## SUMMARY

The Office of Population Affairs (OPA) announces the anticipated availability of funds for Fiscal Year (FY) 2027 grants under the authority of Title X of the Public Health Service Act, Section 1001 (42 U.S.C. §300).

This notice solicits applications for projects to provide Title X services throughout the 50 United States, District of Columbia, Guam, the Commonwealth of Puerto Rico, the Northern Mariana Islands, the U.S. Virgin Islands, American Samoa, the U.S. Outlying Islands (Midway, Wake, et al.), the Republic of the Marshall Islands, the Federated State of Micronesia, and the Republic of Palau (hereafter, States). OPA intends to make available approximately up to \$257 million for up to 90 grant awards for a period of up to five (5) years. The actual amount available will not be determined until enactment of the FY 2027 federal budget.

OPA's Title X Family Planning Program funds "voluntary family planning projects [that] offer a broad range of acceptable and effective family planning methods and services (including natural family planning methods, infertility services, and services for adolescents)." (Title X of the Public Health Service Act, 42 U.S.C. 300 et seq., available at [https://opa.hhs.gov/sites/default/files/2020-07/title-x-statute-attachment-a\\_0.pdf](https://opa.hhs.gov/sites/default/files/2020-07/title-x-statute-attachment-a_0.pdf)). The Title X Program is implemented through competitively awarded grants to a diverse network of public and private nonprofit entities. The program helps millions of low-income and uninsured Americans develop health literacy and access family planning and related health services, empowering individuals and families to make informed decisions and navigate chronic health conditions and pregnancy with confidence. By offering counseling and education to improve individuals' optimal health outcomes, Title X promotes the level of health literacy necessary to support informed consent across the reproductive lifespan. For example, endometriosis often goes undiagnosed for years because symptoms such as severe menstrual pain or irregular bleeding are frequently normalized or minimized. Body literacy counseling helps patients recognize that these experiences are not "normal" features of womanhood, but potential indicators of an underlying condition, prompting earlier discussion with providers, timely diagnosis, appropriate treatment, and improved long-term reproductive and overall health outcomes.

Likewise, foundational knowledge of reproductive physiology enables patients and couples to recognize early signs of dysfunction, seek timely evaluation, and participate meaningfully in care decisions. Persistent gaps in reproductive knowledge highlight the need for such education. For example, a survey conducted for OPA in 2020 found that only 50% of women and 38% of men know that a woman's ovaries do not keep producing new eggs until menopause (<https://opa.hhs.gov/sites/default/files/2021-01/fertility-knowledge-survey-findings-exec-summary-2020.pdf>). By supporting body

literacy education alongside evidence-based evaluation and treatment of chronic disease, Title X services can help patients move beyond symptom-focused care toward informed, preventive, and restorative approaches to reproductive health.

These efforts align with HHS's focus on addressing the root causes of chronic illnesses by targeting conditions that affect reproductive health and fertility. By promoting strategies that support education and counseling on reproductive health goals, reduce chronic disease, and assist individuals seeking to achieve healthy pregnancies, the Title X Program strengthens American families, individuals, and communities.

This notice solicits applications from public and private nonprofit entities to establish and operate voluntary Title X projects. These projects include a broad range of effective and acceptable services, including pregnancy testing and counseling, basic infertility services, sexually transmitted infection (STI) services (such as HIV prevention education, counseling, testing, and referral), health literacy, reproductive goals counseling to increase optimal health outcomes, and other preconception health services. Title X services also help address and provide referrals for health conditions that affect fertility, including endometriosis, polycystic ovary syndrome (PCOS), and uterine fibroids in women, as well as low sperm count, low sperm motility, low testosterone, and erectile dysfunction in men. OPA seeks a broad competition for Title X grant awards and are interested in innovative strategies to address chronic disease; reduce overmedicalization by strengthening approaches focused on underlying behavioral and lifestyle factors of health and evidence-based practices such as fertility-awareness based methods; promote health and body literacy; advance reproductive goals counseling for all clients; and support family formation.

All activities funded under this announcement must be in compliance with the requirements of the Title X statute, legislative mandates, and regulations. Copies of the Title X statute, regulations, and legislative mandates may be downloaded from the OPA website at <https://opa.hhs.gov/grant-programs/title-x-service-grants/title-x-statutes-regulations-and-legislative-mandates>.

While there is not a fixed cost-sharing percentage or amount, projects must include financial support from sources other than Title X. The proposed project budget must reflect non-federal financial support in addition to Title X funds on both the Standard Form (SF) 424A, Budget Information for Non-Construction Programs, and in the budget narrative. Recipients will provide family planning services that are in compliance with the Title X statute, regulations, and legislative mandates and that are guided by OPA's key priorities.

OPA encourages applicants to review all program requirements, eligibility information, application format and submission information, evaluation criteria, and other information in this funding announcement to ensure that their application complies with all requirements and instructions.

The Office of the Assistant Secretary for Health (OASH) Grants and Acquisitions Management Division (GAM) will administer this competition.

We encourage you to review all program requirements, eligibility information, application format and submission instructions, and other content of this notice to ensure your application complies with all requirements.

## **A. ELIGIBILITY INFORMATION**

### **1. Eligible Applicants**

Any public or private nonprofit entity is eligible to apply.

You must meet all of the eligibility requirements in order for us to review your application.

#### **Eligible Entities**

Additional examples of eligible organizations include:

Any public or private nonprofit entity located in a State (which includes one of the 50 United States, District of Columbia, Guam, the Commonwealth of Puerto Rico, the Northern Mariana Islands, the U.S. Virgin Islands, American Samoa, the U.S. Outlying Islands (Midway, Wake, et al.), the Republic of the Marshall Islands, the Federated State of Micronesia, and the Republic of Palau (hereafter, States) is eligible to apply for a grant under this announcement. Faith-based organizations and American Indian/Alaska Native/Native American (AI/AN/NA) organizations are eligible to apply for Title X family planning services grants. Examples of eligible Organizations include:

- State Governments
- U.S. territories
- County Governments
- City or township governments
- Special district governments
- Independent school districts
- Public and State controlled institutions of higher education
- Native American tribal governments (Federally recognized)
- Public Housing authorities/Indian housing authorities
- Native American tribal organizations (other than federally recognized tribal governments)
- Nonprofits having 501(c)(3) status with the IRS, other than institutions of higher education
- Nonprofits without 501(c)(3) status with the IRS, other than institutions of higher education

- Non-profit private institutions of higher education

### **PDPI Eligibility**

There is no restriction on an individual's eligibility to be Project Director (PD)/Principal Investigator (PI) on an application. However, we will not make an award with a PD/PI who has an active government-wide exclusion, suspension, or debarment recorded in SAM.gov.

We expect that throughout the period of performance the PD/PI will be involved in, and have substantial knowledge about, all aspects of the project. Although your organization may recognize co-PD/PIs on team-managed projects, we recognize only a single PD/PI who will be responsible for the programmatic aspects of the project.

### **Other Considerations**

#### ***Submitting Multiple Applications***

You may submit more than one application, but each application must be for a distinctly different project.

If you submit multiple applications for the same project, we will accept only the last application submitted a Grants.gov timestamp that is before the due date and time. We will disqualify all other versions of the application. See Section G.1.b for all disqualification factors.

#### ***Submitting an Application as a Group or Consortium***

For any given project, we will only make an award to a single eligible entity. More than one entity may choose to work together on a project under this opportunity, but only one entity may submit the application. If awarded, that entity will be the award recipient and will be responsible for conducting the project.

The other entities may participate in the project, if awarded, and would be responsible to the recipient for their respective roles, typically as subrecipients.

Groups may form a consortium, partnership, or other legally recognized entity for the purpose of applying for this opportunity and carrying out any awarded project. The resulting entity must exist and be legally recognized when it applies and must have an active registration in SAM.gov. We will conduct a risk assessment on the applying entity (Section F.4) prior to making any award.

#### ***Eligibility Documentation***

Entity eligibility documentation (e.g., proof of 501(c)(3) status as determined by the Internal Revenue Service or an authorizing Tribal Resolution) must be included in the submitted application. For additional information, see Section 4.a. It is important that your organization is correctly classified in your SAM registration (Section F.2.a).

During our review of your application, we might request additional documentation to support your eligibility. This request means only that your application is under review and not that you will receive an award.

More specific information on the type of documentation that we might request specific to this opportunity appears in Section F.4.b.

### ***Application Disqualification***

We will disqualify applications that fail to meet the eligibility, responsiveness, formatting, and submission requirements (Sections G.1.b) prior to conducting merit review. Disqualified applications will not undergo further review.

We will notify disqualified applicants at the end of the competition when we announce the award recipients.

## **2. Application Responsiveness Criteria**

We will review your application to determine whether it meets the responsiveness criteria below. If your application does not meet the responsiveness criteria, we will disqualify it from the competition; we will not review it beyond the initial screening.

The responsiveness criteria are as follows:

- **Family Participation Certification.** Applicants must include a written statement in the appendix of the application certifying that:

“if funded, this Title X Family Planning Services project will encourage family participation in the decision of minors to seek family planning services and will provide counseling to minors on how to resist attempts to coerce minors into engaging in sexual activities.”

## **3. Cost Sharing or Matching**

Program regulations at 42 C.F.R. § 59.7(c) stipulate that “No grant may be made for an amount equal to 100 percent of the project's estimated costs.” Also, 42 C.F.R. § 59.7(b) states that “No grant may be made for less than 90 percent of the project's costs, as so estimated, unless the grant is to be made for a project that was supported, under section 1001, for less than 90 percent of its costs in fiscal year 1975. In that case, the grant shall not be for less than the percentage of costs covered by the grant in fiscal year 1975.”

While there is not a fixed cost-sharing percentage or amount, projects must include financial support from sources other than Title X. The proposed project budget should reflect financial support in addition to Title X funds on both the Standard Form (SF) 424A, Budget Information, and in the budget narrative and justification. **The amount and source(s) of these funds must be clearly identified separately from the requested Title X support** as indicated on the SF 424A, as well as on the SF 424, Application for Federal Assistance. The OASH Grants and Acquisition Management (GAM) Division will review applications to ensure that the requested amount of Title X funding is in compliance with this business requirement.

The cost sharing requirements outlined above are waived for any grant made to the U.S. Virgin Islands, Commonwealth of the Northern Mariana Islands, American Samoa, Guam, Republic of Palau, Federated States of Micronesia, and the Republic of the Marshall Islands. Although projects are expected to identify additional sources of funding and not solely rely on Title X funds, there is no specific amount of level of financial match requirement for this program.

## **B. AGENCY PRIORITIES**

### **Required Alignment with OASH Mission and Agency Priorities**

The recipients of this award must implement any funds awarded under this NOFO to effectuate program goals and agency priorities in accordance with the [Priorities of the Office of the Assistant Secretary for Health](#) and when authorized by law according to the Title X statute, regulations, legislative mandates, and additional program guidance. Funded activities must advance and support OASH's mission to improve the health and well-being of Americans.

Consistent with OASH's mission, in carrying out any project that is funded under this NOFO, recipients must align program design and activities with the following agency priorities, where consistent with the authority and scope of the award:

- 1) Address the chronic disease epidemic
- 2) End diversity, equity, and inclusion (DEI) policies and practices across OASH's programs
- 3) Reduce overmedicalization in health care and increase focus on optimal health and addressing underlying root causes
- 4) Provide medically accurate and reliable information necessary for informed consent
- 5) Promoting evidence-based care through the delivery of Title X services
- 6) Enforce the Hyde Amendment
- 7) Ensure gold standard science, curtail corporate capture and prevent conflicts of interest
- 8) To the extent allowed under Federal law and regulations, including the preliminary injunction issued in *New York, et al. v. DOJ, et al. (DRI)*, 1:25-cv-00345, OASH will prioritize programs, partnerships, and funding mechanisms that further the agency's priority to ensure that federal resources are not used to facilitate or incentivize illegal immigration
- 9) Ensure adolescent program materials are age-appropriate

- 10) Protect parental rights to direct the religious upbringing of their children

In addition, the recipient is required to administer any project that is awarded under this NOFO in accordance with the following objectives in Title X that are authorized to advance them:

- 11) Promote body and health literacy
- 12) Advance reproductive goals counseling
- 13) Implement a Quality Improvement and Quality Assurance (QI/QA) Plan with the goal to achieve optimal health outcomes

The recipients must demonstrate ongoing compliance with these priorities, in all programs that are authorized to advance them, through program design, implementation, reporting, and evaluation. Failure to meaningfully align funded activities with the applicable requirements may result in corrective action, additional reporting requirements, or other actions consistent with federal grant regulations found at 2 C.F.R. Part 200 and the terms and conditions of this award (including termination pursuant to 2 C.F.R. 200.340(a)(4) for no longer effectuating program goals or agency priorities).

## **C. PROGRAM DESCRIPTION**

The Office of the Assistant Secretary for Health (OASH), Office of Population Affairs (OPA) announces the anticipated availability of funds for Fiscal Year (FY) 2027 grants under the authority of Title X of the Public Health Service Act, Section 1001 (42 U.S.C. §300).

The primary focus of OASH is to lead Americans toward healthier lives by promoting health and well-being across the lifespan. This includes the reproductive lifespan, supported through innovative, evidence-based programs, services, partnerships, and research that strengthen family formation and assist clients in achieving healthy pregnancies. Grants funded through this NOFO will expand access to Title X family services for millions of Americans, helping them build body literacy, address infertility, plan and space pregnancies, and navigate reproductive health conditions such as endometriosis, polycystic ovary syndrome (PCOS), and uterine fibroids in women, as well as low sperm count, low sperm motility, low testosterone levels, and erectile dysfunction in men.

### **Background**

Title X clinics provide services to clients of both sexes and all ages, including adolescent clients, with priority given to persons from low-income families. Title X services are voluntary, confidential, and provided regardless of one's ability to pay or a client's religion, race, color, national origin, disability, age, sex, number of pregnancies, or marital status. For many clients, Title X clinics are their only ongoing source of health care and health education.

The majority of the clients served by Title X providers are low-income, female, and under 30 years old. In order to ensure that all prospective low-income clients are able to access services, there is no charge for services to people with family incomes below 100% of the most recent federal poverty level (FPL) guidelines, and services are discounted on a sliding scale for people with family incomes between 101-250% of the FPL. In 2023, 60% of clients had family incomes at or below 100% FPL, while 83% had family incomes below 250% of the FPL. Detailed information about current and past clients served by Title X recipients and the broad range of services provided to clients by Title X recipients is available in the Family Planning Annual Report (FPAR) available on the OPA website at <https://opa.hhs.gov/research-evaluation/title-x-services-research/family-planning-annual-report>.

