Program Description

Overview

OJP is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

With this solicitation, OVC seeks to establish or expand sexual assault examination programs, including sexual assault nurse examiner (SANE) programs and sexual assault forensic examiner (SAFE) programs, that focus on (1) increasing the number and availability of SANEs/SAFEs, (2) expanding access to sexual assault forensic examinations to communities that have been historically underresourced, and (3) improving the quality of post-sexual assault care using a hospital-based, community-based, campus-based, or corrections-based approach.

Statutory Authority

This project is authorized by the Department of Justice Appropriations Act, 2023 (Pub. L. No. 117-328, 136 Stat. 4459, 4536) (State and Local Law Enforcement Assistance heading, para. 10(d)).

Specific Information

Sexual assault victims require an array of services, including a compassionate, trauma-informed response, evaluation, and treatment for injury and infection; mental health support; forensic evidence collection and documentation; and referrals and coordination with other agencies and providers.^[i] SANEs are specifically trained in taking medical and sexual assault histories, conducting forensic exams, and providing compassionate care to victims of sexual assault using a trauma-informed, victim-centered approach.^[ii] Studies have shown that SANE programs enhance the quality of health care for those who have been sexually assaulted, improve the quality of forensic evidence, improve law enforcement's ability to collect information and investigate cases, and increase the likelihood of successful prosecution.^[iii]

Unfortunately, numerous jurisdictions within the United States lack access to qualified medical forensic nurses and SANEs to perform forensic examinations. A [2016 U.S. Government Accountability Office \(GAO\)](#) report noted multiple challenges that contribute to the lack of examiners, such as limited availability of training, weak stakeholder support for examiners, and low examiner retention rates.

Victim advocacy is an essential part of the service provision process. The [National Protocol for Sexual Assault Medical Forensic Examinations](#) notes the importance of a coordinated response with a local advocacy program. An advocate can support victims and survivors by providing information about the exam, educating victims about their rights, offering to be present in the room during the exam for emotional support, coordinating followup care, connecting a victim

with services in their community, and providing trauma-informed and culturally and linguistically appropriate resources.

This program aims to address these challenges by supporting the creation or expansion of SANE programs that will increase access to trained SANEs and enable survivors of all ages and from more communities to receive timely, compassionate care and advocacy services, especially in rural, tribal, and historically marginalized and underserved communities.

Successful applicants will work with the previously funded training and technical assistance provider to bolster project success, share resources and solutions, and develop best practices related to SANE/SAFE services, training, practice, and retention.

Goals, Objectives, and Deliverables

Goals

The goal of this program is to establish or expand [SANE/SAFE programs](#) that provide sexual assault medical forensic exams and sexual assault victim services using coordinated community response strategies. Applicants may propose innovative ways of bringing experienced medical forensic examiners to rural, Tribal, and historically marginalized and underserved communities, as well as correctional facilities, using a telehealth, Family Justice Center, Children's Advocacy Center, or other modality of care that best meets the needs of the community (funding can support limited equipment costs).

New and established programs applying under this solicitation should follow the [DOJ National Protocol for Sexual Assault Medical Forensic Examinations](#) or the [Recommendations for Administrators of Prisons, Jails, and Community Confinement Facilities](#) (for corrections-based programs) in responding to sexual assault victims and the forensic examination process. Development of new training programs should follow the [DOJ National Sexual Assault Training Standards](#) and the [Sexual Assault Nurse Examiner \(SANE\) Education Guidelines](#), which take a victim-centered, trauma-informed approach to medical forensic examinations.

Objectives

An applicant should address all the objectives listed below in the Goals, Objectives, Deliverables and Timeline web-based form.

1. Provide high-quality, comprehensive medical forensic exams and post-sexual assault care that promotes healing and reduces trauma.
2. Coordinate with a rape crisis center, victim service provider, and/or state sexual assault coalition to facilitate advocacy services that will support victims and survivors before, during, and after the examination process.
3. Increase the number and availability of SANEs/SAFEs by establishing a support

network of SANE leaders that can develop or build a network of SANES/SAFEs in the service areas that currently lack a comprehensive SANE response. Hiring and recruitment efforts to increase the diversity of SANES to better reflect the communities served by the project is strongly encouraged.

4. Improve access to training and clinical education that supports training needs, peer networking, mentoring, and retention of SANES/SAFEs, and identify strategies that combat [vicarious trauma](#) and burnout. Funding may be used to support attendance at the International Association of Forensic Nurses annual conference.
5. Support the use of coordinated community responses to sexual assault (e.g., Sexual Assault Response Teams or Multidisciplinary Teams, also known as SARTs or MDTs). Partnerships with local culturally specific organizations whose primary purpose is to provide services to specific racial and ethnic groups in the community are encouraged.

