Program Description

Overview

This solicitation provides funding for organizations to support prevention and early intervention programs for girls who are at risk of, or are victims of, sex trafficking.

Statutory Authority

Department of Justice Appropriations Act, 2021, Pub. L. No. 116–260, 134 Stat. 1182, 1261 with funding authorized by the Juvenile Justice and Delinquency Prevention Act of 1974

Specific Information

This program supports prevention and early intervention services, including mentoring and other direct support services, for girls who are at risk of, or are victims of, sex trafficking. Risk factors that make girls vulnerable to sex trafficking include a history of childhood sexual and physical abuse, witnessing domestic violence, involvement in the child welfare and juvenile justice systems, poverty, running away or being homeless, a lack of strong support networks (e.g., family, peers, community ties), school failure, and substance dependency.

Mandatory Program Requirements:

Applicants that receive funding under this program will be required to—

1. submit the policies, procedures, and rules governing the provision of services for review and approval (post-award, as required by OVC).
2. ensure their policies and procedures follow applicable federal and state laws protecting the civil rights of program participants and staff (post-award), including through accessing OJP training and resources on civil rights requirements.
3. ensure that any staff, partner staff, or service providers working with trafficking victims are adequately licensed and trained to work with such victims, including by accessing OVC-supported training and technical assistance.
4. ensure the project coordinator or program director and one other key staff member attends an in-person or remote OVC grantee orientation and have relevant staff participate in OVC-sponsored training and technical assistance.

Goals, Objectives, Deliverables, and Timeline

Goals

The goal of this program is to prevent/reduce victimization of girls who are vulnerable to sex trafficking.

Objectives

The objectives of this program include the following:

- Replicate and scale-up prevention and early intervention programs for girls who are at risk of, or are victims of, sex trafficking that have undergone rigorous evaluation and/or have a track record of success. Program models should include a plan to develop services and interventions for high-risk girls, including those with a history of trauma caused by physical and sexual abuse, commercial sexual exploitation, and domestic minor sex trafficking.
- Implement or enhance efforts to identify and provide services to girls who are at risk of, or are victims of, sexual exploitation or sex trafficking. This may include street outreach efforts, partnerships with organizations that serve the youth community, and/or collaboration with key stakeholders in the community.
- Participate in an annual peer-to-peer learning (cluster meeting) opportunity hosted by the OVC-funded training and technical assistance provider. (See “Budget Information and Associated Documentation”).

Deliverables

The deliverable to be provided is services, measured quarterly by service-hour or units delivered, type of service, and other key data points. Award recipients will be required to submit performance measure data and a quarterly performance report in JustGrants. Further guidance on the post-award submission process will be provided, if selected for award.

The Goals, Objectives, and Deliverables are directly related to the performance measures that demonstrate the results of the work completed, as discussed under Application and Submission Information.

Evidence-Based Programs or Practices

OJP strongly emphasizes the use of data and evidence in policymaking and program development in criminal justice, juvenile justice, and crime victim services. For additional information and resources on evidence-based programs or practices, see the [OJP Grant Application Resource Guide](#).

Information Regarding Potential Evaluation of Programs and Activities

OJP may conduct or support an evaluation of the programs and activities funded under this solicitation. For additional information, see the [OJP Grant Application Resource Guide](#) section entitled "Information Regarding Potential Evaluation of Programs and Activities."

Limitation on Use of Funds (22 USC 7110(g))

1. Restriction on Programs

No funds made available to carry out this chapter, or any amendment made by this chapter, may be used to promote, support, or advocate the legalization or practice of prostitution. Nothing in the preceding sentence shall be construed to preclude assistance designed to promote the purposes of this Act by ameliorating the suffering of, or health risks to, victims while they are being trafficked or after they are out of the situation that resulted from such victims being trafficked.

1. Restriction on Organizations

No funds made available to carry out this chapter, or any amendment made by this chapter, may be used to implement any program that targets victims of severe forms of trafficking in persons described in section 7102(9)(A) of this title through any organization that has not stated in either a grant application, a grant agreement, or both, that it does not promote, support, or advocate the legalization or practice of prostitution. The preceding sentence shall not apply to organizations that provide services to individuals solely after they are no longer engaged in activities that resulted from such victims being trafficked.

