A. PROJECT DESCRIPTION

The U.S. Department of State, U.S. Embassy Mogadishu announces an Open Competition for organizations interested in submitting applications for a project that increases the participation of marginalized and minority communities in public life as described in A.2.

A.1 Background

Phase I of the John Lewis Minority Fellows Program was one of the first affirmative action fellowships for minority communities in Somalia, specifically South West State (SWS). The Program has been subsequently replicated by another organization; expanding the fellowship to the remaining four Federal Member States.

A.2 Goals

Projects should increase the participation of marginalized and minority communities in public life. The proposed project builds upon the successes and lessons learned from our ongoing John Lewis Minority Fellows Program (Phase I), funded through the FY 2020 ESF (ARDF.)

Projects under Phase II of the John Lewis Minority Fellows Program should boost the participation of marginalized and minority communities in public life through two mutually reinforcing objectives:

- Objective 1: Cultivate and deepen professional skillset of marginalized and minority fellows, through the recruitment of two cohorts of eight fellows each to serve in the Federal Parliament of Somalia and/or executive bodies, line ministries, and the assembly of South West State (SWS,) as well as international and local NGOs.
- Objective 2: Expand political inclusion in Somalia through the provision of professional development experiences for young Somalis from marginalized and minority communities seeking careers in government, NGOs, and the private sector through work experiences in the aforementioned institutions and capacity building experiences provided via the project.

A.3 Expected Results

Specific results could include, but are not limited to, the following:

- Successful fellowship experiences for 16 fellows from Somalia's marginalized and minority communities to serve in the Federal Parliament of Somalia and/or executive bodies, line ministries, and the assembly of SWS, well as local and international NGOs.
- Improved understanding and buy-in from key Somali government stakeholders, as well as local NGOs, on the value of greater political inclusion of members of marginalized and minority groups in public service, aiding in the country's stability through government representation that fully reflects the diversity of its citizens.
- Fellows report gaining skills relevant for working in a professional environment.
- Fellows are exposed to high-level speakers and mentors to guide them.
- Fellows are able to create a network among themselves and view their group as a future resource to help them and feel confident tapping into fellows from previous program and using them as mentors.

A.4 Main Activities

To achieve the goals and expected results, the project should include the following:

- Through collaboration with U.S. Embassy Mogadishu's Political-Economic Section, recruit of 16 fellows, with six male fellows and ten female fellows, from Somalia's marginalized and minority communities to serve in the Federal Parliament of Somalia and/or executive bodies, line ministries, and the assembly of SWS as well as international and local NGOs.
- By leveraging Embassy networks and relationships, work to secure the fellows placements in the Federal Parliament of Somalia and/or executive bodies, line ministries, and the assembly of SWS, as well as in local and international NGOs.
- Plan and execute a two- to three-day training experiences for fellows training them on note taking, office communication, and information technology skills to prepare them for their placements.
- Provide day-to-day mentoring of fellows in their placements in the Federal Parliament of Somalia and/or executive bodies, line ministries, and the assembly of SWS, as well as in local and international NGOs.
- Host keynote speaker events and networking opportunities for fellows as appropriate and as opportunities allow.
- Track fellows' experiences in their placements and provide U.S. and Somali government stakeholders with compelling qualitative case studies of how fellows demonstrably contributed to the country's governance through greater political inclusion.
- Plan and execute at least two professional development training sessions for fellows within the period of performance, organized by the awardee in collaboration with U.S. Embassy Mogadishu's Political-Economic Section, with high-level speakers to provide fellows with experiences to augment their work in their placements. Provide fellows with inspiring experiences to motivate them to pursue long-term employment in public service roles.
- Track fellows' onward experiences after their placements conclude; provide employment data of the fellows in the Somali government, NGOs, and the private sector as a result of their experiences and capacity building in the project.
- Monitor and evaluate fellows' experiences by drawing on administrative data, as well as qualitative and quantitative data, via semi-structured interviews and Likert Scale surveys with fellows, and provide a business case for a longer-term fellows program with countrywide coverage.

A.5 Performance Indicators

All projects should aim to have impact that leads to increased knowledge and skills of targeted fellows and increased professional development opportunities for fellows. These impacts should be measured through proposed indicators such as the following:

- Number of mentorship meetings and trainings organized for fellows.
- Percentage of increase in professional skills of fellows.
- Number of fellows recruited from Somalia's marginalized and minority communities through collaboration with U.S. Embassy Mogadishu's Political-Economic Section.

- Number of fellows placed into placement positions in the Federal Parliament of Somalia and/or executive bodies, line ministries.
- Number of individuals receiving civic experiences through USG-assisted programs.
- Number of fellows supported with monthly stipends delivered via mobile money/bank transfers with reliability and transparency.
- Number of project-procured laptops delivered to fellows to facilitate their work in seconded positions.
- Number of additional equipment/clothing grants delivered to fellows to facilitate their work/build confidence and acceptance in their placements.
- Number of participants who successfully complete the fellowship.
- Number of participants who participate in fellowship professional development events.

Competitive proposals must demonstrate the applicant's ability to:

- Demonstrate past performance, expertise, and experience working with marginalized and minority communities in public life in Somalia.
- Demonstrate their ability to meet the goals and objectives outlined above within the proposed timeline of 18-24 months.
- Provide a plan for continuing the program beyond the grant period, or the availability of other resources, if applicable. Plans should include ways the project activities will ensure sustainability.

- **Project Goal**
 - **Project Objectives**
 - **Project Activities**
 - **Project Indicators**

Required *AF-MOG-ARDF-FY23-01 Draft Scope of Work (SOW)* template is provided as an attachment to this NOFO.

7. **Performance Monitoring & Evaluation Narrative and Plan** (see provided sample template):
- a. **Program Monitoring & Evaluation Narrative** details how a project's performance monitoring and evaluation system will be carried out and by whom.

It explains how the project's performance toward its objectives will be tracked over time. It should provide a clear description of the approach and data collection strategies and tools to be employed (e.g., pre- and post-test surveys, interviews, focus groups). The description should also include how the applicant will track and document whether activities occurred (outputs) and the results or changes caused by these activities (outcomes). If the project includes work with local partners or sub-partners, explain how performance monitoring and evaluation efforts will be coordinated amongst these organizations. Explain if an external evaluation will be included. Evaluations, internal or external, should be systematic studies that use research methods to address specific questions about project performance. They should provide a valuable supplement to ongoing monitoring activities. Evaluation activities generally include baseline assessments, mid-term and final evaluations.

b. Performance Monitoring & Evaluation Plan should draw on the objectives, activities and expected changes from the Scope of Work, and link those areas to indicators. The Program Monitoring & Evaluation Plan is generally structured as a table with output-based and outcome-based indicators. It explains how data will be collected (data collection methods) to show that certain changes occurred. It outlines baselines (where your project is starting) and quarterly targets (what you would like to achieve) for each indicator.

The project should monitor and report on performance indicators that are specific, measurable, achievable, reasonable, and time-bound. Establish, where possible, performance baseline data and expected performance targets for each expected result and include details on what sources of data will be used to document performance, how the indicators will be measured, frequency of measurement, and units of measure. Where possible, indicators should also allow for sex disaggregation. Indicators should reflect key project outputs or outcomes that reflect the primary goals or objectives of the project and that the implementer can collect with high quality data.

A sample 2023 Performance Monitoring & Evaluation Narrative and Plan Template is provided as an attachment to this NOFO.

8. **Timeline** (not to exceed one (1) page, preferably as a Word Document or Excel Sheet). The timeline of the overall proposal should include activities and monitoring and evaluation efforts outlined in either in a monthly or quarterly format.

Activities, Monitoring & Evaluation, Etc.	(Oct-Dec 2023) OR October 2023	(Jan-Mar 2024) OR November 2023	(Apr-May 2024) OR December 2023
Activity X	X	X	
Indicator X	X	X	X
Activity Z		X	X
Etc.			

9. **Gender and Inclusion Analysis** (not to exceed two (2) pages, preferably as a Word Document). Provide a concise analysis of relevant gender norms, equity and equality for underserved communities and marginalized populations, power relations, and conflict dynamics in target countries. Potential domains of analysis include institutional practices and barriers, cultural norms, gender roles, access to and control over assets and resources, and patterns of decision-making. Applicants should briefly explain how they have integrated findings from their analysis into project design and/or other proposal documents, including a plan for regularly reviewing and updating the gender and inclusion analysis with local partners/beneficiaries, and making any necessary adjustments to program implementation.
10. **Detailed Budget** (must be an Excel workbook) that includes three (3) columns containing the request to U.S. Embassy Mogadishu for U.S. share of cost, any cost sharing contribution, and the total budget. A Summary Budget should also be included using the OMB-approved budget categories (see SF-424A as a sample) in a separate tab. Costs must be in U.S. Dollars. Detailed line-item budgets for sub-grantees should be included as additional tabs within the Excel workbook (if available at the time of submission).

