

FOA W911NF-22-S-0005 Questions and Answers :

1) The Overview of the opportunity states that an award will be made in May, 2022. 12.B states that, "It is anticipated that performance will start on 1 April 2022 and for budget preparation purposes in response to this Funding Opportunity, use a start date of 1 April 2022." 12.D.2 Other Attachments – Attachment 1 Cost Proposal states, "For budget purposes, assume a performance start date of May 2022." Can the government please clarify the start date and/or Period of Performance?

Response: Please use a start date of 1 June 2022

2) 12.D.2 gives this direction, "Form: Research & Related Other Project Information - Complete questions 1 through 6 and attach files." The form then continues to list the required attachments. On grants.gov, this form (Research And Related Other Project Information [V1.4]) is listed as an optional form. Attachments [V1.2] is listed as a mandatory form. Can the government clarify that Research And Related Other Project Information [V1.4] is the required form for attachments?

Response: The Research and Related form is a mandatory form and has been updated in the revised FOA and on grants.gov. This form is the required form for attachments.

3) A.4 states that, "RAP Fellows requiring a Common Access Card (CAC) and physical access to a federal facility will also need to provide a completed Non-Disclosure Agreement to the Government prior to commencing performance." A.11.12. states, "There will be no access to controlled unclassified information (CUI) for performers under this cooperative agreement." Can the government clarify the Clearance Requirements for Fellows and Facility Clearance Level for Offeror?

Response: No clearances are required for fellows or offerors/potential recipients.
