Applying on Grants.gov for a FY 2024 Basic Needs Grant

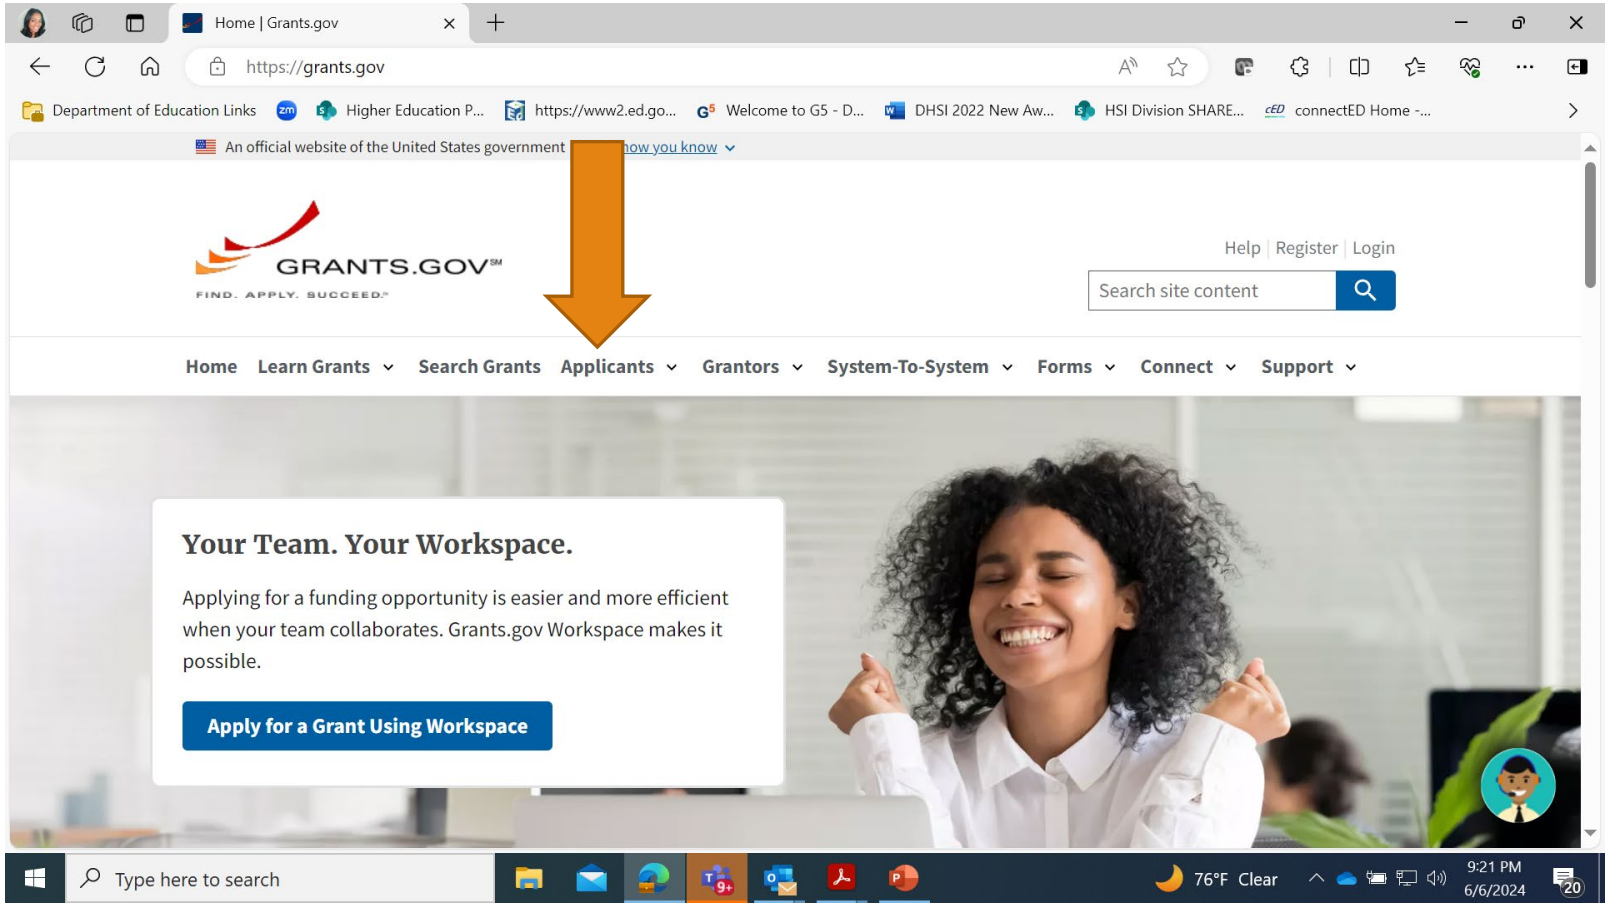

The Notice Inviting Applications is your official guide to applying to this Opportunity.

GRANTS.GOV HOME PAGE

Grants.gov is the grant application portal for approximately 30 federal grant-making agencies. It was developed to streamline the application process and make it easier for applicants who apply for multiple grants across agencies.

The Grants.gov Support staff is unaware of the specificities of the grant program for which you are applying. They only specialize in the system that applicants use to submit grant applications.

Abstract
The abstract narrative must not exceed one page and should use language that will be understood by a range of audiences. For all projects, include the project title (if applicable), goals, expected outcomes and contributions for research, policy, practice, etc. Include population to be served, as appropriate. For research applications, also include the following:
Theoretical and conceptual background of the study (i.e., prior research that this investigation builds upon and that provides a compelling rationale for this study)
Research issues, hypotheses and questions being addressed
Study design including a brief description of the sample including sample size, methods, principals dependent, independent, and control variables, and the approach to data analysis.
[Note: For a non-electronic submission, include the name and address of your organization and the name, phone number and e-mail address of the contact person for this project.]
You must attach one and only one file to this page.

General Information

Why is the “Apply” button grayed out?

Common Reason: The applicant user does not have the appropriate role.

Logged-in users without an applicant profile and appropriate role will see the apply button as gray. Only users with specific roles can apply for funding opportunities.

Organization applicants should have a profile added using their organization’s Unique Entity Identifier (UEI) and be assigned at least one of the following roles: Workspace Manager, Standard AOR, or Expanded AOR. If the organization uses custom roles, the user should have the privilege to create Workspace.

Visit Grants.gov Roles and Privileges for more information about assigning appropriate roles.
