach and engagement with audiences, and solidify an inclusive environment that has the active participation of different stakeholders and voices, including journalists and outlets from smaller cities and provinces, students, freelance journalists, amongst others.

II. Development Problem Statement

Insufficient financial, technical, legal, and institutional support leaves journalists and media entities vulnerable- professionally and physically, and disincentivize investigation and reporting of criminal and illicit activities. This situation is further exacerbated by stark disparities in access to professional development programs between urban and rural, novices and veteran journalists that hinders diverse and creative reporting from various regions of the country.

III. Systemic Change Statement (Theory of Change)

IF journalists and media outlets have increased capacity to protect themselves from financial, security, legal, institutional, and technical challenges; and **IF** there are improved equal opportunities for journalists and outlets from urban and rural areas, as well as freelancers and journalism students to work with established newsrooms; **THEN** investigative reports that help promote transparency and expose irregular practices within the Ecuadorian society will be more rigorous, data-driven, able to reach more audiences, and ensure a professional and safe journalism environment in Ecuador.

IV. Magnitude of Change

With an approximate investment of \$7 million over ~~three-five~~ years, ~~(with the possibility of two, one-year extensions),~~ FAIR would intend to achieve the following expected and illustrative results ~~(to be further refined during a co-creation-type phase with the apparent successful applicant):~~

- Ecuadorian society will have an increased availability and access to engaging, rigorous, and technical high-quality investigative reporting;
- Greater awareness, actions, and accountability on crime and illicit practices, both domestic and regionally, by governmental and civil society actors;
- Improved resiliency of the investigative journalism sector and increased integrated, proactive approaches to safety and security assistance;

- Improved solutions to increase the financial viability and management capacity of independent media, ensuring they have access to resources and expertise needed to exercise their work;
- Enhance the methods and tools by which the content produced is shared to and consumed by the public in general to elevate anti-corruption issues into the public discussion;
- Provide freelance journalists, journalism students and journalists from rural areas with spaces to collaborate and strengthen their capabilities by on-the-ground work in collaboration with established outlets and/or networks (“learning by doing”);

This NOFO and any potential resulting award are authorized under the Foreign Assistance Act of 1961, as amended, the Federal Grant and Cooperative Agreement Act of 1977 as amended, and it is subject to 2 CFR 700 and 2 CFR 200 – Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.

V. Proposed Objectives and Illustrative Activities

Objective 1: Financial and operational sustainability of investigative journalism that allows journalists/outlets conduct work that helps report on corruption and/or other illicit and/or irregular and/or illegal activities improved.

Sub-activity 3.2: Uncover and report on different issues that have an impact in the Ecuadorian society, sharing information and learning across activist networks; telling impactful stories in both traditional and new/creative formats to galvanize public action; and producing content to hold public and private institutions accountable for investigating corruption and/or other illicit and/or irregular and/or illegal activities.

Sub-activity 3.3: Build new technical and investigative journalism capacities among existing outlets; supporting and including freelance journalists, correspondents from provinces as well as major cities in the country, and journalism students, in order to identify corruption and/or other illicit and/or irregular and/or illegal activities; fostering IJ networks documenting information related to specific issues; or building the capacity of journalists to track, expose, and report on corruption and/or other illicit and/or irregular and/or illegal activities across a range of sectors.

Sub-activity 3.4: Strengthen IJ networks in Ecuador, considering partnerships (regional and within the country) that could help strengthen the IJ ecosystem, in order to amplify mutual learning, support, and exchange, or promote the development of joint investigative approaches, as well as collaboration on specific stories, projects, and investigations.

Sub-activity 3.5: Establish a support network amongst journalists, media outlets and other stakeholders to protect their physical, mental, legal, and financial security.

Sub-activity 3.6: Establish legal liability funds and mechanisms with experienced law firms that can provide legal advice and accompaniment to journalists in case of lawsuits derived from their investigative activities.

Sub-activity 3.7: Establish alliances with health providers and/or civil society organizations (CSOs) working on mental health matters in order to provide protocols that help journalists improve their personal wellbeing and a good work-life balance that allows them to perform at a high level even during difficult situations.

The Recipient will assume responsibility for administering Federal funds in a manner consistent with underlying agreements, program objectives, and the terms and conditions of the Federal award.

[END OF SECTION B – FEDERAL AWARD INFORMATION]

SECTION C: ELIGIBILITY INFORMATION

I. Eligible Applicants

Eligibility is restricted to local entities. Pursuant to [ADS 303.6](#), USAID defines a “local entity” as an individual, a corporation, a nonprofit organization, or another body of persons that:

- (1) Is legally organized under the laws of; and
- (2) Has as its principal place of business or operations in; and
- (3) Is majority owned by individuals who are citizens or lawful permanent residents of; and
- (4) managed by a governing body the majority of who are citizens or lawful permanent residents of the country receiving assistance.

For purposes of this definition, ‘majority owned’ and ‘managed by’ include, without limitation, beneficiary interests and the power, either directly or indirectly, whether exercised or exercisable, to control the election, appointment, or tenure of the organization's managers or a majority of the organization's governing body by any means.

USAID welcomes applications from organizations that have not previously received financial assistance from USAID. Faith-based organizations are eligible to apply for federal financial assistance on the same basis as any other organization and are subject to the protections and requirements of Federal law.

Active Registration in the System for Awards Management (SAM):

Applicants must be registered in [SAM](#) to be eligible to receive federal assistance, such as grants and cooperative agreements. As such each applicant must:

1. Provide a valid UEI for proposed sub-recipients.
2. Be registered in SAM at the time of application in phase I and II.
3. Continue to maintain an active SAM registration with current information at all times during which it has an active Federal award or an application or plan under consideration by a federal awarding agency.

USAID will not consider nor evaluate concept notes and applications submitted by organizations that are not registered in SAM. Organizations with expired registrations are considered ineligible and as a result, their concepts or applications will not be reviewed. USAID may use SAM registration status as a basis for disqualifying an applicant and making the award to the next most responsive application. This scenario may happen if/when an organization's SAM registration expires during the procurement process.

II. Conflict of Interest Pre-Award Term (August 2018)

Personal Conflict of Interest

An actual or appearance of a conflict of interest exists when an applicant organization or an employee of the organization has a relationship with an Agency official involved in the competitive award decision-making process that could affect that Agency official's impartiality. The term "conflict of interest" includes situations in which financial or other personal considerations may compromise, or have the appearance of compromising, the obligations and duties of a USAID employee or recipient employee.

The applicant must provide conflict of interest disclosures when it submits an SF-424. Should the applicant discover a previously undisclosed conflict of interest after submitting the application, the applicant must disclose the conflict of interest to the AO no later than ten (10) calendar days following discovery.

Organizational Conflict of Interest

The applicant must notify USAID of any actual or potential conflict of interest that they are aware of that may provide the applicant with an unfair competitive advantage in competing for this financial assistance award. Examples of an unfair competitive advantage include but are not limited to situations in which an applicant or the applicant's employee gained access to non-public information regarding a federal assistance funding opportunity, or an applicant or applicant's employee was substantially involved in the preparation of a federal assistance funding opportunity. USAID will promptly take appropriate action upon receiving any such notification from the applicant.

III. Leverage

Leverage is not required but is highly recommended. Leverage demonstrates the strength of an applicant's relationships and its capacity to secure private capital in support of the project. Leverage can be an indicator of potential for success and sustainability. When/if proposing leverage, applicants should include leverage amounts (in-kind or cash) in their cost applications for phases I and II.

Leverage is new, non-public resources, be it money, technology, or expertise, brought by the private sector and other non-traditional USAID partners to a partnership.

USAID will only enter into agreement with one entity, one organization, or one company, also referred to as the prime. The prime is encouraged to form alliances with other entities that add value to its application and increase the chances of successful implementation and sustainability of the intervention.

