EXECUTIVE SUMMARY

The Bureau of International Narcotics and Law Enforcement Affairs (INL) leads the Department of State's anticrime and counter-narcotics efforts. INL assistance programs help partner nations to build their capacities to extend the reach of justice under the rule of law, including respect for human rights and gender equality, and to deny safe haven to criminals who would otherwise operate with near impunity. The resources entrusted to us, enables INL to deliver technical assistance and capacity to: enhance international drug control through interdiction and supply reduction; develop civilian law enforcement capacity, regional partnerships, and information sharing; and further the administration of justice and corrections under the rule of law with respect for human rights. This mission supports **peace and security** by stabilizing and strengthening security institutions and by combating narco-trafficking and other transnational crimes such as money laundering, criminal gangs, and wildlife trafficking. It promotes **governing justly and democratically** by strengthening justice sector institutions, good governance and respect for human rights.

INL combines forces with other USG and international agencies and takes a regional approach to widespread problems. INL also encourages more developed governments to take responsibility as equal partners in global efforts to support critical country and global programs that combat transnational crime, disrupt illicit trafficking, and build their capacities to extend their reach of justice under the rule of law. The Bureau's priority programs support three inter-related objectives:

- **BUILDING CRIMINAL JUSTICE SYSTEMS:** Institutionalize rule of law by supporting and assisting in capacity building of host nation justice, law enforcement, and corrections institutions, promote human rights and diversity, protect vulnerable groups, and collaborate with multilateral and international partners to establish global standards and accountability mechanisms;
- **COUNTER-NARCOTICS:** Disrupt the overseas production and trafficking of illicit drugs through targeted counter-narcotics and institution-building assistance and coordination with foreign nations and international organizations, and;
- **TRANSNATIONAL CRIME:** Minimize the impact of transnational crime and criminal networks in the U.S. and its allies to oppose and counter corruption; wildlife crimes; cybercrime; intellectual property rights (IPR) fraud; transnational organized crime; environmental crime; crimes that threaten civilian security; and activities using the proceeds of crime.

NOTICE OF FUNDING OPPORTUNITY

The United States Department of State, Bureau of International Narcotics and Law Enforcement Affairs, is seeking applications from qualified Non-Governmental Organizations (NGOs), Educational Institutions and other qualified organizations for a Grant/Cooperative to implement a two (2) year program entitled "Strengthening Law Enforcement's Partnerships with Women's Justice Centers" by the implementation of six iterations per year of a seven day study tour program for 12 participants each for a total of 12 study tours for 144 participants.

Each study tour will include international and local scheduling, interpretation and translation services, lodging and air and local daily transportation in two locations in the U.S. for twelve Mexican participants focused on sharing best practices on programming to prevent gender based violence.

The study tours will provide high-quality training on and exposure to the medical, forensic, legal and social approaches multidisciplinary approaches to domestic violence (DV) and sexual and gender-based violence cases (SGBV); and facilitate interdisciplinary dialogues among criminal justice and allied professionals about U.S. best practices in responding to DV and SGBV and their potential application within the context of Mexican efforts to improve response to DV and SGBV.

This project is intended for professionals in the criminal justice field, including judges, prosecutors, and police managers working on women's access to justice, including personnel assigned to the various Women's Justice Centers throughout Mexico.

This Cooperative Agreement is intended to assist decision makers in the Mexican Criminal Justice and Social Services Sector to observe best practices in providing comprehensive criminal justice support to victims of gender based violence. The objective is to provide the GOM with additional tools to protect women and children from violence in Mexico. INL will identify and work with the National Security Commission (CNS), Executive Secretariat of the National System for Public Security (SESNSP) and the National Commission for the Prevention and Elimination of Violence against Women (CONAVIM), to send a letter to include the official invitation to the State Police and Women Justice Centers with the profile we provide.

Pursuant to 2 CFR 200.400g, it is U.S. Department of State policy not to award profit under assistance instruments. All reasonable, allocable, and allowable expenses, however, both direct and indirect, which are related to the agreement program and are in accordance with applicable cost standards (2 CFR 200 for US and overseas-based non-profit organizations and universities) may be paid under the cooperative agreement. NOTE: overseas-based nonprofit organizations are legally required to comply with the 2 CFR 200.

Subject to the availability of funds, INL intends to issue an award in an amount not to exceed \$999,999 in total funding. The U.S. Dollar amount will be funded from INL allocated funds, for an initial project period of 2 years. INL may award up to one additional year contingent on INL priorities, good performance of the recipient, and funding availability. INL reserves the right to fund any or none of the applications submitted and will determine the resulting level of funding for the award.

Eligible organizations interested in submitting an application are encouraged to read this NOFO thoroughly to understand the type of project sought and the application submission requirements and evaluation process.

To be eligible for an award, the applicant must submit all required information in its application through grants.gov, including the requirements found in any attachments to this grants.gov opportunity. This NOFO consists of the following Sections:

Any questions concerning this NOFO should be submitted in writing to Cheryl Price and Stephanie BonBon via email at PriceCH@state.gov and BonBonGS@state.gov. The deadline for submission of questions for this NOFO is June 2, 2017, 5:00 PM Eastern Standard Time (EST). Responses to questions will be made available to all potential applicants by posting the Q&A's on grants.gov as an attachment.

Issuance of this NOFO does not constitute an award commitment on the part of the U.S. government, nor does it commit the U.S. government to pay for costs incurred in the preparation and submission of an application. In addition, final award of any resultant grant agreement cannot be made until funds have been fully appropriated, allocated, and committed through internal INL procedures. While it is anticipated that these procedures will be successfully completed, potential applicants are hereby notified of these requirements and conditions for award. Applications are submitted at the risk of the applicant. All preparation and submission costs are at the applicant's expense and not be included in the proposed budget of an application.

SECTION I – PROGRAM DESCRIPTION

BACKGROUND

INL is part of the Department of State's multi-faceted response to transnational criminal activity. Dedicated to strengthening criminal justice systems, countering the flow of illegal narcotics, and

minimizing transnational crime, INL plays a key role in leading the development and synchronization of U.S. international drug and crime assistance. INL's technical support is tailored to bolster capacities of partner countries through multilateral, regional, and country-specific programs.

The Merida Initiative is an unprecedented partnership between the United States and Mexico to fight organized crime and associated violence while encouraging respect for human rights and the rule of law. Based on principles of shared responsibility, mutual trust, and respect for sovereign independence, the two countries' efforts have strengthened institutional capacity to enforce the rule of law that is transforming the bilateral relationship.

Under the Merida Initiative, INL and other U.S. agencies support the professionalization of Mexican law enforcement agencies at the federal, state and municipal/local levels.