Deliverables

- Develop written policies and procedures that address the standardization of victim-centered care, to include informed consent, patient safety, privacy, confidentiality, culturally and linguistically appropriate services, care to patients with communication needs (e.g., Deaf, hard of hearing, etc.), and a streamlined referral process that increases access to victim advocacy services for cases involving a medical forensic exam. Include survivors representing the communities to be served by the project in policy and procedure development to allow them to inform the process (*Year 1*).
- Develop security policies and procedures for telehealth systems that ensure compliance/privacy and security of private health information that is stored, processed, or transmitted (*by end of Year 1 – telehealth programs only*).
- Develop a comprehensive training plan for SANE/SAFE support and professional development (*Year 1*).
- Develop a sustainability plan to ensure that programs can continue in an effective way beyond grant funding (*Year 2*).
- Establish and execute a memorandum of understanding, subcontracts, or other agreements with a rape crisis center, victim services provider, or state sexual assault coalition to facilitate advocacy services and strengthen community response (*Year 1*).
- Participate in technical assistance (TA) and collaboration activities to include, but not limited to, TA assessments, grantee meetings, and regional training opportunities led by the OVC technical assistance provider in coordination with OVC to bolster project success, allow for the exchange of resources and solutions, and participate in the development of best practices related to SANE/SAFE services, training, practice, and retention of SANES/SAFEs (*throughout the period of performance*).

The goals, objectives, and deliverables are directly related to the performance measures

that show the completed work's results as discussed in the "Application and Submission Information" section.

Evidence-Based Programs or Practices

OJP strongly encourages the use of data and evidence in policymaking and program development for criminal justice, juvenile justice, and crime victim services. For additional information and resources on evidence-based programs or practices, see the [OJP Grant Application Resource Guide](#).

Information Regarding Potential Evaluation of Programs and Activities

OJP may conduct or support an evaluation of the projects and activities funded under this solicitation. For additional information and applicable documentation to be included in the application, see the [OJP Grant Application Resource Guide](#) section entitled "Information Regarding Potential Evaluation of Programs and Activities."

Priority Areas

The Department of Justice is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

1. Priority Considerations Supporting Executive Order 13985, *Advancing Racial Equity and Support for Underserved Communities Through the Federal Government*

In support of this [Executive Order](#), OJP will provide priority consideration when making award decisions to the following:

A. Applications that propose project(s) that are designed to promote racial equity and the removal of barriers to access and opportunity for communities that have been historically underserved, marginalized, and adversely affected by inequality.

To receive this consideration, the applicant must describe how the proposed project(s) will address potential racial inequities and contribute to greater access to services and opportunities for communities that have been historically underserved, marginalized, and adversely affected by inequality, and identify how the project design and implementation will specifically incorporate the input or participation of those communities and populations disproportionately impacted by crime, violence, and the criminal justice system overall. Examples addressing this requirement include, but are not limited to, the following: budgeted project planning and/or implementation meetings with community stakeholders representing historically underserved and marginalized communities; outreach and/or public awareness campaigns specifically tailored to historically underserved and marginalized communities to encourage participation in the proposed

project(s); budgeted incorporation of members representing historically underserved and marginalized communities in program evaluation, surveys, or other means of project feedback; and partnership with organizations that primarily serve communities that have been historically underserved, marginalized, and adversely affected by inequality.

B. Applicants that demonstrate that their capabilities and competencies for implementing their proposed project(s) are enhanced because they (or at least one proposed subrecipient that will receive **at least 40%** of the requested award funding, as demonstrated in the Budget Web-Based Form) identify as a *culturally specific organization*.

To receive this additional priority consideration, applicants must describe how being a culturally specific organization (or funding the culturally specific subrecipient organization(s)) will enhance their ability to implement the proposed project(s) and should also specify which populations are intended or expected to be served or to have their needs addressed under the proposed project(s).

Culturally specific organizations are defined for the purposes of this solicitation as private nonprofit or tribal organizations whose primary purpose as a whole is to provide culturally specific services to racial and ethnic groups, including, among others, Black people, Hispanic and Latino people, Native American and other Indigenous peoples of North America (including Alaska Native, Eskimo, and Aleut), Asian Americans, Native Hawaiians, and/or Pacific Islanders.

Note: Addressing these priority areas is one of many factors that OJP considers in making funding decisions. Receiving priority consideration for one or more priority areas does not guarantee an award.

For Programs Serving Children and Youth

If your program provides services to child, youth, or teen victims of crime, services must be tailored to ensure that they are developmentally appropriate, culturally responsive, victim-centered, and trauma-informed. Programs are expected to engage in practices that remove barriers to receiving services and support survivor autonomy. For youth-serving programs with justifiable mandatory requirements, a [shared decision-making model](#) should be used to provide minors with agency in participating in decisions related to their care and services. OVC encourages the use of evidence-based and evidence-informed practices when working with children and youth victims of crime.

The scope of this program is to establish or expand SANE programs that enhance sexual assault medical forensic care and victim advocacy services. The use of funds under this program should focus primarily on direct services. The following activities cannot be supported under this program:

- **Research**, defined in 28 C.F.R. § 46.102 as a systematic investigation designed to develop or contribute to generalizable knowledge. Limited funds may be used to support process evaluations or assess work for internal improvement purposes only, such as by convening a listening session to identify service gaps in the community or surveying training participants about the quality of training content and delivery.
- **Tuition reimbursement** in lieu of salary for project staff.

If the applicant is seeking priority consideration under Priority 1(B) based on the identification of at least one proposed subrecipient as a culturally specific organization,

the proposed funding for the subrecipient in the web-based budget form **must reflect a minimum of 40% of award funding**. The budget narrative must also describe how the activities that will be funded with the (minimum) 40% of award funding provided to the subrecipient **specifically relate to the priority consideration requested** and described in the Capabilities and Competencies section of the application.

How to Apply

Registration: Before submitting an application, all applicants must register with the System for Award Management (SAM). You must renew and validate your registration every 12 months. If you do not renew your SAM registration, it will expire. An expired registration can delay or prevent application submission in Grants.gov and JustGrants. Registration and renewal can take up to 10 business days to complete.

Submission: Applications must be submitted to DOJ electronically through a two-step process via Grants.gov and JustGrants.

Step 1: After registering with SAM, the applicant must submit the **SF-424** and **SF-LLL** in Grants.gov at <https://www.grants.gov/web/grants/register.html> by the Grants.gov deadline. **Submit the SF-424 and SF-LLL as early as possible, but no later than 48 hours before the Grants.gov deadline.** If an applicant fails to submit in Grants.gov, they will be unable to apply in JustGrants.

Step 2: The applicant must then submit the **full application**, including attachments, in JustGrants at JustGrants.usdoj.gov by the JustGrants deadline.

Within 24 hours after receipt of confirmation emails from Grants.gov, the individual in Section 8F of the SF-424 will receive an email from DIAMD-NoReply@usdoj.gov with instructions on how to create a JustGrants account. Register the Entity Administrator and the Application Submitter with JustGrants as early as possible but no later than 48-72 hours before the JustGrants deadline. Once registered in JustGrants, the Application Submitter will receive an emailed link to complete the rest of the application in JustGrants. The Entity Administrator also will need to log into JustGrants to review and invite the applicant's Authorized Representative(s) before an application can be submitted.

Submit the complete application package in JustGrants at least 24 – 48 hours prior to the JustGrants deadline. Some of the application components will be entered directly into JustGrants, and others will require uploading attached documents. Therefore, applicants will need to allow ample time before the JustGrants deadline to prepare each component. Applicants may save their progress in the system and revise the application as needed prior to hitting the Submit button at the end of the application in JustGrants.

For additional information, see the “How to Apply” section in the [OJP Grant Application Resource Guide](#) and the [DOJ Application Submission Checklist](#).

Submission Dates and Time

The **SF-424 and the SF-LLL** must be submitted in Grants.gov by 11:59 p.m. eastern time on April 20, 2023.

The **full application** must be submitted in JustGrants by 8:59 p.m. eastern time on April 27, 2023.

OJP urges applicants to submit their Grants.gov and JustGrants submissions prior to the due dates with sufficient time to correct any errors and resubmit by the submission deadlines if a rejection notification is received. To be considered timely, the **full application** must be submitted in JustGrants by the JustGrants application deadline. Failure to begin the SAM.gov, Grants.gov, or JustGrants registration process in sufficient time (i.e., waiting until the date identified in this solicitation) is not an acceptable reason for late submission.

Experiencing Unforeseen Technical Issues Preventing Submission of an Application

OJP will only consider requests to submit an application after the deadline when the applicant can document that a technical issue with a government system prevented application submission.

If an applicant misses a deadline due to unforeseen technical issues with SAM.gov, Grants.gov, or JustGrants, the applicant may request a waiver to submit an application after the deadline. However, the waiver request will not be considered unless it includes a tracking number generated when the applicant contacts the applicable service desks to report technical difficulties. Tracking numbers are generated automatically when an applicant emails the applicable service desks; and for this reason applicants are encouraged to email the appropriate service desk, even if they also intend to call the service desk for phone support. Experiencing wait times for phone support does not relieve the applicant of the responsibility of getting a tracking number.

An applicant experiencing technical difficulties must contact the associated service desk indicated below to report the technical issue and receive a tracking number:

- SAM.gov - contact the [SAM Help Desk \(Federal Service Desk\)](#), Monday – Friday from 8 a.m. to 8 p.m. ET at 866-606-8220.
- Grants.gov - contact the [Grants.gov Customer Support Hotline](#), 24 hours a day, 7 days a week, except on federal holidays, at 800-518-4726, 606-545-5035, or support@grants.gov.
- JustGrants - contact the JustGrants Service Desk at JustGrants.Support@usdoj.gov or 833-872-5175, Monday – Friday from 7 a.m. to 9 p.m. ET and Saturday, Sunday, and Federal holidays from 9 a.m. to 5 p.m. ET.

If an applicant has technical issues with SAM.gov or Grants.gov, the applicant must contact the OJP Response Center at grants@ncjrs.gov within **24 hours of the Grants.gov deadline** to request approval to submit after the deadline.

If an applicant has technical issues with JustGrants that prevent application submission by the deadline, the applicant must contact the OJP Response Center at grants@ncjrs.gov within **24 hours of the JustGrants deadline** to request approval to submit after the deadline.

Waiver requests sent to the OJP Response Center must -

- describe the technical difficulties experienced,
- include a timeline of the applicant's submission efforts (e.g., date and time the error occurred, date and time of actions taken to resolve the issue and resubmit; and date and time support representatives responded),
- include an attachment of the complete grant application and all the required documentation and materials,

- include the applicant's Unique Entity Identifier (UEI), and
- include any SAM.gov, Grants.gov, and JustGrants Service Desk tracking numbers documenting the technical issue.

OJP will review each waiver request and the required supporting documentation and notify the applicant whether the request for late submission has been approved or denied. An applicant that does not provide documentation of a technical issue or that does not submit a waiver request within the required time period will be denied.

For more details on the waiver process, OJP encourages applicants to review the “Experiencing Unforeseen Technical Issues” section in the [OJP Grant Application Resource Guide](#).

Application Review Information

Review Criteria

Merit Review Criteria

Applications that meet the basic minimum requirements will be evaluated by peer reviewers on how the proposed project/program addresses the following criteria:

Description of the Issue (15%) - evaluate the applicant's understanding of the program/issue to be addressed.

Project Design and Implementation (30%) - evaluate the adequacy of the proposal, including the goals, objectives, timelines, milestones, and deliverables.

Capabilities and Competencies (25%) - evaluate the administrative and technical capacity of the applicant to successfully accomplish the goals and objectives.

Plan for Collecting the Data Required for this Solicitation's Performance Measures (15%) - evaluate the applicant's understanding of the performance data reporting requirements and the plan for collecting the required data.

Budget (15%) - evaluate for completeness, cost effectiveness, and allowability (e.g., reasonable, allocable, and necessary for project activities).

Other Review Criteria/Factors

Other important considerations for OVC include geographic diversity, strategic priorities (specifically including, but not limited to, those priority areas already mentioned, if applicable), available funding, past performance, and the extent to which the Budget Web-Based Form accurately explains project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles.

Review Process

Applications submitted under this solicitation that meet the basic minimum requirements will be evaluated for technical merit by a peer review panel(s) in accordance with OJP peer review policy and procedures using the review criteria listed above.

OJP screens applications to ensure they meet the basic minimum requirements prior to conducting the peer review. Although specific requirements may vary, the following are common requirements applicable to all OJP solicitations:

- The application must be submitted by an eligible type of applicant.
- The application must request funding within programmatic funding constraints (if applicable).
- The application must be responsive to the scope of the solicitation.
- The application must include all items necessary to meet the basic minimum requirements.

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant entity. Among other things to help assess whether an applicant with one or more prior federal awards has a satisfactory record of performance, integrity, and business ethics, OJP checks whether the applicant entity is listed in SAM as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant entity that appears in the non-public segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, FAPIIS).

Important Note on FAPIIS: An applicant may review and comment on any information about its organization that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant entity.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may consider not only peer review ratings and OVC recommendations, but also other factors as indicated in this section.