The Title X statute specifies that local and regional public or private nonprofit entities may apply directly to the Secretary for a Title X family planning services grant under this announcement. For applicants that will not provide all services directly, you must document, in your application, the process and selection criteria you will use to identify qualified subrecipients to fulfill Title X activities. You should also show how your subrecipients will provide the required services and best serve individuals in need throughout the anticipated service area. Applicants must additionally outline how all subrecipients, through their activities and services, will comply with Title X statutory and regulatory requirements and OPA program guidance.

## **Expectations for Recipients**

### **a. Comply with Title X Statute, Regulations, Legislative Mandates, and Additional Program Guidance**

All activities funded under this announcement must be in compliance with the requirements of the Title X statute, legislative mandates, and applicable regulations. We also expect all activities funded under this announcement to be in compliance with additional program guidance issued by OPA.

#### **1. Title X Statute**

Requirements regarding the provision of family planning services under Title X are in the statute (Title X of the Public Health Service Act, 42 U.S.C. 300 et seq., available at [https://opa.hhs.gov/sites/default/files/2020-07/title-x-statute-attachment-a\\_0.pdf](https://opa.hhs.gov/sites/default/files/2020-07/title-x-statute-attachment-a_0.pdf)) and in the implementing regulations which govern project grants for family planning services (42 C.F.R. part 59, subpart A). In addition, sterilization of clients as part of the Title X program must be consistent with 42 C.F.R. part 50, subpart B (“Sterilization of Persons in Federally Assisted Family Planning Projects”).

Title X of the Public Health Service Act authorizes the Secretary of HHS to award grants for projects to provide family planning services to any person desiring such

services, with priority given to individuals from low-income families. Section 1001 of the Act, as amended, authorizes grants “to assist in the establishment and operation of voluntary family planning projects which shall offer a broad range of acceptable and effective family planning methods and services (including natural family planning methods, infertility services, and services for adolescents).”

In addition, Section 1001 of the statute requires that, to the extent practicable, Title X service providers shall encourage family participation in family planning services projects. Finally, Section 1001(b) assures the right of local and regional entities to apply directly to the Secretary for Title X grant funds.

Section 1008 of the Act, as amended, stipulates, “None of the funds appropriated under this title shall be used in programs where abortion is a method of family planning.”

## **2. Title X Regulations**

On October 4, 2021, OPA issued a final rule, (42 C.F.R. Part 59), to revise the regulations that govern the Title X family planning program by readopting the 2000 regulations (65 F.R. 41270), with several revisions to ensure access to quality family planning services for clients, especially low-income clients.

The 2021 final rule includes a description of what programs the regulations apply to (§ 59.1), definitions (§ 59.2), who is eligible to apply for a family planning services grant (§ 59.3), how one applies for a family planning services grant (§ 59.4), requirements that must be met by a family planning project (§ 59.5), procedures to assure the suitability of informational and educational material (print and electronic) (§ 59.6), criteria HHS will use to decide which family planning services projects to fund and in what amount (§ 59.7), how grants are awarded (§ 59.8), for what purposes the grant funds may be used (§ 59.9), confidentiality (§ 59.10), and additional conditions (§ 59.11). A copy of the 2021 final rule is available at <https://www.govinfo.gov/content/pkg/FR-2021-10-07/pdf/2021-21542.pdf>.

## **3. Legislative Mandates**

The following legislative mandates have been part of the Title X appropriations language for the last several years. This NOFO assumes these provisions will be carried forward in FY 2027, please review all applicable Title X appropriations when completing your application. Title X family planning services projects should include administrative, clinical, counseling, and referral services, as well as training of staff necessary to ensure adherence to these requirements.

“None of the funds appropriated in this Act may be made available to any entity under Title X of the PHS Act unless the applicant for the award certifies to the Secretary of Health and Human Services that it encourages family

participation in the decision of minors to seek family planning services and that it provides counseling to minors on how to resist attempts to coerce minors into engaging in sexual activities;” and “Notwithstanding any other provision of law, no provider of services under Title X of the PHS Act shall be exempt from any State law requiring notification or the reporting of child abuse, child molestation, sexual abuse, rape, or incest.”

#### **4. Additional Program Guidance**

We also expect recipients to follow additional program guidance issued by OPA. Additional program guidance includes, but is not limited to, occasional Program Policy Notices issued by OPA to provide clarity and guidance on policy issues relevant to Title X recipients.

##### **i. Address OPA Program Priorities**

In addition to the statute, regulations, legislative mandates, and additional program guidance that apply to Title X, Title X grantees should align their programs with OPA priorities to the extent authorized by law and within the scope of the program, OPA expects recipients to develop and implement plans to address the program priorities and provide evidence of the project’s capacity to address program priorities. OPA’s program priorities for recipients funded under this NOFO are in part informed by the Office of the Assistant Secretary for Health’s Statement of Priorities (available at <https://health.gov/priorities>), and are as follows:

##### **1. Addressing the chronic disease epidemic through the delivery of Title X services**

Chronic disease prevention and management are essential to improving public health and promoting healthy pregnancies and family formation. HHS is leading a science-driven response to the nation’s chronic disease epidemic, with a focus on identifying and addressing root causes that contribute to poor health outcomes, including those affecting fertility and reproductive health. OASH’s health programs and offices play a central role in developing solutions to reduce the burden of chronic disease through efforts that address nutrition, physical activity, sleep, and exposure to harmful chemical and environmental toxins. Integrating these priorities within the Title X program helps strengthen reproductive health outcomes by addressing conditions that affect women, such as hormonal imbalances, polycystic ovary syndrome (PCOS), endometriosis, and uterine fibroids, as well as conditions that affect men, including low sperm count, low sperm motility, low testosterone levels, and erectile dysfunction. Title X services may also address lifestyle and behavioral factors—such as sleep quality, nutrition, physical activity, and pornography use—that influence hormonal function and health in males and females.

We expect recipients to demonstrate how their Title X projects will contribute to broader HHS efforts to reduce chronic disease risks across the reproductive lifespan, improve health outcomes, and support individuals seeking to achieve healthy pregnancy. Key strategies for addressing chronic disease through Title X services include, but are not limited to, providing education and counseling on nutrition, sleep, stress, and physical activity; incorporating screening and referral pathways for health conditions linked to chronic disease and infertility in both women and men; collaborating with community health partners to reduce environmental exposures; and integrating health literacy education to help clients better understand and manage their reproductive and overall health. Additional information on HHS priorities and strategies related to addressing chronic disease is available at <https://health.gov/priorities>, <https://www.whitehouse.gov/wp-content/uploads/2025/05/MAHA-Report-The-White-House.pdf>, and <https://www.whitehouse.gov/wp-content/uploads/2025/09/The-MAHA-Strategy-WH.pdf>.

## 2. Reducing overmedicalization in health care and increasing focus on optimal health through the delivery of Title X services

Promoting better health outcomes requires a balanced approach to care that emphasizes optimal health (defined as physical, mental, and social wellbeing), not just medical intervention. OPA recognizes the overreliance on pharmaceutical and surgical treatments. Over the years, the Center for Disease Control and Prevention’s National Survey of Family Growth reports have shown a decrease in females’ current use of any contraception (approximately 65% of females of reproductive age in both 2015-2017 and 2017-2019 data, then 54% in the most recent 2022-2023 report).<sup>1</sup> According to the 2023 National Health Statistics Report, the most common reason women reported discontinuing use related to dissatisfaction was side effects.<sup>2</sup> This approach has failed to adequately address the root causes of the nation’s chronic disease burden, resulting in ongoing health challenges that affect fertility, pregnancy outcomes, and long-term health outcomes. Through the delivery of Title X services, OPA seeks to strengthen approaches that focus on the underlying behavioral and lifestyle factors of health—such as nutrition, sleep, physical activity, stress management, and environmental factors—that impact overall health and are shown to be effective in improving optimal health.

---

<sup>1</sup> Centers for Disease Control and Prevention. Current Contraceptive Status Among Women Aged 15–49: United States, 2015–2017. December 2018. <https://www.cdc.gov/nchs/products/databriefs/db327.htm>; Centers for Disease Control and Prevention. Current Contraceptive Status Among Women Aged 15–49: United States, 2017–2019. <https://www.cdc.gov/nchs/products/databriefs/db388.htm>; Centers for Disease Control and Prevention. Current Contraceptive Status Among Females Ages 15–49: United States, 2022–2023. August 2025. <https://www.cdc.gov/nchs/products/databriefs/db539.htm>.

<sup>2</sup> Daniels K, Abma JC. Contraceptive methods women have ever used: United States, 2015–2019. National Health Statistics Reports; no 195. Hyattsville, MD: National Center for Health Statistics. 2023. DOI: <https://doi.org/10.15620/cdc:134502>.

We expect applicants to demonstrate how their Title X projects will integrate noninvasive, evidence-based practices that promote health literacy, fertility awareness, and reproductive health without unnecessary medicalization or symptom suppression. Key strategies for advancing optimal health through Title X services include, but are not limited to, expanding access to fertility-awareness–based methods (often referred to as natural family planning); providing education and counseling that encourage lifestyle practices supporting reproductive health and healthy pregnancies; fostering collaboration with community-based programs that address wellness and environmental health; and incorporating approaches that empower individuals to understand and manage their own health.

### 3. Promoting body and health literacy through the delivery of Title X services

Body literacy is foundational to informed decision-making, reproductive health, and lifelong health. OPA recognizes that gaps in biological understanding contribute to delayed diagnosis of health conditions and to the nation’s growing infertility crisis, which now affects approximately one in five married women of reproductive age with no prior births, according to the CDC.<sup>3</sup> As part of this priority, Title X family planning clinics will be required to incorporate foundational body and health literacy into reproductive health counseling. This includes education on menstrual cycle physiology, hormonal health, male and female fertility awareness, and early indicators of reproductive disorders such as endometriosis, polycystic ovary syndrome (PCOS), thyroid dysfunction, metabolic disorders, and other conditions that often first emerge in adolescence. Body literacy counseling should equip individuals to recognize when symptoms such as pain, irregular cycles, hormonal disruption, or changes in sexual health warrant further medical evaluation rather than symptom suppression. By integrating body literacy into Title X services, OPA seeks to ensure that women and men understand the health significance of ovulation, endocrine function, and lifestyle factors that influence fertility, reproductive health, and future family formation, as well as pregnancy planning and risk reduction.

### 4. Advancing reproductive goals counseling through the delivery of Title X services

Reproductive goals counseling supports individuals in making informed, intentional decisions about education, work, relationships, marriage, and childbearing across the lifespan, while advancing optimal health and wellbeing. OPA’s Fertility Knowledge Survey, conducted in 2020, found that over 65% of both women and men want or intend to have (more) children, but only 32% of women and 9% of men have discussed their plans to have children with a medical provider.

---

<sup>3</sup> Centers for Disease Control and Prevention. National Survey of Family Growth (2015-2019), May 2024. [https://www.cdc.gov/nchs/nsfg/key\\_statistics/i-keystat.htm#infertility](https://www.cdc.gov/nchs/nsfg/key_statistics/i-keystat.htm#infertility)

<https://opa.hhs.gov/sites/default/files/2021-01/fertility-knowledge-survey-findings-exec-summary-2020.pdf>). OPA recognizes that many individuals lack access to resources that integrate family goals into broader life planning, often due to longstanding omissions in educational and counseling environments. As part of this priority, Title X clinics will be expected to offer reproductive goals counseling that presents evidence-informed pathways associated with improved economic stability and family stability, including completion of education, participation in the workforce, and marriage prior to childbearing. Research demonstrates that individuals who follow this sequence experience substantially lower risks of poverty across socioeconomic groups. Program counseling should affirm marriage and parenthood as meaningful and valued components of adult life, particularly in counseling adolescents on longterm reproductive goals, and support informed decision-making by helping individuals understand how life choices, reproductive health, and fertility intersect to shape long-term stability, health, and wellbeing. As part of these efforts to support family planning, Title X clinics are expected to provide services that support individuals and families seeking to have children.

#### 5. Promoting evidence-based care through the delivery of Title X services

Protecting children and adolescents and ensuring that federally supported programs reflect the best available scientific evidence are central to promoting lifelong physical and reproductive health. HHS will prioritize funding for grantees who maintain a science-driven approach to healthcare, including by protecting children, respecting biological reality, and upholding scientific integrity across its programs. Integrating these priorities within the Title X program ensures that program activities reflect evidence-based practices and biological and reproductive health. To the extent permitted by applicable law, including any applicable court orders, we expect recipients to demonstrate how their Title X projects promote physical and reproductive health priorities established by HHS. Key strategies include, but are not limited to, providing developmentally appropriate counseling rooted in biological science; ensuring referral pathways align with evidence-based care; and collaborating with community partners to promote practices that support healthy adolescent development.

#### 6. Enforcing the Hyde Amendment through the delivery of Title X services

Protecting the integrity of taxpayer funding and advancing programs that respect the dignity of human life are core HHS responsibilities. The Hyde Amendment expressly prohibits the use of federal funds administered by HHS to pay for elective abortion. OASH's programs and offices play an essential role in implementing this statutory requirement across the Department's activities. Integrating Hyde compliance within the Title X program strengthens its capacity to support women, families, and communities while ensuring adherence to federal law. To the extent permitted by applicable law, OASH will prioritize programs and funding that uphold Hyde protections and do not use

taxpayer resources to promote or support elective abortion. As referenced above in the “Expectations for Recipients,” Section 1008 of the Public Health Service Act, as amended, stipulates, “None of the funds appropriated under this title shall be used in programs where abortion is a method of family planning.” We expect recipients to demonstrate how their Title X projects maintain strict separation from prohibited activities and contribute to broader HHS efforts to safeguard life-affirming, lawful, and ethical program delivery. Key strategies include, but are not limited to, implementing robust financial and programmatic safeguards; providing clear guidance to staff and subrecipients on Hyde requirements; and establishing monitoring processes that ensure ongoing compliance among staff and subrecipients.

#### 7. Ensuring OASH funds benefit eligible individuals and not illegal aliens through the delivery of Title X services

Federal law requires that taxpayer-funded public benefits be administered in a manner that serves eligible individuals and does not encourage or support illegal immigration. To the extent allowed under Federal law and regulations, including the preliminary injunction issued in *New York, et al. v. DOJ, et al. (DRI)*, 1:25-cv-00345, OASH is committed to ensuring that Title X funds are used exclusively to benefit individuals who are lawfully eligible to receive federally funded services. Pursuant to Executive Order 14218 (available at <https://www.govinfo.gov/content/pkg/DCPD-202500283/pdf/DCPD-202500283.pdf>) and in alignment with OASH’s priorities (available at <https://health.gov/priorities>), OASH will prioritize programs, partnerships, and funding mechanisms that further the agency’s priority to ensure that federal resources are not used to facilitate or incentivize illegal immigration.

#### 8. Implement a Quality Improvement and Quality Assurance (QI/QA) Plan

We expect recipients to implement a quality improvement and quality assurance (QI/QA) plan that involves collecting and using data to monitor the delivery of quality family planning services, inform modifications to the provision of services, inform oversight and decision-making regarding the provision of services, and assess patient satisfaction. We expect recipients to address oversight and service provision at the recipient level, the subrecipient level, and the service site level within their QI/QA plan.

