1. PROGRAM DESCRIPTION & OBJECTIVES

The Food and Nutrition Service (FNS) administers the nutrition assistance programs of the U.S. Department of Agriculture (USDA), including the Supplemental Nutrition Assistance Program (SNAP). FNS administers SNAP nationally, while State and local human services agencies operate the program locally. SNAP is the cornerstone of USDA's nutrition assistance programs. SNAP is the largest program in the domestic hunger safety net and provides nutrition assistance benefits to millions of low-income people. These benefits help supplement the food budget of needy families so they can purchase healthy food and move towards self-sufficiency.

Congress set forth a legislative measure in the Agricultural Improvement Act of 2018 (2018 Farm Bill) which amends Section 17(n) of the Food and Nutrition Act of 2008. Section 17(n) of the Act enables research on SNAP program administration. The overarching goal of the SNAP Longitudinal Data Project (LDP) is to enable longitudinal research on participation in and the operation of SNAP over time and across State lines. States that opt to participate in the SNAP LDP may share eligibility, benefit, and demographic information about SNAP households and individual members with one another and establish State longitudinal databases to support data sharing across State lines. FNS will leverage an inter-agency agreement with the Census Bureau in order to fulfill the requirements in Section 17(n) of the Act, while minimizing the burden and administrative costs of this project.

The SNAP LDP Grant Program will support States as they develop new efforts, or improve existing ones, to share SNAP data as part of the SNAP LDP. There is no single solution or approach to data sharing, and each State may require a different approach to enable longitudinal research. FNS acknowledges the need for flexibility to support State participation and data sharing and therefore aims to support these unique and State specific needs through the grant program.

Program Description

Section 17(n) of the Act authorizes FNS to provide grants on a competitive basis to State agencies that participate in the SNAP LDP. Up to \$5 million in grant funding is available in FY 2022 to support State participation. Technology and data related projects often take more than one year, especially considering the procurement and implementation of associated projects. Therefore, this funding is available as a multi-year grant with a four-year Period of Performance (PoP) from September 2022 to September 2026. States that received a SNAP LDP grant in FY 2021 are eligible to reapply and must propose a new and compelling project to pursue with FY 2022 grant funds. States that applied but were not selected for a SNAP LDP grant in FY 2021 will be given priority for FY 2022 grant awards.

States that want to participate in the SNAP LDP must work with the Census Bureau to draft a new or amend a current Memorandum of Understanding (MOU). Grant awardees will then begin sharing data, as documented per their MOU, and the Census Bureau will begin the process of creating the longitudinal linkages for the database. States that do not have a signed MOU within 30 days of award will not receive grant funding. FNS highly encourages States to begin the MOU process soon after submitting their grant proposals in order to ensure they are eligible for funding. States may find more information about this process in the SNAP Parameters for Participation (PFP) (Longitudinal Data Project (LDP) | USDA-FNS). All funding is determined based on the number of grant requests and available funds.

Key Objectives

Below is a list of the Program Objectives. As noted in the [section](#) below, within “Activities/Indicators Tracker”, proposed activities must be clearly aligned to these Objectives and their associated Activities and Indicators.

#	Objectives
	The overarching goal of the SNAP LDP is to enable longitudinal research on participation in and the operation of SNAP over time and across state lines. Grant requests must address this overarching goal through Objective 1 AND one or more of Objectives 2-4.
1	On an annual basis, securely share and/or enable the secure sharing of the monthly required data elements for the SNAP LDP with FNS/Census Bureau.
2	On an annual basis, securely share and/or enable the secure sharing of the monthly optional data elements for the SNAP LDP with FNS/Census Bureau.
3	Improve the evaluation of SNAP data across State lines by progressing toward a standardized data format to enable data comparison.
4	Enable SNAP longitudinal research.

2. FEDERAL AWARD INFORMATION

The following information is intended to provide applicants with information to help applicants make informed decisions about proposal submissions.