1. Merit Review

USAID will conduct a merit review of all applications received that comply with the instructions in this NOFO.

Applications in both phases will be reviewed and evaluated in accordance with the following criteria:

- a) The extent to which the proposed technical approach (including development context and proposed activities) represents a strategic, convincing, sound, and realistic approach to achieve the objectives and results specified in the Program Description.
- b) USAID is interested in unique ideas, creative approaches and out of the box solutions to address the development problem. For the purposes of this section, the terms sound, convincing, realistic are understood as logical, culture-specific, attainable, and grounded in evidence. Applicants should think of

the S.M.A.R.T model of presenting objectives and activities (Smart, Measurable, Attainable, Relevant and Time-bound).

2. Business Review

The Agency will evaluate the cost application of the applicant(s) under consideration for an award as a result of the merit criteria review to determine whether the costs are allowable in accordance with the cost principles found in [2 CFR 200](#) Subpart E.

The Agency will also consider (1) the extent of the applicant's understanding of the financial aspects of the program and the applicant's ability to perform the activities within the amount requested; (2) whether the applicant's plans will achieve the program objectives with reasonable economy and efficiency; and (3) whether any special conditions relating to costs should be included in the award.

Proposed cost share, *if provided*, will be reviewed for compliance with the standards set forth in [2 CFR 200](#).306, [2 CFR 700](#).10, and the Standard Provision "Cost Sharing (Matching)" for U.S. entities, or the Standard Provision "Cost Share" for non-U.S. entities.

The AO will perform a risk assessment ([2 CFR 200](#).206). The AO may determine that a pre-award survey is required to inform the risk assessment in determining whether the prospective recipient has the necessary organizational, experience, accounting and operational controls, financial resources, and technical skills – or ability to obtain them – in order to achieve the objectives of the program and comply with the terms and conditions of the award. Depending on the result of the risk assessment, the AO will decide to execute the award, not execute the award, or award with “specific conditions” ([2 CFR 200](#).208).

SECTION F: FEDERAL AWARD ADMINISTRATION INFORMATION

V. Federal Award Notices

Award of the agreement contemplated by this NOFO cannot be made until funds have been appropriated, allocated and committed through internal USAID procedures. While USAID anticipates that these procedures will be successfully completed, potential applicants are hereby notified of these requirements and conditions for the award.

VI. Administrative & National Policy Requirements

The resulting award from this NOFO will be administered in accordance with the following policies and regulations.

For Non US organizations: [ADS 303](#), [Standard Provisions for Non-U.S. Non-governmental Organizations](#). See [Annex I](#), for a list of the Standard Provisions that will be applicable to any awards resulting from this NOFO.

VII. Reporting Requirements

a. Financial Reports

i. Quarterly Projected Expenditures

The Recipient will submit the Federal Financial Form (SF-425) on a quarterly basis via electronic format. Electronic copies of the SF-425 can be found at: <https://www.usaid.gov/forms/sf-425>.

The Recipient must submit a spreadsheet, within 10 days following the end of each USG Federal Fiscal Quarter (e.g., by October 10, January 10, April 10, and July 10), showing quarterly projected expenditures to the Agreement Officer Representative (AOR) in accordance with the schedule specified by the Regional Office of Financial Management (RFMO).

ii. Quarterly Accruals Reports

The Recipient is expected to submit accrual information to the AOR in accordance with the schedule specified by USAID/ Peru/RFMO.

b. Planning, Monitoring, and Learning Reports

i. Annual Implementation Plan

This document serves as a detailed guide to Activity implementation and once approved, represents an agreement as to the nature and timing of interventions and becomes a reference tool for the implementer and USAID to track progress on achieving the award objectives. Each annual implementation plan will form the basis for an annual management review conducted by USAID and the AOR to assess Activity directions, priorities, achievements, and prior year implementation results, as well as management and implementation impediments, and to make recommendations for revisions, as appropriate.

The Annual Implementation Plans will include proposed activities for the given year, time frame for implementation, detailed budget, review of previous year's accomplishments (if applicable), problems, and progress towards achieving the Activity's objectives.

All Annual Implementation Plans must be within the program description and must not alter the cooperative agreement program description or terms and conditions in any way; such changes may only be approved by the AO, in advance and in writing. Thereafter, if there are inconsistencies between the AIP and the program description or other terms and conditions of the agreement, the agreement will take precedence over the AIP.

Due Date Year One: Within sixty (60) calendar days of the start of the period of performance in Section A.3. This AIP will cover activities through the end of the current USG Federal Fiscal Year (October 1 – September 30). The first AIP must take into account the lessons learned and conclusions from the inception period.

Due Date Subsequent Years: August 31 of every year. It will cover the Activity from October 1 through September 30.

ii. Activity Monitoring Evaluation and Learning Plan (AMELP)

The Recipient will be responsible for developing and implementing an Activity Monitoring, Evaluation, and Learning Plan (AMELP). This plan will describe the process for tracking and documenting progress against the Activity objectives and expected results, over the life of the Activity. Its implementation will be used to identify challenges and lessons learned; influence decision-making for ongoing improvement and resource allocation; and serve for adaptive management. The AMELP must describe the MEL strategies, approaches and tasks as stated in USAID Automated Directives System (ADS) 201.

It will contain at least the following sections:

Introduction and/or Overview

This section will include a brief description of the Activity, its results framework, and the Systemic Change Statement.

Monitoring Plan

This section will incorporate the monitoring approach including performance indicators of outputs and outcomes that must be clearly articulated to the results framework (or logic model) of the Activity. The main objective (or goal) and the higher-level objectives (or components) of the results framework must be aligned with at least one outcome indicator directly attributable to or affected by the Activity. All the objectives at the different levels of the results framework will include the necessary output indicators to track progress of the Activity. Baselines and targets for all performance indicators included must be settled and included in a summary table.

This plan will also include context indicators to track conditions and external factors out of the direct control of the Activity, that are relevant to its implementation and that will be used to monitor assumptions and risks identified in the results framework. No targets are required for context indicators. With the context indicators the Recipient should consider including at least

one indicator to track and to comply with climate risk mitigation. When selecting performance and context indicators, the Recipient must consider their relevance and accuracy according to the intended results of the Activity, as well as the time and resources required to collect and report each indicator data.

Some of the indicators proposed may include Foreign Assistance (F) Standard relevant for tracking progress of the expected results of the Activity. The Recipient will include this type of indicators in collaboration with the AOR and the MEL Specialists of USAID/Peru.

As part of the AMELP, per ADS 205.3.6, *“Integrating Gender Equality and Female Empowerment in USAID’s Program Cycle, Monitoring, Evaluation, and Learning”*, the Recipient must include gender sensitive indicators that focus on gender equality and female empowerment. Specifically, the indicators are to be designed to track changes in key gender gaps and male and female roles. The Recipient should also disaggregate information by gender and age and provide an analysis of the differing impacts on women, children, youth, and vulnerable groups, which may be ethnic communities, persons with disabilities, or the LGBTI community. The Recipient is encouraged to use USAID’s Standard “F” indicators related to gender where appropriate, and also to develop outcome indicators that quantitatively show the Activity’s impact on inequalities that exist in terms of gender and vulnerable populations.

Data for beneficiary population indicators proposed should be disaggregated by geography (department, municipality), sex, and where possible, by age, by vulnerable and minority groups including ethnic groups. The Recipient must include gender sensitive indicators that focus on gender equality and female empowerment. Specifically, the indicators will be designed to track changes in key gender gaps and male and female roles.

Beyond indicators, the Recipient will also incorporate as applicable other monitoring approaches that can provide qualitative insights, data collection on a more ad hoc basis, or more in-depth exploration into the achievement of results.