As a part of the QI/QA plan, all recipients must collect and report FPAR 2.0 data to OPA on an annual basis and are expected to use their FPAR data to inform their QI/QA activities. Additional information about FPAR 2.0, including the data elements and response options, is available on the OPA website at <https://opa.hhs.gov/research-evaluation/title-x-services-research/family-planning-annual-report/fpar2>.

### **3. Federal Involvement in the Project**

If you receive an award, we will encourage you to seek the advice and opinion of federal staff when problems arise. However, you would be responsible for making sound programmatic and administrative judgments. The responsibility for operating decisions will be yours and does not shift to HHS, OASH, or OPA.

Under a grant, the program office's involvement may include routine monitoring and technical assistance such as monthly conference calls, occasional site visits, ongoing review of plans and progress, participation in relevant meetings, provision of training and technical assistance.

#### **4. Eligibility criteria for project participants**

You must not restrict participation in the project on the basis of race, color, national origin, religion, sex, disability, age, or another protected characteristic (See Section I.5).

### **D. AWARD INFORMATION**

#### ***Budget period(s)***

We expect to fund awards in 12-month budget periods for a total period of performance up to 60 month(s). However, we may approve shorter periods of performance. Budget periods may vary from the estimated 12 months because of the timing of award issuance or other administrative factors.

For multi-year projects, recipients must submit a non-competing continuation (NCC) application for each budget period after the first. We will provide guidance generally 3 months prior to the end of the active budget period. Continuation funding is contingent upon the availability of funds, satisfactory progress of the project, appropriate stewardship of federal funds, and the best interests of the government. Funding for all approved budget periods after the first is generally the same as the initial award amount and may be subject to any offset with funds unused in a previous budget period.

### **E. APPLICATION CONTENTS AND FORMAT**

#### **1.Format of the Application**

You must prepare your application using the forms and information described in this NOFO. The official online application package on Grants.gov contains all necessary forms and guidance for preparing an application. This package includes but is not limited to:

- Full Text of the NOFO
- Standard forms (required) and their instructions
  - SF-424 Application for Federal Assistance
  - SF-424A Budget Information for Non-Construction Programs
  - SF-LLL Disclosure of Lobbying Activities
  - Project Abstract Summary
- Sample templates, if available.

In addition to the four standard forms in the application package, your application will consist of 3 sections of materials you prepare:

1. Project Narrative
2. Appendices to the Project Narrative
3. Budget Package

We strongly encourage you to read all instructions for the application format and content to avoid disqualification of your application. An application checklist is available in Section J.1.

### **a. Project Narrative - Formatting**

Following the formatting instructions below will help ensure that your application is readable for review process. Acceptable electronic file formats are in Section E.3.a.

#### ***Names of Individuals***

We encourage you to use individuals' full names (first, middle, last) on the standard forms and any other documents such as résumés/curricula vitae/biographical sketches to distinguish them for verification in the SAM exclusion records. Delays may result in award processing if full names are not provided.

You should avoid submitting personally identifiable information such as personal contact information (e.g., home address and telephone number) on résumés/curricula vitae/biographical sketches. Do not submit social security numbers.

If you receive an award, only one Project Director/Principal Investigator (PD/PI) will be named on the award documents. (Section A.1.b) Avoid using a placeholder or honorary PD/PI. If you have not hired an individual to be the PD/PI, you should name an interim PD/PI, and your application should clearly identify that person as such.

We typically expect the PD/PI to be named on the SF-424 in box 8.f. Avoid naming grant writers in box 8.f unless they have the expertise to respond to technical questions about the proposed project in a timely manner.

Identify other personnel who are essential or key to the execution of the proposed project clearly in your project narrative.

If you receive an award, a request for a change in PD/PI or key personnel under any circumstance requires prior approval of the grants management officer before becoming effective. We may disallow any costs incurred as a result of that change prior to our approval. See Section I.1.c.

#### ***Page Formatting***

If you submit documents that do not conform to the following instructions, GAM will disqualify your application during the review process (Section F.1.b).

Use an easily readable typeface, such as Times New Roman or Arial.

Use a 12-point font.

Use an 8.5" X 11" page size. Any other size page (e.g., A4, legal) will disqualify your application.

You must double-space the Project Narrative pages or we will disqualify your application. You may single-space tables or use alternate fonts, but you must ensure the tables are easy to read.

Do not number pages or include a table of contents. Our grants management system will generate page numbers once your application is complete.

You must submit your application in the English language and in terms of U.S. dollars ([2 C.F.R. § 200.111\(a\)](#)).

### ***Page Limits***

Your project narrative and appendices must adhere to these page limits.

The page limits do not include the budget package (Section D.2.c)

The page limits do not include the required forms (SF-424, SF-424A, SF-LLL, and the Project Abstract Summary)

If your application exceeds the specified page limits when printed on 8.5” X 11” page, we will not review your application further.

We encourage you to print out your application before submitting it to ensure that it is within the page limits and is easy to read. Do not reduce pages to fit multiple pages on a single sheet to avoid exceeding the page limitation.

Do not hyperlink to documents or sites outside of your application to augment your application. Reviewers will not be permitted to follow links to external content during their assessment of your application. The one exception to this is a link to your internal controls as part of your budget package (Section D.2.c.3).

	<b>Page Limit</b>
<b>Project Narrative</b>	_____ 50 _____
<b>Project Narrative plus Appendices</b>	_____ 100 _____

### ***Labeling Proprietary Information***

Proprietary information includes patentable ideas, trade secrets, privileged or confidential commercial or financial information, the disclosure of which may harm the applicant. You should include proprietary information in your application only to the extent that it is essential to the reviewers’ understanding of the project. Proprietary information should not appear in your Project Abstract Summary.

If your application contains proprietary information, you should clearly label the top of the first page of the project narrative. For example,

Contains proprietary or confidential information that [Your Organization Name] requests not be released to persons outside the government, except for purposes of review and evaluation.

Awarded applications are subject to release under the Freedom of Information Act (FOIA) with redactions as the FOIA statute permits.

### **b. Appendices to the Project Narrative – Formatting**

Your appendices should include any specific items outlined in Section D.2.b. Your documents should be easy to read.

You should use the same formatting specified for the Project Narrative. However, documents such as résumés/curricula vitae/biographical sketches, organizational charts, tables, Memoranda of Agreement (MOAs) or Letters of Commitment (LOCs) may have formatting common to those documents, so long as the pages are easy to read. For example, resumes, MOAs and LOCs may be single-spaced.

You must upload all of your appendices as a single, consolidated file in the Attachments section of your Grants.gov application. You must use an acceptable file format (Section E.3.a). We strongly encourage you to convert your file(s) to PDF format before uploading and review them to ensure accurate conversion.

Your Project Narrative plus the Appendices may not exceed the total number of pages for the application (Section D.1.a).

### **Budget Package - Formatting**

The budget narrative should use the formatting required of the project narrative for the explanatory text. Budget tables may be single-spaced but should be laid out in an easily readable format and within the printable margins of an 8.5” x 11” page. You must use an acceptable file format (Section E.3.a). We do not accept Excel or other similar spreadsheet formats.

The application page limit does not include the SF-424A or the budget narrative (including budget tables).

We recommend you present budget amounts and computations in a columnar format: first column, object class categories; second column, federal funds requested; third column, non-federal resources; and last column, total budget.

<b>Object Class</b>	<b>Federal Funds Requested</b>	<b>Non-Federal Resources</b>	<b>Total Budget</b>
<b>Personnel</b>	\$100,000	\$25,000	\$125,000

## 2. Content

### a. Project Narrative - Content

The Project Narrative is the most important part of your application. We will use it as the primary basis to determine whether your project merits an award. The project narrative should provide a clear and concise description of your project. We recommend that your project narrative include the following components with the requested information. Labeling the sections accordingly will help the reviewers find information quickly.

You must clearly describe the administrative, management, and clinical capability of the applicant organization and plans for delivering family planning services that meet the expectations outlined in the NOFO. You should include all services to be provided by the project as part of the program plan. Proposed projects must adhere to all requirements of the Title X statute; applicable regulations, including regulations regarding sterilization of persons in federally assisted family planning projects; and legislative mandates.

Successful proposals should include the following:

- 1) Proposed Service Area and Plans to Address the Need for Title X Services
  - a. Describe the proposed service area, including the service area boundaries, and the need for Title X services in the proposed service area. Describe the current availability of Title X services in the proposed service area and any existing gaps in the availability or accessibility of services.
  - b. Describe your process for assessing the need for services within the proposed service area and how you have/will continue to use the results of your assessment to inform and improve service delivery.
  - c. Using and citing current data, describe the clients in need of services in the proposed service area and any factors associated with access and utilization of Title X services (e.g., geography, transportation, occupation, transience, unemployment, income level, educational attainment). Also describe any unique health care needs or characteristics that impact health status and delivery of family planning services (e.g., language barriers, food insecurity, housing insecurity, financial strain, lack of transportation, the physical environment, intimate partner violence, human trafficking). Describe the structure of your Title X network, including your recipient organization, any subrecipients that will assist in carrying out the proposed project, and the proposed services sites where family planning services will be delivered. To the extent that

you will not provide all services directly, describe the process and selection criteria that will be used to select subrecipients and service sites, including a description of eligible entities for funding as subrecipients.

**d.** For each direct service site, describe the location of the site compared to the identified need; the days/hours of planned operation; the estimated number of clients expected to receive services at the site; the broad range of acceptable and effective medically approved family planning methods (including natural family planning methods) and services (including pregnancy testing and counseling, assistance to achieve pregnancy, basic infertility services, STI services, reproductive health condition services, preconception health services, and adolescent-friendly health services) that will be provided directly at the site; and a justification for any methods and services that will not be available at the site along with a description of how you will ensure client access for the methods and services not available directly at the site.

**e.** Describe how you will address identified health care access and utilization barriers and other factors that impact health status to ensure the availability and accessibility of Title X services within the proposed service delivery area.

**f.** Describe how you plan to educate clients and the broader service delivery area about the availability of family planning services.

**g.** Describe the number of clients in need of services, particularly low-income clients, to be served, the broad range of services and methods that will be provided, and how the proposed project will expand access to Title X services to clients in need of services in the defined service area. Describe the number of unduplicated clients that you project to serve on an annual basis. Include how that determination took into consideration recent or potential changes in the local health care landscape (e.g., potential changes in insurance coverage), organizational structure, and/or workforce.

**h.** Describe how grant funds will be used to best address the identified needs. Demonstrate that the cost per client and cost per encounter are reasonable. Describe other non-Title X resources available to address the needs for these services within the proposed service area and how grant funds will be used to leverage and expand available resources and not duplicate them.

- 2) Plan to deliver Title X services in compliance with the statute, regulations, legislative mandates and aligned with OPA program priorities
- a.** Describe how you will implement Title X family planning services that are in compliance with the Title X statute, regulations, and legislative mandates. Your plan should include a description of how you will ensure compliance with the statute, with each provision of the regulation (42 C.F.R. Part 59, Subpart A §59.1-§59.11), and with each legislative mandate.
  - b.** Describe plans and strategies for providing family planning services that address OPA program priorities and data collection requirements, including:
    - Addressing the chronic disease epidemic through the delivery of Title X services
    - Reducing overmedicalization and increasing focus on optimal health through the delivery of Title X services
    - Promoting body and health literacy through the delivery of Title X services
    - Advancing reproductive goals counseling through the delivery of Title X services
    - Promoting evidence-based care through delivery of services
    - Enforcing the Hyde Amendment
    - Implementing a QI/QA plan, including but not limited to, collecting, reporting, and using FPAR 2.0 data.
  - c.** Clearly describe your project plan including goal statements and related outcome objectives that are S.M.A.R.T. (Specific, Measurable, Achievable, Realistic and Time-framed) and designed to provide services that are in compliance with the Title X statute, regulations, and legislative mandates and that address OPA’s program priorities. The activities proposed are feasible, are clearly connected to the identified needs, and likely to achieve the stated outcomes.
  - d.** Describe any major anticipated barriers and describe how you propose to overcome such barriers.
- 3) Project management and capability
- a.** Describe your project management structure and how it will

enable accountability and rapid and effective use of grant funds.

**b.** Describe the expertise and experience of your organization and other organizations that will partner with you on the project to deliver Title X services. Provide evidence of your experience working in the proposed service area and with the community(ies) to be served.

**c.** Describe your experience and expertise providing clinical health services, specifically quality Title X services.

**d.** Describe the key management team for your project. Describe how the makeup and distribution of functions among key management staff, and their qualifications, support the operation and oversight of the proposed project.

**e.** Describe the facilities where your project will be administered and where family planning services will be delivered. Describe how the location of project facilities will ensure continued access to Title X for clients in the proposed service area.

**f.** Provide a staffing plan which is reasonable and adheres to the Title X regulatory requirement that family planning medical services be performed under the direction of a clinical services provider, with services offered within their scope of practice and allowable under state law, and with special training or experience in family planning. Staff providing clinical services should be licensed and function within the applicable professional practice acts for the State in which they practice. Demonstrate that proposed staff have the expertise needed to implement Title X family planning services. Describe how the size, demographics, and health care needs of the service area/client population were considered when determining the number and mix of staff, and how you maintain documentation of licensure and credentialing verification for clinical staff.

**g.** Describe your plans for providing ongoing training and professional development for staff across your recipient network.

**h.** Describe how you will monitor and oversee provision of Title X services across your network to ensure compliance and continuous quality improvement, including detailed plans for subrecipient monitoring.

**i.** Describe how your financial accounting and internal control systems will align with the requirements of 42 C.F.R. § 59.5 and § 59.7.

j. Demonstrate your ability to make use of non-federal resources (i.e., non-Title X funds) within the community to be served and the degree to which those resources are used to enhance the range of family planning services provided through the project.

**b. Appendices to the Project Narrative - Content**

All items described in this section will count toward the total page limit of your application. You must submit them as a **single electronic file** uploaded to the Attachments section of your Grants.gov application.

Samples and optional forms/templates for some of these items are located under the Related Documents tab for this NOFO on Grants.gov.

Your application should include the following appendices:

1) Work Plan

Your work plan should reflect, and be consistent with, the Project Narrative and Budget Narrative, and must cover all years of the period of performance. However, each year's activities should be fully attainable in one budget year. You may propose multi-year activities, as well as activities that build upon each other, but each phase of the project must be discreet and attainable within a single budget year.

Your work plan should include a statement of the project's overall goal, anticipated outcome(s), key objectives, and the major tasks, action steps, or products that will be pursued or developed to achieve the goal and outcome(s). For each major task of each year, action step, or product, your work plan should identify the timeframes involved (including start and end dates), and the lead person responsible for completing the task.

