

Title: Countering Violent Extremism – Countering Terrorist Ideology

Funding Opportunity Number: SFOP0006901

Bureau: Bureau of Counterterrorism (CT), Department of State

Questions and Answers, June 11

Question: There doesn't seem to be any mention of a risk or contingency plan in the PSI. How (if at all) would you like us to address the COVID-19 crisis and how it potentially could have an impact on the activities (or the timeline of activities) under the grant?

Answer: Given the risks and uncertainties related to the current global pandemic, a discussion of how the applicant will implement activities once any relevant/applicable travel and other restrictions are lifted, as well as contingency planning if conditions deteriorate, is recommended but not required in the Proposal Narrative.
