Funding Opportunity Number:
HHS-2023-ACF-ACYF-CO-0039

Primary CFDA Number:
93.652

Due Date for Applications:
05/30/2023

Executive Summary

Notice:

- **Applicants are strongly encouraged to read the entire notice of funding opportunity (NOFO) carefully and observe the application formatting requirements listed in *Section IV.2. Content and Form of Application Submission*. For more information on applying for grants, please visit "How to Apply for a Grant" on the ACF Grants & Funding Page at** https://www.acf.hhs.gov/grants/how-apply-grant.

NOTE: This Notice of Funding Opportunity has been modified in the following places:

Section I, Program Description, Project Requirements, A. National Center for On-Site Support: Removed the sentence “Support should include initial financial support as needed to support activities in the sites."

Section V.1. Criteria: Modified the fifth criterion under Approach by removing the inclusion of "a method of financially supporting work in all pilot sites."

--

The purpose of this funding is to create, through a cooperative agreement, a National Center for Adoption Competent Mental Health Services (the Center) with the capacity to work with state child welfare systems to build bridges with the mental health community for the further development and training of mental health practitioners in issues related to separation, loss, grief and trauma; and to develop strategies for making trauma-based culturally responsive and linguistically appropriate competent mental health services consistently and comprehensively available throughout each state. All work of this entity will be accomplished utilizing a race equity lens.

States struggle with providing comprehensive and adoption-competent mental health services for children in foster care and adoptive/guardianship homes. Availability of mental health practitioners trained on the trauma experienced by these children is limited, yet these services are critical to the well-being and stability of children while in care and in adoptive/guardianship homes. Building bridges between the child welfare system and the state mental health systems is key to bringing about systemic change to increase and improve the services provided to children/youth and their families.

The development of the Center is expected to raise the level of utilization of existing evidence-informed, state-of-the-art adoption-competent training for mental health practitioners and will increase the access and availability of professionals with trauma-informed competence. The Center will provide individual technical assistance to the child welfare systems of states, tribes, and territories (STTs) in building alliances with the mental health community to build access to competent mental health services for children in care and in adoptive/guardianship homes.

I. Program Description

Statutory Authority
Title II, section 203(b)(4) of the Child Abuse Prevention and Treatment and Adoption Reform Act of 1978 (CAPTA) (42 U.S.C. 5113(b)(4)), as most recently amended by CAPTA Reauthorization Act of 2010.

Description
BACKGROUND
Research has shown that children and youth in the child welfare system have higher rates of mental health, medical, emotional, and behavioral issues that are related to trauma. These children and youth often experience further trauma through the separation and loss of birth family connections and other important relationships. They may also experience frequent moves between foster family homes or other placement settings leading to even greater psychological distress. Without culturally responsive and linguistically appropriate interventions to address these issues, the unmet needs can interfere with healthy development and functioning and impede the achievement of behavioral health and permanency for these children/youth.

The Need for the Center:
It has been estimated that 80 percent of children in foster care have significant mental health issues, compared to 18-22 percent of the general population. The Academy of Pediatrics through the Healthy Foster Care American Initiative, identifies mental and behavioral health as the "greatest unmet health need for children and teens in foster care."

Though the high percentage of children and youth with mental health issues in the child welfare system and those who have exited to adoption/guardianship would merit strong support and services for this population, it is difficult to find mental health practitioners/professionals that are competent or knowledgeable about the issues of trauma, separation, loss, and grief.

The National Adoption Competency Mental Health Training Initiative (NTI), funded by the Children's Bureau to develop and implement accessible web-based trainings for the child welfare workforce and mental health practitioners, found that the greatest learning curve for child welfare staff was around separation and loss. For mental health practitioners, the greatest learning curve was around attachment, positive identity formation, and grief.

In addition to a lack of competency in providing services on the issues most relevant to spending time in foster care, there is also a disconnect between the systems of mental health and child welfare. This lack of coordination can further exacerbate service accessibility and delivery. There are also issues of a lack of culturally responsive services and geographic accessibility of mental health services with the rural areas of the country being at a great disadvantage and often requiring families to travel great distances to access care.

Project Goals:
The purpose of this funding is to create, through a cooperative agreement, the Center with the capacity to work with state child welfare systems to build bridges with the mental health community for the further development and training of mental health practitioners in issues related to separation, loss, grief and trauma; and to develop strategies for making trauma-based culturally responsive and linguistically appropriate competent mental health services consistently and comprehensively available throughout each state. All work of this entity will be accomplished utilizing a race equity lens.

States struggle with providing comprehensive mental health services for children in foster care and adoptive/guardianship homes. Availability of mental health practitioners trained on the trauma experienced by these children is limited, yet these services are critical to the well-being and stability of children/youth in care. Building bridges between the child welfare system and the state mental health systems is key to bringing about systemic change to increase and improve on the services provided to children/youth and their families.

The development of the Center is expected to raise the level of utilization of existing evidence-informed, state-of-the-art adoption competent training for mental health practitioners to increase the access and availability of professionals with trauma-informed competence. The Center will provide individual technical assistance to the child welfare systems of STTs in building alliances with the mental health community to build access to competent mental health services.

The grant recipient will focus on meeting the following goals:

1. Create a national center with the expertise and evidence-informed training and technical assistance services that will support and build the capacity of the STTs in building the adoption competence of mental health practitioners and in forming strong alliances with the mental health community to improve accessibility of culturally responsive services to all children/youth in the care of the child welfare system and in adoption/guardianship homes.
2. Ensure the Center is a comprehensive repository of knowledge and best practice that will benefit and build the capacity of all STTs.
3. Support the on-site work in STTs to build alliances with the mental health system and support improved access to adoption competent mental health services.

Expected Outcomes:

- Established Center that is recognized as a center of expertise that can significantly enhance the capacity of child welfare systems to provide accessible and culturally competent mental health services through collaboration with the mental health system.
- Significant increase in the number of STTs providing comprehensive and adoption competent mental health services for children/youth in care as well as those who have exited care to adoptive/guardianship families.
- Enhanced well-being, stability, permanency and behavioral health for children/youth served by child welfare systems and those that have exited the system to adoptive/guardianship families.

PROJECT REQUIREMENTS
Building on the work of NTI, the Center will provide technical assistance and capacity building

services to individual STTs to build the adoption competency level of mental health practitioners in their jurisdiction. The Center will also build collaboration and coordination with the mental health system in the STT's jurisdiction to ensure accessibility to services that meet the needs of children and youth in the child welfare system and those that have exited care to adoptive/guardianship families. The Center is expected to provide on-site guidance and assistance to STTs in efforts to build alliances with the mental health community to enhance the skills and training of the mental health practitioners and to develop a means to assure ready access to care for children/youth.

Through a cooperative agreement, the Center will include the following components:

A. National Center for On-Site Support:
The Center will provide on-site training, technical assistance, and support to STTs to build upon the work of NTI in increasing the competency and capacity of mental health practitioners in skills that pertain to addressing the needs of children/youth that have lived experienced in the child welfare system. This on-site work will also include the provision of technical assistance and support to the STT's in building bridges and a collaborative structure within their jurisdictions between the child welfare system and the mental health system. This collaborative structure is intended to achieve alignment and coordination in the level of adoption competence and to ensure improved accessibility and delivery of mental health services throughout the state to those children/youth with lived experience in the child welfare system, both while in the system and after moving to permanency through adoption/guardianship.

The on-site work will include intensive training, technical assistance, and support within child welfare systems of STTs (intensive support to 6 system entities per year of the project for a total of 30 sites in the 5-year funding period) to build the capacity, accessibility, and adoption mental health competence of mental health practitioners; and to build collaboration between the child welfare and mental health systems.

The Center will ensure strong quality assurance and fidelity for all work in the sites. The Center will also ensure each site has a strong system of providing information about the availability and accessibility of the adoption-competent mental health providers and services in their jurisdiction.

The process to select sites for on-site support will include consideration of the following:

- The need as demonstrated and established by the site;
- The commitment and capacity of the site to bring about system change in terms of collaboration with the mental health system; and
- The commitment to sustain and further develop the adoption mental health competence of both the child welfare workforce and the mental health practitioners.

B. Repository of Knowledge, Best Practices, and Evidence-Informed/Based Services:

The Center will serve as a repository of knowledge, best practices, evidence-informed/evidence-based services and practice in the provision of mental health services to those with lived experience in the child welfare system. It will provide extensive dissemination of information and lessons learned from the work in each site with all STTs. It

will also provide extensive sharing between jurisdictions that receive on-site support to enable a strong peer-to-peer structure for learning and replication, as appropriate.

The Center will provide constituency services and universal product development and dissemination to the child welfare and mental health workforces in all STTs across the nation. This work should include tools, suggested training, and guidance on both building the child welfare competence of the mental health workforce as well as guidance to STT child welfare systems on building alliances and collaboration with the mental health providers and systems in their respective jurisdictions.

C. Support for Sustainability:

Encourage and provide information to the STTs on setting up on-going support and sustainability of efforts, as appropriate, through accessing the following resources:

- Child Welfare Service funding (Title IV-B, Subpart I);
- MaryLee Allen Promoting Safe and Stable Families Program Title IV-B of Subpart II through which state title IV-B agencies must spend approximately 20 percent for adoption promotion and support services; and
- Family First Prevention Services Act, which allows federal Title IV-E funding to be used on evidenced-based services provided to families whose children are at risk of entering the child welfare system.

Additional Project Requirements:

D. Youth Engagement: Ensure the involvement and incorporation of the voice of youth/young adults with lived experience in the child welfare system in all aspects of their work and ensure that each site also includes this element.

E. Race Equity: Apply a racial equity lens across all elements of the work of the national project and in each site, in adherence to Executive Order 13985 and ACF's Position on Equity.

F. Collaboration: Actively collaborate with the Children's Bureau (CB) and other partners to achieve the purposes of this NOFO. The project will require collaboration with agencies and organizations with which partnerships are critical to successfully implement the proposed project.

G. Evaluation: Answer key questions about project performance and support the refinement/quality improvement of all services of the project through the evaluation design. The evaluation must be both efficient and able to provide timely and useful information.

H. Operational Requirements: Be fully operational within the first 90 days following the project start date. Also, within 90 days of the project start date, the Project Director, Evaluator, and/or other key staff must attend a mandatory meeting in Washington, DC.

SUBAWARDS

Recipients under this grant program may opt to transfer a portion of substantive programmatic work to other organizations through subaward(s). The prime recipient must maintain a substantive role in the project. ACF defines a substantive role as conducting activities and/or providing services funded under the award that are necessary and integral to the completion of the project. Subrecipient monitoring activities alone, as specified in 45 CFR §75.352, do not

constitute a substantive role. Furthermore, ACF does not fund awards where the role of the applicant is primarily to serve as a conduit for passing funds to other organizations, unless that arrangement is authorized by statute.

