Content and Form of Application Submission

Organizations should submit an application following the guidelines below:

- A formal amendment request on the organization's letterhead, signed by the appropriate official, containing: a statement identifying the current agreement number and program to which this request for additional funding corresponds, a justification statement, and background information providing context for why the amendment is needed at this time.
- Standard Form 424, signed by the applicant
- Revised Plan of Operations, Commodity Specifications, and/or Performance Indicators as applicable to the request
- An updated Budget Summary Attachment C-1
- An updated Budget Narrative Attachment C-2 describing how the supplemental funding will be used.
- **Negotiation Indirect Cost Rate (NICRA)**
  - **Domestic entities** must attach a copy of the latest indirect cost rate agreement negotiated with a cognizant federal agency. If the applicant is in the process of initially developing or renegotiating a rate, upon notification that an award will be made, it should immediately develop a tentative indirect cost rate proposal based on its most recently completed fiscal year, in accordance with the cognizant agency's guidelines for establishing indirect cost rates, and submit it to the cognizant agency. Applicants awaiting approval of their indirect cost proposals may also request indirect costs. When an indirect cost rate is requested, those costs included in the indirect cost pool should not also be charged as direct costs to the award. If the applicant is requesting a rate which is less than what is allowed under the program, the authorized representative of the applicant organization must submit a signed acknowledgement that the applicant is accepting a lower rate than allowed.
  - **Foreign public entities and foreign organizations** may request, and upon approval from FAS use the de minimis rate of 10%, or some other rate in excess of the de minimis rate of 10%, up to 13%, if there is historical evidence that such a rate has been used in the past

Any non-federal entity that has never received a negotiated indirect cost rate (except for those non-federal entities described in Appendix VII to Part 200 States and Local Government and Indian Tribe Indirect Cost Proposals, paragraph D.1.b) may elect to charge a de minimis rate of 10% of modified total direct costs (MTDC) which may be used indefinitely. As

described in 2 CFR Part 200.403 Factors Affecting Allowability of Costs, costs must be consistently charged as either indirect or direct costs, but may not be double charged or inconsistently charged as both. If chosen, this methodology once elected must be used consistently for all federal awards until such time as a non-federal entity chooses to negotiate for a rate, which the non-federal entity may apply to do at any time. For more information, see 2 CFR Part 200.414.

- **SF–LLL Disclosure of Lobbying** (only if paragraph two of the **Certification Regarding Lobbying** submitted in SAM.gov applies.)

Please be aware that OMB Memorandum 18-24: Strategies to Reduce Grant Recipient Reporting Burden has been approved. Various required forms needed to apply for Federal Financial Assistance no longer need to be completed individually at time of application. They are covered in the Financial Assistance Certifications Report.

Effective January 1, 2020, the Financial Assistance Certifications are a common set of certifications and representations required by Federal statutes or regulations in accordance with the grants guidance under Title 2 of the Code of Federal Regulations (2 CFR Part 200.208 Certifications and Representations). Those non-Federal entities who intend to apply for, or are already recipients of Federal grants or agreements, must read and agree to the corresponding certifications and representations. Registrants who reply "yes" to the question are required to keep these certifications and representations current, accurate, and complete as part of their entity registration.

All of the terms do not apply to foreign entities, however, ***all*** *entity types receiving financial assistance from FAS must respond "yes" because the Lobbying Disclosure term does apply to foreign entities along with being registered in SAM.*

FAS will verify that the proper certifications are completed in SAM.gov, and if they have not been, the Applicant will be contacted and directed to do so. An award will not be issued until the certifications are completed within the SAM.gov portal.

Unique Entity Identifier and System for Award Management (SAM)

Each Applicant, unless excepted under 2 CFR Part 25.110(b) or (c), or that has an exception approved by FAS under 2 CFR Part 25.110(d), is required to:

- Be registered in SAM before the closing date of this announcement;
- Provide a valid a unique entity identifier (DUNS number) in its application; and
- Continue to maintain an active SAM registration with current information at all times during which the Applicant has an active Federal award or an application or plan under consideration by FAS.

All Applicants must have an active registration in the SAM database at www.sam.gov – pending or expired registrants are not eligible. This requirement must be met by the closing date of the announcement and will not be waived. **Applicants without an active SAM registration will be found ineligible and the application will NOT be considered for funding.** Each subrecipient organization must also have active SAM registrations before the subaward is signed, unless the organization has an exemption approved by FAS under 2 CFR Part 25.110(d).

DUNS number
Instructions for obtaining a DUNS number can be found at the following website: http://www.dnb.com/duns-number.html

The DUNS number must be included in the data entry field labeled "Organizational DUNS" on the Standard Forms (SF)–424 forms submitted as part of this application.

Electronic Signature
Applications submitted through FAIS constitute a submission as electronically signed applications. When you submit the application through FAIS, the name of your Signatory Official on file will be inserted into the signature line of the application.

If you experience difficulties accessing information or have any questions, please submit them via email to: FFPrAmendments@usda.gov

The Federal awarding agency may not make a Federal award to an applicant until the applicant has complied with all applicable DUNS and SAM requirements and, if an applicant has not fully complied with the requirements by the time the Federal awarding agency is ready to make a Federal award, the Federal awarding agency may determine that the applicant is not qualified to receive a Federal award and use that determination as a basis for making a Federal award to another applicant.

Intergovernmental Review

An intergovernmental review may be required by public universities, not private voluntary organizations. Applicant(s) must contact their State's Single Point of Contact (SPOC) to comply with the State's process under Executive Order 12372 (see *http://www.fws.gov/policy/library/rgeo12372.pdf*). Name and addresses of the SPOCs are maintained at the Office of Management and Budget's homepage: https://www.whitehouse.gov/wp-content/uploads/2020/01/spoc_1_16_2020.pdf

Funding Restrictions

Generally, funds may not be used in any manner that is prohibited by 2 CFR Part 200, 2 CFR Part 400, and 7 CFR Part 1499.

Funds awarded under this NOFO must support the base award and may not be used for any other purpose. Cooperative agreement funds and non-monetary support may not be used for matching contributions for other federal grants or cooperative agreements, lobbying, or intervention in federal regulatory or adjudicatory proceedings. Federal employees are prohibited from serving in any capacity (paid or unpaid) on any proposal submitted under this program. Federal employees may not receive funds under this award. Also, Federal funds may not be used to sue the Federal Government or any other government entity.

Management and Administration (M&A) Costs

M&A costs are not allowable.

Indirect Facilities & Administrative (F&A) Costs

Indirect F&A costs means those costs incurred for a common or joint purpose benefiting more than one cost objective and not readily assignable to the cost objectives specifically benefited without effort disproportionate to the results achieved.

In general, USDA Departmental Regulation 2255-001 requires that indirect costs be paid pursuant to a Negotiated Indirect Cost Rate Agreement (NICRA) that the recipient has in place with a cognizant U.S. Government agency. If the recipient does not have a NICRA, USDA will authorize an indirect cost rate of up to 10% of Modified Total Direct Costs.

Foreign public entities and foreign organizations may request, and upon approval from FAS use the de minimis rate of 10%, or some other rate in excess of the de minimis rate of 10%, up to 13%, if there is historical evidence that such a rate has been used in the past

Other Submission Requirements

Submissions must be received by the closing date and time via email to: FFPrAmendments@usda.gov

E. Application Review Information

Application Evaluation Criteria

Prior to making a Federal award, the Federal awarding agency is required by 31 U.S.C. 3321 and 41 U.S.C. 2313 to review information available through any OMB-designated repositories of government-wide eligibility qualification or financial integrity information. Therefore, application evaluation criteria may include the following risk-based considerations of the applicant: (1) financial stability; (2) quality of management systems and ability to meet management standards; (3) history of performance in managing federal award; (4) reports and

findings from audits; and (5) ability to effectively implement statutory, regulatory, or other requirements.

Review and Selection Process

IFAD Program Analysts will monitor FFPrAmendments@usda.gov for application submissions.

When funding is available, Program Analysts conduct an initial responsiveness review of all applications submitted to determine if the submission is complete and followed the rules outlined in this announcement. This review will ensure the following:

1. The application was submitted on time as specified in this announcement (See Section D. Application and Submission Information);
2. The Applicant is eligible (see Section C. Eligibility Information);
3. All the required forms and documents are submitted timely as outlined (See Section D. Application and Submission Information, Content and Form of Application Submission).

If an Applicant is determined to be ineligible (see Section C. Eligibility Information) or an application is determined to be non-responsive, FAS will notify the Applicant.

Once this review is completed, the Program Analysts will provide a recommendation for or against funding to Programmatic Leadership based on: an assessment of the organization's capacity to deliver on the program objectives and priorities as described in this NOFO through the activities presented in the revised Attachment A, a review of the applicant's past performance, and any negative factors. Programmatic Leadership will have the final say on the selection of awards by FAS and may consider the following when making a final selection: agency priorities, the purpose of the program, and FAS staff expertise and guidance.

Also, all domestic awards in the amount of $250,000 or more will be subject to the following:

i. Prior to making a Federal award with a total amount of Federal share greater than the simplified acquisition threshold as defined by 48 CFR Part 2.101, is required to review and consider any information about the applicant that is in the designated integrity and performance system accessible through SAM (currently FAPIIS).
ii. An applicant, at its option, may review information in the designated integrity and performance systems accessible through SAM and comment on any information about itself that a Federal awarding agency previously

entered and is currently in the designated integrity and performance system accessible through SAM.

iii. Will consider any comments by the applicant, in addition to the other information in the designated integrity and performance system, in making a judgment about the applicant's integrity, business ethics, and record of performance under Federal awards when completing the review of risk posed by applicants as described in 2 CFR Part 200.205 Federal awarding agency review of risk posed by applicants.

Confidentiality and Conflict of Interest

Technical and cost proposals submitted under this funding opportunity will be protected from unauthorized disclosure in accordance with applicable laws and regulations. FAS may use one or more support contractors in the logistical processing of proposals. However, funding recommendations and final award decisions are solely the responsibility of FAS personnel.

F. Federal Award Administration Information

Notice of Award

A notice of award will be sent to the organization via email. **This email is not an authorization to begin performance**. Once the organization accepts the selection notice, FAS will begin negotiations with the Applicant to develop an amendment. Until an award is signed, FAS reserves the right not to fund an amendment.

The notice of award will also indicate if there are any pass-through obligations that successful applicants are required to meet upon receiving award funds, including specific timeline requirements.