You must include a detailed list of all the services proposed to be provided by your project. If some or all of the services will be provided by subrecipients, you must include a list of these entities. For each direct service site:

- describe the location of the site compared to the identified need;
- the days/hours of planned operation;
- the estimated number of clients expected to receive services at the site;
- the broad range of acceptable and effective medically approved family planning methods (including fertility awareness-based methods) and services (including pregnancy testing and counseling, assistance to achieve pregnancy, basic infertility services, STI services, preconception health services, reproductive goals counseling, body literacy counseling, and adolescent- friendly health services) that will be provided directly at the site; and
- a justification for any methods and services that will not be available

at the site along with a description of how you will ensure client access for the methods and services not available directly at the site.

Title X service sites that are unable to provide clients with access to a broad range of acceptable and effective medically approved family planning methods and services must be able to provide a prescription to the client for their method of choice or referrals to another provider, as requested.

## 2) Schedule of Discounts and Billing

A schedule of discounts, based on ability to pay, is required for those from families with incomes between 101-250% of the Federal Poverty Level. For those from families whose income exceeds 250% of the Federal Poverty Level, charges must be made in accordance with a schedule of fees designed to recover the reasonable cost of providing services. Include a schedule of discounts for your projects and the methodology for how you developed/will develop this schedule. If you propose to have the sub recipient(s) develop their own schedule(s) of discounts, you should include guidance on how the schedule(s) of discounts are developed and how you intend on monitoring subrecipient development and implementation of the schedule of discounts. Also include a description of the processes in place to ensure that persons from low-income families, with incomes that fall at or below 100% of the current FPL, will not be charged except where third parties are authorized or legally obligated to pay; and that all reasonable efforts will be made to obtain third party payment without the application of any discounts. Include evidence that you have the ability to bill third parties, including private and public insurance such as Medicaid, when appropriate, and the ability to facilitate enrollment of clients into Medicaid.

## 3) Coverage Map

You must include a coverage map of your proposed service area that clearly shows the location of proposed Title X service sites compared to the need for services.

## 4) Letters of Commitment from Referral Entities

You may include signed Letters of Commitment for the organizations that have been specifically named as referral entities (organizations that provide services that are not paid with Title X funds, but that may contribute to continuum of care for clients) to carry out any aspects of the project not provided by subrecipients. The signed letters of commitment should include the specific role and resources that will be provided (if any), or activities that will be undertaken, in support of the applicant. The entity's expertise, experience, and access to the targeted population(s) should also be described in the letter of commitment.

Letters of commitment are not the same as letters of support. Letters of support are letters that are general in nature that speak to the writer's belief in the capability of an applicant

to accomplish a goal/task. Letters of support also may indicate an intent or interest to work together in the future, but they lack specificity. You should NOT provide letters of support, and letters of support such as this will not be considered during the review.

#### 5) Curriculum Vitae/Resume for Key Project Personnel

You must submit with your application curriculum vitae and/or resumes of all key personnel. Key Personnel includes those individuals who will oversee the technical, professional, and managerial functions and/or assume responsibility for assuring the validity and quality of your organization's program. This includes at a minimum the Project Director, Program Manager/Coordinator, and Medical Director. We encourage individuals to use their full name (first, middle, last) on these documents to distinguish them for verification in the System for Award Management exclusion records.

#### 6) Family Participation Certification

You must include a written statement certifying that, if funded, your Title X Family Planning Services project will encourage family participation in the decision of minors to seek family planning services, and that they will provide counseling to minors on how to resist attempts to coerce minors into engaging in sexual activities. See Section F.1.

### **c. Budget Package - Content**

A complete budget package consists of the following required components:

- SF-424A "Budget Information Non-Construction Programs"
- Budget narrative with detailed justification by cost category/object class, and
- Plan for oversight of federal funds.

You should include supporting documentation for your budget (e.g., a copy of your approved indirect cost rate) as part of the budget package, not as part of your appendices to the project narrative. There is no page limit for the budget package contents. If you are recommended for an award, you may be asked to provide additional information about your budget package.

Throughout your budget package, "Federal resources" refers only to the funds you are requesting from the program office for this project. "Non-federal resources" are all other non-HHS/OASH federal and non-federal resources. Funds from federal grant programs typically are not eligible as cost share for other federal grants. It is your responsibility to confirm with other federal agencies whether funds you receive from them are eligible resources to apply to your proposed project.

#### **1. Standard Form SF-424A**

You must enter the project budget according to the directions provided with the standard form.

You must provide costs by object class category for the first 12 months (i.e., first budget period) of the proposed project using Section B, box 6 of SF-424A. If the estimated period of performance is 12 months or less, this will be your total budget request for the entire project.

"Federal resources" refers only to the funds for which you are applying under this NOFO. "Non-federal resources" are all other resources (federal and non-federal).

Do not include costs beyond the first budget period in the object class budget in box 6 of SF-424A or box 18 of SF-424. The amounts entered in these sections should only reflect the first budget period.

If there is a discrepancy between your SF-424A and budget narrative and justification, we will rely on the narrative and justification to determine the final amounts.

## **2. Budget Narrative with Justification**

Your budget narrative must include a detailed line-item budget and must include calculations for all costs and activities by the "object class categories" identified on SF-424A. You must provide a detailed justification for the costs by object class. The object class budget organizes your proposed costs into a set of defined categories.

Use the guidelines in Section J.4 for preparing the detailed object class budget.

### ***Budget Periods***

Your budget narrative must describe the first budget period in detail. For each proposed cost for the first budget period, provide a justification that includes explanatory text and line-item detail. You should describe how you derived your categorical costs. Your justification should show the necessity and reasonableness of the proposed costs for the project.

For subsequent budget years in an anticipated multi-year period of performance, provide a summary narrative and line-item budget for each year beyond the first. For categories or items that differ significantly from the first budget period, provide a detailed justification explaining these changes.

Funding levels for all approved budget periods after the first are generally the same as the initial award amount and are subject to an offset with funds unused in the previous budget period. Carryover of unobligated funds from one budget period to the next requires prior approval.

### ***Determining Proposed Costs***

Your budget narrative should justify the overall cost of the project as well as the proposed cost per activity, service delivered, and/or product. For example, the budget narrative should define the amount of work you have planned and expect to perform, what it will cost, and an explanation of how the result is cost effective. If you are proposing to provide services to clients, you should describe how many clients you expect to serve, the unit cost of serving each client, and how this is cost effective.

Proposed costs must adhere to the cost principles described in [2 C.F.R. §200.416](#). We have provided additional information on the most common cost categories for applications for OASH awards in Section J.4.

Budget calculations must include estimation methods, quantities, unit costs, and other similar quantitative detail sufficient to verify the calculations. Carefully review Funding Restrictions (below) for specific information regarding allowable, unallowable, and restricted costs.

### ***Describing Federal and Non-federal Share***

Both federal and non-federal resources (if applicable) must be detailed and justified in the budget narrative. “Federal resources” refers only to the HHS/OASH funds for which you are applying under this NOFO. “Non-federal resources” are all other non-HHS/OASH federal and non-federal resources.

If matching or cost sharing is required or offered voluntarily, you must include a detailed listing of any funding sources identified in box 18 of SF-424 (Application for Federal Assistance).

### ***Indirect Costs***

Indirect costs for training are limited to a fixed rate of eight percent of the modified total direct costs (MTDC) exclusive of tuition and related fees, direct expenditures for equipment, and subawards in excess of \$50,000 (2 C.F.R. § 200.414 (c)(1)).

### ***Funding Restrictions***

The following restrictions apply to costs you may propose and be awarded.

#### **Pre-Award Costs**

**Pre-award costs are NOT allowed.** Pre-award costs ([2 C.F.R. § 200.458](#)) are those incurred prior to the effective date of the Federal award directly pursuant to the negotiation and in anticipation of the Federal award where such costs are necessary for efficient and timely performance of the scope of work.

#### **Salary Rate Limitation**

Each year’s appropriations act limits the salary rate that you may charge to the grants and cooperative agreements that we award. You must not use award funds to pay the salary of an individual at a rate in excess of Federal Executive Pay Scale Executive Level II.

As of January 2026, the Executive Level II maximum salary is \$228,000. This amount reflects an individual’s base salary exclusive of fringe benefits and any income that an individual working on the award project may be permitted to earn outside of the duties to the applicant organization. This salary rate limitation also applies to subawards/subcontracts under an HHS/OASH award.

An example of the application of this limitation for an individual devoting 50% of their time to this award is broken down below:

<b>Salary Rate Limitation</b>
-------------------------------

<b>Individual's actual base full-time salary</b> \$350,000 with 50% of time devoted to project, i.e., 0.5 FTE	<b>Direct salary (\$350,000 x 0.5) =</b> \$175,000
	<b>Fringe (25% of salary) =</b> \$43,750
	<b>Total =</b> \$218,750
<b>Individual's base full-time salary adjusted to Executive Level II:</b> \$225,700 with 50% of time devoted to the project	<b>Direct salary (\$225,700 x 0.5) =</b> \$112,850
	<b>Fringe (25% of salary) =</b> \$28,212.50
	<b>Total amount allowed =</b> \$141,062.50

Appropriate salary rate limits will apply as required by law.

**Vehicle Purchase**

We will not approve a vehicle purchase at the time of award even when included in your application. You must obtain prior approval before the purchase of a mobile health unit or any other vehicle with award funds. A request for prior approval must include a detailed justification of the need for the vehicle that includes an analysis of comparing purchase, lease, and other alternatives. Equipment purchases are subject to transfer to another federal project or sale at the end of the period of performance ([2 C.F.R. § 200.313\(e\)](#)).

**Construction Costs**

We will not approve construction costs. This includes major improvements to or significant renovations of facilities.

**3. Plan for Recipient Oversight of Federal Award Funds**

You must include a plan for oversight of federal award funds which describes:

- how your organization will provide oversight of federal funds and how award activities and partner(s) will adhere to applicable federal award and programmatic regulations. Include identification of risks specific to your project as proposed and how your oversight plan addresses these risks.
- the organizational systems that demonstrate effective control over and accountability for federal funds and program income, compare outlays with budget amounts, and provide accounting records supported by source documentation.
- for any program incentives proposed, the specific internal controls that will be used to ensure only qualified participants will receive them and how they will be tracked.

- organizational controls that will ensure timely and accurate submission of Federal Financial Reports to the OASH Grants and Acquisitions Management Division via the Payment Management System as well as timely and appropriate withdrawal of cash from the Payment Management System.

**If your internal controls are available online, you may provide a link as part of your plan in the budget narrative.** Although merit reviewers are not permitted to access any external materials linked in the application as part of their review, this link would facilitate review of your proposal if recommended for risk assessment (Section F.4).

Section J.5 contains questions you may find useful in preparing your Recipient Plans for Oversight of Federal Funds.

#### **a. Project Abstract Summary Guidance**

You must complete the Project Abstract Summary form. The application page limit does not include the Project Abstract Summary Form. Research projects may enter zero for “Estimated number of people to be served as a result of the award of this grant.”

The abstract will serve as the application summary going forward. Do not include sensitive or proprietary information in your abstract.

If your project is funded, we will publish the abstract on TAGGS.hhs.gov and USASpending.gov as you submitted it. You may request to edit it later, or we may ask you to edit it later to reflect any negotiated changes to the project. The abstract may also appear on the program office website or other government websites.

Your abstract should contain:

- Specifics about the project purpose
- Activities that you will perform
- Expected deliverables and outcomes
- Intended project beneficiary(ies) or participant(s)

Your description of the project should be brief and use plain language an average reader can understand. You should limit abbreviations, acronyms, or jargon without definitions. The abstract should be unique to your project.

## **F. SUBMISSION REQUIREMENTS AND DATES**

### **1. Obtaining an Application Package**

The official complete application package is available on [Grants.gov](https://www.grants.gov). Search either the Assistance Listing number or the NOFO number PA-FPH-27-001.

The package consists of several Adobe PDF format documents. This is a standard format widely accessible across multiple platforms including mobile devices. The Acrobat Reader application is available at <https://www.adobe.com/acrobat/pdf-reader.html>.

All materials will be under the Package tab on the page for this opportunity on Grants.gov. If you have problems locating the application package, contact:

OASH Grants and Acquisitions Management Division  
1101 Wootton Parkway, Plaza Level  
Rockville, MD 20852  
Phone: 240-453-8822  
Email: [OASH\\_Grants@hhs.gov](mailto:OASH_Grants@hhs.gov)

Email will often result in the fastest response.

## **2. Required Registrations**

You must have an active registration in SAM.gov and Grants.gov to apply for this opportunity.

It is your responsibility to plan ahead to ensure adequate time to register in both systems before submitting your application. We recommend beginning the registration process immediately, but **no later than** 30 days prior to the application deadline with a goal of your registration being complete at least 15 days prior to the application deadline.

### **a. Unique Entity Identifier and System for Award Management (SAM)**

Grants.gov will not accept an application unless you have an active SAM.gov registration and received a Unique Entity Identifier (UEI). There is no fee for registering in SAM.gov.

In cases where an individual is an eligible applicant (see Section A.1.a), the individual does not need a SAM.gov registration. However, the individual must still create a Grants.gov account. Grants.gov will assign a default UEI value where applicable.

We cannot make an award to your entity unless it has an active SAM registration. In accordance with [2 C.F.R. § 25.205](#), if you have not complied with this requirement, we may:

- determine that you are not qualified to receive an award; and
- use that determination as a basis for making an award to another applicant.

Should you successfully compete and receive an award, all first-tier subrecipients must have a UEI number at the time you make a subaward to them.

### ***Registering in SAM***

Your organization must register online in the System for Award Management (SAM). Grants.gov will reject submissions from applicants with nonexistent or expired SAM Registrations. You will find instructions on the Grants.gov website as part of the [organization registration](#) process.

Complete a SAM registration (or renewal) as soon as possible if you do not currently have an active registration that will remain active through the competitive process. Registration will include obtaining a unique entity identifier (UEI). SAM.gov provides an [Entity Registration Checklist](#) to help you prepare the necessary documentation.

You may register in SAM as an entity applying for either

- Federal Assistance Awards Only (e.g., grants and cooperative agreements) or

- All Awards (including procurement awards).

If you chose to register for All Awards, you must answer Yes to the question “Do you wish to apply for a federal financial assistance project or program, or is your entity currently the recipient of funding under any federal financial assistance project or program?” Failure to do so will require us to obtain a separate assurance document from you during our risk assessment (Section E.3) and may delay any award.

The list of representations and certifications to be certified as part of your registration is reproduced in Section J.6 with the corresponding HHS regulation citations. By submitting your application to this NOFO, your authorized representative certifies to these representations and certifications by signing Box 21 of SF-424A.

Make sure your SAM registration information is accurate, especially your organization’s legal name and physical address including your ZIP+4. Should you successfully compete and receive an award, this is the legal name and address we must use on the NOA.

During your registration, your organization will need to designate an E-Business Point of Contact (EBiz POC). The EBiz POC will need to be the individual to set up your Grants.gov account.