Subrecipient(s) must meet the eligibility requirements identified in the NOFO, Section III.1. Eligible Applicants. Additionally, all subrecipient(s) must obtain a Unique Entity Identifier (UEI) number assigned by the System for Award Management (SAM), if they do not already have one. Prime recipients are required to check SAM to verify that the subrecipient(s) is/are not debarred, suspended, or ineligible. Please reference the Award Term and Condition on Subawards on the ACF Administrative and National Policy Requirements website for further requirements involving subawards.

II. Federal Award Information

Funding Instrument Type:
CA (Cooperative Agreement)

Estimated Total Funding:
$4,000,000

Expected Number of Awards:
1

Award Ceiling:
$4,000,000
Per Budget Period

Award Floor:
$3,750,000
Per Budget Period

Average Projected Award Amount:
$4,000,000
Per Budget Period

Anticipated Project Start Date:
09/30/2023

Length of Project Periods:
60-month project period with five 12-month budget periods

Additional Information on Project Periods and Explanation of 'Other'

Additional Information on Awards:
Awards made under this funding opportunity are subject to the availability of federal funds.

Applications requesting an award amount that exceeds the *Award Ceiling* per budget period, or per project period, as stated in this section, will be disqualified from competitive review and funding under this funding opportunity. This disqualification applies only to the *Award Ceiling* listed for the first 12-month budget period for projects with multiple budget periods. If the project and budget period are the same, the disqualification applies to the *Award*

Ceiling listed for the project period. Please see *Section III.3. Other, Application Disqualification Factors.*

Note: For those programs that require matching or cost sharing, recipients will be held accountable for projected commitments of non-federal resources in their application budgets and budget justifications by budget period or by project period for fully funded awards, even if the projected commitment exceeds the required amount of match or cost share. **A recipient's failure to provide the required matching amount may result in the disallowance of federal funds.** For more information on these requirements, see *Section III.2. Cost Sharing or Matching.*

The initial award will be for a 12-month budget period. The award of continuation beyond each 12-month budget period will be subject to the availability of funds, satisfactory progress on the part of the recipient, and a determination that continued funding would be in the best interest of the federal government.

Description of ACF's Anticipated Substantial Involvement Under the Cooperative Agreement Award

A cooperative agreement is a specific method of awarding federal assistance in which substantial federal involvement is anticipated. A cooperative agreement clearly defines the respective responsibilities of CB and the awardee prior to the award. CB anticipates that agency involvement will produce programmatic benefits to the recipient otherwise unavailable to them for carrying out the project. The involvement and collaboration include the following:

- CB review and approval of planning stages of the activities before implementation phases may begin;
- CB and recipient collaboration in the performance of key programmatic activities (i.e., strategic planning, implementation, information technology enhancements, training and technical assistance, publications or products, and evaluation);
- CB close monitoring of the requirements stated in this announcement that limit the awardee’s discretion with respect to scope of services offered; and
- CB close monitoring of the awardee during performance, which may, in order to ensure compliance with the intent of this funding, exceed those federal stewardship responsibilities customary for grant activities.

III. Eligibility Information

III.1. Eligible Applicants

Per 42 U.S.C. 5113(b)(4), eligibility is open to public or private agencies or organizations, including adoptive family groups and minority groups.

CB will accept applications that represent partnerships among organizations with relevant experience. Applicants may subcontract with organizations specializing in their assigned tasks. Applications from collaborations must identify a primary applicant responsible for administering the cooperative agreement.

Applications from individuals (including sole proprietorships) and foreign entities are not eligible and will be disqualified from competitive review and funding under this funding opportunity. See *Section III.3. Other, Application Disqualification Factors.*

Faith-based and community organizations that meet the eligibility requirements are eligible to receive awards under this funding opportunity. Faith-based organizations may apply for this award on the same basis as any other organization, as set forth at and, subject to the protections and requirements of 45 CFR Part 87 and 42 U.S.C. 2000bb *et seq.*, ACF will not, in the selection of recipients, discriminate against an organization on the basis of the organization's religious character, affiliation, or exercise.

Reference to Legal Status
See *Section IV.2. Legal Status of Applicant Entity* for documentation required to support eligibility.

Funding Restrictions Reference
Please see *Section IV.6. Funding Restrictions* for any limitations on the use of federal funds that could affect the eligibility of an applicant or project.

III.2. Cost Sharing or Matching

Cost Sharing / Matching Requirement:
No
For all federal awards, any shared costs or matching funds and all contributions, including cash and third-party in-kind contributions, must be accepted as part of the recipient's cost sharing or matching when such contributions meet all criteria listed in 45 CFR § 75.306.

For awards that require matching by statute, recipients will be held accountable for projected commitments of non-federal resources in their application budgets and budget justifications by budget period, or by project period for fully funded awards, even if the projected commitment exceeds the amount required by the statutory match. **A recipient's failure to provide the statutorily required matching amount may result in the disallowance of federal funds. Recipients will be required to report these funds in the Federal Financial Reports.**

For awards that do not require matching or cost sharing by statute, where "cost sharing" refers to any situation in which the recipient voluntarily shares in the costs of a project other than as statutorily required matching, recipients will be held accountable for projected commitments of non-federal resources in their application budgets and budget justifications by budget period, or by project period for fully funded awards. These include situations in which contributions are voluntarily proposed by a recipient or subrecipient and are accepted by ACF. Non-federal cost sharing will be included in the approved project budget so that the recipient will be held accountable for proposed non-federal cost sharing funds as shown in the Notice of Award (NoA). **A recipient's failure to provide voluntary cost sharing of non-federal resources that have been accepted by ACF as part of the approved project costs and that have been shown as part of the approved project budget in the NoA, may result in the disallowance of federal funds. Recipients will be required to report these funds in the Federal Financial Reports.**

III.3. Other

Application Disqualification Factors
Applications from individuals (including sole proprietorships) and foreign entities are not eligible and will be disqualified from competitive review and funding under this funding

opportunity.

Award Ceiling Disqualification

Applications that request an award amount that exceeds the *Award Ceiling* per budget period or per project period ("per project period" refers only to fully funded awards), as stated in *Section II. Federal Award Information*, will be disqualified from competitive review and funding under this funding opportunity. This disqualification applies only to the *Award Ceiling* listed for the first 12-month budget period for projects with multiple budget periods. If the project and budget period are the same, the disqualification applies to the *Award Ceiling* listed for the project period.

Required Electronic Application Submission

ACF requires electronic submission of applications at Grants.gov. **Paper applications received from applicants that have not been approved for an exemption from required electronic submission will be disqualified from competitive review and funding under this funding opportunity.**

Applicants that do not have an internet connection or sufficient computing capacity to upload large documents to the internet may contact ACF for an exemption that will allow the applicant to submit applications in paper format. Information and the requirements for requesting an exemption from required electronic application submission are found in "ACF Policy for Requesting an Exemption from Electronic Application Submission."

Missing the Application Deadline (Late Applications)

The deadline for electronic application submission is 11:59 pm ET on the due date listed in the *Overview* and in *Section IV.4. Submission Dates and Times.* Electronic applications submitted to Grants.gov after 11:59 pm ET on the due date, as indicated by a dated and time-stamped email from Grants.gov, will be disqualified from competitive review and funding under this funding opportunity. That is, applications submitted to Grants.gov, on or after 12:00 am ET on the day after the due date will be disqualified from competitive review and funding under this funding opportunity.

Applications submitted to Grants.gov at any time during the open application period, and prior to the due date and time, which fail the Grants.gov validation check, will not be received at, or acknowledged by ACF.

Each time an application is submitted via Grants.gov, the submission will generate a new date and time-stamp email notification. Only those applications with on-time date and time stamps that result in a validated application, which is transmitted to ACF will be acknowledged.

The deadline for receipt of paper applications is 4:30 pm ET on the due date listed in the *Overview* and in *Section IV.4. Submission Dates and Times*. Paper applications received

after 4:30 pm ET on the due date will be disqualified from competitive review and funding under this funding opportunity. **Paper applications received from applicants that have not received approval of an exemption from required electronic submission will be disqualified from competitive review and funding under this funding opportunity.**

Notification of Application Disqualification
Applicants will be notified of a disqualification determination by email or by USPS postal mail within 30 federal business days from the closing date of this NOFO.

Application Packages

Electronic Application Submission:

The electronic application submission package is available in the NOFO's listing at Grants.gov.

Applications in Paper Format:
For applicants that have received an exemption to submit applications in paper format, Standard Forms (SFs), assurances, and certifications are available in the "Select Grant Opportunity Package" available in the NOFO's Grants.gov Synopsis under the Package tab at Grants.gov. See *Section IV.2. Request an Exemption from Required Electronic Application Submission* if applicants do not have an Internet connection or sufficient computing capacity to upload large documents (files) to Grants.gov.

Federal Relay Service:
Hearing-impaired and speech-impaired callers may contact the Federal Relay Service (FedRelay) for assistance at www.gsa.gov/fedrelay.

IV.2. Content and Form of Application Submission

FORMATTING APPLICATION SUBMISSIONS
Each applicant applying electronically via Grants.gov is required to upload only two electronic files, excluding SFs and Office of Management and Budget (OMB)-approved forms. No more than two files will be accepted for the review, and additional files will be

removed. SFs and OMB-approved forms will not be considered additional files.

FOR ALL APPLICATIONS:

Authorized Organization Representative (AOR)
AOR is the designated representative of the applicant/recipient organization with authority to act on the organization's behalf in matters related to the award and administration of grants. In signing a grant application, this individual agrees that the organization will assume the obligations imposed by applicable Federal statutes and regulations and other terms and conditions of the award, including any assurances, if a grant is awarded.

Point of Contact
In addition to the AOR, a point of contact on matters involving the application must also be identified. The point of contact, known as the Project Director or Principal Investigator, should not be identical to the person identified as the AOR. The point of contact must be available to answer any questions pertaining to the application.

Application Checklist
Applicants may refer to *Section VIII. Other Information* for a checklist of application requirements that may be used in developing and organizing application materials.

Accepted Font Style
Applications must be in Times New Roman (TNR), 12-point font, except for footnotes, which may be TNR 10-point font. Pages that contain blurred text, or text that is too small to read comfortably, will be removed.

English Language
Applications must be submitted in the English language and must be in the terms of United States (U.S.) dollars. If applications are submitted using another currency, ACF will convert the foreign currency to U.S. currency using the date of receipt of the application to determine the rate of exchange.

Page Limitations
Applicants must observe the page limitation(s) listed under "PAGE LIMITATIONS AND CONTENT FOR ALL SUBMISSION FORMATS:." Page limitation(s) do not include SFs and OMB-approved forms.

All applications must be double-spaced. An application that exceeds the cited page limitation for double-spaced pages in the Project Description file or the Appendices file will have extra pages removed, and those pages will not be reviewed.

Application Elements Exempted from Double-Spacing Requirements
The following elements of the application submission are exempt from the double-spacing

requirements and may be single-spaced: the table of contents, the one-page Project Summary, required Assurances and Certifications, required SFs, required OMB-approved forms, resumes, logic models, proof of legal status/non-profit status, third-party agreements, letters of support, footnotes, tables, the line-item budget and/or the budget justification.

