OVERVIEW

Cooperative Agreement Number P14AC00728 was entered into by and between the Department of the Interior, National Park Service (NPS), and the Wildlife Conservation Society (WCS) for the purposes of: 1. increasing the availability of science-based information and other scholarly information, sharing the information related to natural areas management with a diverse body of local, state, federal, tribal and NGO natural management professionals, 2. restoring and facilitating the stewardship of wildlife and wildlife habitats and improving the public's understanding of protected area; and 3. involving Native Americans and other diverse and indigenous people in the projects. Unless otherwise specified herein, the terms and conditions as stated in the Cooperative Agreement will apply to this Task Agreement.

RECIPIENT INVOLVEMENT

A. WCS agrees to:

Work with NPS through the efforts of a collaborative partnership to identify and implement high priority science research, outreach and education projects.

NATIONAL PARK SERVICE INVOLVEMENT

Substantial involvement on the part the National Park Service is anticipated for the successful completion of the objectives to be funded by this award. In particular, the National Park Service will be responsible for the following:

B. NPS agrees to:

1. Work cooperatively with the WCS at the national, regional, and park levels to accomplish the objectives of this agreement.
2. Actively participate with the WCS is planning and implementing forums designed to increase the awareness of and understanding of research results and other wildlife management information by providing personnel to help design sessions, lead discussions, participate in sessions and report the results of the sessions as appropriate to the nature and purpose of the sessions. The information exchanged will provide the NPS and other resource professionals with readily applicable information for increasing the effectiveness of their resource preservation and management activities at their home duty stations.
3. To make available to WCS information on research and science information of the parks relevant to native species, migratory species distributions, wildlife disease genetics and other data (maps, spatial data, digital data, and aerial photography) related to natural resource management in the proposed study areas. Integrate results into NPS management, operations and planning efforts, and develop educational materials such as brochures, we-based products to ensure communication to target audiences.
4. Provide timely review and approval of workplans developed by the WCS.

SINGLE-SOURCE JUSTIFICATION

DEPARTMENT OF THE INTERIOR SINGLE SOURCE POLICY REQUIREMENTS

Department of the Interior Policy (505 DM 2) requires a written justification which explains why competition is not practicable for each single-source award. The justification must address one or more of the following criteria as well as discussion of the program legislative history, unique capabilities of the proposed recipient, and cost-sharing contribution offered by the proposed recipient, as applicable.

In order for an assistance award to be made without competition, the award must satisfy one or more of the following criteria:

- (1) Unsolicited Proposal – The proposed award is the result of an unsolicited assistance application which represents a unique or innovative idea, method, or approach which is not the subject of a current or planned contract or assistance award, but which is deemed advantageous to the program objectives;
- (2) Continuation – The activity to be funded is necessary to the satisfactory completion of, or is a continuation of an activity presently being funded, and for which competition would have a significant adverse effect on the continuity or completion of the activity;
- (3) Legislative intent – The language in the applicable authorizing legislation or legislative history clearly indicates Congress' intent to restrict the award to a particular recipient of purpose;
- (4) Unique Qualifications – The applicant is uniquely qualified to perform the activity based upon a variety of demonstrable factors such as location, property ownership, voluntary support capacity, cost-sharing ability if applicable, technical expertise, or other such unique qualifications;
- (5) Emergencies – Program/award where there is insufficient time available (due to a compelling and unusual urgency, or substantial danger to health or safety) for adequate competitive procedures to be followed.

The National Park Service did not solicit full and open competition for this award based the following criteria:
