Washington Headquarters Services/Acquisition Directorate (WHS/AD) on behalf of the Office of the Under Secretary of Defense (Research & Engineering)

National Defense Education Program (NDEP) Science, Technology, Engineering, and Mathematics (STEM) Consortia Request for Information (RFI) for the Office of the Under Secretary of Defense (Research & Engineering)

Request for Information Questions and Answers:

Q1: Is it anticipated that this opportunity will be full and open?

A1: Any funding opportunity subsequent to this Request for Information will be posted on grants.gov as a full and open opportunity.

Q2: Is it anticipated that there will be a small business advantage?

A2: Similar to the NDEP 2019-2020 and 2020-2021 funding opportunity announcements, any funding opportunity subsequent to this Request for Information will be inclusive of academia, industry, not-for-profit organization, local and regional educational agencies.

Q3: Who will be the funding source for this opportunity?

A3: Any funding opportunity subsequent to this Request for Information will include the National Defense Education Program as a funding source.
