Section A. PROGRAM DESCRIPTION

- 1. Authority.** This program is authorized by Title 10 United States Code, Chapter 142, “Procurement Technical Assistance Cooperative Agreement Program”.
- 2. Funding instrument.** Awards resulting from this announcement will be cost sharing cooperative agreements.
- 3. Regulations.** Cooperative agreements resulting from this announcement will be governed by the regulations published in Chapter I, Subchapter C of Title 32, Code of Federal Regulations (CFR) and in Chapter XI of Title 2, CFR, which are referred to collectively as the DoD Grant and Agreement Regulations (DoDGARs).
- 4. PTAP General Terms and Conditions.** The general terms and conditions that will apply to cooperative agreements resulting from this announcement are posted at www.dla.mil/HQ/SmallBusiness/PTAP/SCAA.aspx. These terms and conditions are referred to as the “PTAP General Terms and Conditions”. PTAP General Terms and Conditions, Version 1.2, applies to this announcement.
- 5. Background and purpose of cooperative agreements.** The Procurement Technical Assistance Program (PTAP) was established by section 1241 of the Department of Defense (DoD) Authorization Act for Fiscal Year 1985 (Public Law 98-525) in an effort to expand the number of businesses capable of participating in government contracts. Under this announcement, the Defense Logistics Agency (DLA) intends to award a cooperative agreement to an eligible program participant who will establish a Procurement Technical Assistance Center (PTAC) providing service in the Midwest Bureau of Indian Affairs (BIA)

region. PTACs serve as a resource for businesses to obtain information and training related to contracting opportunities with DoD, other federal agencies, state and local governments and with government prime contractors. Procurement professionals at the PTACs provide critical assistance to businesses seeking to participate in government contracts and most of the assistance they provide is free.

Section B. AWARD INFORMATION

1. **Anticipated awards.** We expect to award one cost sharing cooperative agreement as a result of this announcement, however, we are not obligated to make any awards and reserve the right to revise or cancel this announcement.
2. **Cooperative agreements.** Cooperative agreements differ from grants in that substantial involvement is expected between the recipient and the Federal agency when carrying out the award. Should you receive an award, we expect you to collaborate with DoD and other Federal agencies to accomplish the work set out in the PTAP General Terms and Conditions.
3. **Funding period.** Applicants should propose a one-year period of performance.

Section C. ELIGIBILITY INFORMATION

1. **Eligible applicants.**
 - a. **Economic enterprises.** *Economic enterprise* means any Indian-owned (as defined by the Secretary of the Interior) commercial, industrial, or business activity established or organized for profit purposes or for nonprofit purposes. Provided, that such Indian ownership constitutes not less than 51 percent of the enterprise (refer to 10 U.S.C. 2411(1)(D)).
 - b. **Tribal organizations.** *Tribal organization* means the recognized governing body of any Indian tribe; any legally established organization of Indians which is controlled, sanctioned, or chartered by such governing body, or which is democratically elected by the adult members of the Indian community to be served by such organization and which includes the maximum participation of Indians in all phases of its activities. Provided, that in any case where a cooperative agreement is made to an organization to perform services benefiting more than one Indian tribe, the approval of each such Indian tribe shall be a prerequisite to the making of such cooperative agreement (refer to 10 U.S.C. 2411(1)(D)).
2. **Cost sharing or matching.**
 - a. **Cost sharing requirements.** All awards we make as a result of this announcement require you to provide cost sharing, without which your application is ineligible for an award. Allowable contributions towards cost sharing requirements are discussed in the “Financial and Program Management” part of the PTAP General Terms and Conditions. Refer to the application instructions in paragraph [D.2](#) of this announcement and note that you are

required to submit documentation with your application to verify that you have the necessary commitments to meet cost sharing requirements.

- b. Cost share ratio.** Our share of cost is limited to no more than 75 percent. You are required to share the cost of operating your PTAC and match our funds accordingly.
- c. Distressed area.** *Distressed area* means an area of local government (i.e., usually a city or county) that has a per capita income of 80 percent or less of that State's average or an unemployment rate that is one percent greater than the national average for the most recent 24-month period for which statistics are available, and federally recognized Indian tribes or Alaska Native entities in one of the BIA regions.

