# 5. Unique Entity Identifier and System for Award Management (SAM.gov)

### **Required Registrations:**

All organizations, whether based in the United States or in another country, must have a Unique Entity Identifier (UEI) and an active registration with the SAM.gov. A UEI is one of the data elements mandated by Public Law 109-282, the Federal Funding Accountability and Transparency Act (FFATA), for all Federal awards. An applicant must maintain an active registration while it has a proposal under review by the Department and must continue to keep the registration active for the entire duration of the period of performance of any Federal award that results from this NOFO.

The 2 CFR 200 requires that sub-grantees obtain a UEI number. Please note the UEI for sub-grantees is not required at the time of application but will be required before an award is processed and/or directed to a sub-grantee.

# *Note: The process of obtaining or renewing a SAM.gov registration may take anywhere from 4-8 weeks.* <u>*Please begin your registration as early as possible.*</u>

- Organizations **based in the United States** or that pay employees within the United States will need an Employer Identification Number (EIN) from the Internal Revenue Service (IRS) and a UEI number prior to registering in SAM.gov.
- Organizations **based outside of the United States** and that do not pay employees within the United States do not need an EIN from the IRS but do need a UEI number prior to registering in SAM.gov.
- Organizations based outside of the United States that do not intend to apply for U.S. Department of Defense (DoD) awards are no longer required to have a NATO Commercial and Government Entity (NCAGE) code or CAGE code to apply for non-DoD foreign assistance funding opportunities. If an applicant organization is mid-registration and wishes to remove a CAGE or NCAGE code from their SAM.gov registration, the applicant should submit a help desk ticket ("incident") with the Federal Service Desk (FSD) online at www.fsd.gov using the following language: "I do not intend to seek financial assistance from the Department of Defense. I do not wish to obtain a CAGE or NCAGE code. I understand that I will need to submit my registration after this incident is resolved in order to have my registration activated."

# Organizations based outside of the United States and that DO NOT plan to do business with the DoD should follow the below instructions:

Step 1: Proceed to SAM.gov to obtain a UEI and complete the SAM.gov registration process. SAM.gov registration must be renewed annually.

Organizations based outside of the United States and that DO plan to do business with the DoD in addition to Department of State should follow the below instructions: Step 1: Apply for an NCAGE code by following the instructions on the NSPA NATO website linked below:

NCAGE Homepage: https://eportal.nspa.nato.int/AC135Public/sc/CageList.aspx NCAGE Code Request Tool (NCRT): NCAGE Code Request Tool (nato.int)

### Exemptions

An exemption from the UEI and sam.gov registration requirements may be permitted on a case-by-case basis if:

- An applicant's identity must be protected due to potential endangerment of their mission, their organization's status, their employees, or individuals being served by the applicant.
- For an applicant, if the Federal awarding agency makes a determination that there are exigent circumstances that prohibit the applicant from receiving a unique entity identifier and completing SAM registration prior to receiving a Federal award. In these instances, Federal awarding agencies must require the recipient to obtain a unique entity identifier and complete SAM registration within 30 days of the Federal award date.

Organizations requesting exemption from UEI or SAM.gov requirements must email the point of contact listed in the NOFO at least two weeks prior to the deadline in the NOFO providing a justification of their request. Approval for a SAM.gov exemption must come from the warranted Grants Officer before the application can be deemed eligible for review.

### E. APPLICATION REVIEW INFORMATION

1. Review Criteria

Each application will be evaluated and rated on the basis of the evaluation criteria outlined below.

**Evaluation Criteria**: The U.S. Embassy Public Diplomacy Section will use the criteria outlined below to evaluate all applications. The proposals will be reviewed by a Selection Committee made up of regional and exchange program experts located at the Department of State in Washington, DC. Panelists will use the criteria below to review and evaluate applications.