Adherence to NOFO Formatting, Font, and Page Limitation Requirements
Applications that fail to adhere to ACF's NOFO formatting, font, and page limitation requirements will be adjusted by the removal of page(s) from the application. Pages will be removed before the objective review and will not be made available to reviewers.

Applications that have more than one scanned page of a document on a single page will have the page(s) removed from the review.

For applicants that submit paper applications, double-sided pages will be counted as two pages. When the maximum allowed number of pages is reached, excess pages will be removed and will not be made available to reviewers.

NOTE: Applicants failing to adhere to ACF's NOFO formatting, font, and page limitation requirements will receive a letter from ACF notifying them that their application was amended. The letter will be sent after awards have been issued and will specify the reason(s) for removal of page(s).

Corrections/Updates to Submitted Applications
When applicants make revisions to a previously submitted application, ACF will accept only the last on-time application for pre-review under the Application Disqualification Factors. The Application Disqualification Factors determine the application's acceptance for competitive review. See *Section III.3. Other, Application Disqualification Factors* and *Section IV.2. Application Submission Options.*

Copies Required
Applicants must submit one complete copy of the application package electronically. Applicants submitting electronic applications need not provide additional copies of their application package.

Applicants submitting applications in paper format must submit one original and two copies of the complete application, including all SFs and OMB-approved forms. The original copy must have original signatures.

Signatures
Applicants submitting electronic applications must follow the registration and application submission instructions provided at Grants.gov.
The original of a paper format application must include original signatures of the authorized representatives.

Accepted Application Format
With the exception of the required SFs and OMB-approved forms, all application materials must be formatted so that they are 8 ½" x 11" white paper with 1-inch margins all around.

If possible, applicants are encouraged to include page numbers for each page within the application.

ACF generally does not encourage submission of scanned documents as they tend to have reduced clarity and readability. If documents must be scanned, the font size on any scanned documents must be large enough so that it is readable. Documents must be scanned page-for-page, meaning that applicants may not scan more than one page of a document onto a single page. Pages with blurred text will be removed from the application.

PAGE LIMITATIONS AND CONTENT FOR ALL SUBMISSION FORMATS:

With the exception of SFs and forms approved by the Office of Management and Budget (OMB), the application submission is **limited to 100 pages** in its entirety. Applicants must submit the following two files:

File One: The **Project Description** file must include these items:

1. Table of Contents
2. Abstract
3. Objectives and Need for Assistance
4. Approach
5. Evaluation
6. Organizational Capacity
7. Logic Model
8. Line-Item Budget and Budget Justification

File Two: The **Appendices** file must include these items:

1. Third-party agreements
2. Certifications and Assurances
3. Proof of Legal Status (if applicable)
4. Staff and Position Data (e.g., resumes, job descriptions, organizational charts)
5. Indirect Cost Rate Letter (if applicable)

ELECTRONIC APPLICATION SUBMISSION INSTRUCTIONS
Applicants are required to submit their applications electronically unless they have received an exemption that will allow submission in paper format. See *Section IV.2. Application Submission Options* for information about requesting an exemption**.**

Electronic applications will only be accepted via Grants.gov. **ACF will not accept applications submitted via email or via facsimile.**

Each applicant is required to upload ONLY two electronic files, excluding SFs and OMB-approved forms.

File One: Must contain the entire Project Description, and the Budget and Budget Justification (including a line-item budget and a budget narrative).

File Two: Must contain all documents required in the Appendices.

Adherence to the Two-File Requirement
No more than two files will be accepted for the review. Applications with additional files will be amended and files will be removed from the review. SFs and OMB-approved forms will not be considered additional files.

Application Upload Requirements
ACF strongly recommends that electronic applications be uploaded as Portable Document Files (PDFs). One file must contain the entire Project Description and Budget Justification; the other file must contain all documents required in the Appendices. Details on the content of each of the two files, as well as page limitations, are listed earlier in this section.

To adhere to the two-file requirement, applicants may need to convert and/or merge documents together using a PDF converter software. Many recent versions of Microsoft Office include the ability to save documents to the PDF format without need of additional software. Applicants using the Adobe Acrobat Reader software will be able to merge these documents together. ACF recommends merging documents electronically rather than scanning multiple documents into one document manually, as scanned documents may have reduced clarity and readability.

Applicants must ensure that the version of Adobe Acrobat Reader they are using is compatible with Grants.gov. To verify Adobe software compatibility please go to Grants.gov and click on “Applicants” at the top bar menu and select “Adobe Software Compatibility", which is listed under "Applicant Resources." The Adobe verification process allows applicants to test their version of the software by opening a test Workspace PDF form. Grants.gov also includes guidance on how to download a supported version of Adobe, as well as troubleshooting instructions for use, if an applicant is unable to open the test form.

The Adobe Software Compatibility page located on Grants.gov also provides guidance for applicants on filling out a Workspace PDF form. In addition, it addresses local network and/or computer security settings and the impact this has on use of Adobe software.

Required SFs and OMB-approved Forms
SFs and OMB-approved forms are uploaded separately at Grants.gov. These forms are submitted separately from the Project Description and Appendices files. See *Section IV.2. Required Forms, Assurances, and Certifications* for the listing of required SFs, OMB-approved forms, and required assurances and certifications.

Naming Application Submission Files
Carefully observe the file naming conventions required by Grants.gov. Limit file names to 50 characters (characters and spaces). Please also see

https://www.grants.gov/web/grants/applicants/submitting-utf-8-special-characters.html.

Use only file formats supported by ACF
Applicants must submit applications using only the supported file formats listed here. While ACF supports all of the following file formats, **we strongly recommend that the two application submission files (Project Description and Appendices) are uploaded as PDFs in order to comply with the two-file upload limitation.** Documents in file formats that are not supported by ACF will be removed from the application and will not be used in the competitive review. This may make the application incomplete, and ACF will not make any awards based on an incomplete application.

ACF supports the following file formats:

- Adobe PDF – Portable Document Format (.pdf)
- Microsoft Word (.doc or .docx)
- Microsoft Excel (.xls or .xlsx)
- Microsoft PowerPoint (.ppt)
- Image Formats (.JPG, .GIF, .TIFF, or .BMP only)

Do Not Encrypt or Password-Protect the Electronic Application Files
If ACF cannot access submitted electronic files because they are encrypted or password protected, the affected file will be removed from the application and will not be reviewed. This removal may make the application incomplete, and ACF will not make awards based on an incomplete application.

FORMATTING FOR PAPER APPLICATION SUBMISSIONS:
The following requirements are only applicable to applications submitted in paper format. Applicants must receive an exemption from ACF in order for a paper format application to be accepted for review. For more information on the exemption, see "*ACF Policy for Requesting an Exemption from Required Electronic Application Submission'" at www.acf.hhs.gov/grants/howto#chapter-6*.

Format Requirements for Paper Applications
All copies of mailed or hand-delivered paper applications must be submitted in a single package. If an applicant is submitting multiple applications under a single NOFO, or multiple applications under separate NOFOs, each application submission must be packaged separately. The package(s) must be clearly labeled with the NOFO title and Funding Opportunity Number.

Applicants using paper format should download the application forms package associated with the NOFO's Synopsis on Grants.gov under the Package tab.

Applicants are advised that the copies of the application submitted, not the original, will be reproduced by the federal government for review. **All application materials must be one-sided for duplication purposes. All pages in the application submission must be sequentially numbered.**

Addresses for Submission of Paper Applications
See *Section IV.7. Other Submission Requirements* for addresses for paper format application submissions.

Required Forms, Assurances, and Certifications

Applicants seeking an award under this funding opportunity must submit the listed SFs, assurances, and certifications with the application. All required SFs, assurances, and certifications are available in the Application Package posted for this NOFO at Grants.gov.

Forms/Assurances/Certifications	Submission Requirement	Notes/Description
Certificate of Good Standing	Submission is required for all **for-profit organizations**.	Sole proprietorships are not eligible applicants. The submission of the Certificate of Good Standing, along with the current list of board members, and organizational documents that require the establishment and maintenance of a Board of Directors, provide proof of eligibility for for-profit organizations.
SF-424 - Application for Federal Assistance	Submission is required for all applicants by the application due date.	Required for all applications.
Unique Entity Identifier (UEI) and System for Award Management (SAM) registration.	Required of all applicants. Applicants must have a UEI and maintain an active SAM registration throughout the application and project award period. Obtain a UEI and SAM registration at: http://www.sam.gov.	See *Section IV.3. Unique Entity Identifier (UEI) and System for Award Management (SAM)* for more information.

Forms/Assurances/Certifications	Submission Requirement	Notes/Description
SF-424 Key Contact Form	Submission is required for all applicants by the application due date.	Required for all applications.
Certification Regarding Lobbying (Grants.gov Lobbying Form)	Submission required of all applicants with the application package. If it is not submitted with the application package, it must be submitted prior to the award of a grant.	Submission of the certification is required for all applicants.
SF-424A - Budget Information - Non- Construction Programs and SF-424B - Assurances - Non- Construction Programs	Submission is required for all applicants when applying for a non-construction project. SFs must be used. Forms must be submitted by the application due date. By signing and submitting the SF-424B, applicants are making the appropriate certification of their compliance with all Federal statutes relating to nondiscrimination.	Required for all applications when applying for a non-construction project.
SF-Project/Performance Site Location(s) (SF-P/PSL)	Submission is required for all applicants by the application due date.	Required for all applications. In the SF-P/PSL, applicants must cite their primary location and up to 29 additional performance sites.

Forms/Assurances/Certifications	Submission Requirement	Notes/Description
SF-LLL - Disclosure of Lobbying Activities	If submission of this form is applicable, it is due at the time of application. If it is not available at the time of application, it may also be submitted prior to the award of a grant.	If any funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with this commitment providing for the United States to insure or guarantee a loan, the applicant shall complete and submit the SF-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

Additional Required Assurances and Certifications

Mandatory Grant Disclosure

All applicants and recipients are required to submit, in writing, to the awarding agency and to the HHS Office of the Inspector General (OIG), all information related to violations of federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the federal award. (Mandatory Disclosures, 45 CFR § 75.113)

Disclosures must be sent in writing to:

The Administration for Children and Families, U.S. Department of Health and Human Services, Office of Grants Management, ATTN: Grants Management Specialist, 330 C Street, SW., Switzer Building, Corridor 3200, Washington, DC 20201

And to:

U.S. Department of Health and Human Services, Office of Inspector General, ATTN: Mandatory Grant Disclosures, Intake Coordinator, 330 Independence Avenue, SW., Cohen Building, Room 5527, Washington, DC 20201

Fax: (202) 205-0604 (Include “Mandatory Grant Disclosures” in subject line) or

Email: grantdisclosures@oig.hhs.gov

Non-Federal Reviewers

Since ACF will be using non-federal reviewers in the review process, applicants have the option of omitting from the application copies (not the original) specific salary rates or amounts for individuals specified in the application budget as well as Social Security Numbers, if otherwise required for individuals. The copies may include summary salary information. If applications are submitted electronically, ACF will omit the same specific salary rate information from copies made for use during the review process.