D. APPLICATION AND SUBMISSION INFORMATION

- 1. Address to request application package.** Application forms and other materials needed to apply are available for download on the internet at the websites in paragraph D.2 below.
- 2. Content and form of application submission.** You may find, download and submit the application package at [grants.gov](https://www.grants.gov) by searching for the funding opportunity number. Instructions for completing your application are posted along with the opportunity at [grants.gov](https://www.grants.gov) and at www.dla.mil/HQ/SmallBusiness/PTAP/SCAA.aspx. Your application must be for a one-year period only.
- 3. We may not make an award to you until you have complied with all applicable unique entity identifier and SAM requirements and, if you have not fully complied with the requirements by the time we are ready to make an award, we may determine that you are not qualified to receive the award and use that determination as a basis for making an award to another applicant.
- 4. Submission dates and times.**

The application is due **Monday, May 27, 2019 at 5:00 p.m. Eastern Time,**

Applicants proposing to provide procurement technical assistance to reservations and serving less than an entire BIA region(s) should specify the region(s) that they will serve and identify the specific tribe(s) included in the proposed service area. DLA will use the information available at <http://www.bia.gov/WhoWeAre/RegionalOffices/index.htm> to determine the portion of the BIA region included in the service area and the associated funding limitations.

Other application information.

- i. You must submit your application at [grants.gov](https://www.grants.gov) before it is due. We strongly

recommend that you **DO NOT** wait until the application due date to begin the application process because of the time involved to complete the process and errors that could occur at [grants.gov](https://www.grants.gov), which might require you to correct and resubmit your application. You are encouraged to submit your application at least 15 days prior to the due date.

- ii. We will use the date and time stamp provided by [grants.gov](https://www.grants.gov) to determine whether your application is timely or not.
- iii. If you request it, we may authorize you to mail a paper copy of the application instead of using [grants.gov](https://www.grants.gov).
- iv. Any application that we receive after the exact time we specify for receipt is late and will not be considered unless we determine that accepting it would not unduly delay an award and that the late application would not displace another, timely application.
- v. If you have any questions about the application process you may contact us at the address or email on [page one](#).

1) **Certifications and assurances.** Your application includes the SF 424, "Application for Federal Assistance". By signing the SF 424 you are providing:

- a. Your certification that you are an eligible applicant, as described in paragraph [C.1](#) of this announcement;
- b. Your assurance to comply with the "National Policy Requirements" part of the PTAP General Terms and Conditions; and
- c. The certification regarding lobbying at Appendix A to 32 CFR Part 28.

2) **Intergovernmental review.** This opportunity is subject to Executive Order 12372, "Intergovernmental Review of Federal Programs." You are reminded that you may have to contact your state's Single Point of Contact (SPOC) to find out about and comply with your state's process under Executive Order 12372. The names and addresses of SPOCs are listed at: https://www.whitehouse.gov/wp-content/uploads/2017/11/Intergovernmental_-Review-_SPOC_01_2018_OFFM.pdf

3) **Funding limitations.** This is the third period of a three-year funding cycle, which will usually consist of a one-year base period and two subsequent, one-year option periods. The Federal funding limitations shown below apply to this one-year period. Funding is also contingent on your ability to meet the program's cost sharing requirements, which are described in paragraph [C.2](#) of this announcement.

- a. \$750,000 in the case of an entity that operates a PTAC wholly within more than one service area of the [Bureau of Indian Affairs](#) (BIA). This means a PTAC that provides procurement technical assistance to all of the federally recognized Indian tribes or Alaska Native entities in one of the BIA regions and at least half of the tribes or Alaska Native entities in a second BIA region; or
- b. \$300,000 in the case of an entity that operates a PTAC wholly within one service area of the BIA.

E. APPLICATION REVIEW INFORMATION

When used in this section, the term “Program Requirements” means the requirements in the “Program Requirements” part of the PTAP General Terms and Conditions.

1. Criteria.

- a. Evaluation factors.** We will use the factors and subfactors below to evaluate your application. We will make awards to the applicants whose applications we determine to be the best value, cost and other factors considered. The factors *past performance*, *technical capability* and *management* are of equal importance and each are more important than *cost*. Within *technical capability* and *management*, each subfactor is of equal importance.

i. Past performance.

ii. Technical capability.

1) Personnel.

2) Facilities.

iii. Management.

1) Technical understanding.

2) Program management.

3) Cost sharing contributions.

iv. Cost.

b. Description of evaluation factors.

- i. Past performance.** We will evaluate your past performance to determine how relevant recent work you accomplished is to the work required by Program Requirements and the degree to which you satisfied your previous customers. You are responsible for identifying recent and relevant work you accomplished and for providing references so that we may obtain information regarding customer satisfaction.

We may also consider past performance information that we obtain from sources other than you, including Federal, State, and local government agencies, Better Business Bureaus, published media and electronic databases. The lack of recent and relevant past performance information will result in our assignment of a neutral rating (i.e. neither favorable nor unfavorable) for this factor.

Pursuant to 10 U.S.C. 2413(d), we will give significant weight to past performance of entities operating PTACs established by this program and will consider successful past performance under cooperative agreements with us to be more meritorious than other, comparable past performance. More meritorious past performance includes that of two or more PTACs that combine and apply as a single entity, even if the resulting entity is new; however, it does not include the past performance of subrecipients or other sub elements/organizations of a PTAC that breakaway and apply separately.

ii. Technical capability.