1. Total amount of funding expected to award: \$5 million
2. Anticipated number of awards: 2-5
3. Anticipated award announcement date: NLT September 30, 2022
4. Expected amounts of individual Federal awards: \$2.25 million
5. Anticipated start dates and period of performance: September 2022 through September 2026
6. Estimated funding per award: up to \$2.25 million
7. Application due date: August 1, 2022

Please note:

1. Grant awards are subject to the availability of funding and/or appropriations of funds.
2. FNS reserves the right to use this solicitation and competition to award additional grants this year or the subsequent fiscal year, should additional funds become available.
3. Upon the selection and issuance of awards, awardees have 30 days to establish or amend an MOU with the Census Bureau, agreeing upon the details of the data sharing agreement as it relates to the research on SNAP participation. FNS strongly encourages States to begin working with the Census Bureau at the time of application for grant funds in order to meet the 30-day period. Development of the MOU may take three weeks or longer depending on response times. FNS will not release funds until an MOU is established or amended. At the close of 30 days after selection and issuance of award, FNS will not release funds if the State has not established or amended an MOU to include the SNAP LDP. If the MOU is not complete within 30 days, FNS reserves the right to select another State for award. Additional details regarding the MOU are in the SNAP PFP (Longitudinal Data Project (LDP) | USDA-FNS).

Allowable Costs

Equipment and Supplies: Expenditures for both equipment (i.e., items of personal property having a useful life of more than one year and a cost of \$5,000 or more) and supplies are allowable expenses.

Contracts: Grantees may use grant funds to procure contracts for goods or services. Contract procurement for the SNAP LDP must meet the requirements for a fair and open competition under (insert reg cite from grants).

Resources – contractors and staff to support technology implementation and management, business process improvement, and data management (e.g. data extraction, data cleansing, data quality for shared data)

Technologies and Software – databases and software technologies to collect, link, cleanse, and curate data for sharing.

Cross-Agency Collaboration – data integration projects, sharing agreement development, staff time from other offices/agencies to participate, and databases to jointly identify and curate data.

Gold Standard: Establish or meet the Gold Standard or participate in National Information Exchange Model (NIEM). FNS highly encourages States to implement the gold standard for shared data and to encourage States to work towards the NIEM. States can request grant funding to accommodate participation in both the Gold Standard and to work towards NIEM. Additional information on the gold standard and NIEM submission are located in the SNAP PFP (Longitudinal Data Project (LDP) | USDA-FNS).

Please Note:

SNAP LDP grant-funded projects may benefit other governmental programs; however, grant funds must only support SNAP's share of the project costs.

Funds from this RFA are for new projects and shall not be used for the ongoing cost of carrying out an existing project, unrelated or unnecessary to the LDP. Additionally, funds may not be used to offset costs for existing personnel or any position already supported by Federal funds. Funds for this grant may not be used to make changes or modifications to existing State systems and are only for the purposes of the SNAP LDP.

4. ELIGIBILITY INFORMATION

Eligible Applicants

This grant opportunity is open to the 53 State agencies that administer SNAP. FNS will consider only one application per State agency. To establish eligibility, review the considerations or factors detailed below in this section. Applications will not be

considered for this project if the requested funding covers activities that do not align with the stated program objectives.

To be eligible, the SNAP administering agencies must have the capacity to provide, on a periodic and ongoing basis, household and participant data derived from their eligibility system and other data sources of the State. No cost sharing or matching considerations exist for this project.

Cost Sharing or Matching Considerations

- There are no cost sharing or matching requirements for this program.

Other Eligibility Criteria

- States that received a SNAP LDP grant in FY 2021 are eligible to reapply to propose a new and compelling project to pursue with FY 2022 grant funds.

