

NOTICE OF INTENT TO AWARD

This notice is not a request for applications. This provides public notice of the Bureau of Reclamation's intention to fund the following project activities without full and open competition.

ABSTRACT	
Opportunity Number	BOR-GP-18-N009
Project Title	Water System Improvements and Booster Station Replacement Projects
Recipient	Trenton Indian Service Area
Anticipated Total Project Costs	\$315,561.00
Anticipated Federal Amount	\$261,556.00
Anticipated Completion Date	June 30, 2020
Statutory Authority	Indian Tribal Water Resources Development, Management and Protection, Public Law 108-7
CFDA Number	15.519
Reclamation Point of Contact	Lindsey R. Nafts Grants Officer Ph. (406) 247-7684 Email. lnafts@usbr.gov

SUMMARY OF PROJECT ACTIVITIES

The project is part of continued construction of the Trenton Indian Service Area, a political subdivision of the Turtle Mountain Bank of Chippewa Indians.

Trenton Indian Service Area (TISA), along with Reclamation and the Indian Health Service, will identify and make improvements to the existing tribal water system. Tasks include replacing existing fire hydrants and control valves, plus the installation of additional pipeline to loop the existing TISA water distribution system.

TISA is also working with these same Federal partners to install a pressure reducing valve vault and associated components to replace the existing booster pump station. This will allow the Tribe to meet the current and future water demands of the TWUA.

SELECTION JUSTIFICATION

Reclamation did not solicit full and open competition for this award based on the following criteria:

This agreement is a continuation of a project originally awarded to TISA in January of 2018 for the planning, design, and construction of the Trenton Indian Service Area Rural Water System.