Evaluation Plan

This section will include any plan for internal evaluations to be developed by the Recipient over the life of the Activity, the type of evaluation (performance or impact), purpose an expected use, and an initial approach to possible evaluation questions, estimated budget, planned start date, and estimated completion date. The evaluation plan will also include any plans for collaborating with any external evaluations planned by USAID, which entails ensuring that external or USAID-led evaluations will have access to appropriate data collected by the Recipient, such as performance monitoring data. As appropriate, the Recipient should plan to collect baseline information during the inception phase.

Collaborating, Learning and Adapting (CLA) Plan

This section of the AMELP will identify learning questions that relate to the Activity theory of change, potential gaps in the theory of change or technical knowledge base, and how the Activity relates to others known by the Recipient. The CLA plan may also indicate how the activity will address learning questions or knowledge gaps and identify ways to allow for adjustments as circumstances change or learning evolves. It will also describe and indicate the

frequency of the learning and reflection activities that will be developed such as after-action reviews, workshops, and reports. It will also describe how knowledge and learning will be gained from implementation, evaluation findings, and monitoring data, among other sources, to adjust interventions and approaches, as needed.

Plan for Managing Data

This section will have a full description of how the data and information will be collected, analyzed, and used, based on data quality standards referenced in ADS 201. This section will include the data collection methods, the formats in which data will be held and shared within the Recipient facilities, data security protocols and data analysis and use, bearing into consideration USAID's data quality standards.

This section must also include a preliminary identification of the Open Datasets to be collected and submitted in USAID's open data portal (www.usaid.gov/data) according to ADS 579. If all the datasets cannot be identified to the moment of the AMEL Plan approval, it must include provisions on future collection and submission in compliance with references of the ADS 579, such as incorporation of metadata and standards for geographic data.

Knowledge Management Plan

This section will describe how the Recipient will ensure that knowledge is generated, captured, shared, and applied systematically and strategically. As a fundamental aspect of the aforementioned, the Recipient must describe how it will achieve effective coordination and complementarity between the AMELP and the Communications and Outreach Plan.

Roles and responsibilities

This section will describe the composition of the staff/personnel needed to carry out the monitoring, evaluation, and learning activities for the implementation of the AMEL Plan, including roles, responsibilities, and level of effort.

PIRS (Performance Indicator Reference Sheets) and CIRS (Context Indicator Reference Sheets)

A PIRS and CIRS must be completed for all performance and context indicators included in the Monitor Plan. Each one describes all the relevant information necessary for those who collect or ultimately use the indicator data. The chosen "F" Standard indicators must comply with the existing Standard PIRS so that the results can be aggregated at USAID/Ecuador and other USAID levels. The Recipient may further define a "precise definition" according to the Activity's context in the standard PIRS as appropriate. However, the precise definition must be within the scope of the indicator's standard definition.

Annexes

As per [ADS 201](#), every instrument or method used to collect or analyze information will be referenced and annexed to the AMELP. Annexes may include also other narratives and tables that the Recipient consider relevant for complementing the previous sections.

Resources for AMELP development: For guidance on the AMELP development please refer to ADS 201, How-to Note: Activity Monitoring, Evaluation, and Learning Plan and ADS Reference 201maf Performance Indicator Reference Sheet (PIRS).

Elaboration and approval of the AMELP: The AOR in collaboration with USAID/Peru's MEL Specialists, and other relevant stakeholders as appropriate, will engage in co-creation with the Recipient to review and finalize the AMEL Plan, will verify that the proposed indicators are consistent with and meet the data collection needs of the Mission, and approve or concur with the plan. The AMELP is a critical mandatory tool for planning, managing, documenting, and evaluating performance over the life of the Activity. If over the course of implementation, modifications to the AMELP become necessary, the changes to the Plan must be approved by the AOR.

Due Date: The AMELP must be submitted within sixty (60) calendar days of the start of the period of performance in Section A.3.

iii. Communications and Outreach (C&O) Plan

USAID/Ecuador conducts public affairs to raise public awareness, understanding, and support for the role and contribution of U.S. assistance programs in Ecuador. The Recipient must support USAID's outreach to Ecuadorian and U.S. audiences by producing informative materials explaining USAID's efforts to assist the people and Government of Ecuador to achieve the Activity's objectives.

The C&O Plan must explain how the Recipient will create and implement a variety of appropriate outreach and communications tools and platforms to i) raise public awareness, understanding, and support for the Activity; ii) help advance the Activity's programmatic objectives in accordance with the requirements of Section A and C; and iii) contribute to knowledge management, including through close coordination with the AMELP. The Contractor will also include an annual Communications Calendar noting key elements and activities warranting public information and outreach activities. The C&O Plan must identify the audience (primary and secondary), format, schedule, and purpose of all internal and external communications products, including the required reports listed below.

The C&O Plan must identify appropriate external communications products. Illustrative examples of other products that might be included are electronic bulletins, infographics and/or newsletters. The C&O Plan must include a narrative section describing the strategic purpose for each outreach tool not listed among the required reports. Additionally, the C&O Plan must include a section describing the resource needs for each communications product, to ensure adequate planning and execution of the plan to produce high-quality, timely, succinct, and effective communications tools. The Plan must also describe how it articulates and complement the AMELP under the Knowledge Management (KM) umbrella; this must be evident in the C&O activities included in the annual implementation plans.

The draft C&O Plan will be refined jointly with the AOR and USAID's Development Outreach and Communications Specialist. The C&O Plan must align with the Branding Implementation Plan and Marking Plan, which describe how they will communicate to beneficiaries and stakeholder

audiences that the work of this award is from the American people per the Branding Strategy and USAID Branding Guidelines (see www.usaid.gov/branding).

Due Date: Sixty (60) calendar days of the start of the period of performance in Section A.3.

iv. Safety and Security Plan (SSP)

Implementing partners must take all reasonable precautions to minimize risks to all staff and beneficiaries. The Recipient must submit a location-specific SSP for proposed operational areas. The Recipient will use discretion in providing a level of detail appropriate to the operating context and variance in conditions across the targeted areas.

All personnel and operations funded under this award, including sub-awardees or other partners with substantive programmatic contributions, must be covered by a SSP. The Recipient must pay attention to the unique threats and vulnerabilities faced by their staff, beneficiaries, sub-awardees, etc., and directly address these threats and vulnerabilities in safety and security plans.

The recipient is required to detail how they will oversee and handle issues related to sexual exploitation and abuse (PSEA). This includes the procedures for monitoring staff, beneficiaries, and sub-awardees, and the approach to managing any potential cases in line with local laws.

Due Date: Sixty (60) calendar days of the start of the period of performance in Section A.3.

v. Security Reports

the Recipient must report any security threats and/or incidents impacting the implementation of the award, verbally or by telephone, immediately to the AOR or Alternate AOR in the AOR's absence. Subsequently, a written report must be promptly submitted. All sub-awardees will be required to report any threats/incidents to the prime Recipient, who will immediately after, notify the AOR.

At the minimum, a security incident report must contain the name of the Organization, name of the individual(s), date, time, a description of what happened, where the incident occurred, and any other relevant details surrounding the incident.

Due Date: When an incident occurs.

vi. Close-out/Demobilization Plan

Six months prior to the end of the Cooperative Agreement, a close-out/demobilization plan, including the proposed disposition of equipment, including vehicles, must be submitted to the USAID/Peru/ROAA Agreement Officer for approval with copy to the AOR. The close-out plan shall include a list of actions that are typically required for close-out activities such as: ensuring that all program activities are completed; conducting an analysis of progress to date and, if necessary, expediting timelines to ensure completion; a thorough pipeline analysis to ensure that there are sufficient funds available to finalize activities and complete all requirements;

ensuring that all reports are submitted in accordance with the terms and conditions of the agreement; ensuring that all subcontracts and/or sub-awards are completed and payments settled, if applicable. The recipient must submit a final inventory of all residual non-expendable property that was acquired or furnished by the Government under the Agreement and request disposition instructions for any property acquired or furnished by the Government under the program. Particular care should be taken regarding vehicles, since their legal transfer may require a special procedure that would need to be completed before the award ends.

Due Date: Six months prior to the end of the period of performance in [Section A.3](#).

c. Performance Reports

i. Quarterly Performance Progress Reports

Inform on progress and activities of the preceding quarter under the Agreement. The report must describe the tasks completed in the last quarter relative to what was anticipated by the approved Annual Implementation Plan and will assess overall Activity's progress to date relative to the performance indicator targets.

The Annual reports shall include success stories for publication and focus on accomplishments, progress, and problems toward achievement of results, performance measures, indicators, and benchmarks (tied to targets) for the quarter and the entire previous fiscal year.

Due Date: Thirty (30) calendar days after September 30.

iii. Final Performance Progress Report

To include an executive summary of the Recipient's accomplishments in achieving results, targets, and impact; important research findings; comments and recommendations to USAID/Ecuador for future programming; and a fiscal report that describes how the Recipient's funds were used. a. The USAID Identity is the official marking for USAID, comprised of the USAID logo and landmark with the tagline "from the American people," unless amended by USAID to include additional or substitute use of a logo or seal and tagline representing a presidential initiative or other high level interagency initiative. The USAID Identity is on the USAID Web site at www.usaid.gov/branding. Recipients must use the USAID Identity, of a size and prominence equivalent to or greater than any other identity or logo displayed, to mark the following:

- (1) Programs, projects, activities, public communications, and commodities partially or fully funded by USAID;
- (2) Program, project, or activity sites funded by USAID, including visible infrastructure projects or other physical sites;

- (4) Commodities, equipment, supplies, and other materials funded by USAID, including commodities or equipment provided under humanitarian assistance or disaster relief programs; and
- (5) Events financed by USAID, such as training courses, conferences, seminars, exhibitions, fairs, workshops, press conferences and other public activities. If the USAID Identity cannot be displayed, the recipient is encouraged to otherwise acknowledge USAID and the support of the American people.

b. The recipient must implement the requirements of this provision following the approved Marking Plan in the award.

c. The AO may require a preproduction review of program materials and "public communications" (documents and messages intended for external distribution, including but not limited to correspondence; publications; studies; reports; audio visual productions; applications; forms; press; and promotional materials) used in connection with USAID-funded programs, projects, or activities, for compliance with an approved Marking Plan.

d. The recipient is encouraged to give public notice of the receipt of this award and announce progress and accomplishments. The recipient must provide copies of notices or announcements to Agreement Officer's Representative (AOR) and to USAID's Office of Legislative and Public Affairs in advance of release, as practicable. Press releases or other public notices must include a statement substantially as follows:

"The U.S. Agency for International Development administers the U.S. foreign assistance program providing economic and humanitarian assistance in more than 80 countries worldwide."

e. Any "public communication," in which the content has not been approved by USAID, must contain the following disclaimer:

"This study/report/audio/visual/other information/media product (specify) is made possible by the generous support of the American people through the United States Agency for International Development (USAID). The contents are the responsibility of (insert recipient name) and do not necessarily reflect the views of USAID or the United States Government."

f. The recipient must provide the USAID AOR, with two copies of all program and communications materials produced under this award.

g. The recipient may request an exception from USAID marking requirements when USAID marking requirements would:

- (1) Compromise the intrinsic independence or neutrality of a program or materials where independence or neutrality is an inherent aspect of the program and materials;
- (2) Diminish the credibility of audits, reports, analyses, studies, or policy recommendations whose data or findings must be seen as independent;
- (3) Undercut host-country government "ownership" of constitutions, laws, regulations, policies, studies, assessments, reports, publications, surveys or audits, public service announcements, or other communications;
- (4) Impair the functionality of an item;
- (5) Incur substantial costs or be impractical;
- (6) Offend local cultural or social norms, or be considered inappropriate; or

(7) Conflict with international law.

h. The recipient may submit a waiver request of the marking requirements of this provision or the Marking Plan, through the AOR, when USAID-required marking would pose compelling political, safety, or security concerns, or have an adverse impact in the cooperating country.

(1) Approved waivers "flow down" to subagreements, including subawards and contracts, unless specified otherwise. The waiver may also include the removal of USAID markings already affixed if circumstances warrant.

(2) USAID determinations regarding waiver requests are subject to appeal by the recipient, by submitting a written request to reconsider the determination to the cognizant Assistant Administrator.

i. The recipient must include the following marking provision in any subawards entered into under this award:

"As a condition of receipt of this subaward, marking with the USAID Identity of a size and prominence equivalent to or greater than the recipient's, subrecipient's, other donor's, or third party's is required. In the event the recipient chooses not to require marking with its own identity or logo by the subrecipient, USAID may, at its discretion, require marking by the subrecipient with the USAID Identity."

(END OF PROVISION)

M3. DRUG TRAFFICKING AND DRUG-FREE WORKPLACE FAA (JUN 2012)

Additionally, the recipient must make a good-faith effort to maintain a drug-free workplace and USAID reserves the right to terminate or suspend this award if the recipient materially fails to do so.

(END OF PROVISION)

M4. DEBARMENT AND SUSPENSION FAA (JUN 2012)

a. The recipient must not transact or conduct business under this award with any individual or entity that has an active exclusion on the System for Award management (SAM) (www.sam.gov) unless prior approval is received from the Agreement Officer. The list contains those individuals and entities that the U.S. Government has suspended or debarred based on misconduct or a determination by the U.S. Government that the person or entity cannot be trusted to safeguard U.S. Government funds. Suspended or debarred entities or individuals are excluded from receiving any new work or any additional U.S. Government funding for the duration of the exclusion period. If the recipient has any questions about listings in the system, these must be directed to the Agreement Officer.

b. The recipient must comply with Subpart C of 2 CFR Section 180, as supplemented by 2 CFR 780, USAID may disallow costs, annul, or terminate the transaction, debar, or suspend the recipient, or take other remedies as appropriate, if the recipient violates this provision. Although doing so is not automatic, USAID may terminate this award if a recipient or any of its principals meet any of the conditions listed in paragraph c. below. If such a situation arises, USAID will consider the totality of circumstances-including the recipient's response to the situation and any additional information submitted-when USAID determines its response.

c. The recipient must notify the Agreement Officer immediately upon learning that it or any of its principals, at any time prior to or during the duration of this award:

- (1) Are presently excluded or disqualified from doing business with any U.S. Government entity;

- (3) Are presently indicted for or otherwise criminally or civilly charged by any governmental entity for any of the offenses enumerated in paragraph c.(2); or
- (4) Have had one or more U.S.-funded agreements terminated for cause or default within the preceding three years.

d. Principal means-

- (1) An officer, director, owner, partner, principal investigator, or other person within a participant with management or supervisory responsibilities related to a covered transaction; or

 - (ii) Is in a position to influence or control the use of those funds; or,
 - (iii) Occupies a technical or professional position capable of substantially influencing the development or outcome of an activity required to perform the covered transaction.

e. The recipient must include this provision in its entirety except for paragraphs c.(2)-(4) in any subagreements, including subawards or contracts, entered into under this award.

