OVERVIEW

The Los Lunas Refugium is part of the propagation group for production of Rio Grande silvery minnow for augmentation of the silvery minnow population in the Middle Rio Grande and Big Bend area. This project is in support of the Middle Rio Grande Endangered Species Collaborative Program and silvery minnow propagation group which is working towards recovery of Rio Grande silvery minnow.

RECIPIENT INVOLVEMENT

Operations and Maintenance of the New Mexico Interstate Stream Commission Los Lunas Silvery Minnow Refugium.

New Mexico Interstate Stream Commission will provide labor for one full time Refugium manager, one full time Refugium assistant manager, and a one term employee for the operation and maintenance of the facility. The operation and maintenance also includes operational costs, equipment, supplies and materials.

RECLAMATION INVOLVEMENT

No substantial involvement on the part of Reclamation is anticipated for the successful completion of the objectives to be funded by this award. It is anticipated that Reclamation's involvement will consist of standard federal stewardship responsibilities such as monitoring project performance, technical assistance at the request of the recipient, etc.

SINGLE-SOURCE JUSTIFICATION

DEPARTMENT OF THE INTERIOR SINGLE SOURCE POLICY REQUIREMENTS
Department of the Interior Policy (505 DM 2) requires a written justification which explains why competition is not practicable for each single-source award. The justification must address one or more of the following criteria as well as discussion of the program legislative history, unique capabilities of the proposed recipient, and cost-sharing contribution offered by the proposed recipient, as applicable.
In order for an assistance award to be made without competition, the award must satisfy one or more of the following criteria: (1) Unsolicited Proposal – The proposed award is the result of an unsolicited assistance application which represents a unique or innovative idea, method, or approach which is not the subject of a current or planned contract or assistance award, but which is deemed advantageous to the program objectives; (2) Continuation – The activity to be funded is necessary to the satisfactory completion of, or is a continuation of an activity presently being funded, and for which competition would have a significant adverse effect on the continuity or completion of the activity; (3) Legislative intent – The language in the applicable authorizing legislation or legislative history clearly indicates Congress' intent to restrict the award to a particular recipient of purpose; (4) Unique Qualifications – The applicant is uniquely qualified to perform the activity

based upon a variety of demonstrable factors such as location, property ownership, voluntary support capacity, cost-sharing ability if applicable, technical expertise, or other such unique qualifications;

- (5) Emergencies – Program/award where there is insufficient time available (due to a compelling and unusual urgency, or substantial danger to health or safety) for adequate competitive procedures to be followed.

Reclamation did not solicit full and open competition for this award based the following criteria:

(4) UNIQUE QUALIFICATIONS

Single Source Justification Description:

The Refugium possesses Unique Qualifications to perform this work. They have the facility, trained individuals, and federal permits in place to collect wild silvery minnow eggs and raise silvery minnow. Recovery and preservation of the endangered silvery minnow through captive propagation within the Middle Rio Grande is a major component of the 2003 Biological Opinion.

STATUTORY AUTHORITY

Statute or Public Law No.	P.L. 110-161 Consolidated Appropriations Act, 2008
Sections of the Public Law or Statute that Authorize Financial Assistance: Record verbatim the section(s) of the Statute or Public Law that provide Reclamation with authority to award a financial assistance agreement. In addition, provide a statement that directly relates the activities to be funded to the referenced authority.	
Sec. 205 (c): “In compliance with applicable Federal and State laws, the Secretary (acting through the Commissioner of Reclamation), in collaboration with the Executive Committee, <u>may enter into any grants, contracts, cooperative agreements, interagency agreements, or other agreements that the Secretary determines to be necessary to comply with the 2003 Biological Opinion</u> described in section 205(b) of the Energy and Water Development Appropriations Act, 2005 (Public Law 108-447; 118 Stat. 2949) as amended by section 121(b) of the Energy and Water Development Appropriations Act, 2006 (Public Law 109-103; 119 Stat. 2256) or in furtherance of the objectives set forth in the collaborative program long-term plan.” Recovery and preservation of the endangered silvery minnow through captive propagation within the MRG is a major component of the 2003 Biological Opinion cited in the Act.