The Government of Mexico has attempted to confront the specific problem of gender-based violence through the formation of Women's Justice Centers in several states, with more slated to come on line in the coming years. With funding and policy guidance provided by National Commission for the Prevention and Eradication of Violence Against Women (CONAVIM, in Spanish), centers have been established in the cities of twenty two states. These centers consolidate judicial, law enforcement and social services for women at risk in a single location. This innovative program faces two principal challenges that this study tour project attempts to address. First, Mexico is currently undergoing a transition away from the inquisitorial system of law to an accusatory system modeled more closely after the U.S. system, which will give different or new roles and responsibilities to the various criminal justice actors, including the police, prosecutors, and judges assigned to these Women's Justice Centers. Second, there is persistent reluctance within the ranks of the Mexican preventive police to intervene in cases of gender-based violence, especially those cases involving domestic or spousal abuse, which diminishes the reach of the Justice Centers that rely on officers in the field to put victims in contact with the centers.

This project is intended to assist Mexican judges, prosecutors, and police officers to observe successful, domestic violence reduction, or gender-based violence reduction programs in U.S. jurisdictions, allowing them to observe how the accusatory justice system impacts investigations, judicial cases, and intervention strategies, and how patrol officers in the field serve as a key partner to the efforts of specialized units.

PROJECT PURPOSE/DESCRIPTION

This study tour project is one week in length and includes visits to two U.S. cities for twelve Mexican participants to meet with professional counterparts and visit U.S. public and private sector organizations related to gender based violence prevention in the United States. The project is designed to build mutual understanding between Mexican law enforcement and Mexican Women's Justice Center, through carefully designed visits, professional meetings, and activities that reflect the visitors' professional interests. Grantee will submit proposed itineraries for INL approval prior to execution with a description of the innovative program that may be observed at each location and will be tailored accordingly.

Visitors and potential opinion leaders are selected from the ranks of Mexico's police in the Women's Justice Centers and Mexican police agencies. These visits will provide the opportunity to observe innovative local programs to address gender-based violence, such as those with an

emphasis on integration of police and prosecutors, use of specialized investigative teams and/or prosecutorial units, policies developed and implemented to encourage responsive and effective interventions by district patrol officers, special courts, and integration of community based programs with criminal justice initiatives.

Visitors will hear from U.S. NGOs and local, state and federal governments on programming that promotes equality of access to justice and equal protection under law, exploring innovative approaches to stopping gender-based violence and providing tailored criminal justice and social services to the victims of domestic violence and other forms of gender-based violence in the community. These study tours will foster the dialogue and/or exchanges needed to further gender based violence programs in Mexico. Grantee will schedule locally the study tours in two cities of the U.S. and will schedule international and local air flights and local transportation for participants. Grantee will pay for air transportation Mexico/U.S.-U.S./Mexico, taxi expenses home/airport/hotel/airport/home, daily transportation, lodging, meals and incidental expenses, travel insurance, printing materials and the interpretation and translation services English-Spanish-English. Study tours will be of seven days including the travel days. INL/Mexico will identify Mexican participants, will arrange A2 visas for them, and will process the vetting.

This project is intended for professionals in the criminal justice field, including judges, prosecutors, and police managers working on women's access to justice, including personnel assigned to the various Women's Justice Centers throughout Mexico.

The project is comprised of the following objectives and corresponding activities:

PROJECT GOALS

The goal of his project is to enhance the capacity of the Government of Mexico and its political subdivisions to protect women and children from violence, by allowing relevant stakeholders to observe innovative practices in the area of reducing gender-based violence that allows them to improve upon or expand Mexican gender-based violence reduction programs. A subordinate goal of this project is to increase the linkages between Mexican preventive police agencies and Women's Justice Centers, in order to improve the delivery of services to the victims of gender-based violence. To accomplish this, Mexican professionals in the criminal justice field, including judges, prosecutors, and police managers working on women's access to justice, including personnel assigned to the various Women's Justice Centers throughout Mexico will visit two U.S. cities to meet with professional counterparts and visit U.S. public and private sector organizations related to gender based violence prevention programs in the U.S.

INL shall be substantially involved during the implementation of this cooperative agreement in the following ways:

1. Identifying potential Mexican participants - INL will identify and work with The National Security Commission (CNS), Executive Secretariat of the National System for Public Security (SESNSP) and the National Commission for the Prevention and Elimination of Violence against Women (CONAVIM), to send a letter to include the official invitation to the State Police and Women Justice Centers with the profile we provide
2. Reviewing and approving the agenda of each study tour to ensure that it meets INL and GOM objectives;

3. Arranging official A2 visas for visitors and processing the vetting;
4. Approving the Recipient's annual work plans, including: planned activities for the following year, travel plans, planned expenditures, event planning, and changes to any activity to be carried out under the Cooperative Agreement;
5. Approving a detailed Monitoring and Evaluation Plan;
6. An INL representative will accompany each study tour to provide context. (Note: INL will assume all expenses for the INL Police Advisor separately from this Cooperative Agreement);
7. Any other programmatic approvals required due to nature of program.

PROJECT OBJECTIVES

Objective 1:

Arrange visits, professional meetings and activities with U.S. professional counterparts and U.S. public and private sector organizations related to gender based violence prevention in the U.S. in two locations in the U.S. INL will review and approve all schedules prior to implementation.

Activity 1: Arrange visits, professional meetings and activities for six one-week iterations per year for twelve Mexican participants in two U.S. locations.

Activity 2: Provide INL with a program calendar of visits, professional meetings and cultural activities 90 days before the iteration starts to include times, location, local transportation and attendees.

Objective 2:

Arrange and provide international and local transportation, lodging, meals and incidental expenses, travel insurance, printing materials and interpretation and translation services for visitors to attend visits, professional meetings and cultural activities and access to buildings, if necessary. Coffee breaks can also be required for participants and for attendees to the meetings as well.

Activity 1: Arrange and provide international and local transportation for visitors, including air flights Mexico/U.S.-U.S./Mexico, taxi expenses home/airport/hotel/airport/home and daily transportation hotel-venue-hotel.

Activity 2: Provide lodging for visitors.

Activity 3: Provide travel insurance for visitors.

Activity 4: Provide meals and incidental expenses to visitors including travel days.

Activity 5: Provide printing materials

Activity 6: Provide interpretation and translation services.

Activity 7: Coordinate with INL to provide visitors' names and travel information.

Activity 8: Send the agenda and logistic details to INL of each study tour 30 business days before the iteration starts.

Activity 9: Provide coffee break services for participants and attendees to the meetings scheduled in the different venues.

Objective 3:

Upon completion of each study tour, report to INL about the iterations conducted.

Activity 1: Produce visit reports to include where, they went, with whom they met, a description of the programs they observed and provide comments on feedback received from the participants and any problems encountered.

CROSS-CUTTING AND ADDITIONAL ACTIVITIES

Community Involvement

Where appropriate the visit should include an opportunity to observe the interaction between the criminal justice components and civil society groups (examples: battered women's shelters or support groups of domestic violence).

TARGET POPULATION

Applicants should identify target audiences, specific demographics, and the region(s) in which the project will be implemented. It is particularly important to specify the approximate number of beneficiaries to be directly and indirectly impacted by project activities.

DESIRED RESULTS AND ILLUSTRATIVE INDICATORS

By the end of the project, the selected applicant is expected to conduct 12 seven-day iterations for twelve Mexican participants in two US locations.

