FY2020 Grant Writing Training

The Highway Safety Act of 1966, U.S.C. Title 23, Section 402, provides U.S. Department of Transportation funding to assist Indian tribes in implementing traffic safety projects. These Projects are designed to reduce the high number of traffic crashes and their resulting fatalities, injuries and property damage within Indian communities.

Indian Highway Safety grants are financial assistance grants for federally recognized tribes. If awarded, funds are to be used to enhance the tribe's current law enforcement or child safety seat programs. All Indian Highway Safety grants are performance based.

This session is **limited to 80 attendees**

Course Description:

BIA IHSP Grant Writing Training is highly recommended for Tribe's interested in applying for Law Enforcement and/or Occupant Protection grants in FY2020. This session will cover federal regulations, grant application requirements such as, how to fill out the grant application, problem ID and strategy development, required traffic statistics, deadline date for grant submission and where to send grant applications.

Attendees will work on developing a problem ID, strategies, along with tying traffic equipment and training needs into the problem ID which is essential for a grant award consideration.

Registration Information:

Registration is required to attend this session. The BIA IHSP can cover travel expenses (with prior BIA IHSP approval) for **one (1) attendee only with the submission of a valid Indian Highway Safety grant application submitted by May 1, 2019**. Attendees are required to attend a session closest to their location of employment, if traveling under IHSP grant funding or requesting IHSP to cover their travel expense.

Please contact the BIA IHSP for registration at (505)563-3780.

No cost to attend