The Project Description

The Project Description Overview

General Expectations and Instructions
The Project Description provides the information by which an application is evaluated and ranked in competition with other applications for financial assistance. It must address all activities for which federal funds are being requested and all application requirements as stated in this section. The Project Description must explain how the project will meet the purpose of the NOFO, as described in *Section I. Program Description*. As a reminder, reviewers will be evaluating this section in accordance with *Section V.1. Criteria*.

The Project Description must be clear, concise, and complete. ACF is particularly interested in Project Descriptions that convey strategies for achieving intended performance. Project Descriptions are evaluated on the basis of substance and measurable outcomes, not length.

Cross-referencing should be used rather than repetition. Supporting documents designated as required must be included in the Appendix of the application.

Letter of Intent
Applicants are strongly encouraged to notify ACF of their intention to submit an application under this funding opportunity. Please submit a letter of intent by the deadline date listed in *Section IV.4. Submission Dates and Times*. The letter of intent should include the following information: number and title of this funding opportunity; the name and address of the applicant organization; and the name, phone number, fax number and email address of a contact person.

Letter of intent information will be used to determine the number of expert reviewers needed to evaluate applications. **The letter of intent is optional**. Failure to submit a letter of intent **will not** impact eligibility to submit an application and **will not** disqualify an application from competitive review.

The letter of intent should be submitted to:

CB Operations Center
c/o LCG, Inc.
ATTN: HHS-2023-ACF-ACYF-CO-0039
6000 Executive Boulevard, Suite 410
Rockville, MD 20852
Phone: 888-203-6161
Email: cb@grantreview.org

Table of Contents
List the contents of the application including corresponding page numbers. The table of contents may be single spaced.

Project Summary
Provide a summary of the application project description. It must be clear, accurate, concise, and without cross-references to other parts of the application. The summary must include a brief

description of the proposed grant project including the needs to be addressed, the proposed services, and the population group(s) to be served.

Please place the following at the top of the Project Summary:

- Project Title
- Applicant Name
- Address
- Contact Phone Numbers (Voice, Fax, Cell)
- Email Address
- Website Address, if applicable

The Project Summary must be single-spaced, Times New Roman 12-point font, and limited to one page in length. Additional pages will be removed and will not be reviewed.

Legal Status of Applicant Entity
Applicants must provide the following documentation:

Non-Profit Organizations

Proof of Non-Profit Status Options:

Option 1: 501(c)(3) and non-501(c)(3) non-profit organizations are eligible
Non-profit organizations applying for funding are required to submit proof of their non-profit status. Proof of non-profit status is any one of the following:

- A reference to the applicant organization's listing in the IRS's most recent list of tax-exempt organizations described in the IRS Code.
- A copy of a currently valid IRS tax-exemption certificate.
- A statement from a state taxing body, state attorney general, or other appropriate state official certifying that the applicant organization has non-profit status and that none of the net earnings accrue to any private shareholders or individuals.
- A certified copy of the organization's certificate of incorporation or similar document that clearly establishes non-profit status.
- Any of the items in the subparagraphs immediately above for a state or national parent organization and a statement signed by the parent organization that the applicant organization is a local non-profit affiliate.

Unless directed otherwise, applicants must include proof of non-profit status in the *Appendices* file of the application submission.

Small Businesses
Small businesses must submit a certification signed by the chief executive officer or designee that states that the entity qualifies as a small business under 13 CFR §§ 121.101- 121.201.

Need for Assistance
Clearly identify the physical, economic, social, financial, institutional, and/or other problem(s) requiring a solution. The need for assistance, including the nature and scope of the problem, must be demonstrated. Supporting documentation, such as letters of support and testimonials from concerned parties, may be included in the Appendix. Any relevant data based on planning studies

or needs assessments should be included or referred to in the endnotes or footnotes. Incorporate demographic data and participant/beneficiary information, as available.

Objectives
Clearly state the principal and subordinate objectives of the project. Applicants must address how the objectives stated relate to the overall purpose of the program and describe how objectives will be achieved.

Applicants must demonstrate a clear understanding of the nature and scope of the problem and the goal of this NOFO as described in *Section I. Program Description*.

Expected Outcomes
Identify the outcomes to be achieved from the project. Outcomes should relate to the overall program as described in *Section I. Program Description*. If research is part of the proposed work, outcomes must include hypothesized results and implications of the proposed research.

Approach
Outline a plan of action that describes the scope and detail of how the proposed project will be accomplished. Applicants must account for all functions or activities identified in the application.

Cite potential obstacles and challenges to accomplishing project goals and explain strategies that will be used to address these challenges.

Provide a list of organizations, cooperating entities, consultants, or other key individuals that will work on the project, along with a short description of the nature of their effort or contribution.

Applicants must also address the required program-specific components, as described in *Section I. Program Description, Project Requirements,* in their project description and propose a plan that clearly and concisely describes a strategy for the following:

A. National Center for On-Site Support
B. Repository of Knowledge, Best Practices, and Evidence-Informed/Based Services
C. Support for Sustainability

Additional Project Requirements

D. Youth Engagement
E. Race Equity
F. Collaboration
G. Evaluation
H. Operational Requirements

Project Timeline and Milestones
Provide quantitative monthly or quarterly projections (for the entire project period) of the accomplishments to be achieved for each function or activity, in such terms as the number of people to be served and the number of activities accomplished. Data may be organized and presented as project tasks and subtasks with their corresponding timelines during the project period. When accomplishments cannot be quantified by activity or function, list them in chronological order to show the schedule of accomplishments and their target dates.

Organizational Capacity
Provide the following information on the applicant organization and, if applicable, on any cooperating partners:

- Organizational charts.
- Resumes.
- Curricula Vitae (CV).
- Biographical Sketches (short narrative description).
- Copy or description of the applicant organization's fiscal control and accountability procedures.
- Evidence that the applicant organization, and any partnering organizations, have relevant experience and expertise with administration, development, implementation, management, and evaluation of programs similar to that offered under this funding opportunity.
- Evidence that each participating organization, including partners, contractors and/or subrecipients, possess the organizational capability to fulfill their role(s) and function(s) effectively.
- Job descriptions for each vacant key position.

All projects and proposals requiring a committed portion of time for the Project Director, Evaluator, or key personnel must be included. Indicate the total award amount, awarding entity, and amount of time staff will devote to each project.

Applicants must include a sound management plan for achieving the objectives of the proposed project on time and ensuring quality.

If known at the time of application submission, the applicant must disclose their intent to enter into subaward arrangements in their application. For each proposed subaward, the applicant must include a description of the work to be performed by the subrecipient(s).

Plan for Oversight of Federal Award Funds and Activities
Recipients are required to ensure proper oversight in accordance with 45 CFR Part 75 Subpart D.

These regulations set forth the following standards for effective oversight:

- Financial and Program Management
- Property (if applicable by program legislation)
- Procurement
- Performance and Financial Monitoring and Reporting
- Subrecipient Monitoring and Management
- Record Retention and Access
- Remedies for Noncompliance

Describe the framework (e.g., governance, policies and procedures, risk management, systems) in place to ensure proper oversight of federal funds and activities in accordance with 45 CFR Part 75 Subpart D. The description must include: system(s) for record-keeping and financial management; procedures to identify and mitigate risks and issues (e.g., audit findings, continuous program performance assessment findings, program monitoring); and those key staff that will be responsible for maintaining oversight of program activities staff, and, if applicable, partner(s) and/or subrecipient(s).

Program Performance Evaluation Plan

Applicants must describe a plan for the program performance evaluation that will contribute to continuous quality improvement. The program performance evaluation must monitor ongoing activities and the progress towards the goals and objectives of the project. Include descriptions of the inputs (e.g., organizational profile, collaborative partners, key staff, budget, and other resources), key activities, and expected outcomes of the funded activities. The plan must explain how the inputs, activities, and outcomes will be measured; how the resulting information will be used to inform improvement of funded activities; and any processes that support the overall data quality of the performance outcomes.

Applicants must describe the organizational systems and processes that will effectively track performance outcomes, including a description of how the organization will collect and manage data (e.g., assign skilled staff, data management software, data integrity, etc.) in a way that allows for accurate and timely reporting of performance outcomes. Applicants must describe any potential obstacles for implementing the program performance evaluation and how those obstacles will be addressed. Applicants must include a timeline for how information from the quality improvement evaluation will be reviewed and applied to the ongoing project.

Applicants must provide a narrative addressing how the implementation and effectiveness of the project will be evaluated and specifically how the evaluation process will include equity-based perspectives. Please describe how the proposed preliminary evaluation plan will determine the extent to which the project achieved the stated objectives and the extent to which the accomplishments of the objectives can be attributed to the project. In providing this information, please also discuss the following:

- The implementation and effectiveness research questions that will be addressed by the evaluation (including those provided below).
    - To what extent has capacity building support improved the proficiency and consistency in the STTs provision of adoption competent services and supports to children/youth in the child welfare system as well as to those that have exited the system to adoption/guardianship families.
    - To what extent do project activities lead to increased collaboration/coordination between child welfare systems and mental health systems for the purpose of providing adoption competent mental health services that are widely accessible to children/youth in care and those in adoption/guardianship families.
- A data collection plan, including proposed data collection system, processes (e.g., observations, interviews, focus groups, surveys, etc.) and methods;
- Proposed sampling plan; and
- A data analysis plan for answering questions about implementation and effectiveness.

The applicant must include a sound plan for documenting project activities and results, including the development of a data collection infrastructure that is sufficient to support a methodologically sound evaluation. Applicants must include a plan for tracking data elements that assess all aspects of The Center.

Project evaluations are very important. If the applicant does not have the in-house capacity to conduct an objective, comprehensive evaluation of the project, the applicant must describe their plan to contract with a third-party evaluator specializing in equitable programs, social science or evaluation, community-based research expertise, or a university or college, to conduct the evaluation. Applicants must demonstrate that their evaluator has the necessary independence from the project to ensure objectivity.

Logic Model
Applicants must submit a logic model for designing and managing their projects. A logic model is a diagram that presents the conceptual framework for a proposed project and explains the links among program elements. Logic models must target the identified objectives and goals of the grant program. While there are many versions of logic models, for the purposes of this funding opportunity, the logic model may include connections between the following items:

- Inputs (e.g., additional resources, organizational profile, collaborative partner(s), key staff, budget);
- Target population (e.g., the individuals to be served, identified needs);
- Activities, Mechanisms, Processes (e.g., evidence-based practices, best practices, approach, key intervention and evaluation components, continuous quality improvement efforts);
- Outputs (i.e., the immediate and direct results of program activities);
- Outcomes (i.e., the expected short and long-term results the project is designed to achieve, typically described as changes in people or systems), and
- Goals of the project (e.g., overarching objectives, reasons for proposing the project).

