Additional Information:

The National Outreach and Communication Program was established by the Sportfishing and Boating Safety Act of 1998 (Public Law 105-178) and has been reauthorized by Congress in subsequent years. The purpose of the program is to improve communications with anglers, boaters, and the general public regarding angling and boating opportunities, to reduce barriers to participation in angling and boating, to advance the adoption of sound angling and boating practices, to promote conservation and the responsible use of the nation's aquatic resources, and to further safety in angling and boating.

Funding Opportunity Description:

The U.S. Fish and Wildlife Service is working with the Recreational Boating & Fishing Foundation to implement the National Outreach and the Communication Program. This program was established by the Sportfishing and Boating Safety Act of 1998 (Public Law 105-178) and has been reauthorized by Congress through fiscal year 2021.