### ***SAM Registration Renewal***

If your organization has previously registered in SAM, confirm your status and determine whether you need to update or renew it. You must [renew your SAM registration](#) each year.

If you are successful and receive an award, you must maintain an active SAM registration with current information at all times during an active award or an application or plan under consideration by an HHS agency.

### ***Timing of Registration***

It may take up to 2-3 weeks (or longer during periods of high volume) for a registration to become active in SAM. After that, it may take an additional 24-72 hours for SAM to synchronize with Grants.gov. Grants.gov must recognize your SAM registration as active to accept your application. We strongly encourage confirming your registration status well before you are ready to submit your application to Grants.gov.

## **b. Grants.gov Registration**

The Grants.gov [Applicant Registration](#) page provides the most up to date guidance on registering. There is no fee for registering to use Grants.gov.

Your EBiz POC may begin creating your account prior to receiving your UEI from SAM.gov. However, your will need to complete the SAM.gov registration prior to complete your Grants.gov registration.

Grants.gov is a platform that allows you to have multiple users with a variety of role-based access to perform actions on application(s). You must register an authorizing official for your organization. We do not determine who your organization's authorizing official is; your organization makes that decision. However, your authorizing official(s) must have the authority to act on behalf of your organization.

You may consider registering a backup authorized organization representative(s) in Grants.gov to ensure someone is available to submit your application. We will not extend due dates because your authorized official is unavailable.

We encourage potential applicants to familiarize themselves with the [Workspace Overview](#) and options as soon as possible.

### 3. Submission Instructions

It is your responsibility to read and understand the instructions to submit a complete and properly formatted application.

#### a. Electronic Application Submission

We require that all applications be submitted electronically via Grants.gov unless the Grants Management Officer has granted an exemption in writing (See Section E.3).

##### ***Grants.gov Information***

You may access the application for this opportunity on [Grants.gov](#). Search for the downloadable application page by the NOFO number PA-FPH-27-001 or Assistance Listing number 93.217.

To ensure successful submission of your application, you should carefully follow the step-by-step [instructions](#) on the site. These instructions are kept up-to-date and also provide links to Frequently Asked Questions and other troubleshooting information. You are responsible for reviewing all Grants.gov submission requirements on the Grants.gov site.

You should contact Grants.gov with any questions or concerns regarding the technical system questions about the electronic application process (Section I).

See Section F.2 for requirements related to UEI numbers and SAM registration.

##### ***Electronic File Submission***

Applications, excluding required standard forms, must be submitted as three (3) files. Any additional files submitted as part of the Grants.gov application will not be accepted for processing and will be excluded from the application during the review process. Merit reviewers are not permitted to follow embedded links to materials outside of the application. Your content must fit within the page limits of the application.

<b>File 1</b>	The complete Project Narrative
<b>File 2</b>	All documents that make up the Appendices described in Section D.3.c

<b>File 3</b>	The entire Budget Package including supporting documentation described in the Budget Narrative content section.
---------------	---

***Acceptable File Formats***

All files uploaded for your application must be in an acceptable file format and must contain a valid file format extension in the filename.

We only accept the file formats identified in the table to ensure compatibility across our other systems although Grants.gov will allow you to attach unacceptable formats.

We strongly encourage you to upload your application in Adobe PDF format. By converting to PDF prior to submission, you may prevent any unintentional changes that might occur with submission of an editable document. Most commonly available applications for document preparation have the ability to “Save As” or “Print To PDF.” We do not recommend submitting scanned copies through Grants.gov unless you have confirmed the clarity of the scan and the readability of the documents.

Any file submitted as part of the Grants.gov application that is not in a file format listed as acceptable will not be imported for processing and will be excluded from the application during the review.

We will not contact you for resubmission of files to correct the file type.

We will not contact you for passwords or for resubmission of unprotected files. We will forward unprotected information in the application forwarded for consideration, but we will not forward password protected portions.

<b>Acceptable File Formats (extension)</b>
<ul style="list-style-type: none"> <li>• Adobe PDF (.pdf)</li> <li>• Microsoft Word (.doc or .docx)</li> <li>• Image formats (.jpg, .gif, .tif, or .bmp only)</li> </ul>
<b>Unacceptable File Formats (extension)</b>
<ul style="list-style-type: none"> <li>• Microsoft Excel files (.xls) or other similar spreadsheet files</li> <li>• Any compressed file formats (e.g., .zip, .rar, or Adobe Portfolio)</li> <li>• Any password protected files</li> </ul>

***Timing Considerations***

We strongly encourage you to submit your application a minimum of 4-5 days prior to the application closing date. You are responsible for allowing time for system registrations and where applicable State Single Point of Contact (SPOC) notifications (Section E.3.d).

Do not wait until the last day in case you encounter technical difficulties, either on your end or with Grants.gov. Grants.gov can take up to 48 hours to notify you of a successful or rejected submission. You are better off having a less-than-perfect application successfully submitted and under consideration than no application.

If your submission fails due to a system problem with Grants.gov, we may accept your application if you provide verification from Grants.gov indicating system problems existed at the time of your submission and that time was before the submission deadline. If you have reported a system problem to the Grants.gov helpdesk, obtain a ticket number to provide us so that we can verify the problem.

A “system problem” does not include known issues for which Grants.gov has posted instructions regarding how to submit an application successfully, such as compatible Adobe versions or file naming conventions. Nor does a “system problem” include issues that should have been identified by reviewing and confirming your account status prior to the submission deadline.

### ***Exemption to the Grants.gov Submission Requirement***

We will consider an exemption to the Grants.gov submission requirement only under limited circumstances. To obtain an exemption, you must request one via email from GAM at [OASH\\_Grants@hhs.gov](mailto:OASH_Grants@hhs.gov). Your request **must provide details as to why you are technologically unable to submit** electronically through Grants.gov. You should submit your request at least 4 business days prior to the application deadline to ensure we can review your request at least to 2 business days before the deadline.

In your e-mail requesting an exemption include:

- the NOFO number;
- your organization’s UEI number;
- your organization’s name, address and telephone number;
- the name and telephone number of your Authorizing Official;
- the Grants.gov Tracking Number (e.g., GRANT####) assigned to your submission; and
- a copy of the “Rejected with Errors” notification from Grants.gov.

We will not grant an exemption to the electronic submission requirement for:

- Failure to have an active System for Account Management (SAM) registration prior to the application due date.
- Failure to follow Grants.gov instructions to ensure software compatibility.
- Failure to have the correct permission levels configured in your Grants.gov workspace.

GAM will only accept applications via alternate methods (i.e., PDF via email or hardcopy paper via U.S. mail or other provider) from applicants with prior written approval. If you receive an exemption, you must still submit your complete application, and we must receive it by the due date.

We will accept only applications submitted through Grants.gov or a pre-approved alternate format.

## **b. Submission Dates and Times**

You must submit your application for this funding opportunity by January 9, 2027.

Your submission time is the date and time stamp provided by Grants.gov when you **complete** your submission. If you do not submit your application by the due date and time, we will not review it, and it will receive no further consideration.

It is your responsibility to review all instructions available on Grants.gov for successfully submitting an application. For information on registering for Grants.gov or to receive assistance on any technical system questions, contact Grants.gov directly (Section I).

## **c. NOFO Technical Assistance Webinar**

We will provide a technical assistance webinar for applicants on September 15, 2026.

You should review the entire announcement prior to attending to have any questions answered well in advance of the application due date. You should also subscribe to this opportunity on Grants.gov to receive any amendments, revisions, question and answer documents, or other updates.

Following the webinar, we will typically post an FAQ addressing common questions including those of general applicability asked during the webinar. We will also post a link to the recorded TA webinar.

Out of fairness to all applicants, we do not provide one-on-one consultation on the specific content development for any applications.

## **d. Intergovernmental Review**

Applications under this opportunity are subject to the requirements of [Executive Order 12372](#), “Intergovernmental Review of Federal Programs,” as implemented by [45 C.F.R. part 100](#), “Intergovernmental Review of Department of Health and Human Services Programs and Activities.”

As soon as possible, you should discuss the project with the [State Single Point of Contact \(SPOC\)](#) for the State in which your organization is located.

The SPOC should forward any comments to

Department of Health and Human Services  
OASH Grants & Acquisitions Management  
ATTN: Grants Management Officer  
1101 Wootton Parkway, Plaza Level  
Rockville, MD 20852.

The SPOC has 60 days from the due date listed in this announcement to submit any comments.

For further information, contact the OASH Grants and Acquisitions Management Division (Section I).

## **4. Other Submission Requirements**

### **a. Program-Specific Requirements**

#### Non-profit Status

If you are a non-profit organization, please submit documentation of nonprofit status. Any of the following constitutes acceptable proof of such status:

- (a) A reference to the Applicant organization’s listing in the Internal Revenue Service’s (IRS) most recent list of tax-exempt organizations described in the IRS code;
- (b) A copy of a currently valid IRS tax exemption certificate;
- (c) A statement from a State taxing body, State attorney general, or other appropriate State official certifying that the applicant organization has a nonprofit status and that none of the net earnings accrue to any private shareholders or individuals; or
- (d) A certified copy of the organization’s certificate of incorporation or similar document that clearly establishes nonprofit status.

### **b. Follow-up Submission Requirements**

We may request additional documentation during the review process. We suggest having these documents readily available. Requests will only come from the OASH GAM staff. If you have any concern about the validity of a request, please contact us through the contact information provided in Section J.

Requested documentation may include a copy of your:

- Approved negotiated indirect cost rate, if not submitted in your budget package
- Internal controls
- Authorizing Tribal Resolution

We may request additional documentation as needed during our risk assessment process in Section G.4.

Failure to provide the requested documentation by the requested deadline may result in our no longer considering your application and moving on to another to make an award.

You should not interpret a request for information as an indication that we will make an award to you. A request only means that we are continuing to review your application.

## **G. APPLICATION REVIEW INFORMATION**

Your application will undergo a series of reviews designed to ensure compliance with statutory and regulatory requirements, alignment with agency priorities, and responsible stewardship of Federal funds, consistent with Executive Order 14332, “Improving Oversight of Federal Grantmaking” (available at <https://www.whitehouse.gov/presidential-actions/2025/08/improving-oversight-of-federal-grantmaking/>), which aims to “strengthen

oversight and coordination of, and to streamline, agency grantmaking to address [...] problems, prevent them from recurring, and ensure greater accountability for use of public funds more broadly.”

#### **a. Application Qualification and Alignment Review**

Applications will first undergo an initial qualification and alignment review conducted by HHS GAM personnel in coordination with Federal program staff, including senior Department officials or other designated Presidential appointees, consistent with the Executive Order on “Improving Oversight of Federal Grantmaking.”

This review includes the following components:

- **Eligibility Review** to determine whether you are an eligible applicant as described in Section A.
- **Responsiveness Review** to determine whether the application meets the responsiveness criteria described in Section F.1. and aligns with the purpose and objectives of the funding opportunity.
- **Formatting Review** to determine whether your application meets the formatting requirements described in Section D.1.
- Consistent with the Executive Order on “Improving Oversight of Federal Grantmaking,” applications will be reviewed by a senior appointee or appointee’s designee to assess alignment with:
  - HHS, OASH, and OPA priorities;
  - Principles of accountability, transparency, and effective Federal grant stewardship

The Grants Management Officer will coordinate with Federal staff, including a senior appointee or senior appointee’s designee to relay to you a final determination of eligibility based on this initial review. This decision is not appealable.

#### **b. Merit Review**

Consistent with the HHS Grants Policy Statement, effective October 1, 2025 (available at <https://www.hhs.gov/sites/default/files/hhs-grants-policy-statement-oct-2025.pdf>), an independent merit review panel will evaluate applications that are qualified and eligible. These reviewers are experts in their fields, and are drawn from academic institutions, non-profit organizations, state and local government, and Federal government agencies.

We do not disclose the identities of our review panelists. Each is vetted during the selection process to identify and manage any real or apparent conflict of interests.

Using the Merit Review Criteria, the reviewers will provide comments and rate the applications. We will provide reviewer comments to applicants after we have made final award decisions and issued notices of award. We do not provide scores.

**c. Programmatic Technical Review and Risk Assessment**

In addition to the independent merit review panel, federal staff will review each application for technical (programmatic), budgetary, and grants management compliance.

**1. Responsiveness Review**

The responsiveness review assesses your application at a high level to determine whether the application has addressed the subject matter of the opportunity or met any legal requirements. The criteria, if any, we describe below facilitate a go/no-go determination by the review team. Failure to address the responsiveness criteria clearly and provide the required information will result in disqualification.

**a. Responsiveness Criteria**

For this opportunity, the responsiveness criteria are:

- **Family Participation Certification.** Applicants must include a written statement in the appendix of the application certifying that:

“if funded, this Title X Family Planning Services project will encourage family participation in the decision of minors to seek family planning services and will provide counseling to minors on how to resist attempts to coerce minors into engaging in sexual activities.”

