The completed and signed form must be maintained in the official award file.

Recipient Name: National Park Foundation

Project Title: Diversity Joint Venture

Program Contact: Jim Serfis

Select all criteria that apply (from 505 DM 2):

	(1) Unsolicited Proposal: The proposed award is the result of an unsolicited application that represents a unique or innovative idea, method, or approach that is not the subject of a current or planned award, but is found to be advantageous to program objectives.
✓	(2) Continuation: The activity to be funded is necessary for the satisfactory completion of, or is a continuation of, an activity we are funding and holding a competition would have a significant adverse effect on continuing or completing the activity.
	(3) Legislative Intent: The language in the applicable authorizing legislation or legislative history clearly indicates the intent of Congress to restrict the award to a particular recipient or purpose.
✓	(4) Unique Qualifications: The applicant is uniquely qualified to perform the activity based on a variety of demonstrable factors such as location; property ownership; voluntary support capacity; cost-sharing ability, if applicable; technical expertise; or other such unique qualifications.
	(5) Emergencies: Because of a compelling and unusual urgency, or substantial danger to health or safety, there is not enough time to follow adequate competitive procedures.

Explain below why competition for this award is not practical. As applicable, summarize the program legislative history, unique capabilities of the proposed recipient, and any cost-sharing contribution offered by the proposed recipient. Be brief and specific:

The National Park Foundation (NPF) is uniquely qualified to support the Service and partner agencies in developing and implementing the Diversity Joint Venture (DJV). NPF has an extensive partner network and experience participating and organizing programs that involve a variety of government and non-government interests in accomplishing common goals. Outreach and engagement of under served and diverse communities are intrinsic to NPF's values. The partnership with the DJV provides expansion of those values to our public lands work force therefore meeting the goals of the NPF and its partner organizations. Additionally, NPF has the administrative capability to serve as the fiduciary agent for the DJV. This amendment to the existing agreement in alignment with the Service's connecting people with nature priority and current diversity and inclusion principles.

I have determined that this project meets the requirements for a single source award and recommend that it be awarded to the recipient named above.

I, as the Service employee with signature authority for this award under 516 FW 3, have reviewed this program recommendation and find that it meets the requirements for a single source award.
