

*This attachment is provided as reference to AFRL's Science and Technology (S&T) Protection Initial Risk Review. See AFRLI 61-113 for further explanation. No action is required by the offeror.

S&T PROTECTION INITIAL RISK REVIEW

Name of Offeror:	Proposal Title:
Name of Reviewer:	Office Symbol:
Date of Review:	Phone No:

In accordance with (IAW) Air Force Research Laboratory Instruction (AFRLI) 61-113, "*Science and Technology (S&T) Protection for the Air Force Research Laboratory*", Section 3.4, a S&T Protection Initial Risk Review was conducted only for those proposals categorized as Selectable and selected for funding and negotiations. The risk review consisted of a personnel risk assessment and initial institution S&T protection program review, as documented below.

The Offeror's proposal was categorized as Selectable AND selected for funding and negotiations IAW the procedures outlined in the solicitation under which this proposal was submitted.

Response: Choose an item.

IAW AFRLI 61-113, the Offeror submitted as part of their proposal a completed initial Standard Form (SF) 424, *Research and Related Senior/Key Person Profile (Expanded) Form*, for all senior/key personnel proposed, and documentation of a security program plan to include, at a minimum, a completed Security Program Questionnaire.

Response: Choose an item.

IAW AFRLI 61-113 Sections 3.4.2 and 3.4.3, the Government reviewed the Offeror's submitted S&T protection documentation and performed a S&T Protection Initial Risk Review, consisting of: 1) a Personnel Risk Assessment, in which the Government reviewed non-government research key/senior performers identified by the Offeror on the initial SF 424 for workload conflicts and conflicts of interest; and 2) an Initial Institution S&T Protection Program Review, in which the Government reviewed the Offeror's security program information including, at a minimum, a completed Security Program Questionnaire to identify any potential risks and ensure appropriate measures are in place to protect S&T information.

Response: Choose an item.

As a result of the S&T Protection Initial Risk Review conducted, are there any identified risks, issues, or additional information/fact-finding necessary as it pertains to the Offeror's S&T protection proposal documentation?

Response: Choose an item.

If Yes, discuss here:
