2. Executive Summary

The U.S. Department of State's Embassy Bogotá announces an open competition to contract an investigative journalist or media production firm to document how reduced illegal migration has disrupted the operations of criminal networks, including Clan del Golfo and Tren de Aragua, that prey on migrants originating from and transiting through Colombia, and the damage these groups cause to Colombian communities and the environment.

The project will center human stories and testimonies from affected communities, reinforced by hard data and compelling visual graphics, for dissemination across social and traditional media. Potential formats include an investigative documentary mini-series tracing how migrant "toll"

payments financed violence against communities and security forces, as well as high-impact visual journalism/photojournalism highlighting ecological recovery in border zones as illegal transit declines.

Working in close coordination with Colombian authorities and relevant U.S. agencies, this program directly advances U.S. foreign policy priorities by demonstrating that reducing illegal migration undercuts financing to narcoterrorist organizations while benefiting Colombian communities — supporting America First priorities and shared U.S.-Colombia security objectives.

C. PROGRAM DESCRIPTION

1. Project Background, Goals, and Objectives

Background: Criminal networks — including Clan del Golfo and Tren de Aragua — prey on migrants transiting through Colombia, generating illicit "toll" revenue that finances weaponry, violence, and instability while causing significant environmental damage to Colombian border and transit corridors.

Project Goals:

- Demonstrate, through data-driven investigative media, the measurable link between reduced illegal migration and diminished transnational criminal organization (TCO) financial capacity in Colombia.
- Document and amplify the ecological recovery of border and transit corridors resulting from reduced illegal transit.
- Advance shared U.S.-Colombia security and stability objectives to undercut resources for narcoterrorist organizations while highlighting the benefits to Colombians in reducing illegal migration through compelling, evidence-based public narratives

Project Objectives:

- Produce an investigative multi-part video mini-series or documentary tracing the financial pipeline between illicit migrant "toll" revenue and TCO violent activities against local leaders and security forces.
- Produce high-impact visual journalism/photojournalism content documenting environmental regeneration in border zones, featuring Indigenous leaders, environmental defenders, and local communities.
- Package all content with verified data and visual graphics optimized for social media and broadcast distribution.

Policy Justification: This project makes America **Safer** by exposing and disrupting the financial infrastructure sustaining transnational criminal organizations along Colombia's migration corridors, directly supporting U.S. border security and counter-TCO objectives. It makes America **Stronger** by reinforcing the U.S.-Colombia security partnership through showcasing tangible governance and environmental benefits of coordinated border security efforts

Project Audience(s):

- Colombia-Venezuela/Panama border corridors
- Journalists, local leaders and public
- Colombian communities, Indigenous leaders, environmental defenders, and local/international media audiences

2. *Proposal (3 pages maximum)*

Applicants must submit a complete narrative proposal in a format of their choice, or they may use the attached proposal template if they like (**Attachment 1: Proposal Template**). The proposal should contain sufficient information that anyone not familiar with it would understand exactly what the applicant wants to do. The proposal must include all the items below:

- **Proposal Summary:** Short narrative that outlines the proposed project, including project objectives and anticipated impact.
- **Introduction to the Organization or Individual applying:** A description of past and present operations, showing ability to carry out the program, including information on all previous grants from the State Department and/or U.S. government agencies as well as experience with and expertise in areas related to those described in the NOFO. Applicants are encouraged, but not required, to use the attached Applicant Organization Information Survey form to provide this information (**Attachment 2: Applicant Organization Information (AOI) Survey**). If the applicant chooses not to use the attached form, all of the requested information from the form will still need to be addressed in the application package.
- **Problem Statement:** Clear, concise and well-supported statement of the problem to be addressed and why the proposed program is needed
- **Program Methods, Design, Activities, and Deliverables:** The “goals” describe what the program is intended to achieve. The PMP should include “If-Then” statements to illustrate how the project activities will lead to the intended results, along with a short datasheet outlining proposed project activities and the indicators that will be used to measure success.

3. *Budget Justification Narrative*

- **Detailed Budget** - Applicants must submit a detailed line-item budget. Applicants are encouraged to utilize the template provided with the funding opportunity but are not required to do so (**Attachment 3: PDS Budget Narrative Sample Template**). Line-item

expenditures should be listed in the greatest possible detail. The budget must identify the total amount of funding requested, with a breakdown of amounts to be spent in the following budget categories: personnel; fringe benefits; travel; equipment; supplies; consultants/contracts; other direct costs; and indirect costs. See Annex Section I for a description of the types of costs that should be included in each category. Personnel salaries should include the level of effort and the rate of pay, which should cover the percentage of time each staff member will dedicate to grant-based activities. If an organization is charging an indirect cost rate without a NICRA, it must apply it to the modified total budget costs (MTDC), refer to 2CFR§200.1. **Budgets shall be submitted in U.S. dollars** and final grant agreements will be conducted in U.S. dollars.

- **Budget Justification Narrative** – Applicants must submit a budget justification narrative to accompany the detailed line-item budget. The purpose of the budget justification narrative is to supplement the information provided in the detailed budget spreadsheet by justifying how the budget cost elements are necessary to implement project objectives and accomplish the project goals. The budget justification narrative is a tool to help Embassy staff fully understand the budgetary needs of the applicant and is an opportunity to provide descriptive information about the requested costs beyond the constraints of the budget template. Together, the detailed budget spreadsheet, the budget justification narrative, and the SF-424A should provide a complete financial and qualitative description that supports the proposed project plan and should be directly relatable to the specific project components described in the applicant’s proposal.

An applicant must maintain an active registration while it has a proposal under review by the Department and must continue to keep the registration active for the entire duration of the period of performance of any Federal award that results from this NOFO.

The 2 CFR 200 also requires subrecipients to obtain a UEI. Please note the UEI for subrecipients is not required at the time of application but will be required before an award is processed and/or directed to a subrecipient.

Note: The process of obtaining or renewing a SAM.gov registration may take anywhere from 4-8 weeks. Please begin your registration as early as possible.

- Organizations **based in the United States** or that pay employees within the United States will need an Employer Identification Number (EIN) from the Internal Revenue Service (IRS) and a UEI prior to registering in SAM.gov.

I do not wish to obtain an NCAGE code. I understand that I will need to submit my registration after this incident is resolved in order to have my registration activated.”

Organizations based outside of the United States and that DO NOT plan to do business with the DoD should follow the below instructions:

- Step 1: Proceed to SAM.gov to obtain a UEI and complete the SAM.gov registration process. SAM.gov registration must be renewed annually.

Exemptions

An exemption from the UEI and sam.gov registration requirements may be permitted on a case-by-case basis. See [2 CFR 25.110](#) for a full list of exemptions.

Organizations requesting exemption from UEI or SAM.gov requirements must email the point of contact listed in the NOFO at least two weeks prior to the deadline in the NOFO providing a justification of their request. Approval for a SAM.gov exemption must come from the warranted Grants Officer before the application can be deemed eligible for review.

Please note: Any applicant with an exclusion in the System for Award Management (SAM) is not eligible to apply for an assistance award in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR, 1986 Comp., p. 189) and 12689 (3 CFR, 1989 Comp., p. 235), “Debarment and Suspension.”

I. OTHER INFORMATION

Guidelines for Budget Justification

Personnel and Fringe Benefits: Describe the wages, salaries, and benefits of temporary or permanent staff who will be working directly for the applicant on the program, and the percentage of their time that will be spent on the program.

Travel: Estimate the costs of travel and per diem for this program, for program staff, consultants or speakers, and participants/beneficiaries. If the program involves international travel, include a brief statement of justification for that travel.

Equipment: Describe any machinery, furniture, or other personal property that is required for the program, which has a useful life of more than one year (or a life longer than the duration of the program), and costs at least \$10,000 per unit.

Supplies: List and describe all the items and materials, including any computer devices, that are needed for the program. If an item costs more than \$10,000 per unit, then put it in the budget under Equipment.

Contractual: Describe goods and services that the applicant plans to acquire through a contract with a vendor. Also describe any sub-awards to non-profit partners that will help carry out the program activities.

Other Direct Costs: Describe other costs directly associated with the program, which do not fit in the other categories. For example, shipping costs for materials and equipment or applicable taxes. All "Other" or "Miscellaneous" expenses must be itemized and explained.

Indirect Costs: These are costs that cannot be linked directly to the program activities, such as overhead costs needed to help keep the organization operating. If your organization has a Negotiated Indirect Cost Rate (NICRA) and includes NICRA charges in the budget, attach a

copy of your latest NICRA. Organizations that have never had a NICRA may request indirect costs of 15% of Modified Total Direct Costs (MTDC) as defined in [2 CFR 200.1](#).

“Cost Sharing” refers to contributions from the organization or other entities other than the U.S. Embassy. It also includes in-kind contributions such as volunteers’ time and donated venues.

Alcoholic Beverages: Please note that award funds cannot be used for alcoholic beverages and other entertainment related expenses.