See Change and Implementation in Practice: Monitoring, Evaluating, and Applying Findings Brief and the Logic Model Builder for more information about how to develop a logic model.

Protection of Sensitive and/or Confidential Information
Provide a description of how protected personally identifiable information and other information that is considered sensitive, consistent with applicable federal, state, local and tribal laws regarding privacy and obligations of confidentiality, will be collected and safeguarded. The applicant must provide the methods and/or systems that will be used to ensure that confidential and/or sensitive information is properly handled and if applicable, address the process for subrecipient(s) and/or contractors. Also, provide a plan for the disposition of such information at the end of the project period.

Dissemination Plan
Applicants must propose a plan to disseminate reports, products, and/or grant project outputs so that project information is provided to key target audiences. Dissemination plans must include:

- Dissemination goals and objectives;
- Strategies to identify and engage with target audiences;
- Allocation of sufficient staff time and budget for dissemination purposes;

- A preliminary plan to evaluate the extent to which target audiences have received project information and have used it as intended, and
- The timeline for dissemination.

Third-Party Agreements

Third-party agreements include Memoranda of Understanding (MOU) and Letters of Commitment. Letters of Commitment and MOUs must both clearly describe the roles and responsibilities for project activities and the support and/or resources that the third-party (i.e., subrecipient, contractor, or other cooperating entity) is committing. The Letters of Commitment and MOUs must be signed by the person in the third-party organization with the authority to make such commitments on behalf of their organization. General letters of support are **not** considered to be third-party agreements.

Applicants must provide Letters of Commitment or MOUs between recipients and third-parties (i.e., subrecipients, contractors, or other cooperating entities). In addition to clearly describing the roles and responsibilities for project activities and support and/or resources that the third-party is committing, these agreements must detail work schedules and estimated remuneration with an understanding that a finalized agreement will be negotiated once the successful applicant is awarded the grant.

Collaboration/consortia applicants must provide Letters of Commitment or MOUs identifying the primary applicant and all collaborators that are responsible for project activities.

The Project Budget and Budget Justification

All applicants are required to submit a project budget and budget justification with their application. The project budget is entered on the Budget Information SF, either SF- 424A or SF-424C. Applicants are encouraged to review the form instructions in addition to the guidance in this section. The budget justification consists of a budget narrative and a line-item budget detail that includes detailed calculations for "object class categories" identified on the Budget Information Standard Form. Applicants must indicate the method they are selecting for their indirect cost rate. See Indirect Charges for further information.

Project budget calculations must include estimation methods, quantities, unit costs, and other similar quantitative detail sufficient for the calculation to be duplicated. If cost sharing or matching is a requirement, applicants must include a detailed listing of any funding sources identified in Block 18 of the SF-424 (Application for Federal Assistance). See the table in *Section IV.2. Required Forms, Assurances, and Certifications* listing the appropriate budget forms to use in this application.

Special Note: *The Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act, 2022 and Consolidated Appropriations Act, 2022, (Division H, Title II, Sec. 202), limits the salary amount that may be awarded and charged to ACF grants and cooperative agreements. Award funds issued under this funding opportunity may not be used to pay the salary of an individual at a rate in excess of Executive Level II. For the Executive Level II salary, please see "Executive & Senior Level Employee Pay Tables" under https://www.opm.gov/policy-data-oversight/pay-leave/salaries-wages/. The*

salary limitation reflects an individual's base salary exclusive of fringe benefits, indirect costs and any income that an individual may be permitted to earn outside of the duties of the applicant organization. This salary limitation also applies to subawards and subcontracts under an ACF grant or cooperative agreement.

Provide a budget using the SF-424A and/or SF-424C, as applicable, for each year of the proposed project.

Provide a budget justification, which includes a budget narrative and a line-item detail, for each year of the proposed project. The budget narrative should describe how the categorical costs are derived. Discuss the necessity, reasonableness, and allocation of the proposed costs.

Applicants must provide a rationale showing that the budgeted amount is sufficient to conduct all required activities.

For applicants proposing to use subaward(s), if the total amount budgeted for subawards exceeds 50 percent of total direct costs for the budget period, the applicant must provide a justification for subawarding the portion of the project and must explain how the prime recipient plans to maintain a substantive role in the project. Applicants must explain why the participation of the subrecipient is necessary, and why the applicant cannot achieve the objectives without the subrecipient(s)' participation.

General

Use the following guidelines for preparing the project budget and budget justification. The budget justification includes a budget narrative and a line-item detail. Applications should only include allowable costs in accordance with 45 CFR Part 75 Subpart E.

Personnel

Description: Costs of employee salaries and wages. See 45 CFR § 75.430 for more information on allowable personnel costs. Do not include the personnel costs of consultants, contractors and subrecipients under this category.

Justification: For each position, provide: the name of the individual (if known), their title; time commitment to the project in months; time commitment to the project as a percentage or full-time equivalent; annual salary; grant salary; wage rates; etc. Identify the project director or principal investigator, if known at the time of application.

Fringe Benefits

Description: Costs of employee fringe benefits are allowances and services provided by employers to their employees in addition to regular salaries and wages. For more information on Fringe Benefits please refer to 45 CFR § 75.431. Do not include the fringe benefits of consultants, contractors, and subrecipients.

Typically, fringe benefit amounts are determined by applying a calculated rate for a particular class of employee (full-time or part-time) to the salary and wages requested. Fringe rates are often specified in the approved indirect cost rate agreement. Fringe benefits may be treated as a

direct cost or indirect cost in accordance with the applicant's accounting practices. Only fringe benefits as a direct cost should be entered under this category.

Justification: Provide a breakdown of the amounts and percentages that comprise fringe benefit costs such as health insurance, Federal Insurance Contributions Act taxes, retirement, taxes, etc.

Travel

Description: Costs of project-related travel (i.e., transportation, lodging, subsistence) by employees of the applicant organization who are in travel status on official business. Travel by non-employees such as consultants, contractors or subrecipients should be included under the Contractual line item. Local travel for employees in non-travel status should be listed on the Other line. Travel costs should be developed in accordance with the applicant's travel policies and 45 CFR § 75.474.

Justification: For each trip show: the total number of travelers; travel destination; duration of trip; per diem; mileage allowances, if privately owned vehicles will be used to travel out of town; and other transportation costs and subsistence allowances. If appropriate for this project, travel costs for key project staff to attend ACF-sponsored workshops/conferences/recipient orientations should be detailed in the budget justification.

Equipment

Description: "Equipment" means an article of nonexpendable, tangible personal property (including information technology systems) having a useful life of more than one year and a per unit acquisition cost that equals or exceeds the lesser of: (a) the capitalization level established by the organization for the financial statement purposes, or (b) $5,000. (Note: Acquisition cost means the net invoice unit price of an item of equipment, including the cost of any modifications, attachments, accessories, or auxiliary apparatus necessary to make it usable for the purpose for which it is acquired. Ancillary charges, such as taxes, duty, protective in-transit insurance, freight, and installation, shall be included in, or excluded from, acquisition cost in accordance with the organization's regular written accounting practices.) See 45 CFR §75.439 for more information.

Justification: For each type of equipment requested provide: a description of the equipment; the cost per unit; the number of units; the total cost; and a plan for use on the project; as well as use and/or disposition of the equipment after the project ends.

Supplies

Description: Costs of all tangible personal property, other than included under the Equipment category. This includes office and other consumable supplies with a per-unit cost of less than $5,000. See 45 CFR § 75.453 for more information.

Justification: Specify general categories of supplies and their costs. Show computations and provide other information that supports the amount requested.

Contractual

Description: Cost of all contracts and subawards except for those that belong under other categories such as equipment, supplies, construction, etc. Include third-party evaluation contracts, if applicable, and contract or subawards with secondary recipient organizations (with budget detail), including delegate agencies and specific project(s) and/or businesses to be financed by the applicant. Costs related to individual consultants should be listed on the Other line. Recipients are required to use 45 CFR §§ 75.326-.340 procurement procedures, and subawards are subject to the requirements at 45 CFR §§ 75.351-.353.

Justification: Demonstrate that all procurement transactions will be conducted in a manner to provide, to the maximum extent practical, open, and free competition. Applicants must justify any anticipated procurement action that is expected to be awarded without competition and exceeds the simplified acquisition threshold stated in 48 CFR § 2.101(b). Recipients may be required to make pre-award review and procurement documents, such as requests for proposals or invitations for bids, independent cost estimates, etc., available to ACF.

Indicate whether the proposed agreement qualifies as a subaward or contract in accordance with 45 CFR § 75.351. Provide the name of the contractor/subrecipient (if known), a description of anticipated services, a justification for why they are necessary, a breakdown of estimated costs, and an explanation of the selection process. In addition, for subawards, the applicant must provide a detailed budget and budget narrative for each subaward, by entity name, along with the same justifications referred to in these budget and budget justification instructions.

Other

Description: Enter the total of all other costs. Such costs, where applicable and appropriate, may include, but are not limited to: consultant costs, local travel, insurance, food (when allowable), medical and dental costs (non-personnel), professional service costs (including audit charges), space and equipment rentals, printing and publications, computer use, training costs (such as tuition and stipends), staff development costs, and administrative costs. Please note costs must be allowable per 45 CFR Part 75 Subpart E.

Justification: Provide a breakdown of costs, computations, a narrative description, and a justification for each cost under this category.

Indirect Charges

Description: Total amount of indirect costs. This category has one of two methods that an applicant can select. An applicant may only select one.

1. The applicant currently has an indirect cost rate approved by HHS or another cognizant federal agency.

   Justification: An applicant must enclose a copy of the current approved rate agreement. If the applicant is requesting a rate that is less than what is allowed under the program, the authorized representative of the applicant organization must submit a signed acknowledgement that the applicant is accepting a lower rate than allowed. Choosing to charge a lower rate will not be considered during the objective review or award selection process.

2. Per 45 CFR § 75.414(f) Indirect (F&A) costs, "any non-Federal entity [i.e., applicant] that has never received a negotiated indirect cost rate, ... may elect to charge a *de minimis* rate of 10% of modified total direct costs (MTDC) which may be used indefinitely. As described in Section 75.403, costs must be consistently charged as either indirect or direct costs, but may not be double charged or inconsistently charged as both. If chosen, this methodology once elected must be used consistently for all Federal awards until such time as the non-Federal entity chooses to negotiate for a rate, which the non-Federal entity may apply to do at any time."

   Justification: This method only applies to applicants that have never received an approved negotiated indirect cost rate from HHS or another cognizant federal agency. Applicants awaiting approval of their indirect cost proposal may request the 10 percent *de minimis* rate. When the applicant chooses this method, costs included in the indirect cost pool must not be charged as direct costs to the grant.

Commitment of Non-Federal Resources

Description: Amounts of non-federal resources that will be used to support the project as identified in Block 18 of the SF-424. This line should be used to indicate required and/or voluntary committed cost sharing or matching, if applicable.