For more information, *Budget Guidance and Template for New Awards (FY2023)* is provided as an attachment to this NOFO.

Use of the *Budget Guidance and Template for New Awards (FY2023)* is not required, however, the submitted budget must follow OMB budget categories. If an applicant's budget does not follow OMB budget categories, the application will be deemed technically ineligible and will not be considered for funding.

11. **Budget Narrative** (preferably as a Word Document; (no maximum page limit). Justify each line-item in the budget and explain how the amounts were derived, consistent with the applicant's documented policies, as well as the source and description of all proposed costs (and cost-share, if applicable). The Budget Narrative should complement the budget rather than repeat information provided in the budget. For example, the narrative should provide details on the

purpose of costs, reasonability of costs, cost price analysis, explain allocations, explain any yearly variances, and tie expenses to program activities and/or objectives where appropriate. Sources of all cost-share offered in the application should be identified and explained in the budget narrative.

Personnel costs must include a clarification of the roles and responsibilities of all staff, base salary, and percentage of time devoted to the project (also known as level of effort). The Budget Narrative should support the activities described in the proposal and provide additional information that might not be readily apparent in the Detailed Budget, not simply repeat what is represented numerically in the budget, i.e., salaries are for salaries or travel is for travel.

If the Detailed Budget includes subawards, please include a separate Budget Narrative for each organization. Please note that subaward organizations must have a SAM.gov unique entity identifier (UEI) number (certain exceptions apply).

For ease of review, it is highly recommended that applicants order the Budget Narrative in the same order as the Detailed Budget.

See Tab 1 of *Budget Guidance and Template for New Awards (FY2023)*, provided as an attachment, for more information.

A sample *Budget Narrative Template* is provided as an attachment to this NOFO.

12. **NICRA Letter:** If your organization has a Negotiated Indirect Cost Rate Agreement (NICRA) and includes NICRA charges in the budget, your latest NICRA letter should be included as a PDF file. This document will not be reviewed by the Merit Review Panel but will be used by project and grant team if the submission is recommended for funding. Organizations that have previously established indirect cost rates must submit timely indirect cost proposals to their cognizant agency as required by Appendix III & IV of 2 CFR 200. If indirect cost proposals have not been submitted for re-negotiation, as required, out-of-date NICRAs may not be considered. If your proposal involves subawards to organizations charging indirect costs, please submit their NICRA, if applicable.
13. **Single Audit:** a PDF file copy of your organization's most recent single audit is required, if your organization meets the threshold as defined in 2 CFR 200 Subpart F. If your organization has not had a recent single audit (within your organization's previous 3 fiscal years), you must submit your organization's most recent independent financial audit.
14. **Key Personnel Summary:** (not to exceed two (2) pages, preferably as a Word Document). Include short bios that highlight relevant professional experience. Provides names, titles, roles, and experience/qualifications of key personnel

involved in the program. Note the location where key staff will be based and percentage of their time (level of effort) that will be used in support of this program.

15. **CV or Resume of Key Personnel:** (no maximum page limit per CV or Resume). Include name, work history and experience or qualifications of key personnel who are proposed for the program.
16. **Security Plan** (not to exceed three (3) pages). Address any issues involving in-person events and recruitment for said events, and safety for any online programs or communications, including independent IT security audits (to include a vulnerability assessment) of any proposed web application or platform. Organization's Security Plan should demonstrate consideration of the risks identified in the Proposal Narrative risk analysis. Costs may also be identified within the Detailed Budget and Budget Narrative. Applicants are also encouraged to include contingency plans for in-person or online activities.
17. **Contingency Plan** (not to exceed three (3) pages). The Contingency Plan, for proposed activities should the originally planned activities not be able to be implemented, should be submitted as an additional annex. Applicants should demonstrate consideration of the risks identified in the Proposal Narrative risk analysis and include specific alternative activities or locations as part of the Contingency Plan. Any proposed "plan" must comply with 2CFR200.433 – Contingency provisions. Plans must not include unallocable or unallowable expenses and must not exceed the notified Total Funding. U.S. Embassy Mogadishu requires prior approval by the Grants Officer of the "contingency reserve" before any activities can take place, or costs can be incurred against the "contingency reserve."
18. **COVID Contingency Plan** (attached as a separate document with no page limit). Recognizing that COVID-19 can limit and affect project activities, applicants must include a Contingency Plan that addresses contingency measures should the local COVID situation change. Below are some suggested considerations.
 - How will the project transition from virtual to in-person activities or from in-person to virtual activities?
 - How will COVID contingency costs be built into the budget?
 - How and when will the Grants Officer be notified of contingency costs?
 - What COVID precautions will be required for in-person activities?
 - What type and amount of COVID monitoring will be included in the proposal?
19. **Additional Attachments:**
 - Letters of support from program partners describing the roles and responsibilities of each partner, if applicable/pre-identified