The recipient will develop a project-level Performance Monitoring plan (PMP) with annual and end-of- project targets and results anticipated for key performance indicators. The following table shows indicators that will be measured, as well as illustrative targets, upon which the recipient will be responsible for monitoring and reporting during and after the project. In addition, [Post] will regularly monitor the project's performance to assess whether project activities are on track and targets are being achieved.

Outcome indicators for the project are provided below. The recipient is expected to identify targets for these indicators based on what it can reasonably achieve within the performance period of the project, and based on the expected overall project results described above.

<i>Outcome Indicators</i>	<i>Illustrative targets:</i>
12 study tours completed, with twelve participants each (mixed groups of	144

judges, prosecutors, investigative police, and preventive police managers)	
Each group visits two locations that have innovative programs to address gender-based violence, emphasizing specialized courts, prosecutorial units, investigative units, and linkage to first responders in patrol districts	24 cities

Output indicators and illustrative targets for the project are provided below. The recipient should review these and either confirm the illustrative targets or propose alternative targets, as appropriate.

<i>Output Indicators</i>	<i>Illustrative targets:</i>
Mentored discussion by grantee allows each participant to identify at least one idea related to the development/improvement of gender-based violence reduction programs prior to their return to Mexico; results of those discussions are formally detailed in session report to INL	144
Each participant completes a survey upon return to Mexico, to identify what was useful, what was interesting, and what should be changed/eliminated in future study tours	144

The recipient may propose additional outputs, indicators, and/or targets as appropriate. The recipient will be required to collect baseline data for all the PMP indicators during the first year of the project. In addition, certain terms included in the outcomes and indicators will need to be defined at the very beginning of the project so that it is possible to measure the change during and at the end of the project. Examples of such are “capacity”, “spread effect”, etc. Baseline information will be critical for both monitoring and evaluation of project progress and results.

[END OF SECTION I]

SECTION II – FEDERAL AWARD INFORMATION

INL expects to award one grant agreement based on this NOFO. The anticipated total federal funding amount is not to exceed \$999,999. The period of performance is 2 years with an anticipated start date of September/October 2017. INL **may extend** the award up to 1 additional years contingent on INL priorities, good performance of the recipient, and funding availability.

The U.S. government may issue one award resulting from this NOFO to the responsible applicant(s) whose application(s) conforming to this NOFO are the most responsive to the objectives set forth in this NOFO. The U.S. government may (a) reject any or all applications, (b) accept other than the lowest cost application, (c) accept more than one application, (d) accept alternate applications, and (e) waive informalities and minor irregularities in applications received.

The U.S. government may make award on the basis of initial applications received, without discussions or negotiations. Therefore, each initial application should contain the applicant's best terms from a cost and technical standpoint. The U.S. government reserves the right (but is not under obligation to do so), however, to enter into discussions with one or more applicants in order to obtain clarifications, additional detail, or to suggest refinements in the program description, budget, or other aspects of an application.

Please include this language if Leahy Vetting will be required for this project. Applicants please be advised that the following will be required if your organization is selected for this announcement.

State Department Leahy Amendment Vetting Requirements:

Funds provided under this award are subject to Section 620M of the Foreign Assistance Act of 1961, as amended, a provision titled “Limitation on Assistance to Security Forces” (the “Leahy Amendment”). Subsection (a) of that provision states: “(a) In General.—No assistance shall be furnished under this Act [the Foreign Assistance Act] or the Arms Export Control Act to any unit of the security forces of a foreign country if the Secretary of State has credible information that such unit has committed a gross violations of human rights.” Accordingly, none of the funds under this award may be used to provide training or other assistance to any unit or member of the security forces of a foreign country if the Department of State has credible information that such unit or individual has committed a gross violation of human rights.

In signing this agreement, the Recipient agrees to exercise due diligence to ensure compliance with the Leahy provision and State Department policy, and to cooperate with the State Department in implementation of the Leahy requirement for funds under this award. The Department implements the Leahy requirement by vetting units or individuals proposed for training or other assistance to check for credible information of a gross violation of human rights by such units or individuals. To facilitate State Department vetting, the Recipient must provide the following information for proposed participants at least sixty (60) calendar days prior to commencing award activities. This information should be submitted to the U.S. Embassy in the country where the award will be implemented in order to initiate Leahy vetting procedures:

Information needed: Full name, date of birth, country of birth, country of citizenship, gender, rank, title, and organizational affiliation. Please also include the activity and date that the activity will take place—if the person will participate throughout an extended program, please note the timeframe. Participant information should be submitted in the format attached.

Information required for “security forces” personnel: The above information is needed for each member of a foreign police or military unit (security forces, broadly defined) who will participate in any activity under this award. This includes both civilian and military employees of security forces participating in any activities funded under this award, including training, workshops or meetings, conferences, or other activities.

The Recipient must collaborate with the relevant U.S. Embassy on a case-by-case basis to determine if the Leahy requirement applies to specific activities or proposed participants. Individuals who are not members of the security forces but who participate in activities under the award (e.g., politicians, academics, etc.) generally do not need to be vetted.

Submission Deadline: Each candidate must be cleared under Leahy vetting in advance of participation in activities funded under this award. The vetting process typically takes approximately one month, but may take longer if there are a large number of candidates or if issues arise. Thus, all information on proposed candidates must be received by the Embassy at least sixty (60) days in advance of the training event or other activity.

The Recipient agrees that it will not include any security forces candidate in training or other activities funded under this award until the State Department advises that the candidate has cleared Leahy vetting and is approved for participation.

[END OF SECTION II]

SECTION III – ELIGIBILITY INFORMATION

(1) Eligibility for this NOFO is limited to:

- Applicants that qualify to receive U.S. grants (such as **U.S. not-for-profit/non-governmental organizations (NGOs) or U.S. based educational institutions subject to section 501(c)(3) of the U.S. tax code; foreign not-for-profits/non-governmental organizations (NGOs) or foreign based educational institutions**), with the ability to develop and successfully implement a project in Mexico and meet INL’s reporting requirements. Organizations must also be able to demonstrate current (or pending) country registration in Mexico, if required by the country of project implementation.

AND

- Applicants must have demonstrated experience implementing similar education or capacity building programs, preferably in the United States. INL reserves the right to request additional background information on organizations that do not have previous experience administering similar programs and/or federal grant awards.

- Applicants must have the ability to produce course materials, deliver training, and conduct evaluations in Spanish and English. The applicant's staff should be proficient in English in order to fulfill reporting requirements.
- Applicants must have existing, or the capacity to develop, active partnerships with stakeholders in order to successfully carry out the proposed program.
- Organizations may form a consortium and submit a combined proposal. However, one organization should be designated as the lead applicant.
- Applicants must be able to respond to the NOFO and be able to mobilize in a short period of time.

PLEASE NOTE: Public International Organizations (PIOs) and For-Profit Organizations are excluded from applying to this grant announcement.

To be eligible for a grant award, in addition to other conditions of this NOFO, organizations must have a commitment to non-discrimination with respect to beneficiaries and adherence to equal opportunity employment practices. Non-discrimination includes equal treatment without regard to race, religion, ethnicity, gender, and political affiliation.

