Program Background, Objectives, and Goals:

The National Park Service’s (NPS) African American Civil Rights Grant Program (AACR) will document, interpret, and preserve the sites and stories of the full history of the African American struggle to gain equal rights, from transatlantic slave trade forward. The program funds history and preservation projects using the NPS report, [Civil Rights in America, A Framework for Identifying Significant Sites](#), as a guide in determining the appropriateness of proposed projects and properties. AACR Preservation Grants are funded by the Historic Preservation Fund (HPF), administered by the NPS, and will fund a broad range of preservation projects for historic sites including: architectural services, historic structure reports, preservation plans, and physical preservation to structures. Grants are awarded through a competitive process and do not require non-Federal match.

There are separate funding announcements for physical preservation projects and for history/research/documentation projects. Funding announcement P23AS00472 is for physical preservation of historic sites only; P23AS00471 is for history/research/documentation projects. Please ensure you apply under the correct opportunity number for your project.

FY2023 Public Law 117-328 provides \$24,000,000 for the AACR Grant Program to include both preservation and history projects.

Preservation Projects

- Preservation projects must range from \$75,000 to \$750,000 in federal share, of which no more than 20% of the total budget may go toward pre-preservation costs such as architectural or engineering services.
- Grant applications that solely involve pre-preservation work must range from \$15,000 to \$75,000.
- Grants fund physical preservation of historic sites to include historic districts, buildings, sites, structures, and objects. Projects must comply with applicable laws, such as Section 106, 110, and NEPA, and execute a preservation covenant/easement.
- Eligible costs include pre-preservation studies, architectural plans and specifications, historic structure reports, preservation plans, and the repair and rehabilitation of historic properties according to the *Secretary of the Interior's Standards and Guidelines for Archeology and Historic Preservation*.
- Properties must be listed in **or eligible for listing** in the National Register of Historic Places or designated a National Historic Landmark, either individually or as contributing to a district, whose significance is associated with African American civil rights and the struggle for equality. Projects not listed in the National Register or not listed in association with African American civil rights **must** prepare or amend a nomination as part of the grant project.

RELATED PROGRAM FOR OPTIONAL PARTICIPATION

NPS African American Civil Rights Network

The African American Civil Rights Network (AACRN) is a voluntary designation program that aims to present a comprehensive narrative of the people, places, and events associated with the African American Civil Rights movement in the United States. Please visit <https://www.nps.gov/subjects/civilrights/african-american-civil-rights-network.htm> if you would like to apply for the African American Civil Rights Network (AACRN). Please note that the AACRN is **not connected** with the AACR Grants Program. Becoming a member of the AACRN will **NOT** guarantee a grant in any way. AACRN is not a competitive program; all properties, facilities, and programs that meet the requirements will be added to the Network and will be eligible to use the program logo in limited fashion, with permission, and to receive technical assistance.

G - Grant

Grant Agreement - A legal instrument of financial assistance between The National Park Service and a non-Federal entity that, consistent with 31 U.S.C. § 6302, 6304:

(1) Is used to enter into a relationship the principal purpose of which is to transfer anything of

value from the Federal awarding agency to the non-Federal entity to carry out a public purpose authorized by a law of the United States (see 31 U.S.C. § 6101(3)); and not to acquire property or services for the Federal awarding agency's direct benefit or use;

(2) Is distinguished from a cooperative agreement in that it does not provide for substantial involvement between the Federal awarding agency or pass-through entity and the non-Federal entity in carrying out the activity contemplated by the Federal award.

Substantial Involvement:

No substantial involvement on the part of the National Park Service (NPS) is anticipated.

C2. Cost Sharing or Matching

Cost Sharing / Matching Requirement

No

Non-Federal cost share is not required for this agreement but may be considered as a competitive factor. Applicants should consider the addition of match as a part of a concise and well-defined project that might be part of or a phase of a much larger project.

C3. Other

Program Requirements

1. Applications for renewal or supplementation of existing projects are not eligible. Each application must be for a separate phase if it is a part of a multi-phase project, and **significant progress** must be demonstrated on prior phases to warrant additional funding. Applicants may be excluded if progress has not been demonstrated.
2. Projects funded under this program constitute “undertakings” as defined by Section 106 of the National Historic Preservation Act, as amended (54 U.S.C. 306108). Accordingly, after the grant is awarded, the National Park Service will work with the grantee to complete the consultation process prior to drawing construction funds from their grant account. Depending on the project, additional federal reviews may be required under other laws such as, the Archaeological Resources Protection Act of 1979 (ARPA), the National Environmental Policy Act (NEPA), and Native American Graves Protection and Repatriation Act (NAGPRA).
3. If the project is doing preservation work to or preparing a National Register nomination for a property and the owner is different from the applicant, then the applicant must include written permission from the owner to proceed with the project, including agreeing to any required easements or covenants. The Letter of Owner Consent must be submitted with the application, signed no earlier than 60 days before the application due date, and pertain to the proposed project with this particular application. Previous outdated letters of owner consent will not be accepted.
4. For archaeological surveys, provide plans for curating any artifacts recovered incidentally, including any strategies for outreach and the sharing of survey reports, research, results, etc. These will also require NEPA and NPS review prior to surveying.
5. For properties not National Register listed for association with African American civil rights, before a grant will be considered complete, an amendment to an existing National Register or National Historic Landmark nomination to include African American civil rights must be submitted to the State Historic Preservation Office and approved by the NPS.
6. Administration costs plus indirect costs necessary to complete and administer the program cannot exceed 25% of total cost (admin and indirect combined). This limitation for the Historic Preservation Fund is by statute, 54 U.S.C. 302902.
7. All projects from application through close out must follow all requirements set out in 2 CFR 200 including procurement requirements.
8. Preparation of architectural/engineering plans and specifications not to exceed 20% of the total project cost.
9. Historic Preservation Fund Easement Requirement: Section 54 U.S.C. 302902 (b)(1)(c) of the National Historic Preservation Act requires that Historic Preservation Fund grantees agree to assume, after the completion of the project, the total cost of continued maintenance, repair and administration of the grant-assisted property in a manner satisfactory to the Secretary of the Interior. Accordingly, recipients awarded funds for the physical preservation of a historic site shall sign a Preservation Covenant/Easement with

the State Historic Preservation Officer (SHPO) in which the site is located or with a nonprofit preservation organization acceptable and approved in writing by the NPS.

A draft covenant/easement must be submitted to the NPS for review within one calendar year of the date a grant agreement is signed. Following the completion of all grant-assisted work, the preservation covenant/easement must document the grant-assisted condition of the site and the character defining features. The covenant/easement must then be executed by registering it with the deed of the property. A certified copy of the executed covenant/easement must be submitted to the NPS prior to the end of the award period of performance.

The term of the preservation covenant/easement is dependent on the amount of assistance the historic property receives from this opportunity:

If the historic property is not currently protected by a preservation covenant/easement, a preservation covenant/easement must be executed for a term as given in the table below per the amount of funding awarded.

If the historic property is currently subject to a preservation covenant/easement from prior HPF grant(s), an extension must be executed for an additional duration to meet the requirements of the new funding awarded. Required term is identified in the table below. For example, if a property had 10 years remaining on a previous 20-year easement, and receives \$300,000 in HPF funding, an amendment to add 15 years would be required. This includes previous grants from the NPS HPF.

If the historic property is currently protected by a perpetual or other preservation covenant/easement that meets or exceeds the requirements of this grant program as determined by the NPS, no additional duration or restrictions are necessary.

Amount of Federal Assistance Awarded	Covenant/Easement Term Requirement
\$1-\$50,000	5-year minimum preservation agreement; a covenant/easement amending the deed is not required
\$50,001 - \$250,000	10-year minimum preservation covenant/easement
\$250,001 - \$500,000	15-year minimum preservation covenant/easement
\$500,001- \$750,000	20-year minimum preservation covenant/easement
\$750,001+	25-year minimum preservation covenant/easement

Identifier and System for Award Management (SAM.gov) Registration:

This requirement does not apply to individuals applying for funds as an individual (i.e., unrelated to any business or nonprofit organization you may own, operate, or work within), or any entity with an exception to bypass SAM.gov registration with prior approval from the funding bureau or office in accordance with bureau or office policy. All other applicants are required to register in SAM.gov prior to submitting a Federal award application and obtain a [Unique Entity Identifier \(UEI\)](#) which replaced the Data Universal Numbering System (DUNS) number from Dun & Bradstreet in April 2022. A Federal award may not be made to an applicant that has not

completed the SAM.gov registration. If an applicant selected for funding has not completed their SAM.gov registration by the time the program is ready to make an award, the program may determine the applicant is not qualified to receive an award. Federal award recipients must also continue to maintain an active SAM.gov registration with current information through the life of their Federal award(s). See the “Submission Requirements” section of this document below for more information on SAM.gov registration. **There is no cost to register with SAM.gov.** There are third-party vendors who will charge a fee in exchange for registering entities with SAM.gov; **please be aware you can register and request help for free.**

Register with the System for Award Management (SAM):

Applicants can register on the [SAM.gov](https://sam.gov) website. The “Help” tab on the website contains User Guides and other information to assist you with registration. The Grants.gov “[Register with SAM](#)” page also provides detailed instructions. Applicants can contact the supporting Federal Service Desk for help registering in SAM. Once registered in SAM, entities will be assigned a Unique Entity Identifier (UEI). Entities must renew and revalidate their SAM registration at least once every 12 months from the date previously registered. Entities are strongly encouraged to revalidate their registration as often as needed to ensure their information is up to date and reflects changes that may have been made to the entity’s IRS information. If applicable, foreign entities who want to receive payment directly to a U.S. bank account must enter and maintain valid, current banking information in SAM.

D4. Submission Dates and Times

Due Date for Applications

10/10/2023

Application Due Date Explanation

Electronically submitted applications must be submitted no later than 11:59 PM, ET on the listed application due date.

Applicants are held responsible for their proposals being submitted to the National Park Service. Applications must be received by the date above. Applicants are encouraged to submit the application well before the deadline.

Application preparation time may take several weeks. Start the application process as soon as possible. Applications received after the deadline will not be reviewed or considered for award. If it is determined that a proposal was not considered due to lateness, the applicant will be notified after the selection process.

D5. Intergovernmental Review

An intergovernmental review may be required for applications submissions from a U.S. state or local government prior to submission. Applicants must contact their State’s Single Point of Contact (SPOC) to comply with the state’s process under [Executive Order 12372](#).

D6. Funding Restrictions

The Federal awarding agency that provides the largest amount of direct funding to your organization is your cognizant agency for indirect costs, unless otherwise assigned by the White House Office of Management and Budget (OMB). If the Department of the Interior is your organization's cognizant agency, the Interior Business Center will negotiate your indirect cost rate. Contact the Interior Business Center by phone 916-930-3803 or using the [IBC Email Submission Form](#). See the [IBC Website](#) for more information.

Organizations must have an active Federal award before they can submit an indirect cost rate proposal to their cognizant agency. Failure to establish an approved rate during the award period renders all costs otherwise allocable as indirect costs unallowable under the award. Recipients must have prior written approval from the Service to use amounts budgeted for direct costs to satisfy cost-share or match requirements or to cover unallowable indirect costs. Recipients shall not shift unallowable indirect costs to another Federal award unless specifically authorized to do so by legislation.

Required Indirect Cost Statement to be submitted with Application.

All organizations must include the applicable statement from the following list in their application, and attach to their application any documentation identified in the applicable statement:

We are:

- A U.S. state or local government entity receiving more than \$35 million in direct Federal funding each year with an indirect cost rate of [insert rate]. We submit our indirect cost rate proposals to our cognizant agency. Attached is a copy of our most recently approved rate agreement/certification.
- A U.S. state or local government entity receiving less than \$35 million in direct Federal funding with an indirect cost rate of [insert rate]. We have prepared and will retain for audit an indirect cost rate proposal and related documentation.
- A [insert your organization type; U.S. states and local governments, do not use this statement] that has previously negotiated or currently has an approved indirect cost rate with our cognizant agency. Our indirect cost rate is [insert rate]. [Insert either: "Attached is a copy of our most recently approved but expired rate agreement. In the event an award is made, we will submit an indirect cost rate proposal to our cognizant agency within 90 calendar days after the award is made." or "Attached is a copy of our current negotiated indirect cost rate agreement."]
- A [insert your organization type] that has never submitted an indirect cost rate proposal to our cognizant agency. Our indirect cost rate is [insert rate]. If we receive an award, we will submit an indirect cost rate proposal to our cognizant agency within 90 calendar days after the award date.
- A [insert your organization type] that has never submitted an indirect cost rate proposal to our cognizant agency and has an indirect cost rate that is lower than 10%. Our indirect cost rate is [insert rate; must be lower than 10%]. However, if we receive an award we will not be able to meet the requirement to submit an indirect cost rate proposal to our cognizant agency within 90 calendar days after award. We request as a condition of

