

Administrative costs are defined as: Allowable, reasonable, and allocable costs related to the overall management of activities directly related to finance (accounting, auditing, budgeting, contracting), general administrative salaries and wages (grant administration, personnel, property management, equal opportunity) and other “overhead” functions (general legal services, general liability insurance, depreciation on buildings and equipment, etc.) not directly attributable to specific program areas identified in the grant agreement. All administrative costs reported must be absolutely necessary for project and/or program implementation, such as the cost items identified in the final grant agreement or items otherwise approved in writing by the NPS Awarding Officer (AO). Administrative costs plus any indirect costs charged to the grant may not exceed 25% of the overall project budget (Federal and matching share).

Provide the titles, and names if applicable, of principal project personnel. Percent of time may be given as hours. Annual salary may be given as the hourly rate. Please note that grant funds may not be used to pay Federal employee salaries, nor may Federal salaries be used as match/cost share. Maximum hourly wages charged to this grant for personnel and consultants may not exceed 120% of the salary of a Federal Civil Service GS-15, Step 10.