### Relevance to Application Theme

The proposal provides sufficient information on how the activities will support the theme(s) of the competition. The narrative explains any relevant local context the D.C. Selection Committee may not be aware of in relation to this project. Proposed project ideas must be public diplomacy in nature (i.e. not development or military).

Purpose and Summary, Description, and Implementation Plan When developing the purpose, summary, description, and implementation plan, applicants should aim to make all descriptions clear, concise, and compelling. Reviewers will judge the proposals based on the likelihood for the project to exert a sustained, powerful influence on the community where it is undertaken. Does the project address an important gap of understanding or need? If the aim of the project is achieved, how will existing knowledge or practice be improved? What audience do the applicants hope to reach with this project? How many will participate? How will they be selected?

# Degree of Alumni Involvement

Projects must include the involvement of at least two (2) exchange alumni. They may be the project team leaders or collaborate directly with PDS in formulating the project. More than two (2) alumni may comprise the team, however, the minimum is two (2). As the team leaders, the alumni must be closely involved in project planning, implementation, etc. Applicants should ensure that the proposal includes the following information for each alumni team member: first name, last name, e-mail address, exchange program, country of citizenship, and roles and responsibilities.

# Participation and Support from Local Partners

The proposal demonstrates buy-in and support from the community where the project will take place. Local partner involvement is a strong sign that there is community support and that the project will engage a broad array of experts, such as subject matter experts, community centers, academic institutions, businesses, local/national government, non-governmental organizations, American Spaces, etc.

Evaluation and Impact of the Project

A monitoring & evaluation (M&E) plan is pivotal to project

implementation and important tracking progress towards the project's objectives and goals. An M&E plan should consider the data needed to effectively monitor progress toward specific outputs and outcomes as well as how that data collection will be accomplished. Well-crafted indicators should be used to understand a program's progress toward the desired results. An M&E plan should be reviewed for the following:

- Completion
- Applicability and logic of objectives and indicators
- Clear approach to monitoring
- Adherence to SMART criteria
- Feasibility of baselines and targets
- Data quality plan
- Capacity to implement plan

### Communication, Media, and Outreach Plan

The project should include a clear plan and timeline for how and when the team will share information about the project. It is important to ensure that the U.S. Embassy is recognized throughout the process,

if circumstances permit.

### Budget and Budget Narrative

The budget and narrative justification are sufficiently detailed. Costs are reasonable in relation to the proposed activities and anticipated results. The budget is realistic, accounting for all necessary expenses to achieve proposed activities. The results and proposed outcomes justify the total cost of the project. Budget items are reasonable, allowable, and allocable.

**Disclaimer:** This notice is subject to availability of funding. U.S. Embassy Bujumbura does not guarantee availability of funding by receiving applications under this announcement. **Only successful applicants will be contacted.** 

2. Review and Selection Process

A review committee will evaluate all eligible applications.

3. Responsibility/Qualification Information in SAM.gov (formerly, FAPIIS)

For any Federal award under a notice of funding opportunity, if the Federal awarding agency anticipates that the total Federal share will be greater than the simplified acquisition threshold over the period of performance (see §200.01 Simplified Acquisition Threshold), this section must also inform applicants that:

i. The Federal awarding agency, prior to making a Federal award with a total amount of Federal share greater than the simplified acquisition threshold, is required to review and consider any information about the applicant that is in the U.S. government designated integrity and performance system accessible through SAM.gov (see 41 U.S.C. 2313);

ii. An applicant, at its option, may review and comment on any information about itself that a Federal awarding agency previously entered. Currently, federal agencies create integrity records in the integrity module of the Contractor Performance Assessment and Reporting System (CPARS) and these records are visible as responsibility/qualification records in SAM.gov;

iii. The Federal awarding agency will consider any comments by the applicant, in addition to the other information in the designated integrity and performance system, in making a judgment about the applicant's integrity, business ethics, and record of performance under Federal awards when completing the review of risk posed by applicants as described in §200.206 Federal awarding agency review of risk posed by applicants.