Standard Applicant Information (JustGrants 424 and General Agency Information)

The Standard Applicant Information section of the JustGrants application is pre-populated with the SF-424 data submitted in Grants.gov. Applicants will need to review the Standard Applicant Information in JustGrants and make edits as needed. Within this section, applicants will need to: add zip codes for areas affected by the project; confirm their Authorized Representative; and verify the organization's legal name and address.

Proposal Abstract

A proposal abstract (no more than 400 words) summarizing the proposed project including primary activities, products and deliverables, the service area, and who will benefit from the proposed project, will be completed in the JustGrants Web-based form.

Proposal Narrative

The proposal narrative should be submitted as an attachment in JustGrants. The attached document should be double-spaced, using a standard 12-point Times New Roman font; have no less than 1-inch margins; and should not exceed 15 pages. Pages should be numbered and submitted as an attachment. If the program narrative fails to comply with these length restrictions, OVC may negatively consider such noncompliance in peer review and in final award decisions.

The proposal narrative should address the following selection criteria: (1) description of the issue, (2) program design and implementation, (3) capabilities and competencies, and (4) plan for collecting the data required for this solicitation's performance measures. The applicant should clearly delineate the connections between and among each of these sections. For example, the applicant should derive the goals and objectives directly from the problems to be addressed. Similarly, the project design section should clearly explain how the program's structure and activities will accomplish the goals and objectives identified in the previous section.

a. Description of the Issue

Applicants should briefly describe the nature and scope of the problem that the program will address (e.g., prevalence of trafficking of girls and specific needs of girls who are at risk of, or are victims of, trafficking). The applicant should use data to provide evidence that the problem exists, demonstrate the size and scope of the problem, and document the effects of the problem on the target population and the larger community. Any data or research referenced in the narrative should include information about the source of the data and a citation. Applicants should describe the target population and any previous or current attempts to address the problem.

Applicants should describe any research or evaluation studies that relate to the problem and contribute to their understanding of its causes and potential solutions. While OVC expects applicants to review the research literature for relevant studies, they should also explore whether unpublished local sources of research or evaluation data are available.

b. Project Design and Implementation

Applicants should detail how the project will operate throughout the funding period and describe the strategies that they will use to achieve the goals and objectives identified in the previous section. Applicants should describe how they will complete the deliverables stated in the “Goals, Objectives, and Deliverables” section. OVC encourages applicants to select evidence-based practices for their programs.

This section should also include details regarding any leveraged resources (cash or in-kind) from local sources to support the project, and discuss plans for sustainability beyond the grant period.

Timeline. Applicants should submit a realistic timeline or milestone chart that indicates major tasks associated with the goals and objectives of the project, assigns responsibility for each, and plots completion of each task by month or quarter for the duration of the award, using “Year 1,” “Month 1,” “Quarter 1,” etc., not calendar dates.

Applicants should submit the timeline as a separate attachment, as stipulated in the “Additional Attachments” section. On receipt of an award, the recipient may revise the timeline, based on training and technical assistance that OVC will provide.

c. Capabilities and Competencies

This section should describe the experience and capability of the applicant organization and any contractors or subgrantees that the applicant will use to implement and manage this effort and its associated federal funding, highlighting any previous experience implementing projects of similar design or magnitude. Applicants should highlight their experience/capability/capacity to manage subawards, including details on their system for fiscal accountability. Management and staffing patterns should be clearly connected to the project design described in the previous section. Applicants should describe the roles and responsibilities of project staff and explain the program's organizational structure and operations. Applicants should include a copy of an organizational chart showing how the organization operates, including who manages the finances; how the organization manages subawards, if there are any; and the management of the project proposed for funding.