Applicants are reminded that U.S. Executive Orders and U.S. law prohibits transactions with, and the provision of resources and support to, individuals and organizations associated with terrorism. It is the legal responsibility of the Recipient to ensure compliance with these Executive Orders and laws. This provision must be included in any sub-awards issued under this grant award.

(2) INL encourages applications from potential new partners.

[END OF SECTION III]

SECTION IV – APPLICATION AND SUBMISSION INSTRUCTIONS

INL urges prospective applicants to immediately confirm their organization has a current Unique Entity Identifier (Dun and Bradstreet (DUNS) number) as well as a current Central Contractor Registration via www.sam.gov. Additionally, please ensure that registration in the following systems is in a current/active status prior to your organization's application submission.

Unique Entity Identifier (DUNS Number)

All organizations (foreign and domestic) must obtain a DUNS number. **US-based organizations** may request a DUNS number by calling 1-866-705-5711; the DUNS number is usually provided immediately.

Foreign organizations that do not have a Unique Entity Identifier (DUNS number) will need to go to the Dun & Bradstreet website at <http://fedgov.dnb.com/webform/pages/CCRSearch.jsp> to obtain the number. **The webform requests generally takes 1-2 business days.*

NOTE: DUNS requirements are applicable to any potential sub grantees as well.

CAGE/NCAGE Registration

For US-based organizations, a CAGE code will automatically be assigned to your entity once you submit your entity's registration in SAM.gov and the TIN validation has been returned.

NCAGE Codes are required for all foreign entities prior to starting a SAM registration. **PLEASE NOTE: The organization's name, address, and email information used to request your NCAGE Code must match what you used to request your Unique Entity Identifier (DUNS Number).** Otherwise, you will receive error messages when applying for the NCAGE code. You can submit your request for an NCAGE Code using the NCAGE Request Tool at <https://eportal.nspa.nato.int/AC135Public/scage/CageList.aspx>. Detailed instructions are posted at that site. For additional information, please call 1-269-961-4623 or send an email message to NCAGE@dlis.dla.mil.

SAM.gov Registration

SAM.gov registration is required of all INL applicants prior to registering with Grants.gov. If your organization was previously registered in the Central Contractor Registry (CCR), you must still create a new Individual User Account in SAM prior to receiving a future federal grant. Applicant organizations can obtain assistance for SAM.gov registration by using the following link: <https://www.fsd.gov> or by calling 1-866-606-8220 (U.S. calls)/or 1-324-206-7828 (international calls). **PLEASE NOTE: The organization's name, address, and email information used to request your organization's Unique Entity Identifier (DUNS number) and the NCAGE Code must match what is used to request the SAM.gov validation.** Otherwise, you will receive error messages when registering in SAM.gov.

US-based organizations that already have a TIN (taxpayer identification number), your SAM registration will take 3-5 business days to process. US-based organizations applying for an EIN (employer identification number), please allow up to 2 weeks.

Foreign organizations **must** have a DUNS number and an NCAGE code prior to completing the SAM.gov registration process.

Please note: If your organization is registered with SAM.gov and your status is NOT listed as ACTIVE, you will need to update your registration prior to submitting an application through grants.gov. SAM.gov requires ALL organizations (foreign and domestic) to register on an ANNUAL basis.

Grants.gov Registration

In order to apply for a grant, your organization must complete the Grants.gov registration process. Registration can take between three-five business days or as long as two weeks if all steps are not completed in a timely manner. Please log into <http://www.grants.gov/web/grants/applicants/organization-registration.html> to obtain complete instructions on the registration process.

Foreign Registrants: Anyone residing and doing business outside of the United States is still required to complete the five steps of the Grants.gov registration process, in addition to fulfilling supplementary requirements for doing business with the United States government. Please ensure that you have obtained a DUNS number, an NCAGE code, and an “ACTIVE” status in SAM.gov prior to registering in Grants.gov.

TECHNICAL FORMAT REQUIREMENTS

For all application documents, please ensure:

- A. All pages are numbered, including budgets and attachments,
- B. All documents are formatted to 8 ½ x 11 paper, and
- C. All Microsoft Word documents are single-spaced, 12 point Times New Roman font, with a minimum of 1-inch margins.
- D. All documents must be submitted in English. ***(Please note: Per Department policy, English is the official and controlling language for all submitted application/award documents.)***

Complete applications must include the following for proposal submissions:

- 1. **Completed and signed SF-424, SF-424A, and SF424B**, submitted via grants.gov *(Please see Tab D for instructions for completion of Standard Forms 424, 424A, and 424B.)*
- 2. A copy of your organization’s **most recent audit (as required per 2 CFR 200.500 – Subpart F)**. If an audit cannot be provided, an explanation must be submitted with the proposal submission.
- 3. **Cover Page** that sets forth proposal title, name of lead applicant, names of any other participating organizations, name and number of the Target Themes to which the proposal responds, and requested funding amount in U.S. dollars (see the award amount ceiling as stated in the NOFO)
- 4. **Table of Contents** (not to exceed one [1] page in Microsoft Word) that includes a page-numbered contents page, including any attachments.
- 5. **Executive Summary** (not to exceed two [2] pages in Microsoft Word) that includes:
 - a) the target country(ies),
 - b) name and contact information for the project’s main point of contact,
 - c) a statement of work or synopsis of the program, including a concise breakdown of the project’s objectives, activities, and expected results,
 - d) the total amount of funding requested and program length, and
 - e) a brief statement on how the project is innovative, sustainable, and will have a demonstrated impact.
- 6. **Proposal Narrative** (not to exceed fifteen [15] pages in Microsoft Word). Please note the fifteen [15] page limit **does not** include the Table of Contents, Executive Summary, Attachments, Detailed Budget, Budget Narrative or NICRA.
- 7. **Summary and Detailed Line-Item Budget** (preferably in Microsoft Excel) that includes three [3] columns including the request to INL, any cost sharing contribution, and total budget (see below for more information on budget format). A summary budget should also be included using the OMB approved budget categories (see SF-424 as a sample). Costs must be in U.S. dollars.