For all federal awards, any shared costs or matching funds and all contributions, including cash and third-party in-kind contributions, must be accepted as part of the recipient's cost sharing or matching when such contributions meet all of the criteria listed in 45 CFR § 75.306.

For awards that require matching or cost sharing by statute, recipients will be held accountable for projected commitments of non-federal resources (at or above the statutory requirement) in their application budgets and budget justifications by budget period, or by project period for fully funded awards. **A recipient's failure to provide the statutorily required matching or cost sharing amount (and any voluntary committed amount in excess) may result in the disallowance of federal funds. Recipients will be required to report these funds in the Federal Financial Reports.**

For awards that do not require matching or cost sharing by statute, recipients are not expected to provide cost sharing or matching. However, recipients are allowed to voluntarily propose a commitment of non-federal resources. If an applicant decides to voluntarily contribute non-federal resources towards project costs and the costs are accepted by ACF, the non-federal resources will be included in the approved project budget. The applicant will be held accountable for all proposed non-federal resources as shown in the Notice of Award (NoA). **A recipient's failure to meet the voluntary amount of non-federal resources that was accepted by ACF as part of the approved project costs and that was identified in the approved budget in the NoA, may result in the disallowance of federal funds. Recipients will be required to report these funds in the Federal Financial Reports.**

Justification: If an applicant is relying on cost share or match from a third-party, then a firm commitment of these resources (letter(s) or other documentation) is required to be submitted with the application. Detailed budget information must be provided for every funding source identified in Item 18. "Estimated Funding ($)" on the SF-424.

Applicants are required to fully identify and document in their applications the specific costs or contributions they propose in order to meet a matching requirement. Applicants are also required to provide documentation in their applications on the sources of funding or contribution(s). In-kind contributions must be accompanied by a justification of how the stated valuation was determined. Matching or cost sharing must be documented by budget period (or by project period for fully funded awards).

Applications that lack the required supporting documentation will not be disqualified from competitive review; however, it may impact an application's scoring under the evaluation criteria in *Section V.1. Criteria* of this funding opportunity.

Paperwork Reduction Act Disclaimer

As required by the Paperwork Reduction Act, 44 U.S.C. 3501-3521, the public reporting burden for the Project Description is estimated to average 60 hours per response, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection of information. The Project Description information collection is approved under OMB control number 0970-0139, which expires 03/31/2025. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Application Submission Options

Electronic Submission via Grants.gov

This section provides the application submission and receipt instructions for ACF program applications. Please read the following instructions carefully and completely.

Electronic Delivery

ACF is participating in the Grants.gov initiative to provide the grant community with a single site to find and apply for funding opportunities. ACF applicants are required to submit their applications online through Grants.gov.

How to Register and Apply through Grants.gov

Read the following instructions about registering to apply for ACF funds. Applicants should read the registration instructions carefully and prepare the information requested before beginning the registration process. Reviewing and assembling the required information before beginning the registration process will alleviate last-minute searches for required information.

Organizations must have an active System for Award (SAM) registration which provides a Unique Entity Identifier (UEI), and Grants.gov account to apply for grants.

Creating a Grants.gov account can be completed online in minutes, but SAM registration may take several weeks. Therefore, an organization’s registration should be done in sufficient time to ensure it does not impact the entities ability to meet required application submission deadlines.

Organization applicants can find complete instructions here: https://www.grants.gov/web/grants/applicants/organization-registration.html

***Register with SAM*:** All organizations (entities) applying online through Grants.gov must register with SAM. Failure to register with SAM will prevent your organization from applying through Grants.gov. SAM registration must be renewed annually. For detailed instructions for registering with SAM, refer to: https://www.grants.gov/web/grants/applicants/organization-registration.html

***Create a Grants.gov Account*:** The next step in the registration process is to create an account with Grants.gov. Follow the on-screen instructions provided on the registration page.

***Add a Profile to a Grants.gov Account*:** A profile in Grants.gov corresponds to a single applicant organization the user represents (i.e., an applicant). If you work for or consult with multiple organizations, you can have a profile for each organization under one Grants.gov account. In such cases, you may log in to one Grants.gov account to access all your grant profiles. To add an organizational profile to your Grants.gov account, enter the UEI for the organization in the UEI field. For detailed instructions about creating a profile on Grants.gov, refer to: https://www.grants.gov/web/grants/applicants/registration/add-profile.html

EBiz POC Authorized Profile Roles: After you register with Grants.gov and create an Organization Applicant Profile, the applicant's request for Grants.gov roles and access is sent to the EBiz POC. The EBiz POC is then expected to log in to Grants.gov and authorize the appropriate roles, which may include the AOR role, thereby giving you permission to complete and submit applications on behalf of the organization. You will be able to submit your application online any time after you have been assigned the AOR role. For detailed instructions about creating a profile on Grants.gov, refer to: https://www.grants.gov/web/grants/applicants/registration/authorize-roles.html

***Track Role Status*:** To track your role request, refer to: https://www.grants.gov/web/grants/applicants/registration/track-role-status.html

When applications are submitted through Grants.gov, the name of the organization's AOR that submitted the application is inserted into the signature line of the application, serving as the electronic signature. The EBiz POC must authorize individuals who are able to make legally binding commitments on behalf of the organization as a user with the AOR role; this step is often missed and is crucial for valid and timely submissions.

How to Submit an Application to ACF via Grants.gov

Grants.gov applicants can apply online using Workspace. Workspace is a shared, online environment where members of a grant team may simultaneously access and edit different webforms within an application. For each NOFO, you can create individual instances of a workspace.

For an overview of applying on Grants.gov using Workspaces, refer to: https://www.grants.gov/web/grants/applicants/workspace-overview.html

***Create a Workspace*:** Creating a workspace allows you to complete an application online and route it through your organization for review before submitting.

***Complete a Workspace*:** Add participants to the workspace to work on the application together, complete all the required forms online or by downloading PDF versions, and check

for errors before submission. The Workspace progress bar will display the state of your application process as you apply. As you apply using Workspace, you may click the blue question mark icon near the upper-right corner of each page to access context-sensitive help.

***Adobe Reader*:** If you decide not to apply by filling out webforms you can download individual PDF forms in Workspace. The individual PDF forms can be downloaded and saved to your local device storage, network drive(s), or external drive(s), then accessed through Adobe Reader.

NOTE: Visit the Adobe Software Compatibility page on Grants.gov to download the appropriate version of the software at: https://www.grants.gov/web/grants/applicants/adobe-software-compatibility.html

***Mandatory Fields in Forms*:** In the forms, you will note fields marked with an asterisk and a different background color. These fields are mandatory fields that must be completed to successfully submit your application.

***Complete SF-424 Fields First*:** These forms are designed to fill in common required fields across other forms, such as the applicant name, address, and SAM UEI. Once it is completed, the information will transfer to the other forms.

***Submit a Workspace*:** An application may be submitted through Workspace by clicking the Sign and Submit button on the Manage Workspace page, under the Forms tab. Grants.gov recommends submitting your application **at least 24-48 hours prior to the close date** to provide you with time to correct any potential technical issues that may disrupt the application submission.

***Track a Workspace*:** After successfully submitting a Workspace application, a Grants.gov Tracking Number (GRANTXXXXXXXX) is automatically assigned to the application. The number will be listed on the Confirmation page that is generated after submission. Using the tracking number, access the Track My Application page under the Applicants tab or the Details tab in the submitted workspace.

For additional training resources, including video tutorials, refer to: https://www.grants.gov/web/grants/applicants/applicant-training.html

Grants.gov provides applicants 24/7 support via the toll-free number 1-800-518-4726 and email at support@grants.gov. For questions related to the specific funding opportunity, contact the number listed in the application package of the grant you are applying for.

If you are experiencing difficulties with your submission, it is best to call the Grants.gov Support Center and get a ticket number. The Support Center ticket number will assist ACF with tracking and understanding background information on the issue.

Timely Receipt Requirements and Proof of Timely Submission

All applications must be received by 11:59 pm ET on the due date established for each program. Proof of timely submission is automatically recorded by Grants.gov. An electronic date/time stamp is generated within the system when the application is successfully received by Grants.gov. The applicant AOR will receive an acknowledgment of receipt and a tracking number (GRANTXXXXXXXX) from Grants.gov with the successful transmission of their

application. Applicant AORs will also receive the official date/stamp and Grants.gov Tracking number in an email serving as proof of their timely submission.

When ACF successfully retrieves the application from Grants.gov, and acknowledges the download of submission, Grants.gov will provide an electronic acknowledgment of receipt of the application to the email address of the applicant with the AOR role. Again, proof of timely submission shall be the official date and time that Grants.gov receives your application.

Applications received by Grants.gov after the established due date for the program will be considered late and will not be considered for funding by ACF.

Applicants with slow internet connections should be aware that transmission can take some time before Grants.gov receives your application. Therefore, applicants should allow enough time to prepare and submit the application before the package closing date.

Grants.gov will provide either an error or a successfully received submission message in the form of an email sent to the applicant with the AOR role.

Issues with Federal Systems

For any systems issues experienced with Grants.gov or SAM.gov, please refer to ACF's "Policy for Applicants Experiencing Federal Systems Issues" document for complete guidance.

Request an Exemption from Required Electronic Application Submission

To request an exemption from required electronic submission, please refer to ACF's "Policy for Requesting an Exemption from Required Electronic Application Submission" document for complete guidance.

Paper Format Application Submission

An exemption is required for the submission of paper applications. See the preceding section on "*Request an Exemption from Required Electronic Application Submission.*"

Applicants with exemptions that submit their applications in paper format, by mail or delivery, must submit one original and two copies of the complete application with all attachments. The original and each of the two copies must include all required forms, certifications, assurances, and appendices, be signed by the AOR, and be unbound. The original copy of the application must have original signature(s). See *Section IV.7. Other Submission Requirements* of this funding opportunity for address information for paper format application submissions. Applications submitted in paper format must be received by 4:30 pm ET on the due date.

Applicants may refer to *Section VIII. Other Information* for a checklist of application requirements that may be used in developing and organizing application materials. Details concerning acknowledgment of received applications are available in *Section IV.4. Submission Dates and Times* in this funding opportunity.

IV.3. Unique Entity Identifier (UEI) and System for Award Management (SAM)

All applicants must have a UEI and an active registration with SAM (https://www.sam.gov) prior to applying to a funding opportunity.

All applicants are required to maintain an active SAM registration until the application process is complete. If a grant is awarded, the SAM registration must be active throughout the life of the award. Your SAM registration must be renewed every 365 days to keep it active.

Plan ahead. Allow at least 10 business days after you submit your registration for it to become active in SAM and at least an additional 24 hours before that registration information is available in other government systems, i.e., Grants.gov.

This action should allow you time to resolve any issues that may arise. Failure to comply with these requirements may result in your inability to submit your application through Grants.gov or prevent the award of a grant. Applicants should maintain documentation (with dates) of their efforts to request a UEI, register for, or renew a registration, at SAM.