Letters of Support/Memoranda of Understanding (MOU). If submitting a joint application, as described under "Eligibility," applicants should provide signed and dated letters of support or MOUs for all key partners that include the following:

- Expression of support for the program and a statement of willingness to participate and collaborate with it.
- Description of the partner's current role and responsibilities in the planning process and expected responsibilities when the program is operational.
- Estimate of the percentage of time that the partner will devote to the planning and operation of the project.

Letters of support may be addressed to the OVC Director. Only letters of support that are submitted by the due date and with the full application will be considered during the review process.

d. Plan for Collecting the Data Required for this Solicitation's Performance Measures

This section must include the following information:

1. A plan for collecting all of the performance measures data required by this solicitation.
2. A description of the qualifications of the key staff who will be responsible for collecting data and reporting performance measures in JustGrants.

OJP will require each successful applicant to submit regular performance data that demonstrate the results of the work carried out under the award. The performance data directly relate to the goals, objectives, and deliverables identified under "Goals, Objectives, and Deliverables" in the Program Description.

Award recipients will be required to submit performance measure data and performance reports in JustGrants. Examples of the performance measures questionnaire can be found at <https://ovc.ojp.gov/funding/performance-measures-overview>. Further guidance on the post-award submission process will be provided, if selected for award.

Note: Applicants are **not** required to submit performance data with the application. Rather, performance measures information is included as an alert that successful applicants will be required to submit performance data as part of the reporting requirements under an award.

budget approximately \$2,000 per person (up to three people) to attend the meetings and record this as part of the travel line item in the budget. The Office of the Chief Financial Officer requires cost calculations for all line items in your budget, including this required travel. The cost breakdown should include airfare, per diem rate, lodging, number of travelers, number of days, etc. (for example, 3 people x airline ticket (\$500) = \$1,500, 3 people x 2 days per diem (\$76/day) = \$456, 2 people x lodging (\$251) x 2 nights = \$1,506). Application Review Information

Review Criteria

Applications that meet basic minimum requirements will be evaluated by peer reviewers. Applications will be evaluated on how the proposed project/program addresses the following criteria:

1. Statement of the Problem/Description of the Issue (15%) - evaluate the applicant's understanding of the program/issue to be addressed.
2. Project Design and Implementation (40%)- evaluate the adequacy of the proposal, including the goals, objectives, timelines, milestones, and deliverables.
3. Capabilities and Competencies (30%) - evaluate administrative and technical capacity of the applicant to successfully accomplish the goals and objectives.
4. Plan for Collecting the Data Required for this Solicitation's Performance Measures (5%) - evaluate the applicant's understanding of the performance data reporting requirements and the plan for collecting the required data.
5. Budget (10%) - evaluate for completeness, cost effectiveness, and allowability (e.g., reasonable, allocable, and necessary for project activities).

b. Additional Review Criteria

Other important considerations for OVC include geographic diversity, strategic priorities specifically including, but not limited to, available funding, past performance, and the extent to which the Budget Worksheet and Budget Narrative (web-based form) accurately explain project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles.

Review Process

Applications submitted under this solicitation that meet basic minimum requirements, will be evaluated for technical merit by a peer review panel(s) in accordance with OJP peer review policy and procedures using the stated review criteria above.

OJP screens applications to ensure they meet the basic minimum requirements prior to conducting peer review. Although specific requirements may vary, the following are common requirements applicable to all solicitations for funding under OJP programs:

- The application must be submitted by an eligible type of applicant.
- The application must request funding within programmatic funding constraints (if applicable).
- The application must be responsive to the scope of the solicitation.
- The application must include all items necessary to meet the basic minimum requirements.

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant. Among other things to help assess whether an applicant that has one or more prior federal awards has a satisfactory record with respect to performance, integrity, and business ethics, OJP checks whether the applicant is listed in SAM as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the non-public segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, FAPIIS).

Important note on FAPIIS: An applicant, may review and comment on any information about itself that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider any such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may take into account not only peer review ratings and OVC recommendations, but also other factors as indicated in this section.

For additional information on these legal requirements, see the “Administrative, National Policy, and Other Legal Requirements” section in the [OJP Grant Application Resource Guide](#).

Information Technology (IT) Security Clauses