8. **Budget Narrative** (preferably in Microsoft Word) that includes an explanation and justification for each line item in the detailed budget spreadsheet, as well as the source and a description of all cost-share offered. For ease of review, INL recommends applicants order the budget narrative as presented in the detailed budget. Personnel costs should include a clarification of the roles and responsibilities of key staff and percentage of time devoted to the project. The budget narrative should communicate to INL any information that might not be readily apparent in the budget, not simply repeat with words what is stated numerically in the budget.
9. **NICRA:** If your organization has a negotiated indirect cost rate agreement (NICRA) and will include NICRA charges in the budget, your latest NICRA must be included as a .pdf file. This document will not be reviewed by the panelists, but rather used by program and grant staff if the submission is recommended for funding and therefore does not count against the submission page limitations, as described above. If your proposal involves subgrants to organizations charging indirect costs, please submit the applicable NICRA also as a .pdf file (see “INDIRECT COST RATE” below for more information on indirect cost rates).
If your organization does NOT have a negotiated indirect cost rate agreement (NICRA) please specify if your organization elects to charge the de minimis rate of 10% of the modified total direct costs. The de minimis rate must be included in the detailed budget and an explanation must be provided in the budget narrative.
10. **Monitoring and Evaluation Plan;** (see **TAB B** below for more information on this section).
11. **Roles and responsibilities of key program personnel with short bios** that highlight relevant professional experience. This relates to the organization’s capacity. Given the limited space, CVs are not recommended for submission.
12. **Timeline of the overall proposal** - Components should include activities, evaluation efforts, and program closeout
13. **A list of previous and/or current federal assistance awards received;** please include the awarding agency, point of contact, name of the project, start and end dates, and amount of the award.
14. **Program Risk Analysis** as noted in **TAB B** of this NOFO (applicant provides an overview of possible risks associated with the program along with mitigating determinations for each risk).
15. **INL Pre-Award Survey Form** – template provided by INL that reviews the organization’s financial capacity and infrastructure.
16. **Attachments** (not to exceed **three (3)** pages total, preferably in Microsoft Word) that include the following in order:
 - a) **Additional optional attachments.** Attachments may include further timeline information, letters of support, memoranda of understanding (MOU)/agreement, etc. For applicants with a large number of letters/MOUs, it may be useful to provide a list of the organizations or government agencies that support the program rather than the actual documentation.

Note: INL retains the right to request additional documentation for those items not included on this form.

ADDITIONAL INFORMATION

OFFICE OF MANAGEMENT AND BUDGET (OMB) CIRCULARS

Organizations should be familiar with 2 CFR 200 on cost accounting principles. For a copy of the OMB circular cited, please contact Government Publications or download from

based nonprofit organizations are legally required to comply with 2 CFR 200.

AUDITS

The recipient's proposal should include the cost of an audit that:

- 1) Complies with the requirements of 2 CFR 200 Subpart F "Audit Requirements;"
- 2) Complies with the requirements of American Institute of Certified Public Accountants (AICPA) Statement of Position (SOP) No. 92-9, "Audits of Not-for-Profit Organizations Receiving Federal Awards;"
- 3) Complies with AICPA Codification of Statements on Auditing Standards AU Section 551, "Reporting on Information Accompanying the Basic Financial Statements in Auditor-Submitted Documents," where applicable. When the U.S. Department of State is the largest direct source of Federal financial assistance (i.e., the cognizant Federal Agency) and indirect costs are charged to Federal grants, a supplemental schedule of indirect cost computation is required;
- 4) A non-Federal entity that expends \$750,000 or more during the non-Federal entity's fiscal year in Federal awards must have a single or program-specific audit conducted for that year in accordance with the provisions of 2 CFR 200 subpart F. *The audit costs shall be identified by 2 CFR 200.435.*

INDIRECT COST-RATE

An organization with a negotiated indirect cost rate agreement (NICRA) negotiated with a cognizant federal government agency other than the U.S. Department of State must include a copy of the cost-rate agreement. Applicants should indicate in the proposal budget how the rate is applied and if any of the rate will be cost-shared. Per 2 CFR 200.414. any non-Federal entity that has never received a negotiated indirect cost rate, except for those non-Federal entities described in Appendix VII to Part 200—States and Local Government and Indian Tribe Indirect Cost Proposals, paragraph D.1.b, may elect to charge a de minimis rate of 10% of modified total direct costs (MTDC 200.68 Modified Total Direct cost (MTDC) which may be used indefinitely. MTDC means all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and sub-awards and sub-contracts up to the first \$25,000 of each sub-award or sub-contract (regardless of the period of performance of the sub-awards and sub-contracts under the award). ***MTDC excludes equipment (\$5,000 or greater), capital expenditures, charges for patient care, rental costs, tuition remission, scholarships and fellowships, participant support costs and the portion of each sub-award and sub-contract in excess of \$25,000.*** As described in 2 CFR 200.403, factors affecting allowability of costs, costs must be consistently charged as either indirect or direct costs, but may not be double charged or inconsistently charged as both. If chosen, this methodology once elected must be used consistently for all Federal awards until such time as a non-Federal entity chooses to negotiate for a rate, which the non-Federal entity may apply to do at any time.

[END OF SECTION IV]

TAB A: PROPOSAL GUIDELINES

Proposals should include the following components:

- Introduction and Problem Statement
- Planned Activities
- Indicators

Problem Statement and Rationale: Describe the problem and how the project will achieve or contribute to achieving a sustainable solution and a measurable outcome. The applicant should explain the extent of existing assistance within the particular geographic area, and how the proposed intervention may complement (or differ from) other similar interventions. The implementer should also explain, as necessary, the particular experience and qualifications they bring to the project. The rationale should also reflect understanding of the priorities and policies of the bureau/post or program with which this agreement is associated.

Planned Activities and Indicators: Describe the planned activities, and relevant stakeholders for implementation. The implementer should highlight key stakeholders and their expected role in the project, along with any contingencies. The implementer should list assumptions that are dependent on the ultimate success of the project. This could include elements like geographic location, coordination efforts with other international organizations, or political will from host governments, private sector, and NGOs. As appropriate, limited contingency possibilities should be included in the proposal, in case the initial planning assumptions are not met. Example of a planned activity and contingency:

Planned Activity	Contingency
<i>Energy efficiency workshops in collaboration with the government of Mexico and other representatives from the Latin America region, focused on raising awareness of energy efficiency standards.</i>	<i>If government of Mexico doesn't engage at the expected level, project team will look to other regional stakeholders, such as the OAS, to assist in convening key stakeholders.</i>

In the proposal, there should be a clearly defined link between each of the following elements as delineated:

Problem Statement → Planned Activities/Inputs → Process Indicators → Output Indicators → Outcome Indicators → Impact
--

Process Indicators measure the activity that has been completed. Please delineate the specific activities to be conducted, such as workshops, roundtables, trainings, forums, exchanges, policy dialogues, etc. All indicators must include targets. Example of a process indicator:

Process Indicator	<i>50 women trained in energy efficiency standards</i>
--------------------------	--

Output Indicators, otherwise known as deliverables associated with the agreement, should be included. Unlike process indicators, outputs are what is produced, and are often tangible. At this level, it is the measurement of ability, knowledge, skills, or access. All indicators must include

targets. Example of an output indicator involving the same participants:

Output Indicator	<i>80 percent of participants demonstrate at least 75 percent cognizance of efficiency standards</i>
-------------------------	--

Outcome Indicators measure the change in system or behavior or practice. Expected outcomes are the results that come from a series of activities that are necessary to achieve impact. All indicators must include targets. Example of an outcome indicator:

Outcome Indicator	<i>30 percent of efficiency standards being implemented in a participant's country as a result of participant's participation.</i>
--------------------------	--

All indicators **must** include measurable, numerical targets, which should serve as the foundation for monitoring and evaluation efforts. Ultimately, proposed activities and achievement of indicator targets will lead to impact.