Please see the "Help" tab at https://sam.gov/content/help for more information and assistance with this process.

HHS requires all entities that plan to apply for, and ultimately receive, federal grant funds from any HHS Agency to:

- Be registered in SAM prior to submitting an application or plan;
- Maintain an active SAM registration with current information at all times during which it has an active award or an application or plan under consideration by an OPDIV;
- Provide its UEI in each application or plan it submits to the OPDIV; and
- Ensure any proposed subrecipient(s) have obtained and provided to the recipient their UEI(s) prior to making any subawards (**Note:** Subrecipients are not required to complete full SAM registration.).

ACF is prohibited from making an award until an applicant has complied with these requirements. At the time an award is ready to be made, if the intended recipient has not complied with these requirements, ACF:

- May determine that the applicant is not qualified to receive an award; and
- May use that determination as a basis for making an award to another applicant.

IV.4. Submission Dates and Times

Due Date for Letter of Intent

Number of Days from Publication 30

04/28/2023
05/30/2023

Due Date for Applications

05/30/2023

Explanation of Due Dates

The due date for receipt of applications is listed in the *Overview* section and in this section. See *Section III.3. Other, Application Disqualification Factors*.

Electronic Applications
The deadline for submission of electronic applications via Grants.gov is 11:59 pm ET on the due date. Electronic applications submitted at 12:00 am ET on the day after the due date will be considered late and will be disqualified from competitive review and funding under this funding opportunity.

Applicants are required to submit their applications electronically via Grants.gov unless they received an exemption through the process described in *Section IV.2. Request an Exemption from Required Electronic Application Submission.*

ACF does not accommodate transmission of applications by email or facsimile.

Instructions for electronic submission via Grants.gov are available at: www.grants.gov/web/grants/applicants/apply-for-grants.html.

Applications submitted to Grants.gov at any time during the open application period prior to the due date and time that fail the Grants.gov validation check will not be received at ACF. These applications will not be acknowledged.

Mailed Paper Format Applications
The deadline for receipt of mailed, paper applications is 4:30 pm ET on the due date. Mailed paper applications received after the due date and deadline time will be considered late and will be disqualified from competitive review and funding under this funding opportunity.

Paper format application submissions will be disqualified if the applicant organization has not received an exemption through the process described in *Section IV.2. Request an Exemption from Required Electronic Application Submission*.

Hand-Delivered Paper Format Applications
Hand-delivered applications must be received on, or before, the due date listed in the *Overview* and in this section. These applications must be delivered between the hours of 8:00 am ET and 4:30 pm ET Monday through Friday (excluding federal holidays).

Applications should be delivered to the address provided in *Section IV.7. Other Submission Requirements*.

Hand-delivered paper applications received after the due date and deadline time will be considered late and will be disqualified from competitive review and funding under this funding opportunity.

Hand-delivered paper format application submissions will be disqualified if the applicant organization has not received an exemption through the process described in *Section IV.2. Request an Exemption from Required Electronic Application Submission*.

No appeals will be considered for applications classified as late under the following circumstances:

- Applications submitted electronically via Grants.gov are considered late when they are dated and time-stamped after the deadline of 11:59 pm ET on the due date.

- Paper format applications received by mail or hand-delivery after 4:30 pm ET on the due date will be classified as late and will be disqualified.
- Paper format applications received from applicant organizations that were not approved for an exemption from required electronic application submission under the process described in *Section IV.2. Request an Exemption from Required Electronic Submission* will be disqualified.

Emergency Extensions
ACF may extend an application due date when circumstances make it impossible for an applicant to submit their applications on time. Only events such as documented natural disasters (floods, hurricanes, tornados, etc.), or a verifiable widespread disruption of electrical service, or mail service, will be considered. The determination to extend or waive the due date, and/or receipt time, requirements in an emergency situation rests with the Grants Management Officer listed as the Office of Grants Management Contact in *Section VII. HHS Awarding Agency Contact(s)*.

Acknowledgement of Received Application

Acknowledgement from Grants.gov

Applicants will receive an initial email upon submission of their application to Grants.gov. This email will provide a **Grants.gov Tracking Number**. Applicants should refer to this tracking number in all communication with Grants.gov. The email will also provide a **date and time stamp**, which serves as the official record of the application's submission**.** Receipt of this email does not indicate that the application is accepted or that it has passed the validation check.

Applicants will also receive an email acknowledging that the received application is in the **Grants.gov validation process**, after which a third email is sent with the information that the submitted application package has passed, or failed, the series of checks and validations.

Applications that are submitted on time that fail the validation check will not be transmitted to ACF and will not be acknowledged by ACF.

Acknowledgement from ACF of an electronic application's submission:

Applicants will be sent additional email(s) from ACF acknowledging that the application has been retrieved from Grants.gov by ACF. Receipt of these emails is not an indication that the application is accepted for competition.

Acknowledgement from ACF of receipt of a paper format application:
ACF will not provide acknowledgement of receipt of hard copy application packages submitted via mail or courier services.

IV.5. Intergovernmental Review

This program is not subject to Executive Order (E.O.) 12372, "Intergovernmental Review of Federal Programs," or 45 CFR Part 100, "Intergovernmental Review of Department of Health and Human Services Programs and Activities." No action is required of applicants under this funding opportunity with regard to E.O. 12372.

IV.6. Funding Restrictions

Costs of organized fund raising, including financial campaigns, endowment drives, solicitation of gifts and bequests, and similar expenses incurred to raise capital or obtain contributions are unallowable. Fund raising costs for the purposes of meeting the Federal program objectives are allowable with prior written approval from the Federal awarding agency. (45 CFR § 75.442)

Proposal costs are the costs of preparing bids, proposals, or applications on potential Federal and non-Federal awards or projects, including the development of data necessary to support the non-Federal entity's bids or proposals. Proposal costs of the current accounting period of both successful and unsuccessful bids and proposals normally should be treated as indirect (F&A) costs and allocated currently to all activities of the non-Federal entity. No proposal costs of past accounting periods will be allocable to the current period. (45 CFR § 75.460)

Pre-award costs are not allowable.

Construction is not an allowable activity or expenditure under this award.

Purchase of real property is not an allowable activity or expenditure under this award.

V. Application Review Information

V.1. Criteria

Please note: With the exception of the notice of funding opportunity and relevant statutes and regulations, reviewers must not access, or review, any materials that are not part of the

application documents. This includes information accessible on websites via hyperlinks that are referenced, or embedded, in the application. Though an application may include web links, or embedded hyperlinks, reviewers must not review this information as it is not considered to be part of the application documents. Nor will the information on websites be taken into consideration in scoring of evaluation criteria presented in this section. Reviewers must evaluate and score an application based on the documents that are presented in the application and must not refer to, or access, external links during the objective review.

Applications competing for financial assistance will be reviewed and evaluated using the criteria described in this section. The corresponding point values indicate the relative importance placed on each review criterion. Points will be allocated based on the extent to which the application proposal addresses each of the criteria listed. Applicants should address these criteria in their application materials, particularly in the project description and budget justification, as they are the basis upon which competing applications will be judged during the objective review. The required elements of the project description and budget justification may be found in *Section IV.2. The Project Description* of this funding opportunity.

Objectives and Need for Assistance **Maximum Points:** 20

In reviewing the objectives and need for assistance, reviewers will consider the extent to which:

1. The applicant demonstrates a clear and thorough understanding of each of the stated components and expectations in *Section I, Program Description, Project Requirements*.
2. The applicant presents a clear and concise statement of goals and objectives of the proposed project, and how this project will contribute to achieving those goals.
3. The applicant demonstrates a thorough understanding of how The Center would build the adoption mental health competence within mental health systems and among mental health practitioners.
4. The applicant clearly defines how The Center would determine site selection for technical assistance and has a sound plan to assure key partnerships and collaborations are achieved for maximum systemic change to achieve the desired outcomes for the children/youth in the care of the child welfare system and those who have exited the system to adoptive/guardianship families.
5. The applicant clearly demonstrates a thorough understanding of the mental health needs of children/youth with lived experience in the child welfare system and has described a sound plan for building capacity within the STTs to meet these needs.
6. The applicant understands and demonstrates the ability to apply and advance a racial equity lens across all components of this project.
7. The applicant understands and provides an effective plan for the integration of youth/young adults with lived experience in all aspects of site work.

Approach **Maximum Points:** 40

In reviewing the approach, reviewers will consider the extent to which:

1. The applicant provides a workable and sound plan of action that relates to the stated objectives and scope of the project and reflects the intent of this NOFO.
2. The approach addresses each of the components listed in *Section I. Program Description, Project Requirements,* including a detailed description of the tasks and activities the

program proposes to implement and a description of how each task and activity will be accomplished.

3. The applicant describes a sound plan for the development of a national center to provide on-site training, technical assistance and support to STTs to build upon the work of the National Adoption Competency Mental Health Initiative in increasing the competency and capacity of mental health practitioners in skills that pertain to addressing the needs of children/youth that have lived experienced in the child welfare system and in adoption/guardianship homes.
4. The applicant presents a sound and tested method of supporting STTs in building bridges and collaborative structure within their jurisdictions between the child welfare system and the mental health system to achieve alignment and coordination in the level of child welfare competence and to ensure improved accessibility and delivery of mental health services throughout the state to those children/youth with lived experience in the child welfare system.
5. The applicant presents a sound and tested process to select sites for each year of the project (intensive support to 6 STTs each year for a total of 30 sites over 5 years of funding).
6. The applicant includes a reasonable timeline (e.g., charts such as a Gantt chart, bar chart, or other chart that illustrates project schedules) for implementing the proposed project, including the activities to be conducted in chronological order, a reasonable schedule of accomplishments and target dates, and the factors that may accelerate or decelerate the work.
7. The applicants provide a well-defined logic model that guides the proposed project. The logic model demonstrates strong links between proposed inputs and activities and intended short-term, intermediate, and long-term outcomes.
8. The applicant includes feasible plans to collaborate and coordinate with other federal and national efforts.
9. The applicant presents a sound plan to develop and provide services, program activities, and materials in a manner that is racially and culturally sensitive to the population being served.
10. The applicant provides a sound plan for ways to advance race equity in each component of the NOFO.
11. The applicant provides a solid plan for integrating the knowledge and experience gained through authentically engaging and involving youth/young adults that have lived experience in the child welfare system, particularly relating to adoption/guardianship placements, in all components of the project.
12. The applicant presents a sound plan for promoting peer-to-peer consultation, sharing of best practices and models of intervention across the STTs child welfare agencies.
13. The applicant provides a detailed description and sound plan for how it will provide constituency services and universal product development and dissemination to all STTs across the nation to build capacity and accessibility of child welfare culturally responsive and linguistically appropriate competent mental health services.
14. The applicant describes an intended audience for dissemination of products and findings that is appropriate to the goals and objectives as described in *Section I. Program Description, Background*. The plan for disseminating information is appropriate, and the

mechanisms that would be used to convey the information and support replication by other interested agencies are clearly suitable.