Pre-Award Screening Requirements

In reviewing applications in any discretionary grant competition, prior to making a Federal award, Federal awarding agencies, in accordance with 2 CFR 200.205, are required to review information available through any OMB-designated repositories of government-wide eligibility qualifications or financial integrity information. Additionally, Federal awarding agencies are required to have a framework in place for evaluating the risks posed by applicants before they receive Federal awards. The FNS review of risk posed by applicants will be based on the following:

1. SAM.gov, the *System for Award Management*, the Official U.S. Government system that consolidated the capabilities of CCR/FedReg, ORCA, and EPLS
2. FAPIIS, the *Federal Awardee Performance and Integrity Information System* that has been established to track contractor misconduct and performance
3. FNS Risk Assessment Questionnaire
 1. Applicants must complete the Grant Program Accounting System & Financial Capability Questionnaire that allows FNS to evaluate aspects of the applicant's financial stability, quality of management systems, and history of performance, reports and findings from audits. The questionnaire contains a number of questions that may be an indicator of potential risk.

The evaluation of the information obtained from the designated systems and the risk assessment questionnaire may result in FNS imposing special conditions or additional oversight requirements that correspond to the degree of risk assessed.

Acknowledgement of USDA Support

As outlined in 2 CFR 415.2, grant recipients shall include acknowledgement of USDA Food and Nutrition Service support on any publications written or published with grant support and, if feasible, on any publication reporting the results of, or describing, a grant-supported activity. Recipients shall include acknowledgement of USDA Food and Nutrition Service support on any audiovisual which is produced with grant support and which has a direct production cost of over \$5,000.

1. When acknowledging USDA support, use the following language: "This material is based upon work that is supported by the Food and Nutrition Service, U.S. Department of Agriculture." Grantees should follow the [USDA Visual Standards Guide](#) when using the USDA logo.
2. Grant recipients *may* be asked to host USDA officials for a site visit during the course of their grant award. All costs associated with the site visit will be paid for by USDA and are not expected to be included in grant budgets.

3. APPLICATION AND SUBMISSION INFORMATION

Content and Form of Application Submission

FNS strongly encourages eligible applicants interested in applying to this program to adhere to the following applicant format. Application Budget Narrative

The budget narrative should correspond with the proposed project narrative and application budget. The narrative must justify and support the bona fide needs of the budget's direct cost. If the budget includes indirect costs, the applicant must provide a copy of its most recently approved Federal indirect cost rate agreement. All non-profit organizations must include their 501(c)(3) determination letter issued by the Internal Revenue Service (IRS). All funding requests must be in whole dollars.

Indirect Cost Rate

A current Negotiated Indirect Cost Rate Agreement (NICRA), negotiated with a Federal negotiating agency, should be used to charge indirect costs. Indirect costs may not exceed the negotiated rate. If a NICRA is used, the percentage and base should be indicated. If the applicant does not have, and has never been approved for, a NICRA, they may charge up to 10% de minimis. In this instance, the applicant must indicate they are requesting the de minimis rate. An applicant may elect not to charge indirect costs and, instead, use all grant funds for direct costs. If indirect costs are not charged, the phrase "none requested" should be stated in the budget narrative. For questions related to the indirect cost rate, please work with the Grant Officer as noted in Section VII of this RFA.

Required Grant Application Forms

Please refer to the [Application Checklist](#) for a list of required grant forms.

Submission Date

Complete grant applications must be uploaded to www.grants.gov by 11:59 PM EST on the due date listed on the cover page.

1. Applications must be submitted via [Grants.gov](https://www.grants.gov). Mailed, e-mailed or hand-delivered application packages will not be accepted. For further instructions, go [here](#).
2. Late or incomplete applications will not be considered.
3. FNS will not consider additions or revisions to applications unless they are submitted via Grants.gov by the deadline. No additions or revisions will be accepted after the deadline.
4. If multiple application packages are submitted through Grants.gov by the same applicant in response to this solicitation, FNS will accept the latest application package successfully submitted. All other packages submitted by the applicant will be removed from this competition.

FNS strongly encourages applicants to begin the registration process at least **four weeks before the due date** and to submit applications to Grants.gov at least **one week** before the deadline to allow time to troubleshoot any issues, should they arise. Please note that upon submission, Grants.gov may send multiple confirmation notices; applicants should ensure receipt of confirmation that the application was **accepted**. Applicants experiencing difficulty submitting applications to Grants.gov should contact the Grant Officer noted in the [Agency Contacts](#) (Section VII) of this RFA. FNS will evaluate submission issues on a case-by-case basis.