TAB B: PROGRAM MONITORING AND EVALUATION PLAN and RISK ANALYSIS

INL will work with recipient organizations to implement the appropriate monitoring and evaluation plan that meets both the needs of the bureau and the implementing partner. Incorporating a well-designed monitoring and evaluation component into a project is one of the most efficient methods of documenting the progress and potential success of a program. Successful monitoring and evaluation depend on the following:

- Setting objectives that are specific, measurable, attainable, results-focused, and placed in a reasonable time frame (SMART);
- Linking project activities to stated objectives;
- Developing key performance indicators that measure realistic progress towards the objectives.

INL expects implementing organizations will track participants or partners as appropriate and be able to respond to key evaluation questions, including satisfaction with the program/training, information learned as a result of the program/training, changes in attitude and behavior as a result of the program, and effects of the program on institutions in which participants work or partner with. Applicants should include the monitoring and evaluation process in their timeline.

Recipients will be required to provide reports with an analysis and summary of their findings, both quantitative and qualitative, in their regular quarterly progress reports to INL.

The monitoring and evaluation plan should include, at a minimum, the following elements:

- A results “Logic Model” planning document (see sample Logic Model template attached as a sample document)
- Indicators, as described in Tab A, as well as details on how each indicator will be measured, frequency of the measurements, units of measure, etc. Provide indicators at the output and outcome levels. Monitoring and evaluation plans should include a chart component that clearly delineates indicators and targets. All indicators must include measurable, numerical targets.
- Establish, where possible, performance baseline data and expected performance targets for each indicator/outcome. In some cases, the baseline may be zero.
- Describe monitoring and evaluation tools, such as rapid assessment surveys, site visits, key stakeholder interviews, etc., that will be used.
- Plans should describe how the project’s impact and effectiveness will be monitored and evaluated throughout the project.

INL has included a sample Monitoring and Evaluation template as an attachment to the NOFO.

RISK ANALYSIS

Risks are unavoidable – all programs inherently contain both internal and external risks. However, with proper identification and management, risks can be prepared for, minimized or mitigated. The purpose of a risk analysis is to identify the internal and external risks associated with the

proposed program in the application, rate the likelihood of the risks, rate the potential impact of the risks on the program, and identify actions that could help mitigate the risks. A risk analysis should not be considered a one-time exercise or a static document. INL defers to organizations to conduct adequate risk analysis and remediation for all of its operations and advises that risk analysis and remediation occur throughout the life of a program and should result in revisions to risk analysis documents and processes as necessary. Applicants should include all assumptions and external factors identified in the logic model in the risk analysis. Applicants should rate the likelihood of a risk and potential impact of the risk as “High,” “Medium,” or “Low.”

TAB C: BUDGET GUIDELINES

Complete budgets will provide a detailed line-item budget outlining specific cost requirements for proposed activities. A minimum of three columns should be used to delineate the bureau funding request, cost-share by applicant, and total project funding. Complete applications will include a budget narrative to clarify and justify individual line-items (i.e. calculations of how the costs were derived per month or year, their necessity, and overall contribution to the program's cost-effectiveness).

The three-column proposal line item budget should include the following components, in the suggested format below:

		INL Request	Cost Share	Total
A. PERSONNEL				
a) Primarily Headquarters-Based Personnel				
-H.Q.-based project -dedicated staff salary (X months)	X% of \$X/yr			
-H.Q.-based administrative staff salary (X months)	X% of \$X/yr			
b) Primarily Field-Based Personnel				
-Field-based Country Director salary (x months or year)	X% of \$X/yr			
-Field-based Program Assistant salary (x months or year)	X% of \$X/yr			
Subtotal Personnel				
B. FRINGE BENEFITS				
a) Primarily H.Q.-Based Fringe Benefits	fringe=X% salary			
-H.Q.-based project -dedicated staff fringe (X months)	X% fringe			
-H.Q.-based administrative staff fringe(X months)	X% fringe			
b) Primarily Field-Based Fringe Benefits	fringe=X% salary			
-Field-based Country Director fringe (x months or year)	X% fringe			
-Field-based Program Assistant fringe (x months or year)	X% fringe			
Subtotal Fringe Benefits				
C. TRAVEL				
a) Monitoring Travel				
-Monitoring Trip: H.Q. to field (X)	\$X/RT flight			
-Per diem (X days)	\$X/day			
b) Field Travel				
<u>Activity 1: Workshop</u>				
-Staff Travel (# staff)	\$X/RT flight/# staff			
-Staff Per Diem (X days)	\$X/day/# day/# staff			
-Participant Travel (# participants)	\$X/trip/# pax			
-Participant Per Diem (X days)	\$X/day/# day/# pax			
<u>Activity 2: Town Hall Meeting</u>				
-Staff Travel (# staff)	\$X/RT flight/#			

-Staff Per Diem (X days)	staff \$X/day/# day/# staff

I. TOTAL DIRECT CHARGES (Sum of A-H Subtotals)				
J. INDIRECT CHARGES				
a) Indirect Costs/NICRA (X% of costs)				
Subtotal Indirect Charges				
K. TOTAL COSTS (Sum I-J)				

Note: This budget is designed to serve as an example of the format for complete budget submissions and is NOT exhaustive. Individual line items included in each applicant's budget should reflect specific program activities. (pax = participants)

Before grants are awarded, INL reserves the right to reduce, revise, or increase proposal budgets in accordance with the needs of the INL program and availability of funds.

As mentioned above, the detailed budget should also include an accompanying budget narrative document that explains and justifies each line item, in the suggested format below:

LINE-ITEM BUDGET NARRATIVE –

A. Personnel – Identify staffing requirements by each position title and brief description of duties. For clarity, please list the annual salary of each position, percentage of time and number of months devoted to the project. (e.g., Administrative Director: \$30,000/year x 25% x 8.5 months; calculation: $\$30,000/12 = \$2,500 \times 25\% \times 8.5 \text{ months} = \$5,312.$).

B. Fringe Benefits - State benefit costs separately from salary costs and explain how benefits are computed for each category of employee - specify type and rate. Fringe benefit application must be consistent with organization's written policy.

C. Travel - Staff and any participant travel (Note: Staff refers to grantee staff only, and not sub-grantee staff or contractors):

1) international and/or domestic airfare - Please indicate origin and destination (country/city), number of travelers and unit cost per round trip

NOTE: All travel must be booked with economy class fares only. Applicants must explain differences in fares among travelers on the same routes. Note that all travel, where applicable, must comply with the Fly America Act. For more information see <http://www.gsa.gov/portal/content/103191>.

2) in-country travel - Please indicate origin and destination (city), type of transportation, number of travelers and unit cost per traveler per trip.

3) per diem/maintenance: includes lodging, meals and incidentals for both participant and staff travel. Rates of maximum allowances for U.S. and foreign travel are available from the following website: <http://www.policyworks.gov/>. Per diem rates may not exceed the published U.S. government allowance rates; however, institutions may use per diem rates lower than official government rates.

NOTE: Per diem rates must be prorated and/or removed if applicant will pay for refreshments and/or meals for participants during a workshop/conference.