- Official permission letters, if required for project activities
- Letter of Disclosure for proposed consultants/personnel (if applicable) of potential conflicts of interest, employment with a local/state/Federal government.
- Letter(s) of Institutional Support to indicate that your organization's leadership is providing their support of the application.

Applications that do not include the elements listed above will be deemed technically ineligible. To ensure that all applications receive a balanced evaluation, the Merit Review Panel will review from the first page of each section up to the page limit and no further.

D.2.2 Additional Information Requested of Successful Applicants Receiving Notification of Intent

Successful applicants must submit, after notification of intent to make a Federal award, but prior to issuance of a Federal award:

- Written responses and revised application documents addressing conditions and recommendations from the Merit Review Panel;
- A copy of the applicant's latest NICRA as a PDF file, if the applicant has a NICRA and includes NICRA charges in the budget;
- A completed copy of the U.S. Department of State's Financial Management Survey, if receiving U.S. Government funding for the first time;
- Submission of required banking information to U.S. Embassy Mogadishu at request of Grants Officer Representative or Financial Management Officer for new vendor creation in U.S. Department of State financial management systems;
- Other requested information or documents included in the notification of intent to make a Federal award or subsequent communications prior to issuance of a Federal award.

D.3 Unique Entity Identifier and System for Award Management (SAM.gov)

Required Registrations:

All prime organizations, whether based in the United States or in another country, must have a Unique Entity Identifier (UEI) and an active registration with SAM.gov **before submitting an application**. U.S. Embassy Mogadishu may **not** review applications from or make awards to applicants that have not completed all applicable UEI and SAM.gov requirements. A UEI is one of the data elements mandated by Public Law 109-282, the Federal Funding Accountability and Transparency Act (FFATA), for all Federal awards.

Note: As of April 2022, a DUNS number is no longer required for federal assistance applications.

The 2 CFR 200 requires that sub-grantees obtain a UEI number. Please note the UEI for sub-grantees is not required at the time of application but will be required before an award is processed and/or directed to a sub-grantee.

Note: The process of obtaining or renewing a SAM.gov registration may take anywhere from 4-8 weeks. Please begin your registration as early as possible.

- Organizations **based in the United States** or that pay employees within the United States will need an Employer Identification Number (EIN) from the Internal Revenue Service (IRS) and a UEI number prior to registering in SAM.gov.
- Organizations **based outside of the United States** and that do not pay employees within the United States do not need an EIN from the IRS but do need a UEI number prior to registering in SAM.gov.
- **Please note that as of November 2022 and February 2022 respectively, organizations based outside of the United States that do not intend to apply for U.S. Department of Defense (DoD) awards are no longer required to have a NATO Commercial and Government Entity (NCAGE) code or CAGE code to apply for non-DoD foreign assistance funding opportunities.** If an applicant organization is mid-registration and wishes to remove a CAGE or NCAGE code from their SAM.gov registration, the applicant should submit a help desk ticket (“incident”) with the Federal Service Desk (FSD) online at www.fsd.gov using the following language: “I do not intend to seek financial assistance from the Department of Defense. I do not wish to obtain a CAGE or NCAGE code. I understand that I will need to submit my registration after this incident is resolved in order to have my registration activated.”

Organizations based outside of the United States and that DO NOT plan to do business with the DoD should follow the below instructions:

Step 1: Proceed to SAM.gov to obtain a UEI and complete the SAM.gov registration process. SAM.gov registration must be renewed annually.