**b. Disqualifying Criteria**

**Disqualification means we will not review the application and will give it no further consideration.**

We will disqualify applications:

<ul style="list-style-type: none"> <li>• not submitted electronically via <a href="https://www.grants.gov">Grants.gov</a> (unless an exemption was granted by the grants management officer in writing 2 business days prior to the deadline)</li> </ul>
<ul style="list-style-type: none"> <li>• not submitted by the due date and time (Section E.3.b)</li> </ul>
<ul style="list-style-type: none"> <li>• not submitted by an eligible applicant (Section A.1.a)</li> </ul>
<ul style="list-style-type: none"> <li>• submitted <u>multiple times for the same project</u> from the same organization, <i>except</i> for the last application received by the deadline (Section A.1.c)</li> </ul>
<ul style="list-style-type: none"> <li>• not meeting the Responsiveness Criteria (Section F.1.a), if any</li> </ul>
<ul style="list-style-type: none"> <li>• not including a non-federal sources justification in the budget narrative when including cost-sharing (voluntary or required) (Section A.3)</li> </ul>
<ul style="list-style-type: none"> <li>• requesting total funds (direct plus indirect costs) that are either: <ul style="list-style-type: none"> <li>○ Above the Award Ceiling of \$5,000,000; or</li> <li>○ Below the Award Floor of \$0.</li> </ul> </li> </ul>

<ul style="list-style-type: none"> <li>• missing or incomplete required forms in the application package found on <a href="https://www.grants.gov">Grants.gov</a> including SF-424; SF-424A, SF-LLL, and the Project Abstract Summary (Section D)</li> </ul>
<ul style="list-style-type: none"> <li>• not meeting the formatting requirements (Section D), specifically: <ul style="list-style-type: none"> <li>○ not submitted in the English language and U.S. dollars (2 C.F.R. § 200.111(a))</li> <li>○ not submitted with <ul style="list-style-type: none"> <li>▪ an 8 ½ ” x 11” page size</li> <li>▪ 1” margins on all sides (top, bottom, left and right)</li> <li>▪ a font size of not less than 12 points</li> <li>▪ a Project Narrative that is double-spaced</li> </ul> </li> <li>○ exceeding the 50-page limit for the Project Narrative</li> <li>○ exceeding the total 100-page limit for the Project Narrative plus Appendices combined, excluding SF-424, SF-424A, SF-LLL, Project Abstract Summary, and Budget Narrative with budget tables</li> </ul> </li> </ul>

## 2. Merit Review Criteria

Federal staff and an independent merit review panel will assess all qualified eligible applications according to the following criteria. Disqualified applications will not be reviewed against these criteria.

a. **Proposed Service Area and Plans to Address Demonstrated Need for Title X Family Planning Services**

- The extent to which the applicant substantiates, using current and relevant data, that Title X family planning services are needed locally within the proposed service area, particularly among low-income families as prioritized in Title X statute **(15 points)**
- The extent to which the applicant clearly identifies the number of clients, and, in particular, the number of low-income clients to be served, and describes the broad range of methods and services that will be provided to address client needs. For applicants that will not provide all services directly, the extent to which the applicant has described a rigorous and transparent process and criteria for selecting, monitoring, and overseeing qualified subrecipients to ensure alignment with Title X activities and agency priorities. **(10 points)**

b. **Plan to Deliver Family Planning Services in Compliance with the Statute, Regulations, Legislative Mandates, and Aligned with OPA Program Priorities**

- The degree to which the project plan adequately provides for the requirements set forth in the Title X statute, regulations (42 C.F.R. part 59, subpart A), and legislative mandates **(15 points)**
- The extent to which the applicant proposes strategies that meaningfully advance OPA’s program priorities as discussed in section 2(a)(4)(b), “Address OPA Program Priorities” and HHS priorities. **(35 points)**

c. **Project Management and Capability**

- The relative need of the applicant, including the extent to which the applicant’s project management plan shows the applicant’s need for funds and the applicant’s capability to make effective use of grant funds. **(5 points)**
- The adequacy of the applicant’s facilities and staff, including evidence of an infrastructure that is sustainable in ensuring continued access to family planning services for clients in the proposed service area. **(10 points)**
- The capacity of the applicant to make rapid and effective use of the Federal assistance. Applicants must demonstrate/explain how they propose to use the federal assistance to provide quality family planning services that meet the needs of and improve access for clients in the proposed service area. **(5 points).**

d. **Budget**

- The relative availability of non-Federal resources within the community to be served and the degree to which those resources are committed to the project, including the degree to which the budget and budget narrative identify other sources of revenue, including but not limited to the estimated amount of program income and how the applicant proposes to invest it back into the proposed Title X project **(5 points)**

### **3. Merit Review and Selection Process**

#### ***Application Status Inquiries***

During the review process, we do not release information about individual applications. If you would like to track your application, please see the instructions on [Grants.gov](https://www.grants.gov).

If you receive communications to negotiate an award or request additional or clarifying information, this does not mean you will receive an award. It only means that your application is still under consideration.

### ***Federal Staff Review***

In addition to the independent merit review panel, Federal staff will review each application for technical (programmatic), budgetary, and grants management compliance.

OPA is responsible for facilitating the process of evaluating applications and setting funding levels according to the criteria set forth in Title X regulations at 42 C.F.R. §59.7(a) and described above.

The Office of Population Affairs will coordinate with a senior appointee to provide recommendations for funding to the Grants Management Officer to conduct the required risk analysis consistent with 2 CFR 200 and applicable HHS policy. No award decision is final until a Notice of Award is issued by the Grants Management Officer, in coordination with a senior appointee or appointee's designee, consistent with the Executive Order on "Improving Oversight of Federal Grantmaking."

## **4. Review of Risk Posed by Applicant**

Before issuing any award, GAM evaluates each recommended application for risks in accordance with [2 C.F.R. § 200.206](#). This evaluation may incorporate results of the evaluation for eligibility or of the quality of an application.

### ***Risk Factors Considered***

We will use a risk-based approach and may consider any items such as the following:

- a. Your financial stability;
- b. Quality of management systems and ability to meet the management standards prescribed in 2 C.F.R. part 200;
- c. History of performance. Your record in managing Federal awards, if you are a prior recipient of Federal awards, including timeliness of compliance with applicable reporting requirements, conformance to the terms and conditions of previous Federal awards, and if applicable, the extent to which any previously awarded amounts will be expended prior to future awards; however, not being a prior recipient of a Federal award shall not negatively impact a determination of award;
- d. Reports and findings from audits performed; and
- e. Your ability to effectively implement statutory, regulatory, or other requirements imposed on non-Federal entities.

Also, prior to making a Federal award with a total Federal share greater than the simplified acquisition threshold (currently \$250,000), GAM must review and consider any information about you that is in the designated integrity and performance system accessible through the System for Award Management (SAM) (formerly the Federal Awardee Performance and Integrity Information System (FAPIIS)).

If you are a prior Federal award recipient, the information in the system must, at a minimum, demonstrate a satisfactory record of executing programs or activities under Federal grants,

cooperative agreements, or procurement awards; and integrity and business ethics.” [2 C.F.R. § 300](#); see also [2 C.F.R. §200.206](#). You have the option to review information in SAM and comment on any information about your organization that a Federal awarding agency previously entered and is currently available through SAM.

During this review, the agency may request more details or action from you, as consistent with the HHS Grants Policy Statement (<https://www.hhs.gov/sites/default/files/hhs-grants-policy-statement-oct-2025.pdf>).

GAM will consider any comments by you, other information in the designated system, and input from Federal staff including a senior appointee or that appointee’s designee. This review will inform judgments regarding your integrity, business ethics, and record of performance and responsible stewardship of Federal awards.

### ***Risk Review Outcomes***

If, after consideration of risk factors, Federal staff including a senior appointee’s review, and applicable integrity and performance information, GAM does not make an award to you because we determine that your organization does not meet either or both of the minimum qualification standards as described in [2 C.F.R. § 200.206](#), we must report that determination to FAPIIS, if certain conditions apply. See [2 C.F.R. § Part 300](#).

If we determine that a federal award will be made, specific conditions that correspond to the degree of risk assessed will be applied to the Federal award. Such conditions may include additional programmatic or financial reporting or releasing funds on a reimbursable rather than cash advance basis.

## **H. AWARD NOTICES**

Upon completion of risk analysis and concurrence of the GMO, GAM will issue Notices of Award (NOAs). No award decision is final until the GMO issues a NOA. All award decisions, including the level of funding, if an award is made, are final and you may not appeal.

**We are not obligated to make any federal award as a result of this NOFO. If we make awards, the awards may be for periods shorter than indicated. Only the GMO can bind the federal government to the expenditure of funds.**

### ***Funded Applications***

If you are successful, you will receive official notice of your award with a Notice of Award (NOA) via a system notification from our grants management system (Grant Solutions) and/or via e-mail. The NOA includes the amount awarded for the specified budget period, the purpose(s) of the award, the anticipated length of the period of performance, terms and conditions of the award, and the amount of cost share or matching, if applicable.

If you receive an NOA, we strongly encourage you to read the entire document to ensure your organization’s information is correct and that you understand all terms and conditions. You should pay specific attention to the terms and conditions, as some may require a time-limited

response. The NOA will also identify the Grants Management Specialist (GMS) and Federal Project Officer (FPO) assigned to the award for assistance and monitoring. The GMS and FPO will work as a team. Any questions or concerns during the project should be communicated to both the GMS and FPO.

Pre-award costs are not allowed. If you begin a project prior to receiving a NOA or the project period start date on the NOA, you incur costs at your own risk. We will disallow the costs and will not approve them retroactively.

We intend to award funds as much in advance of the anticipated project start date (See Overview, page 1) as practicable, with a goal of 10-15 days. Note this is an estimated start date and award announcements may be made at a later date and with a later period of performance start date.

### ***Unfunded Applications***

If you are unsuccessful or your application was disqualified, OASH will notify you by email and/or letter. If the merit review panel reviewed your application, you may receive summary comments pertaining to the application resulting from the review process. We do not release application scores.

You may receive a letter indicating that your application was “approved, but unfunded” (ABU). This does not mean you will receive an award or funding. Applications designated ABU are kept active for up to 12 months. During that time, a program office may consider an ABU application for award should funds become available. However, an ABU status does not guarantee that we will fund your project.

We will not transfer an ABU application for consideration under a new NOFO. You would have the option to resubmit your application, with any updated material, for consideration under that new NOFO.

## **I. AWARD REQUIREMENTS AND ADMINISTRATION**

The following subsections describe the administrative requirements and the terms and conditions that will apply to any award you might receive under this NOFO. HHS awards are subject to the 2 C.F.R. part 200 effective October 1, 2025.

### **1. Administrative and National Policy Requirements**

#### **a. Recipient Responsibilities**

You will have the full responsibility for the conduct of the approved project or activity and for adherence to all award terms and conditions, statutory, regulatory, or policy requirements applicable to grants and cooperative agreements. The approved project or activity is the project described in your application subject to any OASH GMO approved amendments. Approval of the project does not waive or negate any statutory, regulatory, or policy requirements applicable to grants and cooperative agreements.

You will be encouraged to seek the advice and opinion of the federal project officer and grants management specialist on special problems that may arise. Such advice does not diminish your responsibility for making sound programmatic and administrative judgments and does not imply that the responsibility for operating decisions has shifted to HHS, OASH, or the program office.

#### **b. Accepting an Award**

You accept an award and its terms and conditions by drawing or otherwise obtaining funds for the award from the grant payment system. By accepting an award, you agree to comply with the applicable federal requirements for grants and cooperative agreements, including those in the SAM registration certifications and representations, and to the prudent management of all expenditures and actions affecting the award, including the monitoring of any subrecipients.

You must comply with all terms, conditions, and requirements outlined in the Notice of Award, including: award policy terms and conditions contained in the HHS [Grant Policy Statement](https://www.hhs.gov/sites/default/files/hhs-grants-policy-statement-oct-2025.pdf) (GPS, effective October 1, 2025, available at <https://www.hhs.gov/sites/default/files/hhs-grants-policy-statement-oct-2025.pdf>), and its subsequent updates, all requirements imposed by program statutes and regulations, Executive Orders, and HHS grant administration regulations; and requirements or limitations in any applicable appropriations acts.

#### **c. Scope of the Award and Prior Approvals**

You may only use award funds to support activities in your funded project. HHS GPS Section II and [2 C.F.R. § 200.308](#) describe the aspects of your funded project that will require prior approval from the OASH GMO for any changes. Some of the award modifications to an approved project that will require prior GMO approval include:

- a change in the scope or the objective(s) of the project (even if there is no associated budget revision, such as reduction in services, closing of service or program site(s)).
- significant budget revisions, including changes in the approved cost-sharing or matching;
- a change in a key person(s) specified in your application;
- reduction in time devoted to the project by the approved PD/PI, either as percentage of full-time equivalent of 25% or more or absence for 3 months or more; or
- the transferring of any work to another entity or individual through contract, subaward, or other means that differs from described in the awarded proposal.

#### **d. Applicable Termination Provisions**

If you receive an award, HHS may terminate it for any of the conditions in [2 C.F.R. § 200.340](#).

## **2. Program Specific Terms and Conditions**

We may include on any awards made under this opportunity the following as special terms and requirements.

#### **a. Paperwork Reduction Act Clearance Packages**

Any collection of information you conduct as defined in 5 C.F.R. § 1320.3(c) may require OMB clearance under the Paperwork Reduction Act (PRA) if it is a requirement of your award to collect that information. You would be responsible for preparing the clearance package necessary to obtain PRA clearance and submitting it to the project officer. The project officer will assist in the submission of the package to OMB and notify you when the approval has been received or request additional information.

### **3. Award Closeout**

When the award expires, you must submit within 120 days all necessary documentation to closeout your award. If we do not receive acceptable final performance, financial, and property reports in a timely fashion and we determine that closeout cannot be completed with your cooperation, we must complete a unilateral closeout with the information available to us ([2 C.F.R. § 200.344](#)). See Section I.3 for specific detail.

If you do not submit all reports within one year of the period of performance end date, we must report your material failure to comply with the terms and conditions of the award with the OMB-designated integrity and performance system. As a result, we may also determine that enforcement actions are necessary, including actions such as withholding support or a high-risk designation on an existing or future award.

### **4. Lobbying Prohibitions**

In general, any funds from an award made under this NOFO must not be used for other than normal and recognized executive legislative relationships. See [2 C.F.R. § 200.450](#).

You must not use funds for publicity or propaganda purposes, for the preparation, distribution, or use of any kit, pamphlet, booklet, publication, electronic communication, radio, television, or video presentation designed to support or defeat:

- the enactment of legislation before the Congress or any State or local legislature or legislative body, except in presentation to the Congress or any State or local legislature itself, or
- any proposed or pending regulation, administrative action, or order issued by the executive branch of any State or local government, except in presentation to the executive branch of any State or local government itself.

You must not use any funds awarded to pay the salary or expenses of any employee or subrecipient, or agent acting for you, related to any activity designed to influence the enactment of legislation, appropriations, regulation, administrative action, or Executive Order proposed or pending.

### **5. Non-Discrimination Requirements**

If you receive an award, you must follow all applicable nondiscrimination laws. You agree to this when you register in SAM.gov. You must also submit an Assurance of Compliance ([HHS-690](#)). To learn more, see the [HHS Office for Civil Rights website](#).

## **6. Smoke- and Tobacco-free Workplace**

We strongly encourage all award recipients to provide a smoke-free workplace and to promote the non-use of all tobacco products. This is consistent with the HHS mission to protect and advance the physical and mental health of the American people.

## **7. Acknowledgement of Funding**

Each year's annual appropriation requires that when issuing statements, press releases, requests for proposals, bid solicitations and other documents describing projects or programs funded in whole or in part with Federal money, all organizations receiving Federal funds, including but not limited to State and local governments and recipients of Federal research grants, shall clearly state— (1) the percentage of the total costs of the program or project which will be financed with Federal money; (2) the dollar amount of Federal funds for the project or program; and (3) percentage and dollar amount of the total costs of the project or program that will be financed by non-governmental sources.

You must also acknowledge Federal support in any publication you develop using funds awarded under this program, with language such as:

This [project/publication/program/website, etc.] was supported by [Award Number] issued by the Office of the Assistant Secretary for Health of the U.S. Department of Health and Human Services (HHS) as part of a financial assistance award totaling \$XX with 100 percent funded by Organization Name.

You must also include a disclaimer stating the following:

The contents are solely the responsibility of the author(s) and do not necessarily represent the official views of, nor an endorsement by, Organization Name, OASH, HHS, or the U.S. Government. For more information, please visit [Organization Name website, if available].