Preparing for Electronic Application Submission through Grants.gov

Applicants must register with [Grants.gov](https://www.grants.gov), Dun and Bradstreet and Sam.gov in order to submit an application to FNS via Grants.gov, as required. FNS strongly encourages applicants to begin the registration process at least **four weeks before the due date**.

In order to submit an application, you must:

1. Obtain a UEI number
NOTE: On and after April 4, 2022, entities can register in SAM.gov and will be assigned their Unique Entity ID (SAM) within SAM.gov. They will no longer obtain or use a UEI (DUNS) for entity registration or reporting. For additional information on the UEI process, please visit: [SAM.gov | Duns - Sam UEI](#).
2. Register in the System for Award Management (SAM.gov)
 - A. SAM combines Federal procurement systems and the Catalog of Federal Domestic Assistance into one system. For additional information regarding SAM.gov, see the following link: <https://sam.gov/content/home>
 - B. All applicants must have current SAM status at the time of application submission and throughout the duration of a Federal Award in accordance with 2 CFR Part 25.
 - C. We strongly encourage applicants to begin the process **at least 3 weeks** before the due date of the grant solicitation.

3. Create a Grants.gov Account:

The next step in the registration process is to create an account with Grants.gov. Applicants must know their organization's DUNS number to complete this process. For more detailed instructions about creating a profile on Grants.gov, refer to <https://www.grants.gov/web/grants/applicants/registration.html>.

4. Authorize Grants.gov Roles:

After creating an account on Grants.gov, the E-Business Point of Contact (EBiz POC) receives an email notifying them of the registration and request for roles. The E-Biz POC will need to Grants.gov and authorize the appropriate roles. An approved Authorized Organizational Representative (AOR) must complete and submit the application online at Grants.gov. To learn

more about the E-Biz POC role and other profile roles, please visit <https://www.grants.gov/web/grants/applicants/registration/authorize-roles.html>.

5. Track Role Status:

To track your role request, please visit <https://www.grants.gov/web/grants/applicants/registration/track-role-status.html>.

Electronic Signature: When applications are submitted through Grants.gov, the name of the organization's AOR that submitted the application is inserted into the signature line of the application, serving as the electronic signature. The EBiz POC **must** authorize individuals who are able to make legally binding commitments on behalf of the organization as an AOR; **this step is often missed and it is crucial for valid and timely submissions.**

How to Submit an Application via Grants.gov

Grants.gov applicants can apply online using Workspace. Workspace is a shared, online environment where members of a grant team may simultaneously access and edit different web forms within an application. For each funding opportunity announcement (FOA) or RFA, you can create individual instances of a workspace.

For additional training resources, including video tutorials, refer to: <https://www.grants.gov/web/grants/applicants/applicant-training.html>

Applicant Support: Grants.gov provides applicants 24/7 support via the toll-free number 1-800-518-4726 and email at support@grants.gov. If you are experiencing difficulties with your submission, it is best to call the Grants.gov Support Center and get a ticket number. The Support Center ticket number will assist the Center with tracking your issue and understanding background information on the issue.

For questions related to the specific grant opportunity, please contact the Grant Officer noted in the [Agency Contacts](#) (Section VII) of this RFA.

Grants.gov Receipt Requirements and Proof of Timely Submission

All applications must be received by 11:59 PM EST on the due date listed on the cover page, as detailed [here](#). Proof of timely submission is automatically recorded by Grants.gov. An electronic date/time stamp is generated within the system when the application is successfully received by Grants.gov. The applicant AOR will receive an acknowledgement of receipt and a tracking number (GRANTXXXXXXXX) from Grants.gov with the successful transmission of their application. Applicant AORs will also receive the official date/time stamp and Grants.gov Tracking number in an email serving as proof of their timely submission.

When FNS successfully retrieves the application from Grants.gov and acknowledges the download of submissions, Grants.gov will provide an electronic acknowledgment of receipt of the application to the email address of the applicant with the AOR role. Again, proof of timely submission shall be the official date and time that Grants.gov receives your application. Applications received by Grants.gov after the established due date for the program will be considered late and will not be considered for FNS funding.

