Organization	Questions	Answers
NGO Peinda Sall	We used this CFDA:19.200 but couldn't locate the NOFO. The apply tab is not active.	The correct CFDA is:19.220. The freezing page is probably a technical issue. We recommend using a different browser or restarting your computer.
ASPRO.2001	We would like to get the links to the related documents so that we can access the full announcement as part of the PGO program application.	You can access the announcement via one of the links below. Once you access the announcement, then look at the top, there will be blue tabs, then click on the one that says "Related Documents" – there you should find all related documents. NGO ADPE	I was unable to download the Mandatory Application Form.	You can access the forms via the link below: https://www.grants.gov/web/grants/forms/sf-424-individual-family.html
