

Applicants should use the "Add Optional Project Narrative File" function of the Project Narrative Attachment Form in their Grants.gov Workspace to upload their completed OnRamp Application.

ONRAMP APPLICATION TEMPLATE (FIVE PAGE LIMIT)	
APPLICANT NAME AND UEI	
QUESTIONS	APPLICANT RESPONSES (PLEASE USE THE BLOCKS PROVIDED FOR EACH QUESTION ONLY)
Requirements Analysis	
1. What is your experience with requirements analysis, specifically working with users to identify capabilities, prepare the capability statements, perform market research, and manage the project.	
Management	
1. What is your organization's experience working with government or military entities?	
2. Has your organization managed projects proposed by universities, startups, and/or early stage ventures? If so, at what scale and duration did these project(s) operate for?	
3. Has your organization managed a collaborative space requirement that facilitated both US Government and Non-Government partners? If so, what did that entail? How did you organize and run the space on a day to day basis?	
4. How has your organization worked with universities, local / regional economic development organizations, other non-profit entities, and/or other stakeholders, especially with regard to ecosystem growth, innovation, and forging collaborations such as public-private partnerships?	
5. Has your organization managed work by remote performers? If so, what has been your approach to doing so?	
6. Has your organization handled or managed classified spaces?	

Applicants should use the "Add Optional Project Narrative File" function of the Project Narrative Attachment Form in their Grants.gov Workspace to upload their completed OnRamp Application.

<p>7. What other qualifications / management attributions that we have not yet asked would you like to share?</p>	
<p>Managing Regional Hubs</p>	
<p>8. What is the approach you would take to manage the Defense Innovation OnRamp? Please focus on design, development, and then ongoing management and oversight of the various types of offices, Hubs, and other projects envisioned as part of the Defense Innovation OnRamp.</p>	
<p>a. How would you ensure that both you and the other efforts within the Defense Innovation OnRamp align with DIU priorities?</p>	
<p>b. What features would you bring to bear to ensure optimal coordination, collaboration, and administration between regional Hubs, the regions they serve (e.g., local economic development agencies, startup ecosystem, universities), the Department of Defense, and other key stakeholders?</p>	
<p>c. How do you plan to create opportunities for successful partnerships and program execution? How would you envision individual OnRamp Hubs collaborating on a national level?</p>	
<p>d. When designing the overall OnRamp Hub program, what additional factors or data will you bring to bear that should DIU consider?</p>	
<p>e. How would you define the type of impact the Defense Innovation OnRamp could have? What metrics do you recommend using?</p>	

Applicants should use the "Add Optional Project Narrative File" function of the Project Narrative Attachment Form in their Grants.gov Workspace to upload their completed OnRamp Application.

9. How will you ensure DIU receives input from, and engagement with, local and regional economic development and other stakeholders in the administration of the OnRamp Hub program, or other forms of public-private-partnership?	
10. What else would you like to share with regard to your approach to managing the Defense Innovation OnRamp?