(END OF PROVISION)

M5. PREVENTING TRANSACTIONS WITH, OR THE PROVISION OF RESOURCES OR SUPPORT TO, SANCTIONED GROUPS AND INDIVIDUALS (MAY 2020)

- a. In carrying out activities under this award, except as authorized by a license issued by the Office of Foreign Assets Control (OFAC) of the U.S. Department of

Treasury, the recipient will not engage in transactions with, or provide resources or support to, any individual or entity that is subject to sanctions administered by OFAC or the United Nations (UN), including any individual or entity that is included on the Specially Designated Nationals and Blocked Persons List maintained by OFAC (<https://www.treasury.gov/resource-center/sanctions/SDNList/Pages/default.aspx/>) or on the UN Security Council consolidated list (<https://www.un.org/securitycouncil/content/un-sc-consolidated-list>).

b. Any violation of the above will be grounds for unilateral termination of the agreement by USAID.

c. The Recipient must include this provision in all subawards and contracts issued under this award.

(END OF PROVISION)

M6. TRAFFICKING IN PERSONS FAA (APR 2016)

a. The recipient, subawardee, or contractor, at any tier, or their employees, labor recruiters, brokers, or other agents, must not engage in:

(1) Trafficking in persons (as defined in the Protocol to Prevent, Suppress, and Punish Trafficking in Persons, especially Women and Children, supplementing the UN Convention against Transnational Organized Crime) during the period of this award;

ii. Failing to provide return transportation or pay for return transportation costs to an employee from a country outside the United States to the country from which the employee was recruited upon the end of employment if requested by the employee, unless:

a) exempted from the requirement to provide or pay for such return transportation by USAID under this award; or

b) the employee is a victim of human trafficking seeking victim services or legal redress in the country of employment or a witness in a human trafficking enforcement action;

iii. Soliciting a person for the purpose of employment, or offering employment, by means of materially false or fraudulent pretenses, representations, or promises regarding that employment;

iv. Charging employees recruitment fees; or

v. Providing or arranging housing that fails to meet the host country housing and safety standards.

b. In the event of a violation of section (a) of this provision, USAID is authorized to terminate this award, without penalty, and is also authorized to pursue any other remedial actions authorized as stated in section 1704(c) of the National Defense Authorization Act for Fiscal Year 2013 (Pub. L. 112-239, enacted January 2, 2013).

c. If the estimated value of services required to be performed under the award outside the United States exceeds \$500,000, the recipient must submit to the Agreement Officer, the annual "Certification regarding Trafficking in Persons, Implementing Title XVII of the National Defense Authorization Act for Fiscal Year 2013" as required prior to this award, and must implement a compliance plan to prevent the activities described above in section (a) of this provision. The recipient must provide a copy of the compliance plan to the Agreement Officer upon request and must post the useful and relevant contents of the plan or related materials on its website (if one is maintained) and at the workplace.

d. The recipient's compliance plan must be appropriate to the size and complexity of the award and to the nature and scope of the activities, including the number of non-United States citizens expected to be employed. The plan must include, at a minimum, the following:

(1) An awareness program to inform employees about the trafficking related prohibitions included in this provision, the activities prohibited and the action that will be taken against the employee for violations.

(2) A reporting process for employees to report, without fear of retaliation, activity inconsistent with the policy prohibiting trafficking, including a means to make available to all employees the Global Human Trafficking Hotline at 1-844-888-FREE and its e-mail address at help@befree.org.

(3) A recruitment and wage plan that only permits the use of recruitment companies with trained employees, prohibits charging of recruitment fees to the employee, and ensures that wages meet applicable host-country legal requirements or explains any variance.

(4) A housing plan if the recipient or any subawardee intends to provide or arrange housing. The housing plan is required to meet any host-country housing and safety standards.

(5) Procedures for the recipient to prevent any agents or subawardee at any tier and at any dollar value from engaging in trafficking in persons activities described in section a of this provision. The recipient must also have procedures to monitor, detect, and terminate any agents or subawardee or subawardee employees that have engaged in such activities.

e. If the Recipient receives any credible information regarding a violation listed in section a(1)-(4) of this provision, the recipient must immediately notify the cognizant Agreement Officer and the USAID Office of the Inspector General; and must fully cooperate with any Federal agencies responsible for audits, investigations, or corrective actions relating to trafficking in persons.

f. The Agreement Officer may direct the Recipient to take specific steps to abate an alleged violation or enforce the requirements of a compliance plan.

g. For purposes of this provision, "employee" means an individual who is engaged in the performance of this award as a direct employee, consultant, or volunteer of the recipient or any subrecipient.

h. The recipient must include in all subawards and contracts a provision prohibiting the conduct described in section a(1)-(4) by the subrecipient, contractor, or any of their employees, or any agents. The recipient must also include a provision authorizing the recipient to terminate the award as described in section b of this provision.

(END OF PROVISION)

M7. VOLUNTARY POPULATION PLANNING ACTIVITIES - MANDATORY REQUIREMENTS FAA (MAY 2006)

a. Requirements for Voluntary Sterilization Programs

(1) Funds made available under this award must not be used to pay for the performance of involuntary sterilization as a method of family planning or to coerce or provide any financial incentive to any individual to practice sterilization.

b. Prohibition on Abortion Related Activities:

(1) No funds made available under this award will be used to finance, support, or be attributed to the following activities: (i) procurement or distribution of equipment intended to be used for the purpose of inducing abortions as a method of family planning; (ii) special fees or incentives to any person to coerce or motivate them to have abortions; (iii) payments to persons to perform abortions or to solicit persons to undergo abortions; (iv) information, education, training, or communication programs that seek to promote abortion as a method of family planning; and (v) lobbying for or against abortion. (END OF PROVISION)

M8. EQUAL PARTICIPATION BY FAITH-BASED ORGANIZATIONS FAA (JUN 2016)

a. Faith-Based Organizations Encouraged

Faith-based organizations are eligible, on the same basis as any other organization, to participate in any USAID program for which they are otherwise eligible. Neither USAID nor entities that make and administer subawards of USAID funds shall discriminate for or against an organization on the basis of the organization's religious character or affiliation. Additionally, religious organizations shall not be disqualified from participating in USAID programs because such organizations are motivated or influenced by religious faith to provide social services, or because of their religious character or affiliation.

Decisions about awards of USAID financial assistance must be free from political interference or even the appearance of such interference. Awards must be made on the basis of merit, not the basis of the religious affiliation of an applicant, or lack thereof. A faith-based organization may continue to carry out its mission, including the definition, development, practice, and expression of its religious beliefs, within the limits contained in this provision. For more information, see the USAID Faith-Based and Community Initiatives Web site and 22 CFR 205.1.

b. Explicitly Religious Activities Prohibited.

(1) Explicitly religious activities include activities that involve overt religious content such as worship, religious instruction, prayer, or proselytization.

(2) The recipient must not engage in explicitly religious activities as part of the programs or services directly funded with financial assistance from USAID. If the recipient engages in explicitly religious activities, the activities must be offered separately, in time or location, from any programs or services directly funded by this award, and participation must be voluntary for beneficiaries of the programs or services funded with USAID assistance.

(3) These restrictions apply equally to religious and secular organizations. All organizations that participate in USAID programs, as recipients or subawardees, including religious ones, must carry out eligible activities in accordance with all

program requirements and other applicable requirements governing USAID-funded activities.

(4) Notwithstanding the restrictions of b.(1) and (2), a religious organization that participates in USAID-funded programs or services:

(i) May retain its independence and may continue to carry out its mission, including the definition, development, practice, and expression of its religious beliefs, provided that it does not use direct financial assistance from USAID to support or engage in any explicitly religious activities or in any other manner prohibited by law;

(ii) May use space in its facilities, without removing religious art, icons, scriptures, or other religious symbols; and

(iii) May retain its authority over its internal governance, and may retain religious terms in its organization's name, select its board members on a religious basis, and include religious references in its organization's mission statements and other governing documents.

c. Implementation in accordance with the Establishment Clause: Nothing in this provision shall be construed as authorizing the use of USAID funds for activities that are not permitted by Establishment Clause jurisprudence or otherwise by law.

d. Discrimination Based on Religion Prohibited: The recipient must not, in providing services, discriminate against a program beneficiary or potential program beneficiary on the basis of religion or religious belief, refusal to hold a religious belief or a refusal to attend or participate in a religious practice.

e. A religious organization's exemption from the Federal prohibition on employment discrimination on the basis of religion, set forth in Sec. 702(a) of the Civil Rights Act of 1964, 42 U.S.C. 2000e-1 is not forfeited when the organization receives financial assistance from USAID.

f. The Secretary of State may waive the requirements of this section in whole or in part, on a case-by-case basis, where the Secretary determines that such waiver is necessary to further the national security or foreign policy interests of the United States.

g. This provision must be included in all subawards under this award.