D. Equipment – please provide justification for any equipment purchase/rental, defined as tangible personal property having a useful life of more than one year and an acquisition cost of \$5000 or more.

E. Supplies - list items separately using unit costs (and the percentage of each unit cost being charged to the grant) for photocopying, postage, telephone/fax, printing, and office supplies (e.g., Telephone: $\$50/\text{month} \times 50\% = \$25/\text{month} \times 12 \text{ months}$).

F. Contractual –

a) Subgrants - For each subgrant/contract please provide a detailed line-item budget breakdown explaining specific services. Please provide a subgrant budget using the approved OMB budget format. (See Tab C: Budget Guidelines, above.)

b) Consultant Fees - For example lecture fees, honoraria, travel, and per diem for outside speakers or independent evaluators: list number of people and rates per day (e.g., $2 \times \$150/\text{day} \times 2 \text{ days}$). Consultant/outside expert fees/honoraria should be consistent with the level of experience

and based on a fair market value. (NOTE: *Consultant Fees and Honorarium should NOT EXCEED \$655/day*)

G. Other Direct Costs - these will vary depending on the nature of the project. The inclusion of each should be justified in the budget narrative. All costs must be allowable, allocable, and reasonable, and consistent with OMB guidelines. **Line items such as “Miscellaneous,” “Other,” “Contingency Fund,” and “Reserve Fund” are not permitted.**

H. Indirect Charges - See 2 CFR 200.414 , "Indirect Costs"

- 1) If your organization has an indirect cost-rate agreement with the U.S. Government, please include a copy of this agreement. Please specify if your organization elects to charge the de minimis rate of 10% of the modified total direct costs. This does not count against submission page limitations.
- 2) If your organization is charging an indirect rate, please indicate how the rate is applied--to direct administrative expenses, to all direct costs, to wages and salaries only, etc.
- 3) Do not include indirect costs against participant expenses in the Bureau budget, as it generally does not pay for these costs.

Cost Share/Cost-Effectiveness - Explanation of contributions should be included in the budget narrative, whether cash or in-kind. Assign a monetary value in U.S. dollars to each in-kind contribution. If the proposed project is a component of a larger program, identify other funding sources for the proposal and indicate the specific funding amount to be provided by those sources. In addition, it is recommended that budget narratives address the overall cost-effectiveness of the proposal, including leveraging of institutional or other resources. Cost sharing or matching refers to a portion of project or program cost that is not borne by the Federal Government. Grantees must follow cost sharing or matching policy as stipulated in 2 CFR 200.306. Cost sharing amounts proposed will be incorporated as part of the allowable budget items. If selected for an award, your organization will have to provide the minimum amount of cost sharing as stipulated in the budget approved by the Grants Officer. If your organization does not meet its cost share amount stipulated in the approved budget by the end of the period of performance INL will have the option to (1) reduce its contribution in proportion to your organization's contribution in the event that you do not provide the minimum amount of cost sharing stipulated in the budget or (2) hold your organization accountable for the amount specified in the approved budget.

BUDGET CONDITIONS AND RESTRICTIONS:

The Recipient is reminded that funds provided under this agreement must be used in a manner fully consistent with U.S. law. The recipient agrees that none of the funds provided by this award shall be used to lobby for or against abortion. The recipient agrees that none of the funds provided by this award shall be used to pay for the performance of abortion as a method of family planning or to motivate or coerce any person to practice abortions.

Per 22 CFR 200.307 ((e) (1), (2) and (3) of this section please note the following guidance concerning use of Program Income:

- Program income earned during the project period shall be retained by the recipient and, in accordance with the terms and conditions of the award, shall be used in one or more of the ways listed in the following:

- 1) Added to funds committed to the project by the Department and recipient and used to further eligible project or program objectives.
 - 2) Used to finance the non-Federal share of the project or program.
 - 3) Deducted from the total project or program allowable cost in determining the net allowable costs on which the Federal share of costs is based.
- It is emphasized, however, that the above three alternatives are applicable only when the grantee is a non-profit entity. Any grant to a commercial firm must state that the first of the alternatives is not available for program income earned by the grantee. (GAO noted in its Principles of Federal Appropriations Law at 10-57, that “This approach [option (1)] increases program size. Both OMB and GAO have expressed preference for the deduction method [option (3)] since it results in savings to the federal government and to grantees.”)

INL will consider budgeted line-items for the following:

- External evaluations to assess the project’s impact (costs must be built into the overall original budget proposal and must be reasonable);
- Costs associated with an internal evaluation conducted by the grantee (costs must be built into the overall original budget proposal and must be reasonable);
- Visa fees, immunizations, and medical insurance associated with program travel;
- A-133 Audit or internal audit for the INL program (or prorated costs that is shared among other Federal Assistance grants/contracts)
- English translation (cost must be built into the original budget proposal and must be reasonable)

The following cost elements will not be reimbursed and are not allowable in this program:

- Publication of materials for distribution within the U.S.;
- Administration of a project that will make a profit;
- Expenses incurred before or after the specified dates of award period of performance (unless prior written approval received);
- Projects designed to advocate policy views or positions of foreign governments or views of a particular political faction;
- Entertainment and/or Alcoholic beverages;
- Costs of entertainment, including amusement, diversion, and social activities and any associated costs are unallowable, except where specific costs that might otherwise be considered entertainment have a programmatic purpose and are authorized either in the approved budget for the Federal award or with prior written approval of the Federal awarding agency;
- Land;
- Construction;
- Direct support or the appearance of direct support for individual or single party electoral campaigns;
- Duplication of services immediately available through municipal, provincial, or national government;
- Expenses listed as “miscellaneous”, “other”, or “contingencies”;
- Expenses made prior to the approval of a proposal or unreasonable expenditures will not be reimbursed.

INL may make conditions and recommendations on proposals to enhance proposed programs. Conditions and recommendations are to be addressed by the applicant before approval of the award. To ensure effective use of INL funds, conditions or recommendations may include requests to increase, decrease, clarify and/or justify budget costs.

21. Enter the name, title, and contact information of the individual authorized to sign for the application.

[END OF SECTION IV]

SECTION V – APPLICATION REVIEW INFORMATION

The technical applications and proposal submissions will be evaluated in accordance with the Technical Evaluation Criteria set forth below. Technical evaluation of applications will be based on the extent and appropriateness of proposed approaches and feasibility of achieving the strategic objectives, in accordance with the following criteria.

If award is not made on the initial applications, INL may request clarification and supplemental materials from applicants whose applications have a reasonable chance of being selected for award. The entry into discussion is to be viewed as part of the evaluation process and shall not be deemed by INL or the applicants as indicative of a decision or commitment upon the part of INL to make an award to the applicants with whom discussions are being held.

I. TECHNICAL EVALUATION CRITERIA

A technical evaluation committee, using the criteria shown in this Section, will evaluate the technical applications. The various functional elements of the technical criteria are assigned weighted scores, so that the applicants will know which areas require emphasis in the preparation of applications.

