Frequently Asked Questions
Funding Opportunity: IR-ORI-21-002, Research on Research Integrity Conferences

Q: When resubmitting an application, are there any special instructions to follow?
A: When submitting any application elements, it is important to refer to the guidance present in the NOFO. Please note, that only the most recent version of an application, submitted in response to the current NOFO, is considered. It is therefore important to make sure that any relevant information from an earlier submission is in the most recent submission. For any additional information related to this question, please reach out to Ms. Dixie Perez, the OASH Office of Grants and Acquisitions Management Grants Management Specialist for this funding opportunity.

Disclaimer: Please note that the information provided in this FAQ does not supersede any of the content of the NOFO. The NOFO is the written document that will govern the competition.