- 1) Personnel.** We will evaluate your application to ascertain the degree to which your proposed personnel meet Program Requirements. Our evaluation will consider

qualifications, including relevant experience and education, as well as the availability of the proposed personnel.

- 2) **Facilities.** We will evaluate your application to ascertain the degree to which the facilities you propose meet Program Requirements. We will also consider the availability of your facilities.

iii. **Management.**

- 1) **Technical understanding.** We will evaluate your understanding of Program Requirements. We will not consider a simple statement of understanding or playback of Program Requirements to demonstrate your understanding.

We will evaluate the soundness of your approach to implementing a program pursuant to Program Requirements. In addition, your application must demonstrate credibility, realism, and logic in providing procurement technical assistance to businesses and the required deliverables to us under a cooperative agreement.

- 2) **Program management.** We will evaluate how you intend to manage and coordinate the effort under a cooperative agreement, including planning, assigning responsibility, controlling personnel, controlling utilization of resources, tracking deliverables, monitoring performance and obtaining feedback from your clients. Our evaluation will also consider your proposed performance goals, your procedures for monitoring and controlling costs; your procedures for identifying problems, resolving them and ensuring that they do not reoccur; any proposed subrecipients and/or subcontractors and the degree to which you will use them; and your Program Implementation Plan, if applicable.
- 3) **Cost sharing contributions.** We will evaluate the nature and type of commitments you propose to satisfy cooperative agreement cost sharing requirements. We will consider the degree to which your commitments will contribute to the success of your proposed program, the significance of the commitments that you have made and whether those commitments demonstrate that you have taken a meaningful interest in the success of your proposed program.

- iv. **Cost.** We will consider the proposed cost to us for the period of performance in conjunction with the other non-cost factors to determine best value. If your proposed costs appear unrealistic, you are cautioned that we may infer a lack of understanding of Program Requirements, increased risk of performance or lack of credibility on your part.

2. **Review and selection process.**

- a. Review of applications.** We will review applications conforming to this announcement in accordance with the procedures in this section. We may provide you the opportunity to cure a deficiency resulting from an irregularity in your application or may waive the deficiency. We reserve the right to request any additional information we need to evaluate your application and your failure to provide the information in the time frame requested may result in us rejecting your application.
- b. Duplicate coverage.** Duplicate coverage of service areas exists when the proposed service areas of two or more applicants overlap. We will make a determination on a case-by-case basis as to the acceptability of duplicate coverage.
- c. Selection process.** We contemplate that we will make multiple awards; however, we may not make awards to all acceptable applicants. We will make award decisions to optimize the use of program funds while at the same time maximizing the availability of procurement technical assistance. We will make funding decisions on an agreement-by-agreement basis and in the best interest of the overall program. In making selections among otherwise acceptable applicants, we will generally give funding priority to those applicants that are operating established PTACs and have a successful performance record (refer to 10 U.S.C. 2413(d)).
- d. Other pre-award procedures.** On a case-by-case basis, we may request a pre-award credit report, audit, survey or other review to determine if you meet the standards in 32 CFR 22.415. We may delay an award decision until all necessary reviews are complete. Based on the results of a review, we may decide not to make an award, make an award subject to additional conditions or may delay an award until after you resolve any deficiencies identified.

3. Recipient Integrity and performance.

- a.** Prior to making an award with a total amount of Federal share greater than the simplified acquisition threshold, we are required to review and consider any information about you that is in the OMB-designated integrity and performance system. Currently, the OMB-designated system is the Federal Awardee Performance and Integrity Information System (FAPIIS) (see 41 U.S.C. 2313);
- b.** You, at your option, may review information in FAPIIS (or successor OMB-designated system) and comment on any information about you that a Federal awarding agency previously entered and is currently in the system; and
- c.** We will consider any comments by you, in addition to the other information in FAPIIS (or successor OMB-designated system), in making a judgment about your integrity, business ethics, and record of performance under Federal awards when completing the review of risk as described in 2 CFR 200.205 "Federal awarding agency review of risk posed by applicants."

F. FEDERAL AWARD ADMINISTRATION INFORMATION

1. **Award notices.** Awards resulting from this announcement will be bilateral (i.e., we both sign) cooperative agreements.
2. **Administrative and national policy requirements.** Refer to the “National Policy Requirements” part of the PTAP General Terms and Conditions for national policy requirements that will apply to awards. Among others, these requirements include disclosures by you required in Subpart C of 2 CFR Part 180, as adopted by DoD at 2 CFR Part 1125.
3. **Reporting.** Refer to the “Financial, Programmatic, And Property Reporting” part and the “Submitting and maintaining recipient information” article in the PTAP General Terms and Conditions for reporting requirements that will apply to awards.