award to charge a flat indirect cost rate of [insert rate; must be lower than 10%] against [insert a clear description of the direct cost base against which your rate is charged (e.g., salaries; salaries and fringe benefits; or modified total direct costs). However, please note that your organization cannot charge indirect costs in excess of the indirect costs that would be recovered if applied against modified total direct costs as defined in [§2 CFR 200.68](#). We understand that we must notify the Service in writing if we establish an approved rate with our cognizant agency at any point during the award period.

- A [insert your organization type] that has never submitted an indirect cost rate proposal to our cognizant agency and has an indirect cost rate that is 10% or higher. Our indirect cost rate is [insert your organization's indirect rate; must be 10% or higher]. However, if we receive an award we will not be able to meet the requirement to submit an indirect cost rate proposal to our cognizant agency within 90 calendar days after award. We request as a condition of award to charge a flat *de minimis* indirect cost rate of 10% to be charged against modified total direct project costs as defined in [2 CFR §200.68](#). We understand that we must notify the Service in writing if we establish a negotiated rate with our cognizant agency at any point during the award period. We understand that additional Federal funds may not be available to support an unexpected increase in indirect costs during the project period and that such changes are subject to review, negotiation, and prior approval by the Service.
- A [insert your organization type] that is submitting this proposal for consideration under the "Cooperative Ecosystem Studies Unit Network", which has a Department of the Interior-approved indirect cost rate cap of 17.5%. If we have an approved indirect cost rate with our cognizant agency, we understand that we must apply this reduced rate against the same direct cost base as identified in our approved indirect cost rate agreement per [2 CFR §1402.414](#). If we do not have an approved indirect cost rate with our cognizant agency, we understand that we must charge indirect costs against the modified total direct cost base defined in 2 CFR §200.68 "Modified Total Direct Cost (MTDC)". We understand that we must request prior approval from the Service to use the 2 CFR 200 MTDC base instead of the base identified in our approved indirect cost rate agreement. We understand that Service approval of such a request will be based on: 1) a determination that our approved base is only a subset of the MTDC (such as salaries and wages); and 2) that use of the MTDC base will still result in a reduction of the total indirect costs to be charged to the award. In accordance with 2 CFR §200.405, we understand that indirect costs not recovered due to a voluntary reduction to our federally negotiated rate are not allowable for recovery via any other means.

A [insert your organization type] that will charge all costs directly.

E. Application Review Information

E1. Criteria

Criterion 1

Maximum Points: 25

Description	The resource(s) receiving assistance from the proposed project must have direct significance to African American civil rights and the struggle for equality.
Significance	1. Describe the historic resource(s) in the proposed project and the role the resource(s) played in African-American civil rights and the struggle for equality from the transatlantic slave trade forward. 2. Identify current designations at the National, State, Tribal, or local level and if those designations describe the role the resource(s) played in the African-American civil rights and the struggle for equality from the transatlantic slave trade forward. 3. Discuss the current integrity of the resource to include major changes that have been made since the time associated with civil rights. *Resources which are unlisted in the National Register of Historic Places or not listed for their civil rights association must include a concurrence of eligibility from the State or Tribal Historic Preservation Office (SHPO/THPO). Concurrence may be in the form of a determination of eligibility by the SHPO/THPO or a completed survey that was reviewed by the SHPO/THPO.