Applicants using slow internet, such as dial-up connections, should be aware that transmission could take some time before Grants.gov receives your application. Again, Grants.gov will provide either an error or a successfully received transmission in the form of an email sent to the applicant with the AOR role. The Grants.gov Support Center reports that some applicants end the transmission because they think that nothing is occurring during the transmission process. Please be patient and give the system time to process the application.

Additional Information on Grants.gov and the Registration Process:

NOTICE: Special Characters and Naming Conventions

All applicants **MUST** follow Grants.gov guidance on file naming conventions. To avoid submission issues, please follow the guidance provided by Grants.gov (per the Grants.gov Frequently Asked Questions (FAQ):

Are there restrictions on file names for any attachment I include with my application package?

File attachment names longer than approximately 50 characters can cause problems processing packages. Please limit file attachment names. Also, do not use any special characters (examples: & – * % / # ' -). This includes periods (.) and spacing followed by a dash in the file. To separate words in naming a file, use underscore, as in the following example: Attached_File.pdf.

Please note that if these guidelines are not followed, your application will be rejected. FNS will not accept any application rejected from www.grants.gov portal due to incorrect naming conventions.

Additional information and applicant resources are available at:

<https://www.grants.gov/web/grants/applicants/workspace-overview.html>

Funding Restrictions

The following funding restrictions apply to application requests:

- Grant funds cannot be used for ongoing operating costs that do not support the SNAP LDP.
- Funds may not be used to offset costs for existing personnel.
- Pre-award costs will not be awarded for this grant project.
- States must establish or amend an MOU within 30 days after award in order to receive funds.
- Funds from this RFA are for new projects and not for the ongoing cost of carrying out an existing project.
- FNS does not intend for this grant program to fund compliance with existing statutory or regulatory program requirements, such as data matching. FNS will continue to fund all State agency activities through 50% Federal matching of administrative costs.

6. APPLICATION REVIEW INFORMATION

Evaluation of Grant Application Criteria

1. REVIEW CRITERIA

Review criteria

FNS will pre-screen all applications to ensure the applicants are eligible entities and are in compliance with all Program regulations. FNS will not approve any waivers from Program regulations for any projects submitted in response to this solicitation.

1. EVALUATION FACTORS AND CRITERIA

The following selection criteria will be used to evaluate applications for this RFA.

1. Soundness or Merit of Project Design (30 points)

Demonstrated Need: The proposal clearly describes the need for funding support to accomplish the requirements stated in the SNAP PFP and Section 17(n) of the Act in order to participate in the SNAP LDP. The proposal should focus on Objective 1 and at least one of the other Program objectives, providing evidence that the proposed approach supports State participation.

Impact: The proposal clearly demonstrates:

- A direct effect on the SNAP State agency process and provides evidence their approach would help support State participation in the SNAP LDP.
- Clear progression from idea to implementation in a State agency.
- A description of the projects expected impact. Impact can be described in terms of the degree to which the new or improved processes are expected to help the State agency's participation in the project.

Quality: The proposal shows thought, analysis, clarity, and the use of relevant facts and knowledge. This includes clear understanding of the SNAP PFP requirements, including data sharing and security.

Application of the SNAP PFP: The proposed project integrates principles, procedures, ideas, and/or practices outlined in the SNAP PFP.

Feasibility: The application proposes projects that are capable of being accomplished and likely to be implemented. The proposal demonstrates State agency readiness and leadership's interest to implement activities. It should also demonstrate that the proposed project is appropriate given the current capacity of the agency. Applicants should consider foundational projects that the State agency can build on for future growth in the area of longitudinal data for research.

2. Implementation and Evaluation (15 points)

Timeline: The proposal includes a project timeline outlining proposed tasks and demonstrates sufficient time allotted for each activity. The period of performance is appropriate for project scope.

Evaluation: The proposal describes a well-thought-out, organized review and evaluation process that contains measures to track project goals and their completion. This includes information on how goals are measured, who will measure the goals, when the goals are measured, and what the organization will measure. The evaluation should also focus on measuring the project impact.

3. Sustainability (25 points)

The proposal shows that the project is sustainable after the grant period ends. The proposal should clearly demonstrate the State agency's ability and commitment to continue funding and implementing activities once the grant ends. This also applies to personnel hired under this grant program.

Quality: The proposal demonstrates thought, analysis and commitment to the long term sustainability and impact of the project. Proposals that fail to appropriately and adequately address this section will be considered incomplete. Sustainability of the SNAP LDP is vital to the success of the project and overarching goals.

4. Budget Appropriateness and Economic Efficiency (20 points)

Budget: The proposal includes:

- A line item budget – please refer to the [Application Checklist](#) on page 3 and [Budget Narrative Checklist](#) in Appendix B to ensure each category is addressed in the budget.
- A narrative that demonstrates fund expenditures, including who manages the expenses. The narrative should provide enough detail for reviewers to understand how costs were determined and how those costs relate to the goals and objectives of the project. There should be adequate justification for budget costs based on current industry costs/standards. Information on costs should come from applicable organizations or online sources.
- An attached copy of the approved, negotiated indirect cost rate agreement when showing indirect costs as a budget expense on the project.
- The budget must show cost allocation among the benefiting programs and demonstrate that this grant is only going to fund SNAP's share, if applicable.

Efficiency: The proposal is cost effective – it demonstrates that the anticipated results are commensurate with the cost of the project.

Contractual and Consultant Costs: Proposals who wish to hire a consultant or contract work out must provide the following information:

- Consultant's name and description of service
- Itemized list of all direct costs and fees
- Salaries must have the number of personnel, including the position title
- Specialty and specialized qualifications as appropriate to the salary
- Number of estimated hours times hourly wage
- All expenses and fees directly related to the proposed services to be rendered to the project
- Applicants that are required to issue a bid should provide a narrative explaining the requirement and provide a reasonable estimate of Contractual and Consultant Costs.
- Applicants MUST follow all procurement rules regarding a fair and open competition and/or a justification for sole source award.

NOTE: Proposal submissions that omit the required budget forms, budget narratives and/or line item descriptions will not receive the full point value for this criterion.

5. Staff Capability and Management (10 points)

Oversight: The proposal demonstrates that effective and consistent oversight by qualified project managers is ongoing throughout the project.

Communication: The proposal demonstrates that effective communication will exist within the organization and includes an organizational chart of the proposed project.

Staff: The proposal identifies the project director or manager and other key staff. The proposal includes resumes that demonstrate the proposed staff has the appropriate technical and experiential backgrounds for their proposed roles. If the applicant is unable to identify the project director or manager and key staff, it must include job descriptions with the application package for those positions. Applicants should address their contingency or back-up plans in the event of key staff departures.

Time Commitment: The proposal outlines the amount of time and effort the project director or manager, key staff, and, if applicable, partnering organizations, will contribute to the project.

6. Prior Application (15 points)

Evaluation: States that applied but were not selected for a SNAP LDP grant in FY 2021 will be awarded 15 additional points.

2. Review and Selection Process

Following the initial screening process, FNS will assemble a panel group to review and determine the technical merits of each application. The panel will evaluate the proposals based on how well they address the required application components and array the applications from highest to lowest score. The panel members will recommend applications for consideration for a grant award based on the evaluation scoring. The Selecting Official reserves the right to accept the panel's recommendation or to select an application for funding out of order to meet agency priorities, program balance, geographical representation, or project diversity. FNS reserves the right to use this solicitation and competition to award additional grants in this or the next fiscal year should additional funds be made available. FNS will fund applications at the level requested if the budget submission is realistic and well-supported. FNS reserves the right to fund applications at a lesser amount if it determines the project can be implemented with less, or if Federal funding is not sufficient to fully fund all applications that merit awards.