(END OF PROVISION)

M9. USAID IMPLEMENTING PARTNER NOTICES (IPN) PORTAL FOR ASSISTANCE FAA (JUL 2014)

(a) Definitions

awards, which can be accessed electronically by registered USAID recipients. The IPN Portal is located at <https://sites.google.com/site/usaidipnforassistance/>.

"IPN Portal Administrator" means the USAID official designated by the Director, M/OAA, who has overall responsibility for managing the USAID Implementing Partner Notices Portal for Assistance.

"Universal bilateral amendment" means those amendments with revisions or new requirements or provisions that affect all awards or a designated class of awards, as specified in the Agency notification of such revisions or new requirements.

(b) By submission of an application and execution of an award, the Applicant/Recipient acknowledges the requirement to:

(1) Register with the IPN Portal if awarded an assistance award resulting from this solicitation, and

(2) Receive universal bilateral amendments to this award and general notices via the IPN Portal.

(c) Procedure to register for notifications.

Go to <https://sites.google.com/site/usaidipnforassistance/> and click the "Register" button at the top of the page. Recipient representatives must use their official organization email address when subscribing, not personal email addresses.

(d) Processing of IPN Portal Amendments

The Recipient may access the IPN Portal at any time to review all IPN Portal amendments; however, the system will also notify the Recipient by email when the USAID IPN Portal Administrator posts a universal bilateral amendment for Recipient's review and signature. Proposed USAID IPN Portal amendments distributed via the IPN Portal are applicable to all awards, unless otherwise noted in the proposed amendment.

Within 15 calendar days from receipt of the notification email from the IPN Portal, the Recipient must do one of the following:

(1) (a) verify applicability of the proposed amendment for their award(s) per the instructions provided with each amendment; (b) download the amendment and incorporate the following information on the amendment form: award number, organization name, and organization mailing address as it appears in the basic award; (c) sign the hardcopy version; and (d) send the signed amendment (by email or hardcopy) to the AO for signature. The Recipient must not incorporate any other changes to the IPN Portal amendment. Bilateral amendments provided through the IPN Portal are not effective until the both the Recipient and the AO sign the amendment;

(2) Notify the AO in writing if the amendment requires negotiation of additional changes to terms and conditions of the award; or

(3) Notify the AO that the Recipient declines to sign the amendment.

Within 30 calendar days of receipt of a signed amendment from the Recipient, the AO must provide the fully executed amendment to the Recipient or initiate discussions with the Recipient.

(END OF PROVISION)

M10. ENHANCEMENT OF GRANTEE EMPLOYEE WHISTLEBLOWER PROTECTIONS (DECEMBER 2022)

The requirement to comply with and inform all employees of the "Pilot Program for Enhancement of Contractor Employee Whistleblower Protections" is retroactively effective for all assistance awards and subawards (including subcontracts) issued beginning July 1, 2013.

The Recipient must:

1. Inform its employees working under this award in the predominant native language of the workforce that they are afforded the employee whistleblower rights and protections provided under 41 U.S.C. Sec. 4712; and
2. Include such requirement in any subaward or subcontract made under this award.

41 U.S.C. Sec. 4712 states that an employee of a Grantee may not be discharged, demoted, or otherwise discriminated against as a reprisal for "whistleblowing." In addition, whistleblower protections cannot be waived by any agreement, policy, form, or condition of employment. The parties agree that this prohibition extends to cooperative agreements in addition to grants.

Whistleblowing is defined as making a disclosure "that the employee reasonably believes" is evidence of any of the following:

- Gross mismanagement of a Federal contract or grant;
- A gross waste of Federal funds;
- An abuse of authority relating to a Federal contract or grant;
- A substantial and specific danger to public health or safety; or
- A violation of law, rule, or regulation related to a Federal contract or grant (including the competition for, or negotiation of, a contract or grant).

To qualify under the statute, the employee's disclosure must be made to:

- A Member of the U.S. Congress, or a representative of a U.S. Congressional Committee;
- A cognizant U.S. Inspector General;
- The U.S. Government Accountability Office;

- A Federal employee responsible for contract or grant oversight or management at the relevant agency;
- A U.S. court or grand jury; or,
- A management official or other employee of the Recipient who has the responsibility to investigate, discover, or address misconduct.

(END OF PROVISION)

M11. SUBMISSION OF DATASETS TO THE DEVELOPMENT DATA LIBRARY FAA (OCT 2014)

a. Definitions. For the purpose of submissions to the DDL:

(1) "Dataset" is an organized collection of structured data, including data contained in spreadsheets, whether presented in tabular or non-tabular form. For example, a Dataset may represent a single spreadsheet, an extensible mark-up language (XML) file, a geospatial data file, or an organized collection of these. This requirement does not apply to aggregated performance reporting data that the recipient submits directly to a USAID portfolio management system or to unstructured data, such as email messages, PDF files, PowerPoint presentations, word processing documents, photos and graphic images, audio files, collaboration software, and instant messages. Neither does the requirement apply to the recipient's information that is incidental to award administration, such as financial, administrative, cost or pricing, or management information. Datasets submitted to the DDL will generally be those generated with USAID resources and created in support of Intellectual Work that is uploaded to the Development Experience Clearinghouse (DEC) (See M1. SUBMISSIONS TO THE DEVELOPMENT EXPERIENCE CLEARINGHOUSE AND DATA RIGHTS (JUNE 2012)).

(2) "Intellectual Work" includes all works that document the implementation, monitoring, evaluation, and results of international development assistance activities developed or acquired under this award, which may include program and communications materials, evaluations and assessments, information products, research and technical reports, progress and performance reports required under this award (excluding administrative financial information), and other reports, articles and papers prepared by the recipient under the award, whether published or not. The term does not include the recipient's information that is incidental to award administration, such as financial, administrative, cost or pricing, or management information.

b. Submissions to the Development Data Library (DDL)

(1) The recipient must submit to the Development Data Library (DDL) at www.usaid.gov/data, in a machine-readable, non-proprietary format, a copy of any Dataset created or obtained in performance of this award, including datasets produced by a subawardee or a contractor at any tier. The submission must include supporting documentation describing the Dataset, such as code books,

data dictionaries, data gathering tools, notes on data quality, and explanations of redactions.

(2) Unless otherwise directed by the Agreement Officer (AO) or the Agreement Officer Representative (AOR), the recipient must submit the Dataset and supporting documentation to the DDL within thirty (30) calendar days after the Dataset is first used to produce an Intellectual Work or is of sufficient quality to produce an Intellectual Work. Within thirty (30) calendar days after award completion, the recipient must submit to the DDL any datasets and supporting documentation that have not previously been submitted to the DDL, along with an index of all Datasets and Intellectual Work created or obtained under the award. The recipient must also provide to the AOR an itemized list of any and all DDL submissions.

The recipient is not required to submit the data to the DDL, when, in accordance with the terms and conditions of this award, datasets containing results of federally funded scientific research are submitted to a publicly accessible research database. However, the recipient must submit a notice to the DDL by following the instructions at www.usaid.gov/data, with a copy to the agreement officer representative, providing details on where and how to access the data. The direct results of federally funded scientific research must be reported no later than when the data are ready to be submitted to a peer-reviewed journal for publication, or no later than five calendar days prior to the conclusion of the award, whichever occurs earlier.

(3) The recipient must submit the Datasets following the submission instructions and acceptable formats found at www.usaid.gov/data.

(4) The recipient must ensure that any Dataset submitted to the DDL does not contain any proprietary or personally identifiable information, such as social security numbers, home addresses, and dates of birth. Such information must be removed prior to submission.

(5) The recipient must not submit classified data to the DDL.

(e) In accordance with section 743 of Division E, Title VII, of the Consolidated and Further Continuing Appropriations Act, 2015, (Pub. L. 113-235), and its successor provisions in subsequent appropriations acts (and as extended in continuing resolutions) use of funds appropriated (or otherwise made available) is prohibited, if the Government determines that the recipient is not in compliance with the requirements of this provision.

(f) The recipient must include the substance of this provision, including this paragraph (f), in subawards and contracts under such awards.

(END OF PROVISION)

M13. SAFEGUARDING AGAINST EXPLOITATION, SEXUAL ABUSE, CHILD ABUSE, AND CHILD NEGLECT (OCTOBER 2023)

(a) Definitions for the purposes of this provision.

“Child abuse” means emotional, physical, sexual, or any other ill-treatment carried out against a child by an adult.

“Employee” means an individual who is engaged in the performance of this award as a direct employee, consultant, or volunteer of the recipient or any subrecipient.

“Exploitation” constitutes any actual or attempted abuse of a position of vulnerability, differential power, or trust, including for the purposes of profiting monetarily, socially, or politically. When carried out for a sexual purpose this constitutes sexual exploitation.

“Physical child abuse” means acts or failures to act resulting in injury (not necessarily visible) or unnecessary or unjustified pain or suffering without causing injury, harm, or risk of harm to a child’s health or welfare, or death.

“Sexual abuse” constitutes any actual or threatened physical intrusion of a sexual nature toward another person whether by force or under unequal or coercive conditions. When carried out against a child by an adult, such conduct is considered sexual abuse even in the absence of force or unequal or coercive conditions.

(b) Requirements. In the performance of this award, the recipient must have and implement a set of publicly available standards, policies, or procedures to prevent, detect, address, and respond to allegations of exploitation, sexual abuse, child abuse, and child neglect that:

- (1) Prohibit employees, agents, interns, or any other person provided access or contact with beneficiaries, from engaging in any exploitation, sexual abuse, child abuse, and child neglect of any person during the period of performance, supporting or advancing these actions, or intentionally ignoring or failing to act upon allegations of these actions;
- (2) Are consistent with the Inter-Agency Standing Committee’s Six Core Principles Relating to Sexual Exploitation and Abuse, as amended, available at <https://psea.interagencystandingcommittee.org/update/iasc-six-core-principles> and the Keeping Children Safe Standards, available at <https://www.keepingchildrensafe.global/accountability/>;
- (3) Require reporting of suspicions or concerns related to violations of the prohibitions in paragraph (1) to the recipient;
- (4) Require a “survivor-centered approach” for responding to alleged violations of the prohibitions. Such an approach must ensure the survivor’s dignity, experiences, considerations, needs, and resiliencies are placed at the center of the process;
- (5) When a child is involved, require a “best interest of the child determination” for responding to alleged violations of the prohibitions. This determination considers the best possible outcome for a vulnerable child who has been exposed to violence, abuse, exploitation, or neglect;
- (6) Include remedies for violations;
- (7) Monitor subrecipients, employees, agents, interns, or any other person provided access or contact with beneficiaries;

- (8) Details the actions that may be taken against subrecipients, employees, agents, interns, or any other person provided access or contact under the award who commit exploitation, sexual abuse, child abuse, and child neglect of any person or who fail to take reasonable steps to prevent it; and
- (9) Provide transparency on hiring, screening, and employment practices, including on rehiring or transfer and referencing for subsequent employers.

(c) Compliance Plan. For awards exceeding \$500,000, the recipient must develop, implement, and maintain a compliance plan, either in conjunction with or separate from the Trafficking in Persons Compliance Plan, that details risk analysis and mitigation measures that will be implemented during the period of performance of the award to prevent and address exploitation, sexual abuse, child abuse, and child neglect of any person, consistent with the requirements in paragraph (b) of this provision.

- (1) The recipient's compliance plan must be appropriate to the size and complexity of the award and to the nature and scope of the activities, including the particular risks presented by the operating context. The plan must include, at a minimum, the following:
 - (i) Reasonable measures to reduce the risk of exploitation, sexual abuse, child abuse, and child neglect. Where implementation of projects under this award may involve children, this includes limiting unsupervised interactions with children and complying with applicable laws, regulations, or customs regarding harmful image-generating activities of children;
 - (ii) An awareness program to inform employees, agents, interns, or any other person provided access or contact with beneficiaries about the requirements of this provision, including the activities prohibited, the action that will be taken in response to violations, and the mechanism(s) for reporting allegations;
 - (iii) A description of how beneficiaries and local community members:
 - A. Are made aware of the prohibited activities,
 - B. How they may report allegations, and
 - C. How (A) and (B) are carried out in a manner that is inclusive, culturally appropriate, and sensitive to the context;
 - (iv) Safe, accessible, and publicly available reporting mechanism(s) that may be integrated with any existing or similar such mechanisms, for anyone to confidentially report exploitation, sexual abuse, child abuse, and child neglect, with appropriate safeguards to protect whistle-blowers and survivors, including express protection against retaliation for reporting, and documented procedures for protecting personally identifiable information (PII) from unauthorized access and disclosure; and

- (v) Appropriate measures to protect survivors of or witnesses to activities prohibited in paragraph (b)(1) of this provision and not prevent or hinder cooperating fully with U.S. Government authorities.
- (2) The recipient must provide a copy of the compliance plan to the Agreement Officer upon request.

(d) Notification.

- (1) The recipient must immediately inform, in writing, the Bureau for Management, Office of Management Policy, Budget, and Performance, Responsibility, Safeguarding, and Compliance Division (M/MPBP/RSC) at **disclosures@usaid.gov**, with a copy to the Agreement Officer, and the USAID Office of Inspector General (OIG) whenever the recipient receives credible information from any source that alleges the recipient, subrecipient, employee, agent, intern, or any other person provided access or contact with beneficiaries under the award has engaged in activities prohibited in paragraph (b)(1) of this provision; and
- (2) As soon as practicable, the recipient must provide in writing, as specified above: (i) additional information on any actions planned or taken in response to the allegation; and (ii) any actions planned or taken to assess, address, or mitigate factors that contributed to the incident.
- (3) The Agreement Officer authorizes M/MPBP/RSC to correspond with the recipient for further information relating to the notification.
- (4) In providing any notifications under this subsection, the recipient should not share PII, unless specifically requested by the Agency or USAID OIG.

(e) Remedies. In addition to other remedies available to the U.S. Government, the recipient's failure to comply with the requirements of paragraphs (b), (c), and (d) of this provision may also result in the Agency initiating suspension or debarment proceedings.

(f) Subrecipients. The recipient must insert the terms of this provision, including this paragraph (f), in all subawards except to require subrecipients to notify the recipient. The recipient must forward such notifications as required in paragraph (d).

[END OF PROVISION]

M14. MANDATORY DISCLOSURES (JUNE 2023)

Consistent with 2 CFR §200.113, applicants and recipients must disclose, in a timely manner, in writing to the USAID Office of the Inspector General (OIG), with a copy to the cognizant Agreement Officer, all violations of Federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the Federal award. Subrecipients and contractors must disclose, in a timely manner, in writing to the USAID OIG and to the prime recipient (pass through entity) all violations of Federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the Federal award.

