QUESTIONS AND ANSWERS

Question 1: As a small US-based NGO supporting the clinical services provided by a community health center in one of the Departments of Haiti, we are inquiring about the possibility of partnering with another entity applying for funding for Fòtifye Manje pou Ranfòse Sante.

Answer 1: USAID encourages suitably qualified entities to apply. USAID encourages collaboration between partners where this will bring the best skills and technical experience together, and this should be reflected in an application. However, it is neither possible nor appropriate for USAID to share details about other potential applicants.
