Section 1. Project Summary

PROJECT GOALS AND OBJECTIVES

A. Project Goals – The goal of this Agreement is to provide a vehicle to attract non-federal dollars to match ONPS dollars supporting National Park Service mission related projects that align with goals of local project partners, through the Challenge Cost Share Program. This partnership between the NPS and the Recipient provides an efficient model for identifying and funding projects that benefit national parks, national trails, and wild and scenic rivers. The goal is to reach out to a broad audience of qualified organizations, supporting and contributing to projects around the country which serve NPS visitors and programs and the mutual partnership goals.

B. Project Objectives – The objective of this Agreement is to stimulate, support, and fund a range of projects that support the following DOI and NPS priorities:

STATEMENT OF PUBLIC PURPOSE

This project engages recipients, partners, communities, and/or visitors in shared environmental stewardship.

This project assists in the creation, promotion, facilitation, and/or improvement of the public's understanding of natural, cultural, historic, recreational and other aspects of areas such as ecological conservation areas, and state and local parks.

This Agreement is the direct and primary vehicle for NPS to carry out the Challenge Cost Share program as authorized by 54 U.S.C. §101701, the Challenge Cost Share Authority. Through the terms of this agreement, NPS funding provides economic stimulation by leveraging Federal funds with partner funding, both cash and in-kind, at a rate of 1-to-1 or better.

STATEMENT OF WORK SUMMARY

The National Park Service and the Recipient will collaborate to reach out to a broad audience of qualified organizations to identify and solicit projects that benefit eligible sites. NPS and the Recipient will work together to verify, review, award, and report on project funding

RESPONSIBILITIES OF THE PARTIES

A. The recipient shall be responsible for the following items under this agreement:

1. The Recipient shall carry out the Statement of Work in accordance with the terms and conditions stated herein. The Recipient shall adhere to Federal, state, and local laws, regulations, and codes, as applicable.
2. The Recipient shall execute project agreements with all the selected partners to assure that funding will be used for approved Challenge Cost Share projects, and each project has documented cost share contributions;
3. The Recipient shall track and support Challenge Cost Share projects generated by local partner organizations and approved by NPS, offering support to recipient organizations and helping them to complete projects which support a public purpose in conjunction with NPS goals; and
4. The Recipient shall provide written and graphic documentation of the results of all Challenge Cost Share projects to NPS.

B. The NPS Responsibilities:

A task agreement is proposed;

A cooperative agreement is proposed;

therefore substantial involvement by NPS is anticipated during the period of performance of this agreement. In support of this agreement NPS will:

- a. NPS shall ensure, through the project solicitation process, that sites or programs endorse the proposed projects and that a local partner is committed to contributing to project results, including providing a cost share contribution;
- b. NPS shall provide specific guidelines on the application requirements, accounting, and documentation for the Challenge Cost Share Program;
- c. NPS shall identify partnership program coordinators in every NPS region with whom to collaborate on project solicitation and evaluation;
- d. NPS shall make the final project selections and verify that NPS site and program participation is specified;
- e. NPS shall provide points of contact for a variety of NPS sites and programs with suitable expertise; and
- f. NPS shall provide funding to stimulate and support these activities

A grant agreement is proposed, therefore no substantial involvement on the part of the NPS is anticipated for the successful completion of the statement of work. It is anticipated that involvement will be limited to actions related to monitoring project performance and technical assistance at the request of the recipient.

Section 3. Single Source Justification

NATIONAL PARK SERVICE SINGLE SOURCE POLICY REQUIREMENTS

National Park Service Policy FAP&P 1443-2015-06 requires a written justification which explains why competition is not practicable. The justification must address one of the following criteria.

In order for an assistance award to be made without competition, the award must satisfy one or more of the following criteria:

- (1) Unsolicited Proposal – The proposed award is the result of an unsolicited assistance application which represents a unique or innovative idea, method, or approach which is not the subject of a current or planned contract or assistance award, but which is deemed advantageous to the program objectives. The unsolicited proposal must demonstrate an innovative capability or concept not currently available to the government, and prepared without Government involvement. ;
- (2) Continuation – The activity to be funded is necessary to the satisfactory completion of, or is a continuation of, an activity presently being funded, for which competition would have a significant adverse effect on the continuity or completion of the activity;
- (3) Legislative intent – The language in the applicable authorizing legislation or legislative history clearly indicates Congress' intent to restrict the award to a particular recipient of purpose;
- (4) Unique Qualifications – The applicant is uniquely qualified to perform the activity based upon a variety of demonstrable factors such as location, property ownership, voluntary support capacity, technical expertise, or other such unique qualifications. Successful past performance, familiarity with existing requirements, capabilities that can be obtained or matched by a competitor, or a positive reputation, are not considered to be unique qualifications.
- (5) Emergencies – Program/award where there is insufficient time available (due to a compelling and unusual urgency, or substantial danger to health or safety) for adequate competitive procedures to be followed.

NPS did not solicit full and open competition for this award based the following criteria:

- ☒ Task Agreement issued under previously competed or single source master cooperative agreement per Section 2 above. Single Source Justification not applicable.
- ☐ Unsolicited Proposal ☐ Continuation ☐ Emergency
- ☐ Legislative Intent ☐ Unique Qualifications

Explanation of the proposed recipient's qualifications or the criteria of the proposed project which requires use of the single source criteria cited.
