RE: Application for FY 2024 MIPPA Funding in response to Funding Opportunity Number**:**
HHS-2024-ACL-MITR-2401

We are requesting FY 2024 funding under the Medicare Improvements for Patients and Providers Act (MIPPA) for Beneficiary Outreach and Assistance in the amount of at least $2,000. These funds will be used to coordinate at least one community announcement and one community outreach event to inform and assist eligible Native American, Alaska Native and Native Hawaiian elders about the benefits available to them through Medicare Part D, the Low-Income subsidy, the Medicare Savings Program, or Medicare prevention benefits and screenings. Where possible, we will maximize resources by collaborating with local providers, the Indian Health Service, Tribal Health Services and others involved with these programs.

We will submit a narrative report to ACL within 90 days following the event(s). This narrative report will include a brief description of the event(s), date(s), location(s), and number of participants, and will be submitted via e-mail to MIPPA.Grants@acl.hhs.gov. Include the word "FY24 MIPPA Report: State, Name of Tribe, and [*Your MIPPA Grant Number*]" on the subject line. We will also submit a final Federal Financial Report (FFR) in PMS within 120 days after the project period end date. These funds will not be used for lobbying.