## **8. HHS Rights to Materials and Data**

All publications you develop or purchase with funds awarded under this announcement must adhere to the requirements of the program. You own the copyright for materials that you develop under an award, and pursuant to [2 C.F.R. § 200.448](#) the HHS awarding agency reserves a royalty-free, nonexclusive, and irrevocable right to reproduce, publish, or otherwise use those materials for federal purposes, and to authorize others to do so.

In addition, pursuant to [2 C.F.R. § 200.448](#), the federal government has the right to obtain, reproduce, publish, or otherwise use data produced under this award and has the right to authorize others to receive, reproduce, publish, or otherwise use such data for federal purposes.

## 9. Trafficking in Persons

Awards are subject to the requirements of Section 106(g) of the Trafficking Victims Protection Act of 2000, as amended ([22 U.S.C. § 7104](#)).

## 10. Efficient Spending

Awards will be subject to the [HHS Policy on Promoting Efficient Spending: Use of Appropriated Funds for Conferences and Meetings, Food, Promotional Items, and Printing and Publications](#).

## 11. Whistleblower Protection

Awards will include a term and condition that applies the terms of [2 C.F.R. § 200.217](#) to the award, and requires that you inform your employees in writing of employee whistleblower rights and protections under 41 U.S.C. § 4712 in the predominant native language of the workforce.

## 12. Health Information Technology (IT) Interoperability

Health information technology is defined in Section 3000 of the Public Health Service Act (42 U.S.C. § 300jj). HHS has substantially adopted and codified that definition at [45 C.F.R. § 170.102](#). The regulation defines health information technology as hardware, software, integrated technologies or related licenses, IP, upgrades, or packaged solutions sold as services that are designed for or support the use by health care entities or patients for the electronic creation, maintenance, access, or exchange of health information.

If you receive an award that involves:

- a. implementing, acquiring, or upgrading health IT for activities, you are required to utilize health IT that meets standards and implementation specifications adopted in [45 C.F.R. part 170, Subpart B](#), if such standards and implementation specifications can support the activity.
- b. implementing, acquiring, or upgrading health IT for activities by eligible clinicians in ambulatory settings, or hospitals, eligible under Section 4101, 4102, and 4201 of the [HITECH Act](#), you are required to utilize health IT certified under the Office of the HHS Office of the National Coordinator for Health Information technology (ONC) Health IT Certification Program, if certified technology can support the activity. See <https://www.healthit.gov/topic/certification-ehrs/certification-health-it>.

If standards and implementation specifications adopted in [45 CFR Part 170, Subpart B](#) cannot support the activity, recipients and subrecipients are encouraged to utilize health IT that meets non-proprietary standards and implementation specifications developed by consensus-based standards development organizations. This may include standards identified in the ONC Interoperability Standards Advisory, available at <https://www.healthit.gov/isa/>.

### **13. Certain telecommunications and video surveillance services or equipment**

As described in [2 C.F.R. 200.216](#), recipients and subrecipients are prohibited from obligating or spending grant funds (to include direct and indirect expenditures as well as cost share and program) to:

- a. Procure or obtain;
- b. Extend or renew a contract to procure or obtain; or
- c. Enter into a contract (or extend or renew a contract) to procure or obtain equipment, services, or systems that use covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. As described in Pub. L. 115-232, section 889, covered telecommunications equipment is telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities).
  1. For the purpose of public safety, security of government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities).
  2. Telecommunications or video surveillance services provided by such entities or using such equipment.
  3. Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of the National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise, connected to the government of a covered foreign country.

### **14. Human Subjects Protection**

Federal regulations ([45 C.F.R part 46](#)) require that applications and proposals involving human subjects be evaluated with reference to the risks to the subjects, the adequacy of protection against these risks, the potential benefits of the research to the subjects and others, and the importance of the knowledge gained or to be gained. If research involving human subjects is anticipated, you must meet the requirements of the HHS regulations to protect human subjects from research risks as specified in [45 C.F.R. part 46](#). Additional information is available on the [Office of Human Research Protections website](#). This includes a series of [decision charts](#) to help assess whether an activity is human subjects research covered by the regulation and when an exemption may apply.

OASH requires, as part of any award involving human subjects, that recipients submit copies of all IRB approvals (not full protocols), or documentation of exemption determinations, within 5 days of the IRB approving the research or documentation of the specific exemption applied. Recipients must receive IRB approval or determine an exemption is applicable before any human subjects research begins.

## 15. Research Integrity

Federal regulations require that an applicant for or recipient of Public Health Service support for biomedical or behavioral research, biomedical or behavioral research training, or activities related to that research or research training must comply with the Public Health Service Policies on Research Misconduct in [42 C.F.R. part 93](#). Compliance includes having written policies and procedures for addressing allegations of research misconduct that meet the requirements of part 93, unless exempt; responding to each allegation of research misconduct for which the applicant or recipient is responsible under part 93 in a thorough, competent, objective, and fair manner; fostering a research environment that promotes the responsible conduct of research and discourages research misconduct; and maintaining an active assurance. More information about assurances is available in [42 CFR Part 93 Subpart C](#) and on the Office of Research Integrity [assurance program](#) website.

## 16. Reporting

Recipients must report on project progress [2 C.F.R. § 200.329](#) and financial status [2 C.F.R. § 200.328](#) during the course of the project. At the end of the project, acceptable final progress and financial reports are a requirement of the award closeout process. Failure to provide final progress or financial reports on any HHS award may affect decisions on future new or continuation funding.

### ***a. Performance Project Reports (PPR)***

You must submit periodic performance project reports on an annual basis via the Performance Project Report (PPR) module in GrantSolutions. We must receive the PPR by the due date included in the terms and conditions on the NOA. PPRs must address the content required by [2 C.F.R. § 200.329](#). The program office may provide additional guidance on the content of the progress report.

At the end of the project, you must submit a final performance report covering the entire period of performance no later than 120 days after the end of the period of performance. The program office may provide additional guidance on the content of the final report, which you must submit in the PPR module.

### ***Project Performance and Continuation Awards***

For projects with multiple budget periods anticipated, you will be required each year of the approved period of performance to submit in addition to your PPRs, a noncompeting continuation application. This application will include a summary of progress the last PPR, an updated work plan, and a budget package (SF-424A, narrative, and justification) for the upcoming budget period. Specific guidance will be provided via Grant Solutions well in advance of the application due date.

For the optional competitive additional year of funding intended to transition successful projects to sustainability, application guidance and review criteria will be provided during the final year of the period of performance.

We will award continuation funding based on availability of funds, satisfactory progress of the project, grants management compliance, including timely reporting, and continued best interests of the government. Progress is assessed relative to meeting the goals, objectives, and outcomes in the approved, funded project as described in the approved application and other supporting documents.

### ***Performance Measures***

Each year of the project period, the recipient is required to submit a Family Planning Annual Report (FPAR). The information collection (reporting requirements) and format for this report have been approved by the Office of Management and Budget (OMB) and assigned OMB No. 0990-0479 (Expires 9/30/2028). The FPAR 2.0 data elements, instrument and instructions can be found on the OPA Web site at <http://hhs.gov/opa>.

### ***b. Financial Reports***

You must submit quarterly Federal Financial Reports (FFR) (SF-425). Your specific reporting schedule will be issued as a condition of award. Typically, we align the FFR reporting periods with the quarters of the federal fiscal year. FFRs are cumulative and due 30 days after the end of each reporting period or more specifically for the:

**Quarter ending September 30, your FFR is due October 30**

**Quarter ending December 31, your FFR is due January 30**

**Quarter ending March 30, your FFR is due April 30**

**Quarter ending June 30, your FFR is due July 30.**

In lieu of the last quarterly FFR, you will also be required to submit a final FFR covering the entire award 120 days after the end of the period of performance. You must submit FFRs via HHS Payment Management System (PMS) (<https://pms.psc.gov>).

Once submitted and accepted, your financial report data will be available in GrantSolutions, which is our grant management system.

### ***c. Audits***

If your organization expends \$1,000,000 or greater in federal funds, it must undergo an independent audit in accordance with [2 C.F.R. § 200.501](#), often referred to as the Single Audit requirement.

### ***d. FFATA and FSRS Reporting***

The Federal Financial Accountability and Transparency Act (FFATA) requires data entry at the [FFATA Subaward Reporting System](#) for all sub-awards and sub-contracts issued for \$30,000 or more as well as addressing executive compensation for both recipient and sub-award organizations.

### ***e. Reporting of Matters Relating to Recipient Integrity and Performance***

If the total value of your currently active grants, cooperative agreements, and procurement contracts from all Federal awarding agencies exceeds \$10,000,000 for any period of time during the period of performance of this Federal award, then you must maintain the currency of information reported to SAM.gov that is made available in the designated integrity and performance system (currently FAPIIS) about civil, criminal, or administrative proceedings described in 2 C.F.R. part 200. This is a statutory requirement (41 U.S.C. § 2313).

All information posted in the designated integrity and performance system will be publicly available. For more information about this reporting requirement related to recipient integrity and performance matters, see [Appendix XII to 2 C.F.R. part 200](#).

#### ***f. Other Required Notifications***

Before you enter into a covered transaction at the primary tier, in accordance with [2 C.F.R. § 180.335](#), you as the [participant](#) must notify OASH, if you know that you or any of the principals for that covered transaction:

- Are presently excluded or disqualified;
- Have been convicted within the preceding three years of any of the offenses listed in [2 C.F.R. § 180.800\(a\)](#) or had a civil judgment rendered against you for one of those offenses within that time period;
- Are presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses listed in [2 C.F.R. § 180.800\(a\)](#); or
- Have had one or more public transactions (Federal, State, or local) terminated within the preceding three years for cause or default.

At any time after you enter into a covered transaction, in accordance with [2 C.F.R. § 180.350](#), you must give immediate written notice to OASH if you learn either that—

- You failed to disclose information earlier, as required by [2 C.F.R. § 180.335](#); or
- Due to changed circumstances, you or any of the principals for the transaction now meet any of the criteria in [2 C.F.R. § 180.335](#).

## **J. CONTACTS**

### **Administrative and Budgetary Requirements**

For information related to administrative and budgetary requirements, contact the HHS/OASH grants management specialist listed below.

Eric West  
OASH Grants and Acquisitions Management  
Rockville, MD 20852  
Email: [eric.west@hhs.gov](mailto:eric.west@hhs.gov)

### **Program Requirements**

For information on program requirements, please contact the program office representative listed below.

Elizabeth Nash  
Office of Population Affairs  
Rockville, MD 20852  
Email: [Elizabeth.nash@hhs.gov](mailto:Elizabeth.nash@hhs.gov)

### **Grants.gov Support**

For information or assistance on submitting your application electronically via Grants.gov, contact Grants.gov directly. Assistance is available 24 hours a day, 7 days per week.

GRANTS.GOV Applicant Support

Website: <https://www.grants.gov>

Phone: 1-800-518-4726

Email: [support@grants.gov](mailto:support@grants.gov)

### **SAM.gov Registration Support**

For information or assistance on registering with SAM.gov, contact the General Services Administration (GSA) Federal Service Desk (FSD) Monday through Friday 8:00 AM to 8:00 PM Eastern at:

Website: [https://www.fsd.gov/gsafsd\\_sp](https://www.fsd.gov/gsafsd_sp) (Live Chat option available)

U.S. Phone: 866-606-8220

International Phone: +1 334-206-7828

## K. OTHER INFORMATION

### 1. Application Checklist

The below is a summary listing of all the application elements required for this funding opportunity.

<b>Application Checklist</b>	
	<b>SAM.gov Registration/Renewal</b> – start as soon as possible (recommended minimum of 6-8 weeks prior to submission deadline)
	<b>Grants.gov Registration</b> (recommended minimum of 6-8 weeks prior to submission deadline)
	<b>Application for Federal Assistance (SF-424)</b>
	<b>Budget Information for Non-construction Programs (SF-424A)</b>
	<b>Disclosure of Lobbying Activities (SF-LLL)</b>
	<b>Project Abstract Summary</b> , including any responsiveness criteria (Section F.1.a)
	<b>Project Narrative</b> – Submit all Project Narrative content (Section D.2.a) as a single acceptable file (Section E.3.a).
	<b>Project Narrative Appendices</b> – Submit all Appendix content (Section D.2.b) as a single acceptable file (Section E.3.a).
	<b>Budget Package</b> – Submit all Budget Package content (Section D.2.c) as a single acceptable file (Section E.3.a). Note SF-424A is not included in the package and should be uploaded with the standard forms.  Must include documentation of any cost-share or matching proposed regardless of whether it is voluntary or mandatory. (Section A.3)
	<b>Other Submission Requirements</b> (Section E.4).

## 2. Acronyms

ABU	Approved, but Unfunded
FAPIIS	Federal Awardee Performance and Integrity Information System
FFATA	Federal Financial Accountability and Transparency Act
FFR	Federal Financial Report (SF-425)
FSD	Federal Service Desk (GSA)
FSRS	FFATA Subaward Reporting System
GAM	Grants and Acquisitions Management Division
GMO	Grants Management Officer
GMS	Grants Management Specialist
GPS	Grants Policy Statement
GSA	General Services Administration
HHS	Department of Health and Human Services
MTDC	Modified Total Direct Costs
NCC	Non-competing Continuation
NOA	Notice of Award
NOFO	Notice of Funding Opportunity
OASH	Office of the Assistant Secretary for Health
OMB	Office of Management and Budget
PD/PI	Project Director/Principal Investigator
PHS	Public Health Service
PPR	Performance Project Report
SF	Standard Form
SPOC	State Single Point of Contact

## 3. Glossary

## 4. Object Class Descriptions and Required Justifications

### *Personnel*

#### *Description*

Includes costs of employee salaries and wages, excluding benefits.

Does NOT include consultants, subrecipient personnel costs, personnel costs outside of your organization. [2 C.F.R. § 200.459.](#)

**Justification**

Clearly identify the PD/PI, if known. Provide a separate table for personnel costs detailing for each proposed staff person: the title; full name (if known at time of application), time commitment to the project as a percentage or full-time equivalent; annual salary and/or annual wage rate; federally funded award salary; non-federal award salary, if applicable; and total salary.

No salary rate may exceed the statutory limitation in effect at the time you submit your application (see E.2.c.2).

Sample Personnel Table					
Position Title and Full Name	Percent Time	Annual Salary	Federally-Funded Salary	Non-Federal Salary	Total Project Salary
Project Director, John K. Doe	50%	\$100,000	\$50,000	\$0	\$50,000
Data Assistant, Susan R. Smith	10%	\$30,000		\$3,000	\$3,000

**Fringe Benefits**

**Description**

Includes costs of personnel fringe benefits, unless treated as part of an approved indirect cost rate.

**Justification**

Provide a breakdown of the amounts and percentages that comprise fringe benefit costs such as health insurance, Federal Insurance Contributions Act (FICA) taxes, retirement insurance, and taxes.

**Travel**

**Description**

Includes costs of travel by staff of the applicant organization only.

Does NOT include travel costs for subrecipients or contractors under this object class.