NOTE: If a discrepancy exists between the total funding request (submitted on SF-424, SF-424A, and budget or budget narrative) within the application package in response to this solicitation, FNS will only consider and evaluate the estimated funding request contained on SF-424.

3. FEDERAL AWARD ADMINISTRATION INFORMATION

1. FEDERAL AWARD NOTICE

The Government is not obligated to make any award as a result of this RFA. Unless an applicant receives a signed award document with terms and conditions, any contact from a FNS Grants or Program Officer should not be considered as a notice of a grant award. No pre-award or pre-agreement costs incurred prior to the effective start date are allowed unless approved and stated on FNS' signed award document (FNS-529). Only the recognized FNS authorized signature can bind the USDA, Food and Nutrition Service to the expenditure of funds related to an award's approved budget.

2. ADMINISTRATIVE AND NATIONAL POLICY REQUIREMENTS

Confidentiality of an Application

When an application results in an award, it becomes a part of the record of FNS transactions, available to the public upon specific request. Information that the Secretary determines to be of a confidential, privileged, or proprietary nature will be held in confidence to the extent permitted by law. Therefore, any information that the applicant wishes to have considered as confidential, privileged, or proprietary should be clearly marked within the application. Any application that does not result in an award will be not released to the public. An application may be withdrawn at any time prior to the final action thereon.

Safeguarding Personally Identifiable Information

Personally Identifiable Information (PII) is any information that can be used to distinguish or trace an individual's identity, such as name, social security number, date and place of birth, mother's maiden name, or biometric records, and any other information that is linked or linkable to an individual, such as medical, educational, financial, and employment information (National Institute of Standards and Technology (NIST) SP 800-122, Guide to Protecting the Confidentiality of Personally Identifiable Information, April 2010).

Applicants submitting applications in response to this RFA must recognize that confidentiality of PII and other sensitive data is of paramount importance to the USDA Food and Nutrition Service. All federal and non-federal employees (e.g., contractors, affiliates, or partners) working for or on behalf of FNS are required to acknowledge understanding of their responsibilities and accountability for using and protecting FNS PII in accordance with the Privacy Act of 1974; Office of Management and Budget Memorandum M-06-15, *Safeguarding Personally Identifiable Information*; M-06-16, *Protection of Sensitive Agency Information*; M-07-16, *Safeguarding Against and Responding to the Breach of Personally Identifiable Information*; and the NIST Special Publication (SP) 800-122, *Guide to Protecting the Confidentiality of Personally Identifiable Information*.

By submitting an application in response to this RFA, applicants are assuring that all data exchanges conducted throughout the application submission and pre-award process (and during the performance of the grant, if awarded) will be conducted in a manner consistent with applicable Federal laws. By submitting a grant application, applicants agree to take all necessary steps to protect such confidentiality, including the following: (1) ensuring that PII and sensitive data developed, obtained or otherwise associated with USDA FNS funded grants is securely transmitted. Transmission of applications through Grants.gov is secure; (2) ensuring that PII is not transmitted to unauthorized users, and that PII and other sensitive data is not submitted via email; and (3) Data transmitted via approved file sharing services (WatchDox, ShareFile, etc.), CDs, DVDs, thumb drives, etc., must be encrypted.

Conflict of Interest and Confidentiality of the Review Process

The agency requires all panel reviewers to sign a conflict of interest and confidentiality form to prevent any actual or perceived conflicts of interest that may affect the application review and evaluation process. Names of applicants, including States and tribal governments, submitting an application will be kept confidential, except to those involved in the review process, to the extent permitted by law. In addition, the identities of the reviewers will remain confidential throughout the entire process. Therefore, the names of the reviewers will not be released to applicants.

Administrative Regulations

Federal Tax Liabilities Restrictions

None of the funds made available by this or any other Act may be used to enter into a contract, memorandum of understanding, or cooperative agreement with, make a grant to, or provide a loan or loan guarantee to, any corporation that has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability, where the awarding agency is aware of the unpaid tax liability, unless a Federal agency has considered suspension or debarment of the corporation and has made a determination that this further action is not necessary to protect the interests of the Government.

