

ASSISTANCE PROJECT-LEVEL PERFORMANCE INDICATOR OR MILESTONE REFERENCE SHEET

Reengagement with Kazakhstani Small Grants Program (SGP) Grantees

Required Information	Instructions: Complete each row for all outcome indicators or outcome milestones associated with a project.
Project Outcome	Increased understanding of the effectiveness of grants awarded to Kazakhstani NGO communities.
Indicator or Milestone Title	1.1 Percent of SGP grantees implemented the projects funded by the USG
Definition	Percentage of SGP grantees successfully implemented their proposed projects and achieved planned outcomes
Linkage to Long-Term Outcomes	Long-term Outcome: Kazakhstani NGOs are more effective at advancing their priorities.
Reporting Type	Percent
Use of Indicator or Milestone	Proposed indicator is a self-reported one. Similar indicator will be added to Standard indicators sheet (part of NOFO documents) for potential grantees and will be used to determine the capacity of Kazakhstani NGOs to effectively and fully achieve their goals
Reporting Frequency	Annually
Data Source	Primary data sources: • Pre- and post-tests • pre- and post- activity surveys/questionnaires • Interviews, Direct observation, Focus groups • Program reports Secondary data sources: • Official reports from implementing partner(s)
Indicator Owner(s)	POC: PDS Data Providers: PDS, Implementing Partners
Disaggregates	n/a

Required Information	Instructions: Complete each row for all outcome indicators or outcome milestones associated with a project.
Project Outcome	Active grantees, particularly working in areas related to U.S. policy priorities, are reengaged and connected with each other.
Indicator or Milestone Title	1.2 Percent of SGP grantees working in areas related to U.S. policy priorities
Definition	Percentage of SGP grantees implementing projects or programs of high importance to US policy priorities
Linkage to Long-Term Outcomes	Long-term Outcome: The U.S. Mission is better able to engage genuine changemakers in the NGO community who are working on U.S. policy priorities.
Reporting Type	Percent
Use of Indicator or Milestone	Proposed indicator is a self-reported one. Similar indicator will be added to Standard indicators sheet (part of NOFO documents) for potential grantees and will be used to identify current and past SGP grantees working in US policy priorities to cooperate with them in the future
Reporting Frequency	Annually
