Please review the table above under "Submission Dates and Other Key Dates and Times" for estimated deadlines to complete each of the steps listed below. Failure of an applicant to comply with any of the required steps before the deadline for submitting their application will automatically disqualify their application.

The steps involved in applying for an award under this program are:

1. Applying for, updating, or verifying their DUNS Number
2. Applying for, updating, or verifying their EIN Number
3. Updating or verifying their SAM Number
4. Submitting an initial application in Grants.gov, and
5. Submitting the complete application in ND Grants

In ND Grants applicants will be prompted to submit all of the information contained in the following forms. Applicants should review these forms before applying to ensure they have all the information required. Forms are located at; SF-424 Mandatory Family | GRANTS.GOV

• Budget Information for Non-Construction Programs (SF-424A);
• Assurances for Non-Construction Programs (SF-424B);
• Grants.gov Lobbying Form (SF-LLL).

Applicants will also be prompted to assure compliance with all Standard and Special Terms and Conditions before being eligible to receive an award under this program.

In addition, applicants must submit copies of the following in ND Grants:

Employer Identification Number (EIN)

DHS/FEMA requires both the EIN and a DUNS number prior to the issuance of a financial assistance award and for grant award payment; both EIN and DUNS are also required to register with SAM (see below). The EIN base for an organization is the Internal Revenue Service (IRS) Tax ID number, for individuals it is their social security number, (both the EIN and social security number are nine-digit numbers). Organizations and individuals submitting their applications must correctly differentiate the EIN from the DUNS since both are nine-digit numbers. Please differentiate your EIN number from your DUNS number or this may result in a delay in the issuance of the funding award or incorrect payment to a recipient organization may result.

Organizations applying for an EIN should plan on a minimum of two full weeks to obtain an EIN. For assistance in registering an EIN please contact the IRS helpline. DHS/FEMA cannot assist applicants with questions related to obtaining a current EIN.

Dun and Bradstreet Universal Numbering System (DUNS) Number, System for Award Management (SAM), and Authorized Organizational Representative (AOR)

Before you can apply for a DHS grant at Grants.gov, you must have a DUNS number, be registered in SAM, and be approved as an Authorized Organizational Representative (AOR).

Applicants are encouraged to register early. The registration process can take four weeks or more to be completed. Therefore, registration should be completed in sufficient time to ensure it does not impact your ability to meet required submission deadlines.

DUNS number. Instructions for obtaining a DUNS number can be found at the following website: http://www.grants.gov//web/grants/applicants/organization-registration/step-1-obtain-duns-number.html. The DUNS number must be included in the data entry field labeled "Organizational DUNS" on the Standard Forms (SF)-424 forms submitted as part of this application.

System for Award Management (SAM). In addition to having a DUNS number, applicants applying electronically through Grants.gov must register with SAM. Step-by-step instructions for registering with SAM can be found here: http://www.grants.gov/web/grants/applicants/organization-registration/step-2-register-with-sam.html . Failure to register with SAM will result in your application being rejected by Grants.gov during the submission process.

Authorized Organizational Representative. The next step in the registration process is creating a username and password with Grants.gov to become an AOR. AORs will need to know the DUNS number of the organization for which they will be submitting applications to complete this process. Applicants must register the individual who is able to make legally binding commitments for the applicant organization as the AOR; this step is often missed and it is crucial for valid submissions. To read more detailed instructions for creating a profile on Grants.gov, visit: http://www.grants.gov/web/grants/applicants/organization-registration/step-3-username-password.html.

AOR Authorization. After creating a profile on Grants.gov, the E-Biz Point of Contact (POC), who is a representative from your organization listed as the contact for SAM, will receive an email to grant the AOR permission to submit applications on behalf of their organization. The E-Biz POC will then log in to Grants.gov and approve an individual as the AOR, thereby giving him or her permission to submit applications. After you have been approved as an AOR you will be able to submit your application online. To learn more about AOR Authorization, visit: http://www.grants.gov/web/grants/applicants/organization-registration/step-4-aor-authorization.html. To track AOR status, visit: http://www.grants.gov/web/grants/applicants/organization-registration/step-5-track-aor-status.html.

Electronic Signature. Applications submitted through Grants.gov constitute a submission as electronically signed applications. When you submit the application through Grants.gov, the name of your AOR on file will be inserted into the signature line of the application.

If you experience difficulties accessing information or have any questions please call the Grants.gov customer support hotline at (800) 518-4726 or email grants.gov at support@grants.gov.

The Federal awarding agency may not make a Federal award to an applicant until the applicant has complied with all applicable DUNS and SAM requirements and, if an applicant has not fully complied with the requirements by the time the Federal awarding agency is ready to make a Federal award, the Federal awarding agency may determine that the applicant is not qualified to receive a Federal

award and use that determination as a basis for making a Federal award to another applicant.