Felony Crime Conviction Restrictions

None of the funds made available by this or any other Act may be used to enter into a contract, memorandum of understanding, or cooperative agreement with, make a grant to, or provide a loan or loan guarantee to, any corporation that was convicted of a felony criminal violation under any Federal law within the preceding 24 months, where the awarding agency is aware of the conviction, unless a

Federal agency has considered suspension or debarment of the corporation and has made a determination that this further action is not necessary to protect the interests of the Government.

Debarment and Suspension 2 CFR Part 180 and 2 CFR Part 417

A recipient chosen for an award shall comply with the non-procurement debarment and suspension common rule implementing Executive Orders (E.O.) 12549 and 12669, “Debarment and Suspension,” codified at 2 CFR Part 180 and 2 CFR Part 417. This common rule restricts sub-awards and contracts with certain parties that are debarred, suspended or otherwise excluded from or ineligible for participation in Federal assistance programs or activities. The approved grant recipient will be required to ensure that all sub-contractors and sub-grantees are neither excluded nor disqualified under the suspension and debarment rules prior to approving a sub-grant award by checking the System for Award Management (SAM) at www.sam.gov.

Universal Identifier and Central Contractor Registration 2 CFR Part 25

Effective October 1, 2010, all grant applicants must obtain a UEI Unique Entity Identifier (UEI) number as a universal identifier for Federal financial assistance. Active grant recipients and their direct sub-recipients of a sub-grant award also must obtain SAM.gov.

FNS may not make an award to an applicant until the applicant has complied with the requirements described in 2 CFR 25 to provide a valid DUNS number and maintain an active SAM registration with current information.

Reporting Sub-award and Executive Compensation Information 2 CFR Part 170

The Federal Funding Accountability and Transparency Act (FFATA) of 2006 (Public Law 109–282), as amended by Section 6202 of Public Law 110–252, requires primary grantees of Federal grants and cooperative agreements to report information on sub-grantee obligations and executive compensation. FFATA promotes open government by enhancing the Federal Government’s accountability for its stewardship of public resources. This is accomplished by making Government information, particularly information on Federal spending, accessible to the general public.

Primary grantees, including State agencies, are required to report actions taken on or after October 1, 2010, that obligates \$25,000 or more in Federal grant funds to first- tier sub-grantees. This information must be reported in the Government-wide FFATA Sub-Award Reporting System (FSRS). In order to access FSRS a current SAM registration is required. A primary grantee and first-tier sub-grantees must also report total compensation for each of its five most-highly compensated executives. Every primary and first-tier grantee must obtain a DUNS number prior to being eligible to receive a grant or sub-grant award. Additional information will be provided to grant recipients upon award.

Duncan Hunter National Defense Authorization Act of Fiscal Year 2009, Public Law 110-417

Section 872 of this Act requires the development and maintenance of a Federal Government information system that contains specific information on the integrity and performance of covered Federal agency contractors and grantees. The Federal Awardee Performance and Integrity Information System (FAPIIS) is designed to address these requirements. FAPIIS contains integrity and performance information from the Contractor Performance Assessment Reporting System, information from SAM.gov, and suspension and debarment information from the SAM. FNS will review and consider any information about the applicant reflected in FAPIIS when making a judgment about whether an applicant is qualified to receive an award.

Freedom of Information Act (FOIA) Requests

The Freedom of Information ACT (FOIA), 5 U.S.C. 552, provides individuals with a right to access records in the possession of the Federal Government. The Government may withhold information pursuant to the nine exemptions and the three exclusions contained in the Act.

Application packages submitted in response to this grant solicitation may be subject to FOIA by requests by interested parties. In response to these requests, FNS will comply with all applicable laws and regulations, including departmental regulations.

FNS will forward a Business Submitter Notice to the requested applicant's point-of-contact. Applicants will need to review requested materials and submit and submit any recommendations within 10 days from the date of FNS notification. FNS will redact Personally Identifiable Information (PII).

For additional information on the Freedom of Information (FOIA) process, please contact the FNS Freedom of Information Act officer at FOIA@usda.gov.