**Justification**

For each trip proposed for your organization employees only, show the date of the proposed travel, total number of traveler(s); travel destination; duration of trip; per diem; mileage allowances, if privately owned vehicles will be used; and other transportation costs and subsistence allowances.

## ***Equipment***

### ***Description***

Includes tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost that equals or exceeds the lesser of the capitalization level established by the recipient or subrecipient for financial statement purposes, or \$10,000 (([2 C.F.R. § 200.1](#) and § [200.313\(e\)](#)).

Acquisition cost means the cost of the asset including the cost to ready the asset for its intended use. Acquisition cost for equipment, for example, means the net invoice price of the equipment, including the cost of any modifications, attachments, accessories, or auxiliary apparatus necessary to make it usable for the purpose for which it is acquired. Acquisition costs for software includes those development costs capitalized in accordance with generally accepted accounting principles (GAAP). Ancillary charges, such as taxes, duty, protective in transit insurance, freight, and installation may be included in or excluded from the acquisition cost in accordance with the non- Federal entity's regular accounting practices.

### ***Justification***

For each type of equipment requested you must provide a description of the equipment; the cost per unit; the number of units; the total cost; and a plan for use of the equipment in the project; AND a plan for the use, and/or disposal of, the equipment after the project ends.

If your organization uses its own definition for equipment you should include in the budget narrative a copy of the policy, or section of your policy, that includes the equipment definition. Reference the policy in your justification. Do not include this policy in your appendices.

## ***Supplies***

### ***Description***

Includes costs of all tangible personal property other than those included under the Equipment category. This includes office and other consumable supplies with a per-unit cost of less than \$10,000 ([2 C.F.R. § 200.1](#)).

### ***Justification***

Specify general categories of supplies and their costs. Show computations and provide other information that supports the amount requested.

## **Contractual**

### ***Description***

Includes costs of all contracts or subawards for services and goods except for those that belong under other categories such as equipment, supplies, construction, etc.

Include third-party evaluation contracts, if applicable, and contracts or subawards with subrecipient organizations (with budget detail), including delegate agencies and specific project(s) and/or businesses to be financed by the applicant.

This line item is not for individual consultants.

### ***Justification***

Demonstrate that all procurement transactions will be conducted in a manner to provide, to the maximum extent practical, open, and free competition. Recipients and subrecipients are required to use [2 C.F.R. § 200.320](#) procedures and must justify any anticipated procurement action that is expected to be awarded without competition and exceeds the simplified acquisition threshold fixed by [FAR 2.101](#) and currently set at \$250,000. In some cases, OASH may require recipients make pre-award review and procurement documents, such as requests for proposals or invitations for bids, independent cost estimates, etc., available. Any proposal for awarding fixed amount subawards is subject to [2 C.F.R. § 200.333](#) and will require detailed justification to support the fixed award amount.

Transferring a substantive part of the project effort to another entity (including non-employee individuals) through contract or other mechanism requires a detailed budget and budget narrative for each subrecipient, by title or name, along with the same supporting information referred to in these instructions. If you plan to select the subrecipients post-award and a detailed budget is not available at the time of application, you must provide information on the nature of the work to be transferred, the estimated costs, and the process for selecting the subrecipient.

## **Other**

### ***Description***

Includes such costs as, where applicable and appropriate,

- consultants;
- insurance;
- professional services (including audit charges);
- space and equipment rent;
- printing and publication;
- training, such as tuition and stipends;
- participant support costs including incentives,
- staff development costs; and
- any other costs not addressed elsewhere in the budget.

Do not include costs covered by your negotiated indirect cost rate.

## ***Justification***

Provide computations, a narrative description, and a justification for each cost under this category.

## ***Indirect Costs***

### ***Description***

Calculate your indirect costs based on a percentage of your modified total direct costs (MTDC)([2 C.F.R. § 200.1](#)).

There are two methods. You must clearly identify the rate you used in your submitted budget.

#### Negotiated Indirect Cost Rate

If you have an approved negotiated indirect cost rate from the Department of Health and Human Services (HHS) or another cognizant federal agency, you should apply that negotiated rate. You should enclose a copy of the current approved rate agreement in your Budget package file.

If you request a rate that is less than allowed, your authorized representative must submit a signed acknowledgement that you are accepting a lower rate than allowed. This should be an explicit statement that you are accepting a lower rate than is allowed and specify what the lower rate is.

#### De minimis Rate ([2 C.F.R. § 200.414\(f\)](#))

If you do not have a current Federal negotiated indirect cost rate (including provisional rate) you “may elect to charge a de minimis rate of up to 15 percent of modified total direct costs (MTDC).” ([2 C.F.R. § 200.414\(f\)](#).) You may “determine the appropriate rate up to this limit. . . When applying the de minimis rate, costs must be consistently charged as either direct or indirect costs and may not be double charged or inconsistently charged as both.” ([2 C.F.R. § 200.414\(f\)](#).) If you elect to use the de minimis rate, you must use the de minimis rate for all Federal awards until you choose to receive a negotiated rate.

Indirect costs for training are limited to a fixed rate of eight percent of MTDC exclusive of tuition and related fees, direct expenditures for equipment, and subawards in excess of \$50,000 ([45 C.F.R. § 75.414 \(c\)\(1\)\(i\)](#)).

Modified Total Direct Cost (MTDC) means all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and up to the first \$50,000 of each subaward (regardless of the period of performance of the subawards under the award). MTDC excludes equipment, capital expenditures, charges for patient care, rental costs, tuition remission, scholarships and fellowships, participant support costs, and the portion of each subaward in excess of \$50,000. Other items may only be excluded when necessary to avoid a serious inequity in the distribution of indirect costs, and with the approval of the cognizant agency for indirect costs ([2 C.F.R. § 200.1](#)).

### ***Justification***

Provide the calculation for your indirect costs total, i.e., show each line item included in the base, the total of these lines, and the application of the indirect rate. If you have multiple approved rates, indicate which rate as described in your approved agreement is being applied and why that rate is being used. For example, if you have both on-campus and off-campus rates, identify which is being used and why.

## **Program Income**

### ***Description***

Program income means gross income earned by your organization that is directly generated by an awarded project except as provided in [2 C.F.R. § 200.307](#). Program income includes but is not limited to income from fees for services performed or the use or rental of real or personal property acquired under the award.

Interest earned on advances of Federal funds is not program income. Except as otherwise provided in Federal statutes, regulations, or the terms and conditions of the Federal award, program income does not include rebates, credits, discounts, and interest earned on any of them. See also [2 C.F.R. § 200.307](#) and [35 U.S.C. § 200-212](#) (applies to inventions made under Federal awards).

### ***Justification***

Describe and estimate the sources and amounts of program income that this project may generate. All program income generated as a result of awarded funds must be used within the scope of the approved project-related activities.

Any program income earned must be used under the addition or additive method unless otherwise specified in Section C.2. These funds should not be added to your budget, unless you are using the funds as cost sharing or matching, if applicable. This amount should be reflected in box 7 of the SF-424A.

## ***Non-Federal Resources (Cost Share or Match)***

### ***Description***

Amounts of non-federal resources that will be used to support the project as identified in box 18 of the SF-424. For all federal awards, any shared costs or matching funds and all contributions, including cash and third-party in-kind contributions, must be accepted as part of the recipient's cost sharing or matching when such contributions meet all of the criteria listed in [2 C.F.R. § 200.306](#).

For awards that require matching by statute, you will be held accountable for projected commitments of non-federal resources in your application budgets and budget justifications by budget period even if the justification exceeds the amount required.

For awards resulting from an application where you voluntarily propose cost sharing, we will include this voluntary cost sharing in the approved project budget, and you will be held accountable for it as shown in the Notice of Award (NOA).

Failure to meet a cost sharing or matching obligation that is part of the approved project budget on the NOA may result in the disallowance of federal funds.

If you are funded, you must report cost sharing or matching funds on your quarterly Federal Financial Reports.

### ***Justification***

You must provide detailed budget information in your budget narrative (not your appendices) for every funding source identified in box 18. "Estimated Funding (\$)" on the SF-424.

You must fully identify and document the specific costs or contributions you propose as part of your required or voluntary cost sharing requirement. You must provide documentation in your application on the sources of funding or contribution(s).

For in-kind contributions, you must include how the stated valuation was determined. Matching or cost sharing must be documented by budget period.

Unrecovered indirect costs may be included as part of your cost sharing or matching only with prior approval of the grants management officer. Your budget narrative must clearly state that it is your intent to include unrecovered indirect costs as part of your cost sharing or matching. You should include in your budget narrative a copy of your negotiated cost rate to support the justification. Unrecovered indirect cost means the difference between the amount charged to the Federal award and the amount which could have been charged to the Federal award under your approved negotiated indirect cost rate. (See [2 C.F.R. § 200.306\(c\)](#)).

**If your application does not include the required supporting documentation for required or voluntary cost-sharing or matching, it will be disqualified from competitive review (Section C.4).**

## 5. Considerations in Recipient Plans for Oversight of Federal Funds

(See also Section E.3.b.3)

To the maximum extent possible, a recipient organization should segregate responsibilities for receipt and custody of cash and other assets; maintaining accounting records on the assets; and authorizing transactions. In the case of payroll activities, the organization, where possible, should segregate the timekeeping, payroll preparation, payroll approval, and payment functions.

Questions for consideration in developing your plan may include:

- Do the written internal controls provide for the segregation of responsibilities to provide an adequate system of checks and balances?
- Are specific officials designated to approve payrolls and other major transactions?
- Does the time and accounting system track effort by cost objective?
- Are time distribution records maintained for all employees when his/her effort cannot be specifically identified to a particular program cost objective?
- Do the procedures for cash receipts and disbursements include:
  - Receipts are promptly logged in, restrictively endorsed, and deposited in an insured bank account?
  - Bank statements are promptly reconciled to the accounting records, and are reconciled by someone other than the individuals handling cash, disbursements and maintaining accounting records?
- All disbursements (except petty cash or EFT disbursements) are made by pre-numbered checks?
- Supporting documents (e.g., purchase orders, Invoices, etc.) accompany checks submitted for signature and are marked "paid" or otherwise prominently noted after payments are made?

## 6. Financial Assistance General Certifications and Representations

When you register your organization in SAM.gov, you must complete the certifications and representations applicable to grants (i.e., federal assistance). We have provided for your reference the list of items that you are certifying when you complete this during your registration.

When your organization completes its registration (new or renewal) in SAM.gov, your organization attests that your organization:

1. Has the legal authority to apply for federal assistance and the institutional, managerial and financial capability to ensure proper planning, management, and completion of any financial assistance project covered by this Certifications and Representations document (See [2 C.F.R. § 200.113](#) Mandatory disclosures, [2 C.F.R. § 200.214](#) Suspension and debarment, OMB Guidance A- 129, "Policies for Federal Credit Programs and Non-Tax Receivables");
2. Will give the awarding agency, the Comptroller General of the United States and, if appropriate, the State, through any authorized representative, access to and the right to examine all records, books, papers, or documents related to the award; and will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives (See [2 C.F.R. § 200.302](#) Financial Management [2 C.F.R. § 200.303](#) Internal controls);
3. Will disclose in writing any potential conflict of interest to the federal awarding agency or pass through entity in accordance with applicable federal awarding agency policy (See [2 C.F.R. § 300.112](#) Conflict of interest);
4. Will comply with all limitations imposed by annual appropriation acts;
5. Will comply with the U.S. Constitution, all federal laws, and relevant Executive guidance in promoting the freedom of speech and religious liberty in the administration of federally-funded programs (See [2 C.F.R. § 200.300](#) Statutory and national policy requirements [[2 C.F.R. § 300.112](#)] and [2 C.F.R. § 200.303](#) Internal controls [[2 C.F.R. § 300](#)]);
6. Will comply with all applicable requirements of all other federal laws, executive orders, regulations, and public policies governing financial assistance awards and any federal financial assistance project covered by this certification document, including but not limited to:
  1. Trafficking Victims Protection Act (TVPA) of 2000, as amended, [22 U.S.C. § 7104\(g\)](#);
  2. Drug Free Workplace, [41 U.S.C. § 8103](#);
  3. Protection from Retaliation of Disclosure of Certain Information, [41 U.S.C. § 4712](#);
  4. National Environmental Policy Act of 1969, as amended, [42 U.S.C. § 4321](#) et seq;
  5. Universal Identifier and System for Award Management, [2 C.F.R. part 25](#);
  6. Reporting Subaward and Executive Compensation Information, [2 C.F.R. part 170](#);
  7. OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Non-procurement), [2 C.F.R. part 180](#);
  8. Civil Actions for False Claims Act, [31 U.S.C. § 3730](#);
  9. False Claims Act, [31 U.S.C. §3729](#), [18 U.S.C. §§ 287](#) and [1001](#);
  10. Program Fraud and Civil Remedies Act, [31 U.S.C. § 3801](#) et seq;

11. Lobbying Disclosure Act of 1995, [2 U.S.C. § 1601](#) et seq;
12. Title VI of the Civil Rights Act of 1964, [42 U.S.C. § 2000d](#) et seq;
13. Title VIII of the Civil Rights Act of 1968, [42 U.S.C. § 3601](#) et seq;
14. Title IX of the Education Amendments of 1972, as amended; [20 U.S.C. § 1681](#) et seq
15. Section 504 of the Rehabilitation Act of 1973, as amended; [29 U.S.C. § 794](#); and
16. Age Discrimination Act of 1975, as amended, [42 U.S.C. § 6101](#) et seq.

## **7. Protections for Healthcare Entities under Weldon and Other Conscience Protection Statutes**

Under this program, HHS will not require grantees, individuals and institutions, who are covered by the Weldon Amendment to counsel or refer for abortions, notwithstanding the program’s current regulations, *see* 42 C.F.R. 59.5(a)(5); See 86 FR 56144, 56153 (10/7/2021) (“[O]bjecting individuals and grantees will not be required to counsel or refer for abortions in the Title X program in accordance with applicable federal law. OPA has long worked with grantees and providers to ensure appropriate compliance with conscience laws”). The Weldon Amendment provides that Federal or State agencies or programs cannot subject institutional or individual health care entity to discrimination on the basis that the health care entity does not provide, pay for, provide coverage of, or refer for abortions. *See* Consolidated Appropriations Act, 2026, H.R. 7148, Div. B., Tit. V, Section 507(d). Under Weldon, a health care entity includes an individual physician or other health care professional, a hospital, a provider-sponsored organization, a health maintenance organization, a health insurance plan, or any other kind of health care facility, organization, or plan.

For more information about whether an entity is covered by the Weldon Amendment, applicants/grantees may consult resources provided by the Office for Civil Rights, <https://www.hhs.gov/conscience/your-protections-against-discrimination-based-on-conscience-and-religion/index.html>. And if an entity believes it has been subject to discrimination under Weldon, it may file a complaint with OCR here: <https://ocrportal.hhs.gov/ocr/smartscreen/main.jsf>