Intergovernmental Review

An intergovernmental review may be required. Applicants must contact their State's Single Point of Contact (SPOC) to comply with the State's process under Executive Order 12372 (see http://www.fws.gov/policy/library/rgeo12372.pdf). Name and addresses of the SPOCs are maintained at the Office of Management and Budget's home page at http://www.whitehouse.gov/omb/grants_spoc to ensure currency.

Federal funds made available through this award may only be used for the purpose set forth in this award and must be consistent with the statutory authority for the award. Award funds may not be used for matching funds for any other Federal grants/cooperative agreements, lobbying, or intervention in Federal regulatory or adjudicatory proceedings. In addition, federal funds may not be used to sue the federal government or any other government entity.

Pre-award costs

Such costs are allowable only to the extent that they would have been allowable if incurred after the date of the Federal award and only with the written approval from FEMA.

To apply for the approval to of pre-award costs (i.e., costs incurred prior to the beginning of the Period of Performance for this Cooperative Agreement) the recipient shall submit a justification as to why the pre-award cost approval is necessary, along with a detailed estimate of costs, in the application. The US&R Branch will review and forward to the Grant Programs Directorate point of contact for approval. The recipient will then be instructed to include their request and the approval with their application package submission.

Once the cooperative agreement is awarded, the recipient may then draw down this funding to cover the pre-award expenses at that time.

Environmental Planning and Historic Preservation (EHP) Compliance

As a Federal agency, FEMA is required to consider the effects of its actions on the environment and/or historic properties to ensure that all activities and programs funded by the agency, including grants-funded projects, comply with Federal EHP regulations, laws and Executive Orders as applicable. Recipients and sub- recipients proposing projects that have the potential to impact the environment, including but not limited to construction of communication towers, modification or renovation of existing buildings, structures and facilities, or new construction including replacement of facilities, must participate in the FEMA EHP review process. The EHP review process involves the submission of a detailed project description that explains the goals and objectives of the proposed project along with supporting documentation so that FEMA may determine whether the proposed project has the potential to impact environmental resources and/or historic properties. In some cases, FEMA is also required to consult with other regulatory agencies and the public in order to complete the review process. The EHP review process must be completed before funds are released to carry out the proposed project. FEMA will not fund projects that are initiated without the required EHP review.

Management and Administration (M&A)

Management and Administration costs are allowed under this program, as outlined in 44 CFR Part 208.23. Management and Administration costs are activities directly related to implementing the award. Funding levels for M&A costs, if proposed, will be negotiated on a per-applicant basis.

Indirect (Facilities & Administrative (F&A)) Costs

Indirect costs are allowable under this program as described in 2 C.F.R. § 200.414. With the exception of recipients who have never received a negotiated indirect cost rate as described in 2 C.F.R. § 200.414(f), recipients must have an approved indirect cost rate agreement with their cognizant Federal agency to charge indirect costs to this award. A copy of the approved rate (a fully executed, agreement negotiated with the applicant's cognizant federal agency) is required at the time of application and must be provided to FEMA before indirect costs are charged to the award.

E. Application Review Information

Application Evaluation Criteria

Prior to making a Federal award, FEMA is required by 31 U.S.C. 3321 and 41 U.S.C. 2313 to review information available through any OMB-designated repositories of government-wide eligibility qualification or financial integrity information. Application evaluation criteria may include the following risk based considerations of the applicant: (1) financial stability; (2) quality of management systems and ability to meet management standards; (3) history of performance in managing federal award; (4) reports and findings from audits; and (5) ability to effectively implement statutory, regulatory, or other requirements.

Applications will be reviewed to ensure conformance with the Eligibility Criteria in Section C of this NOFO and Application and Submission Information in Section D. Applicants that do not meet eligibility and application submission requirements will be removed from consideration.

Review and Selection Process

FEMA staff, professionally and technically qualified in the System, will evaluate applications and select applicants for funding. Applicants will be evaluated and selected for funding based on the following:

- The applicant's proposed work plan is consistent with the US&R Task Force FY 2017 Readiness Cooperative Agreement Statement of Work, found in Appendix A of this NOFO.
- The applicant proposes costs that are allowable, reasonable and allocable in relation to proposed projects and tasks.

For those US&R awards with a total amount of Federal share greater than the simplified acquisition threshold, currently $150,000 (see 2 CFR §200.88), prior to making the award:

i. DHS will review and consider any information about the applicant that is in the designated integrity and performance system accessible through SAM (currently FAPIIS).

ii. An applicant, at its option, may review information in the designated integrity and performance systems accessible through SAM and comment on any information about itself that a Federal awarding agency previously entered and is currently in the designated integrity and performance system accessible through SAM.

iii. DHS will consider any comments by the applicant, in addition to the other information in the designated integrity and performance system, in making a judgment about the applicant's integrity, business ethics, and record of performance under Federal awards when completing the review of risk posed by applicants as described in 2 CFR §200.205, Federal awarding agency review of risk posed by applicants.