Failure to make required disclosures can result in any of the remedies described in 2 CFR §200.339 Remedies for noncompliance, including suspension or debarment (See 2 CFR 180, 2 CFR 780 and 31 U.S.C. 3321).

The recipient must include this mandatory disclosure requirement in all subawards and contracts under this award.

[END OF PROVISION]

M15. NONDISCRIMINATION AGAINST BENEFICIARIES (NOV 2016)

(a) USAID policy requires that the recipient not discriminate against any beneficiaries in implementation of this award, such as, but not limited to, by withholding, adversely impacting, or denying equitable access to the benefits provided through this award on the basis of any factor not expressly stated in the award. This includes, for example, race, color, religion, sex (including gender identity, sexual orientation, and pregnancy), national origin, disability, age, genetic information, marital status, parental status, political affiliation, or veteran's status. Nothing in this provision is intended to limit the ability of the recipient to target activities toward the assistance needs of certain populations as defined in the award.

(b) The recipient must insert this provision, including this paragraph, in all subawards and contracts under this award.

M16. CONFLICT OF INTEREST (AUG 2018)

a. A conflict of interest in the award, administration, or monitoring of subawards arises when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of these parties, has a financial or other interest in or a tangible personal benefit from a non-federal entity considered for a subaward. The officers, employees, and agents of the non-federal entity may neither solicit nor accept gratuities, favors, or anything of monetary value from subrecipients or parties to subawards. However, pass-through entities may set standards for situations in which the financial interest is not substantial, or the gift is an unsolicited item of nominal value. The standards of conduct must provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the pass-through entity.

b. The recipient must maintain written standards of conduct covering conflicts of interest and governing the actions of its employees engaged in the selection, award, and administration of subawards. The recipient safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.

c. The non-federal entity must also maintain written standards of conduct covering organizational conflicts of interest. Organizational conflicts of interest means that because of relationships with a parent company, affiliate, or subsidiary organization, the non-federal entity is unable or appears to be unable to be impartial in conducting a subaward action involving a related organization.

- d. The recipient must have a system or systems in place to address, resolve, and disclose to USAID any conflicts of interest as described in this provision that affect any subaward regardless of the amount funded under this award.
- e. The recipient must disclose any conflict of interest and the recipient's approach for resolving the conflict of interest to the cognizant Agreement Officer for the award within 10 calendar days of the discovery of the conflict of interest.
- f. Upon notice from the recipient of a potential conflict of interest and the approach for resolving it, the Agreement Officer will make a determination regarding the effectiveness of the recipient's actions to resolve the conflict of interest within 30 days of receipt of the recipient's notice, unless the Agreement Officer advises the recipient that a longer period is necessary.
- g. The recipient cannot request payment from USAID for costs for transactions subject to the conflict of interest pending notification of USAID's determination. Failure to disclose a conflict of interest may result in cost disallowances.
- h. For conflicts of interest, including organizational conflicts of interest, involving contracts, the recipient must follow 2 CFR 200.318, general procurement standards.
- i. The recipient must insert the substance of this provision, including paragraph (i), in all subawards under this award, at any subaward tier.

[END OF PROVISION]

M17. EXCHANGE VISITORS VISA REQUIREMENTS (DECEMBER 2022)

For any Exchange Visitor Invitational Travel activities, the recipient must comply with this provision (see ADS 252 for more information on USAID's policies and internal procedures for Exchange Visitor visa requirements).

a. Definitions:

An Exchange Visitor (EV) is any foreign national who is traveling to or is already in the United States as a beneficiary (not provider) of USAID development assistance for any purpose, including invitational travel, and is financed in whole or in part, directly or indirectly, by USAID. All USAID-sponsored EVs must obtain, use, and abide by the terms of the J-1 visa exclusively even if they already have a valid nonimmigrant visa (e.g., B-1/B-2). All Individuals traveling under Invitational Travel (see ADS 522) must also travel on a J-1 visa as a USAID-sponsored EV. Foreign government officials and their immediate family members who qualify for an A diplomatic visa having recognized diplomatic titles, privileges, and immunities are not included in this definition. Training and Exchanges Automated Management System (TEAMS) is USAID's data system for the reporting of information on all USAID Exchange Visitor activities. TEAMS is USAID's single repository of EV data. TEAMS is a web-based application that helps Missions, contractors, recipients, and contractor/recipient systems at various locations to collaborate in approving and reporting EVs. The system serves as USAID's data interface with the Department of Homeland Security (DHS) Student and Exchange Visitor Information System (SEVIS).

- b. **Visa Compliance Requirement:** In accordance with 22 C.F.R. Part 62, the Department of State has designated USAID as a sponsor for exchange visitor programs. This award constitutes the written agreement between the recipient and USAID that authorizes the recipient to act on behalf of USAID in the conduct of any exchange visitor activities in the Program Description of this award. The recipient must ensure that any EV-sponsored under the award must obtain, use, and abide by the terms of the J-1 visa even if the EV already has a valid non-immigrant visa (e.g., B-1/B-2). Any exception to the requirement for an EV to obtain, use, and abide by a J-1 visa must be approved by the Mission Director or USAID/W Office Director in accordance with the procedures in ADS 252.
- c. **Program Monitoring and Data Reporting:** The recipient must monitor EVs' progress during their program and ensure that problems are identified and resolved quickly. The Agreement Officer's Representative (AOR) will arrange for the TEAMS helpdesk (TEAMS@usaid.gov) to provide the recipient with access to and instructions for using USAID's TEAMS, where the recipient will report and manage EV data.
- d. **Health and Accident Insurance:** The recipient must enroll EVs in health and accident insurance coverage that meets or exceeds Department of State and USAID minimum coverage requirements as set forth in 22 CFR 62.14 and ADS 252 Visa Compliance for Exchange Visitors. Any dependent(s) must provide proof of health insurance.
- e. **Immigration Requirements:** The recipient must ensure that all EVs obtain, use, and comply with the terms of the J-1 visa, issued in conjunction with a USAID-issued Certificate of Eligibility for J-1 Visa Status (DS-2019).
- f. **Language Proficiency:** The recipient must verify that an EV is proficient in English if the individual will undertake a U.S.-based Exchange Visitor program that is conducted in English. Even if accompanied by an interpreter, the EV must have sufficient English language skills to understand and respond to basic questions at the U.S. port of entry. USAID cannot waive this external requirement of English language proficiency determination (see **22 CFR 62.10(a)(2)**). Language competency can be verified through a variety of means including proficiency assessments of interviews, publications, presentations, education conducted in English, and formal testing.
- g. **Pre-arrival Orientation:** The recipient must ensure that EVs receive pre-arrival orientation to prepare them for their trip to the United States. Pre-arrival orientation as set forth in 22 CFR 62.10(b) covers program objectives, administrative and policy review, cultural aspects, and training/learning methods, and USAID's conditions of sponsorship.
- h. **Conditions of Sponsorship:** The recipient must ensure that all EVs read and sign the Conditions of Sponsorship for U.S.-Based Activities form (AID Form 252-1). The recipient immediately must report to the Responsible Officer any known violations by EVs. The Responsible Officer is the designated official in charge of maintaining USAID's official designation as an EV program sponsor (see ADS 252).

- i. **Fly America:** If applicable, the recipient must comply with the Fly America Act requirements for international air travel and transportation required for EVs and any authorized dependents under this award.

The term does not include emplacement and removal of prefabricated structures and humanitarian shelters that are designed and constructed to be readily moved, erected, disassembled, stored, and reused (i.e., “relocatable buildings”), unless the emplacement and removal of the relocatable building requires site preparation work that otherwise meets the definition of construction.

- d) Agreement Officers will not approve any subawards or procurements by recipients for construction activities that are not listed in paragraph e) below.
- e) Description
Construction is not eligible for reimbursement under this award.
