Question 1:

Could INL provide the size of the delegation, or a rough estimate, per event?

INL Response:

ILEA Roswell hosts an average of eight (8) training events with an average of 40-60 participants (up to 90 in some instances) per year. The training events at ILEA Roswell are three (3) weeks in length.

The ILEA Program host an average of 200 training events with an average of 40-60 participants (up to 90 in some instances) per year. The training events in the ILEA Program are between one (1) to four (4) weeks in length.

Question 2:

Does INL have a preference for an arrival airport?

INL Response:

The airport that participants must arrive and depart from is Roswell International Air Center (ROW) for ILEA Roswell.

For the other ILEAs it will vary depending on the location of the academy.

Question 3:

Does INL envision the delivery of simultaneous or immediately consecutive events at Roswell during the first year?

INL Response:

ILEA Roswell usually schedules a three (3) to four (4) weeks break in-between training events. There are no simultaneous or consecutive events scheduled at ILEA Roswell.

The schedule for the ILEA Program (All academies) will include simultaneous, consecutive, and different duration lengths training events.