Organizations based outside of the United States and that DO plan to do business with the DoD in addition to Department of State should follow the below instructions:

Step 1: Apply for an NCAGE code by following the instructions on the NSPA NATO website linked below:

NCAGE Homepage:

<https://eportal.nspa.nato.int/AC135Public/sc/CageList.aspx>

NCAGE Code Request Tool (NCRT):

<https://eportal.nspa.nato.int/Codification/CageTool/home>

All prime organizations must, at all times during which they have an active Federal award or application under consideration by any Federal awarding agency, maintain an active SAM.gov registration with current information. SAM.gov requires all entities to renew their registration once a year to maintain an active registration status in SAM.gov. It is the responsibility of the applicant to ensure it has an active registration in SAM.gov and to maintain that active registration. If an applicant has not fully complied with the requirements at the time of application, the applicant may be deemed technically ineligible to receive an award and use that determination as a basis for making an award to another applicant.

D.3.1 Exemptions

An exemption from the UEI and sam.gov registration requirements may be permitted on a case-by-case basis if:

- An applicant's identity must be protected due to potential endangerment of their mission, their organization's status, their employees, or individuals being served by the applicant.
- For an applicant, if the Federal awarding agency makes a determination that there are exigent circumstances that prohibit the applicant from receiving a unique entity identifier and completing SAM registration prior to receiving a Federal award. In these instances, Federal awarding agencies must require the recipient to obtain a unique entity identifier and complete SAM registration within 30 days of the Federal award date.

Organizations requesting exemption from UEI or SAM.gov requirements must email the point of contact listed in the NOFO in Section G at least **two weeks prior to the deadline stated in the NOFO and provide a justification for their request.**

UEI/SAM.gov Exemption must be approved by a warranted Grants Officer before the application can be deemed eligible for review.

The Leahy Law prohibits Department foreign assistance funds from supporting foreign security force units if the Secretary of State has credible information that the unit has committed a gross violation of human rights. Per [22 USC §2378d\(a\) \(2017\)](#), “No assistance shall be furnished under this chapter [FOREIGN ASSISTANCE] or the Arms Export Control Act [22 USC 2751 et seq.] to any unit of the security forces of a foreign country if the Secretary of State has credible information that such unit has committed a gross violation of human rights.” Restrictions may apply to any proposed assistance to police or other law enforcement. Applications that do not meet these requirements will not advance beyond the Technical Eligibility Review stage and will be deemed ineligible for funding under this NOFO.

All applications that are deemed eligible will proceed to the Merit Review Panel consisting of U.S. Government subject matter and/or country-specific experts and will be rated on a 100-point scale. U.S. Embassy Mogadishu reserves the right to request the assistance of non-U.S. Government Subject Matter Experts (SMEs), if appropriate to the solicitation. Point values for

individual elements of the application are presented Section E.1 *Proposal Review Criteria*. Merit Review Panel Reviewers' ratings, and any resulting recommendations, are advisory. The Merit Review Panel's recommendations may be subject to a final review and high-level approval at the discretion of the U.S. Embassy Mogadishu's senior level official and will be influenced by whether the application meets the Department of State's programmatic goals and objectives, how it supports the Department's overarching foreign policy priorities, and the geographic distribution of the top-ranking applications. The decision for the final award determination rests with the Grants Officer.

E.3 Responsibility/Qualification Information in SAM.gov (formerly, FAPIIS)

The Department of State anticipates that the Federal share announced under this NOFO may be greater than the simplified acquisition threshold over the period of performance (see §200.01 Simplified Acquisition Threshold) and is therefore informing all applicants that:

1. The Department of State, prior to making a Federal award with a total amount of Federal share greater than the simplified acquisition threshold, is required to review and consider any information about the applicant that is in the U.S. government designated integrity and performance system accessible through SAM.gov (see 41 U.S.C. 2313);
2. An applicant, at its option, may review and comment on any information about itself that a Federal awarding agency previously entered. Currently, federal agencies create integrity records in the integrity module of the Contractor Performance Assessment and Reporting System (CPARS) and these records are visible as responsibility/qualification records in SAM.gov;
3. The Department of State will consider any comments by the applicant, in addition to the other information in the designated integrity and performance system, in making a judgment about the applicant's integrity, business ethics, and record of performance under Federal awards when completing the review of risk posed by applicants as described in §200.206 Federal awarding agency review of risk posed by applicants.