15. The applicant proposes a feasible plan to produce findings or results about effective strategies and promote evaluation research and evidence-based, evidence informed practices that may be used to guide replication or testing in other settings.
16. The applicant provides a plan for ensuring that the project is fully functioning within 90 days following the project start date.

Evaluation **Maximum Points:** 15

In reviewing the evaluation plan, reviewers will consider the extent to which:

1. The logic model effectively illustrates the project's approach and guides its evaluation plan.
2. The evaluation strategy thoroughly addresses both the effectiveness of the project and whether project activities have been implemented as intended.
3. The applicant presents a reasonable preliminary evaluation plan that can be expected to provide regular, meaningful feedback for project improvement.
4. The evaluation plan includes methods and quantitative and qualitative measures that are appropriate for the objectives of the project.
5. The applicant presents an adequate plan for addressing the implementation and effectiveness research questions in *Section IV.2, Program Performance Evaluation Plan*.
6. The applicant presents a sound plan for documenting project activities and results, including the development of a data collection infrastructure that is sufficient to support a methodologically sound evaluation.
7. The applicant's evaluation plan addresses both The Center and each of sites to which it delivers technical assistance.
8. The evaluation plan outlines an appropriate sampling plan that ensures sample sizes sufficient to detect significant effects.
9. The applicant proposes a feasible method to produce data that can be compared and contrasted to all project sites in the STTs.
10. The application either demonstrates that the applicant has the in-house capacity to conduct an objective evaluation of the project or presents a sound method for contracting with a third-party evaluator.
11. The proposed in-house or third-party evaluator has extensive experience with research and/or evaluation, clearly understands the population of interest, and demonstrates the necessary independence from the project to assure objectivity.

Organizational Capacity **Maximum Points:** 20

In reviewing the organizational capacity, reviewers will consider the extent to which:

1. The applicant and (its partners and contractors, if applicable) demonstrate sufficient and relevant experience and expertise in administration, development, implementation, management, and evaluation of similar child welfare system programs.
2. The applicant has secured or demonstrates a plan to secure commitments from cooperating partners, if applicable, as described in *Section IV.2., Organizational Capacity*.

3. The applicant's proposed project director and key project staff possess sufficient relevant knowledge, experience, and capabilities to implement and manage a project of this size, scope, and complexity. The role, responsibilities, and time commitments of each proposed project staff position, including consultants, subcontractors, and/or partners, are clearly defined and appropriate to the successful implementation of the proposed project.
4. The applicant's organization and its staff clearly demonstrate they have the experience and will have the capacity to work in partnership with state, county, tribal, and territorial child welfare systems in the development of building capacity for child welfare competent and culturally responsive and linguistically appropriate mental health services and supports and collaboration/coordination between child welfare systems and mental health systems.
5. The applicant's organization and its staff clearly demonstrate they have the experience and capacity to provide peer-to-peer learning across the nation and experience disseminating key findings, results, products, and lessons learned to STT's across the nation.
6. The applicant clearly defines the roles and responsibilities of the Center.
7. The applicant has a sound management plan for achieving the objectives of the proposed project on time and within budget, including clearly defined responsibilities, timelines, and milestones for accomplishing project tasks and ensuring quality.

Budget and Budget Justification **Maximum Points:** 5

In reviewing the budget and budget justification, reviewers will consider the extent to which:

1. There is an appropriate budget justification, which includes a budget narrative and a line-item detail, for each year of the proposed project
2. The costs of the proposed project are reasonable, in view of the activities to be conducted and expected results and benefits.
3. The budget includes sufficient travel allocation for a Washington, DC meeting within 90 days of project start date for the project director, evaluator, and other key staff.
4. The applicant's fiscal controls and accounting procedures would ensure prudent use, proper and timely disbursement, and accurate accounting of funds received under this NOFO.

V.2. Review and Selection Process

No grant award will be made under this funding opportunity on the basis of an incomplete application. No grant award will be made to an applicant that does not have a UEI and an active SAM registration. See *Section IV.3. Unique Entity Identifier (UEI) and System for Award Management (SAM).*

Initial ACF Screening

Each application will be screened to determine whether it meets any of the disqualification factors described in *Section III.3. Other, Application Disqualification Factors.*

Disqualified applications are considered to be "non-responsive" and are excluded from the competitive review process. Applicants will be notified of a disqualification determination by email or by USPS postal mail within 30 federal business days from the closing date of this

NOFO.

Objective Review and Results
Applications competing for financial assistance will be reviewed and evaluated by objective review panels using only the criteria described in *Section V.1. Criteria* of this funding opportunity. Each panel is composed of experts with knowledge and experience in the area under review. Generally, review panels include three reviewers and one chairperson.

Results of the competitive objective review are taken into consideration by ACF in the selection of projects for funding; however, objective review scores and rankings are not binding. Scores and rankings are only one element used in the award decision-making process. If identified in *Section I. Program Description*, ACF reserves the right to consider preferences to fund organizations serving emerging, unserved, or under-served populations, including those populations located in pockets of poverty. In addition, ACF reserves the right to evaluate applications in the larger context of the overall portfolio by considering geographic distribution of federal funds (e.g., ensuring coverage of states, counties, or service areas) in its pre-award decisions.

ACF may elect not to fund applicants with management or financial problems that would indicate an inability to successfully complete the proposed project. In addition, ACF may elect to not allow a prime recipient to subaward if there is any indication that they are unable to properly monitor and manage subrecipients.

Applications may be funded in whole or in part. Successful applicants may be funded at an amount lower than that requested.

ACF may refuse funding for projects with what it regards as unreasonably high start-up costs for facilities or equipment, or for projects with unreasonably high operating costs.

Federal Awarding Agency Review of Risk Posed by Applicants

ACF is required to review and consider any information about the applicant that is in the Federal Awardee Performance and Integrity Information System (FAPIIS), www.fapiis.gov/, before making any award in excess of the simplified acquisition threshold over the period of performance. An applicant may review and comment on any information about itself that a federal awarding agency has previously entered into FAPIIS. ACF will consider any comments by the applicant, in addition to other information in FAPIIS, in making a judgment about the applicant's integrity, business ethics, and record of performance under federal awards when completing the review of risk posed by applicants as described in 45 CFR § 75.205(a)(2) Federal Awarding Agency Review of Risk Posed by Applicants.

Non-Federal Reviewers Reference
Please refer to *Section IV.2. Required Forms, Assurances, and Certifications* of this funding opportunity for information on non-federal reviewers in the review process.

Approved but Unfunded Applications
Applications recommended for approval in the objective review process, but not selected for award may receive funding if additional funds become available in the current Fiscal Year. For

those applications determined as “approved but unfunded,” notice will be given of the determination by email.

V.3. Anticipated Announcement and Federal Award Dates

Announcement of awards and the disposition of applications will be provided to applicants at a later date. ACF staff cannot respond to requests for information regarding funding decisions prior to the official applicant notification.

VI. Federal Award Administration Information

VI.1. Federal Award Notices

Successful applicants will be notified through the issuance of a NoA that sets forth the amount of funds granted, the terms and conditions of the grant, the effective date of the grant, the budget period for which initial support will be given, the non-federal share to be provided (if applicable), and the total project period for which support is contemplated. The NoA will be signed by the Grants Officer and transmitted via email or by GrantSolutions, or the Head Start Enterprise System (HSES), whichever is
relevant.

Following the finalization of funding decisions, organizations whose applications will not be funded will be notified by letter signed by the cognizant Program Office head. Any other correspondence that announces to a Principal Investigator, or a Project Director, that an application was selected is not an authorization to begin performance.

Information on allowable pre-award costs and the time period under which they may be incurred is available in *Section IV.6. Funding Restrictions,* if applicable. Project costs that are incurred prior to the receipt of the NoA are at the recipient's risk.

Recipients may translate the Federal award and other documents into another language. In the event of inconsistency between any terms and conditions of the Federal award and any translation into another language, the English language meaning will control. Where a significant portion of the recipient’s employees who are working on the Federal award are not fluent in English, the recipient must provide the Federal award in English and in the language(s) with which employees are more familiar.

VI.2. Administrative and National Policy Requirements

Awards issued under this funding opportunity are subject to 45 CFR Part 75 - Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards currently in effect or implemented during the period of award, other Department regulations and policies in effect at the time of award, and applicable statutory provisions. The Code of Federal Regulations (CFR) is available at www.ecfr.gov. Unless otherwise noted in this section, administrative and national policy requirements that are applicable to discretionary grants are available at: www.acf.hhs.gov/administrative-and-national-policy-requirements.

An application funded with the release of federal funds through a grant award does not constitute or imply compliance with federal regulations. Funded organizations are responsible for ensuring

that their activities comply with all applicable federal regulations.

Please review all HHS regulatory provisions for Termination at 2 CFR § 200.340.

HHS Grants Policy Statement

The HHS Grants Policy Statement (HHS GPS) is the Department of Health and Human Services' single policy guide for discretionary grants and cooperative agreements. ACF grant awards are subject to the requirements of the HHS GPS, which covers basic grants processes, standard terms and conditions, and points of contact, as well as important agency-specific requirements. The general terms and conditions in the HHS GPS will apply as indicated unless there are statutory, regulatory, or award-specific requirements to the contrary that are specified in the NoA. The HHS GPS is available at https://www.acf.hhs.gov/grants/discretionary-post-award-requirements#book_content_0.

Equal Treatment of Faith-Based Organizations

A faith-based organization that participates in this program will retain its independence from the federal government and may continue to carry out its mission consistent with religious freedom, nondiscrimination, and conscience protections in federal law, including the Free Speech and Free Exercise Clauses of the First Amendment of the U.S. Constitution, the Religious Freedom Restoration Act (42 U.S.C. 2000bb *et seq.*), the Coats-Snowe Amendment (42 U.S.C. 238n), Title VII of the Civil Rights Act of 1964 (42 U.S.C. 2000e–1(a) and 2000e–2(e)), Americans with Disabilities Act, 42 U.S.C. 12113(d)(2), section 1553 of the Patient Protection and Affordable Care Act (42 U.S.C. 18113), the Weldon Amendment (e.g., Further Consolidated Appropriations Act, 2020, Public Law 116–94, 133 Stat. 2534, 2607, div. A, sec. 507(d) (Dec. 20, 2019)), or any related or similar federal laws or regulations. Religious accommodations may also be sought under many of these religious freedom and conscience protection laws.

Consistent with 45 CFR § 87.3(b), a faith-based organization that receives direct financial assistance from HHS may not engage in any explicitly religious activities (including activities that involve overt religious content such as worship, religious instruction, or proselytization) as part of the programs or services funded with direct financial assistance from the HHS awarding agency. Such an organization, whether faith-based or not, also shall not, in providing services funded by HHS, discriminate against a program beneficiary or prospective program beneficiary on the basis of religion, a religious belief, a refusal to hold a religious belief, or a refusal to attend or participate in a religious practice, as provided in 45 CFR § 87.3(d).