Criterion 2

Need/ Urgency/ Threat	1. Describe the threat to the site including the source, nature, extent, and severity. 2. Discuss how the project will directly mitigate the threat. 3. Discuss how the project is the next logical step towards long-term preservation of the resource(s).

Criterion 3

Maximum Points: 25

Description	The proposed project must be achievable within 3 years, within a reasonable budget, and be performed with qualified personnel and/or consultants
Feasibility	1. List and describe all tasks and their expected results. If you have a previous or active NPS grant, explain your progress to date and its relationship to the project proposed in this application. 2. Sustainability	1. Describe the potential impact of the project after completion, including long-term effects. 2. Describe the maintenance plan for the site after grant work is completed. 3. Describe how the preservation of this site will support the community and continue to tell the story of the struggle for African American civil rights from the transatlantic slave trade forward.

E2. Review and Selection Process

Prior to award, the program will review any applicant statement regarding potential overlap or duplication between the project to be funded and any other funded or proposed project in terms of activities, funding, or time commitment of key personnel. Depending on the circumstances, the program may request modification to the application, other pending applications, or an active award, as needed to eliminate any duplication of effort, or the Bureau may choose not to fund the selected project.

The program may not make a Federal award to an applicant that has not completed the SAM.gov registration. If an applicant selected for funding has not completed their SAM.gov registration by the time the Bureau is ready to make an award, the program may determine that the applicant is not qualified to receive an award. The program can use that determination as a basis for making an award to another applicant.

Prior to award, the program will evaluate the risk posed by applicants as required in 2 CFR 200.205. Programs document applicant risk evaluations using the Bureau's "Financial Assistance Recipient Risk Assessment" form. Prior to approving awards for Federal funding in excess of the simplified acquisition threshold (currently \$250,000), the Bureau is required to review and consider any information about or from the applicant found in the Federal Awardee Performance and Integrity Information System. The Bureau will consider this information when completing the risk review. The Bureau uses the results of the risk evaluation to establish monitoring plans, recipient reporting frequency requirements, and to determine if one or more of the specific award conditions in 2 CFR 200.207 should be applied the award.

Qualified NPS personnel, and in some cases independent federal reviewers, will review all proposals. All proposals for funding will be considered using the criteria outlined above. A summary of the review panel comments may be provided to the applicant if requested.

a. Initial Review

Prior to conducting the comprehensive merit review, an initial review will be performed to determine whether: (1) the applicant is eligible for an award; (2) the information required by the NOFO has been submitted; (3) all mandatory requirements of the NOFO are satisfied; and (4) the proposed project is responsive to the program objectives of the NOFO (program determination). If an applicant fails to meet the requirements or objectives of the NOFO, or does not provide sufficient information for review, the applicant will be considered non-responsive and eliminated from further review.

b. Comprehensive Merit Review

All applications that satisfactorily pass the initial review will be eligible for the Comprehensive Merit Review. Each criteria element will be scored with the following **suggested** range:

Criterion 1	Criterion 2	Criterion 3	Criterion 4	Rating
25	25	25	25	Superior
20	20	20	20	Good
15	15	15	15	Satisfactory
10	10	10	10	Marginal
5	5	5	5	Poor
0	0	0	0	Not Acceptable

The scoring of each criterion must be based on the strengths and weaknesses of the application materials. To assist in assigning an appropriate score, the following will be used as guidance:

Rating	Descriptive Statement
--------	-----------------------

Superior	Applicant fully addresses all aspects of the criterion, convincingly demonstrates that it will meet the Government's performance requirements, and demonstrates no weaknesses.
Good	Applicant fully addresses all aspects of the criterion, convincingly demonstrates a likelihood of meeting the Government's requirements, and demonstrates only a few minor weaknesses.
Satisfactory	Applicant addresses all aspects of the criterion and demonstrates the ability to meet the Government's performance requirements. The Application contains weaknesses and/or a number of minor weaknesses.
Marginal	Applicant addresses all aspects of the criterion and demonstrates the ability to meet the Government's performance requirements. The Application contains significant weaknesses and/or a significant number of minor weaknesses.
Poor	Applicant addresses some aspects of the criterion and demonstrates some doubt in the likelihood of successfully meeting the Government's requirements. Significant weaknesses are demonstrated and clearly outweigh any strength presented.
Not Acceptable	Applicant does not address all aspects of the criterion and the information presented indicates a strong likelihood of failure to meet the Government's requirements.

