Applicants are encouraged to submit multiple sections in a single Microsoft Word document (e.g., Table of Contents, Executive Summary, and Proposal Narrative in one file). Budget (in excel), using the attached budget template, and budget narrative (in Word) should be **separated** from the proposal narrative.

For ease of review, we request applicants to ensure that the **budget narrative addresses the costs in the same order as they are listed in the detailed line-item budget**.

10. NICRA/Indirect Cost Rate: If your organization has a Negotiated Indirect Cost Rate Agreement (NICRA), the most recently approved NICRA must be included as a .pdf file. This document will not be reviewed by the panelists, but rather by the Grants Officer if the proposal is recommended for funding. NICRA inclusion does not count against the page limitations as described above. If your proposal involves implementing partners charging indirect costs, please submit the applicable NICRA also as a .pdf file.

Per 2 CFR 200.414, applicants that do not have a NICRA may elect to charge a de minimis rate of **up to** 10% of modified total direct costs (MTDC) which may be used indefinitely. If your organization has a NICRA rate, you are **not** allowed to apply the 10% de minimis, i.e. to alternate between the NICRA and the 10% de minimis. Whichever methodology is elected, it must be applied consistently to all federal awards. As described in 2 CFR 200.403, costs must be consistently charged as either indirect or direct costs and may not be double-charged.

11. Audit: Include a copy of your organization's most recent audit (single or program audit), if applicable, or the annual financial statement audit, please refer to the 2 CFR 200 for requirements). This document will not be reviewed by the review panel and will not be counted against the page limitations. The applicant's proposal may include the cost of an audit that:

- 1) Complies with the requirements of 2 CFR 200 Subpart F "Audit Requirements"
- 2) Complies with the requirements of American Institute of Certified Public Accountants (AICPA) Statement of Position (SOP) No. 92-9, "Audits of Not-for-Profit Organizations Receiving federal Awards"
- 3) Complies with AICPA Codification of Statements on Auditing Standards AU Section 551, "Reporting on Information Accompanying the Basic Financial Statements in Auditor-Submitted Documents," where applicable.

A non-federal entity that **expends** \$750,000 or more in all USG federal assistance awards during the non-federal entity's fiscal year is required to conduct a single or program-specific audit for that year in accordance with the provisions of 2 CFR 200 subpart F. For more information, see Audit Services, 2 CFR 200.425.

NOTE: DOS retains the right to request additional documentation for items not specified in this PSI.

Indicate the roles and responsibilities of key project personnel with short biographies that highlight professional experience as it relates to the organization's capacity to implement the award, please add the names of those individuals.

b) Timeline/Schedule of Activities:

Provide a timeline or schedule of activities for the overall project. Components should include activities, monitoring and evaluation efforts, and project closeout. You may use a table, or another format, that is suitable for indicating the timing of the planned activities and the relationship between or sequencing of the activities. Choose the best tool to demonstrate the timeline for your program plan.

c) Project Monitoring Plan (PMP):

Bureau will work with recipient organization to implement the appropriate performance monitoring plan that meets both the needs of the Bureau and the implementing partner. Incorporating a well-designed monitoring and evaluation component into a project is one of the most efficient methods of documenting the progress and potential success of a project. A template for the Project Monitoring Plan is provided as Attachment 3.

d) Detailed Budget & Budget Narrative: Complete applications must include a detailed line-item budget following attached budget format and budget narrative to clarify and justify individual line-items.

Applicants are required to use the template provided as Attachment 2. Please follow instructions in the Budget Guidelines document.

- **Cost-Effectiveness** - Applicants should demonstrate cost-effectiveness of USG funds by presenting **reasonable budgets based on real estimates**. Budgets that either significantly over-estimate or under-estimate line item amounts will not be viewed as cost-effective.
- **Cost- Share** –Refers to a portion of project or program cost that is not borne by USG. Cost-sharing, if not mandated in the NOFO, is not required and will not be used as a factor in proposal

review. If offered voluntarily, cost-share must be itemized, explained, and **justified**. Cost-share follows the same principle as USG funds.

For any cost- share included, applicants are required to provide an explanation of the contributions, whether cash or in-kind. Assign a monetary value in U.S. dollars to each in-kind contribution. If the proposed project is a component of a larger program, identify other funding sources for the proposal and indicate the specific funding amount to be provided by those sources.