Where technical applications are considered essentially equal, cost may be the determining factor. Applicants should note that these criteria serve as the standard against which all applications will be evaluated and serve to identify the significant matters which applicants should address in their applications.

The relative importance of each criterion is indicated by the number of points assigned. A total of 100 points is possible.

Quality of Program Idea (Total Possible Points - 25):

- Responsive to the solicitation (5)
- Appropriate in the country/regional context (5)
- Exhibits originality, substance, and precision (5)
- Prioritizes innovation but is feasible (5)
- In countries where similar activities are already taking place, provides an explanation as to how new activities will not duplicate or merely add to existing activities (5)

Program Planning/Ability to Achieve Objectives (Total Possible Points – 25):

- Includes a clear articulation of how the proposed program activities contribute to the overall program objectives (3)
- Each activity is clearly developed and detailed (3)
- Provides a comprehensive quarterly work plan for project activities that demonstrates substantive undertakings within the logistical capacity of the organization (3)
- Objectives are clear, specific, attainable, measurable results-focused and placed in a reasonable time frame (3)
- Addresses how the program will engage or obtain support from relevant stakeholders and identifies local partners where appropriate (3)
- Describes the division of labor among the direct applicant, any partners and any potential

- subgrantees (2)
- Proposal clearly articulates understanding of the security situation/operating environment and plans for ensuring safety of participants (2)
- Includes contingency plans for potential difficulties in executing the original work plan (6)

Cost Effectiveness/Cost Sharing (Total Possible Points - 15):

- The overhead and administration of the proposal, including salaries and honoraria, are explained and justified for the work involved (5)
- All budget items are necessary, appropriate and linked to program objectives (5)
- Personnel costs are reasonable for the work involved (5)

Program Monitoring and Evaluation (Total Possible Points - 15):

The Monitoring and Evaluation (M&E) Plan includes:

- Narrative explaining how monitoring and evaluation will be carried out and who will be responsible for monitoring and evaluation activities (5)
- Table listing by program objectives the output- and outcome-based performance indicators with baselines and (yearly and cumulative) targets; data collection tools; data sources; types of data disaggregation, if applicable; and frequency of monitoring and evaluation (7)
- Includes an external midterm and/or final evaluation or justification for why one is not included (3)

Multiplier Effect/Sustainability of Impact Rating (Total Possible Points - 10):

- Clearly delineates how elements of the program will have a multiplier effect (5)
- Clearly delineates how impact will be sustainable beyond the life of the grant (5)

Institution's Record and Capacity Rating (Total Possible Points - 10):

- The proposal demonstrates an institutional record of successful programs in the proposed country and the content area (4)
- Personnel and institutional resources are adequate and appropriate to achieve the project's objectives (2)
- Roles, responsibilities, and brief bios/resumes are included for primary staff, and demonstrate relevant professional experience (2)
- Applicant is a current/past Department of State grantee where performance (2)
was/is on target showed/shows responsible fiscal management

OR

- The proposal is from a NEW APPLICANT and proposal demonstrates capacity for responsible fiscal management illustrates success in similar sized projects (2)

COST EVALUATION

Cost will be evaluated for realism, reasonableness, allowability, allocability, and cost effectiveness. The pre-award evaluation of cost effectiveness will include an examination of the application's budget detail to ensure it is a realistic financial expression of the proposed project and does not contain estimated costs which may be unallocable, unreasonable, or unallowable. Applications that have more efficient operational systems that reduce operation costs will be favorably considered.

Applications that maximize direct activity costs including cost sharing and that minimize administrative costs are encouraged. Other considerations are the completeness of the application, adequacy of budget detail and consistency with elements of the technical application. In addition, the organization must demonstrate adequate financial management capability, to be measured by a responsibility determination.

[END OF SECTION V]

SECTION VI – FEDERAL AWARD ADMINISTRATION INFORMATION

Federal Award Notices: The successful applicant(s) will be notified via email that its proposal has been selected to move forward in the review process; this email IS NOT an authorization to begin performance. The Grants Officer is the Government Official delegated the authority by the U.S. Department of State Procurement Executive to write, award, and administer grants and cooperative agreements. The assistance award agreement is the authorizing document and it will be provided to the Recipient through email transmission. The recipient may only incur obligations against the award beginning on the start date outlined in the DS-1909 award document that has been signed by the INL Grants Officer. Organizations whose applications will not be funded will also be notified via email by INL. Please refer to the anticipated time to award information in Section E.

Substantial Involvement (for Cooperative Agreements only): INL shall be substantially involved during the implementation of the award agreement in the following ways:

- 1) Approval of the Recipient's annual work plans, including: planned activities for the following year, travel plans, planned expenditures, event planning, and changes to any activity to be carried out under the Cooperative Agreement;
- 2) Approval of specified key personnel;
- 3) Approval of sub-award Recipients (if any), and concurrence on the substantive provisions of the sub-awards; and coordination with other cooperating agencies; and
- 4) Approval of Monitoring and Evaluation Plan
- 5) Other country specific approvals will be included in the award documents

Terms and Conditions: Recipients will be held to the applicable terms and conditions found at <https://www.statebuy.state.gov/fa/Pages/TermsandConditions.aspx>.

It is the Recipient's responsibility to ensure they are in compliance with all applicable terms, conditions, and OMB guidance and requirements. Those organizations found to be in non-compliance may be found ineligible for funding or designated high risk.

2 CFR 200 Uniform Administrative Requirements, Costs Principles, and Audit Requirements for Federal Awards: All applicants must adhere to the regulations found in [2 CFR 200 Uniform Administrative Requirements, Costs Principles, and Audit Requirements for Federal Awards](#).

Branding Requirements: As a condition of receipt of a grant award, all materials produced pursuant to the award, including training materials, materials for recipients or materials to communicate or promote with foreign audiences a program, event, project, or some other activity under an agreement, including but not limited to invitations to events, press materials, and backdrops, podium signs, etc. must be marked appropriately with the standard, rectangular U.S. flag in a size and prominence equal to (or greater than) any other logo or identity. **Note:** Exceptions to the branding requirement are allowable under certain conditions. If an applicant is notified that their award has been chosen for funding, the Grants Officer will determine, in consultation with the applicant, if an exception is applicable.

Reporting Requirements:

1. Recipients are required to submit quarterly program progress and financial reports throughout the project period. Progress (SF-PPR and narrative) and financial reports (SF 424 and a detailed financial expenditure report) are due 30 days after the reporting period. Final certified programmatic and financial reports are due 90 days after the close of the project period.
 - First Quarter (October 1 – December 31): Report due by January 30
 - Second Quarter (January 1 – March 31): Report due by April 30
 - Third Quarter (April 1 – June 30): Report due by July 30
 - Fourth Quarter (July 1 – September 30): Report due by October 30

All reports are to be submitted via email to the Grants Officer and Grants Officer Representative noted in the award agreement.

2. Awardees that are deemed to be high risk may be required to submit more extensive and frequent reports until their high risk designation has been removed by the Grants Officer.
3. The Awardee must provide to INL an inventory of all the U.S. government provided equipment purchased with grant funds using the SF428 form on an annual basis.