c. Selection

The Selection Official may consider the merit review recommendation, program policy factors, and the amount of funds available to select applications for funding.

d. Discussions and Award

The Government may enter into discussions with a selected applicant for any reason deemed necessary, including, but not limited to: (1) only a portion of the application is selected for award; (2) the Government needs additional information to determine that the applicant is capable of complying with the requirements of DOI Financial Assistance Regulations, and/or (3) additional specific terms and conditions are required. Failure to satisfactorily resolve the issues identified by the Government may preclude award to the applicant.

Evaluation of Applicant Risk

In accordance with 2 C.F.R. § 200.205, applications selected for funding will be subject to a pre-award risk assessment which may include a review of information contained within the applicant's proposal, past audits, Federal Awardee Performance and Integrity Information System (FAPIIS), and/or past performance on previous Federal financial assistance awards. Negative information that leads to an applicant being designated as "Medium Risk" or "High Risk" may result in specific conditions, as identified in 2 C.F.R. § 200.207, being incorporated into the final award.

E3. CFR – Regulatory Information

See the [Department of the Interior's Standard Award Terms and Conditions](#) for the general administrative and national policy requirements applicable to Service awards. The Service will communicate any other program- or project-specific special terms and conditions to recipients in their notices of award.

E4. Anticipated Announcement and Federal Award Dates

Projects receiving funding through this Notice of Funding Opportunity will start once funding has been secured and awards have been made. Agreements are not effective until released through Grant Solutions by the NPS Financial Assistance Awarding Officer (FAAO). **Do not anticipate a start date sooner than 6 months following the application deadline.**

F. Federal Award Administration Information

F1. Federal Award Notices

Upon being selected for the award, successful applicants will receive notification of the selection of their application for funding. NPS anticipates funding notifications to the applicants selected for award around 6 months following the application deadline. A notice of selection is not an authorization to begin performance on an agreement. This notice will detail the next steps in the awarding process. Once all clearances and reviews have been conducted, a Notice of Award will be issued to the grantee in GrantSolutions, our online grants management system.

The non-Federal Entity's proposal, including all representations of capability, proposed approaches (including those of subgrantees), and other specific undertakings upon which the non-Federal Entity was evaluated (see Section E), also shall form the basis of award. Accordingly, these are terms and conditions (see below) for which the non-Federal Entity will be held responsible.

Work cannot begin before the non-Federal entity receives a copy of the Notice Of Award which contains the signature of the Financial Assistance Awarding Officer. Any pre-award costs incurred prior to the receipt of the Notice of Award or written notice provided by a Financial Assistance Awarding Officer authorizing pre-award costs, is at the applicant's own risk. A Notice of Award signed by a Financial Assistance Awarding Officer is the only authorizing document to begin performance.

Organizations whose applications have not been selected will be advised as promptly as possible.

F2. Administrative and National Policy Requirements

See the “[DOI Standard Terms and Conditions](#)” for the administrative and national policy requirements applicable to DOI awards.

Data Availability

Per the Financial Assistance Interior Regulation (FAIR), [2 CFR §1402.315](#):

(a) All data, methodology, factual inputs, models, analyses, technical information, reports, conclusions, valuation products or other scientific assessments in any medium or form, including textual, numerical, graphic, cartographic, narrative, or audiovisual, resulting from a financial assistance agreement is available for use by the Department of the Interior, including being available in a manner that is sufficient for independent verification.

(b) The Federal Government has the right to:

(1) Obtain, reproduce, publish, or otherwise use the data, methodology, factual inputs, models, analyses, technical information, reports, conclusions, or other scientific assessments, produced under a Federal award; and

(2) Authorize others to receive, reproduce, publish, or otherwise use such data, methodology, factual inputs, models, analyses, technical information, reports, conclusions, or other scientific assessments, for Federal purposes, including to allow for meaningful third-party evaluation.

F3. Reporting

Financial Reports

All recipients must use the [SF-425, Federal Financial Report](#) form for financial reporting. At a minimum, all recipients must submit a **final** financial report. Final reports are due no later than 120 calendar days after the award period of performance end date or termination date. For awards with periods of performance longer than 12 months, recipients are required to submit **interim** financial reports on the frequency established in the Notice of Award. The only exception to the interim financial reporting requirement is if the recipient is required to use the SF 270/271 to request payment and requests payment at least once annually through the entire award period of performance. We will describe all financial reporting requirements in the Notice of Award.

Performance Reports

Performance reports must contain a comparison of actual accomplishments with the established goals and objectives of the award; a description of reasons why established goals were not met, if appropriate; and any other pertinent information relevant to the project results. Final reports are due no later than 120 calendar days after the award period of performance end date or termination date. For awards with periods of performance longer than 12 months, recipients are required to submit **interim** financial reports on the frequency established in the Notice of Award.

Significant Development Reports

Events may occur between the scheduled performance reporting dates which have significant impact upon the supported activity. In such cases, recipients are required to notify the Bureau in writing as soon as the recipient becomes aware of any problems, delays, or adverse conditions that will materially impair the ability to meet the objective of the Federal award. This disclosure must include a statement of any corrective action(s) taken or contemplated, and any assistance

needed to resolve the situation. The recipient should also notify the Service in writing of any favorable developments that enable meeting time schedules and objectives sooner or at less cost than anticipated or producing more or different beneficial results than originally planned.

Real Property Reports

Recipients and subrecipients are required to submit status reports on the status of real property acquired under the award in which the Federal government retains an interest. The required frequency of these reports will depend on the anticipated length of the Federal interest period. The Bureau will include recipient-specific real property reporting requirements, including the required data elements, reporting frequency, and report due dates, in the Notice of Award when applicable.

Conflict of Interest Disclosures

Recipients must notify the program immediately in writing of any conflict of interest that arise during the life of their Federal award, including those reported to them by any subrecipient under the award. Recipients must notify the program in writing if any employees, including subrecipient and contractor personnel, are related to, married to, or have a close personal relationship with any Federal employee in the Federal funding program or who otherwise may have been involved in the review and selection of the award. The term employee means any individual engaged in the performance of work pursuant to the Federal award.

Other Mandatory Disclosures

The Non-Federal entity or applicant for a Federal award must disclose, in a timely manner, in writing to the Federal awarding agency or pass-through entity all violations of Federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the Federal award. Non-Federal entities that receive a Federal award including the terms and conditions outlined in 2 CFR 200, Appendix XII—Award Term and Condition for Recipient Integrity and Performance Matters are required to report certain civil, criminal, or administrative proceedings to SAM. Failure to make required disclosures can result in any of the remedies described in [2 CFR 200.339](#) Remedies for Noncompliance, including suspension or debarment.

Reporting Matters Related to Recipient Integrity and Performance

If the total value of your currently active grants, cooperative agreements, and procurement contracts from all Federal awarding agencies exceeds \$10,000,000 for any period of time during the period of performance of this Federal award, then you as the recipient during that period of time must maintain the currency of information reported to the System for Award Management (SAM) that is made available in the designated integrity and performance system (currently the Federal Awardee Performance and Integrity Information System (FAPIIS)) about civil, criminal, or administrative proceedings in accordance with Appendix XII to 2 CFR 200.

Service program. Foreign recipients receiving funds to a final destination bank outside the U.S. are required to receive payment through the U.S. Treasury's International Treasury Services (ITS) System. Program Information

The National Park Service's (NPS) African American Civil Rights Grant Program (AACR) will document, interpret, and preserve the sites that tell the full story of the African American struggle to gain equal rights as citizens, from transatlantic slave trade forward. The NPS 2008 report, [Civil Rights in America, A Framework for Identifying Significant Sites](#), will serve guidance for determining the appropriateness of proposed projects and properties. AACR Grants are funded by the Historic Preservation Fund (HPF), administered by the NPS, and will fund a broad range of preservation projects for historic sites including: architectural services, historic structure reports, preservation plans, and physical preservation to structures. Grants are awarded through a competitive process and do not require non-Federal match. There are separate funding announcements for physical preservation projects and for history/research/documentation projects.
